## W. C. T. U. Notes.

On Wednesday, 1st inst., the annual meeting of the union was held in the Y.M.C.A parlor. Quite a number of members and visitors were present.

Reports were read by the various officers and superintendants of departments, and they proved to be both satisfactory and encouraging.

A very interesting temperance talk by Miss Wiggins, formerly a member of the union and at one time county corresponding secretary, was highly appreciated by the audience.

The president, Mrs. Mitchell, after delivering a neatly worded address, brought the business of the year to a close.

The chair was then taken by Mrs. Whiteside and the election of officers for the incoming year was proceeded with, resulting as follows:—President, Mrs. Sharpe; vice presidents, Mrs Mitchell, Mrs Weldon, Mrs Whiteside, Mrs Stevens, Mrs Koyle; rec-sec., Miss Horn; treas., Mrs Culbert.

## Town Council.

Tuesday, 7th Sept., 1897.

The regular monthly meeting of council was held this evening, Monday being a statutory holiday, all the members of council being present except councillor Bryan.

The session commenced at 7.30 o'clock and continued for four hours. The less said about the language of some of the members the better for the good name of the town. Dr Burrows and councillor Mallon have a knack of introducing into almost every subject brought up in council their opinion of the board of works, chairman Gillogly and reeve Touchburn. At this meeting they fairly outstripped all previous records, Mayor Smyth stating, before adjournment, that he never heard more uncourteous and ungentlemanly language used than had been used that evening.

The following communications were read:—

From Drs. Herriman and Vrooman, in reference to Martha Warder, on whom it was necessary a surgical operation should be performed, asking the council to send her to Toronto.

The mayor explained that, in view of immediate action being necessary in this case, he had given the necessary order. The course of the mayor was endorsed by the council, the communication, however, to go to the finance committee.

From John P. Berry, that he was now fully recovered and could attend to the duties of caretaker of the dumping ground, asking to be reinstated. Referred to town property committee.

From Dr. White, in reference to Charlotte Brooks, a town patient in St. Joseph's hospital, Peterborough. Fyled.

From R. A. McGillivray & Co., Toronto, in reference to the hosiery factory they propose to establish here, if satisfactory arrangements as to exemptions, etc., can be made. Referred to finance committee.

From G. H. Hopkins, town solicitor, that he had been served with notice of appeal in the case of Copeland vs. the town, suggesting that other municipalties be conferred with in order that joint action be taken so, as in similar cases, security would have to be given for costs.

On the suggestion of councillor Sootheran that portion of the communication, referring to joint action with other municipalities as to security for costs, was referred to the delegates to the municipal convention to meet in Toronto, to bring before that meeting.

From Noah L. Piper & Son, Toronto, as to seats for the new park. Fyled. The clerk to acknowledge receipt of letter.

From George A. Weese, asking for tile for drainage purposes, as he was about making extensive improvements to his buildings on Melbourne street. Finance committee.

From W. King, as to a surface drain on Melbourne street, between Cambridge street and Victoria avenue. Board of works with power to act.

From John H. Calvert, as to a public drain passing through his lot. Board of works with power to act.

From Dr. Clarke, asking for tile to replace the box drain, opposite his residence on Wellington street. Board of works.

From J. O'Neill and others asking for tile for a drain on King street, east ward. Board of works.

From J. S. McCarthy, offering to sell the property rented by the council as a home for the aged for $1,500, provided the offer was accepted at once.

On motion Mr. Thos. Connolly addressed the council, giving the reasons that induced Mr. McCarthy to make the offer to sell, also urging the council to make the purchase. Finance committee.

A number of accounts, amounting to $631.54, were read and referred to the several committees to which they belong.

Report of chief constable for August read, fines and costs for the month $91.45. Police committee.

Report of market clerk read, weigh fees for August $25.80, market tolls $36.77; total $62.57. Fyled.

Treasurer's report of receipts and expenditures for August read and referred to the finance committee.

Report of auditor Eagleson read and ordered to be fyled.

The draft agreement with the light, heat and power company, extending the present agreement to May 1st, was read and laid on the table until the report of the light and police committee was presented.

From the board of health, asking the council to enforce by-law No. 414 in reference to draining into Kent street sewer. Fyled.

Report of special committee in reference to improvements at Rosedale locks, read, recommending that a memorial to the government, to make the necessary improvements, be passed and forwarded to the government. Report adopted.

Councillor Pedlar read the report of the special committee, to whom was referred the request of the G.T.R. company, asking for closing of that portion of James street passing through the company's yard here, recommending that the street be closed provided the railway company indemnify the council against any claim or claims for damages from any resident affected. Report adopted.

Report of finance committee, recommending the payment of several accounts amounting to $610, read and adopted.

Report of town property committee read, one recommending to provide smoke protectors for the firemen being referred back to the committee. The balance of the report adopted.

Reports Nos, 15 and 16 of the board of works read and adopted.

Report of police and lighting committee read and adopted.

Dr. Burrows gave notice that at next meeting he would introduce a by-law to close that portion of James street asked for by the G. T. R., as recommended by the special committee.

A memorial to the Ontario government asking for improvements to the locks at Rosedale was introduced, and after being read in committee of the whole was adopted.

A batch of by-laws were introduced and read a first time, when, the council went into committee of the whole thereon Mr. Gillogly in the chair, one authorizing the payment for the land purchased from Wm. McDonnell, Esq., for improvements to the town wharf being thrown out, as was also the one to amend the rules of council to provide for bi-monthly meetings; one to repeal the early closing by-law was not pressed as the mover was not certain that the town had power to repeal the by-law at the present time. After a lively time in committee the by-law to amend the public health act by-law was laid over to next meeting. One by-law to appoint John Wilson, P. Nicolle and Woren Worsley fenceviewers, and one creating a new office, that of street commissioner at a salary of $600 were passed and received a third reading.

The board of works were authorized to have the hydrant at the corner of Bond and Cambridge streets moved so as it will not be in the centre of the sidewalk.

Dr. Burrows moved, seconded by councillor Killaby, a motion that the Dominion government be requested to take steps to prohibit the obstructing of the river by cribs of saw logs or other obstruction. Carried.

A motion by the same parties that all the members of the council be members of the board of works for the balance of the year was carried. This was regarded as a good joke as the rules of council distinctly state that in no case can there be more than six members on the committee.

Moved by councillor Mallon, seconded by councillor Killaby, that the special committee appointed to investigate, regarding the expenditures of the board of works be authorized to extend their investigation to the years 1895 and 1896. Carried.

A motion that the extra expenditure on the estimated cost of the band stand, $55.93, was carried by a two-thirds vote and referred to the finance committee. Also a motion that the members of the court of revision be paid $6 for their services was carried.

Mr. Sootheran gave notice that at next meeting he would introduce a by-law to appoint a street commissioner, after which a motion was passed extending the time for the collection of outstanding taxes to 4th October, when the council adjourned.

## A Friendly Word.

Several newspaper publishers have for some years regularly sued in division courts all overdue accounts. Their reports are favorable to the plan, for their readers though at first annoyed admit it is only fair.

A large number of WARDER accounts are therefore being placed in the hands of our solicitors for immediate collection. We are loth to resort to such a course, but it seems the only way of getting what is due us.

Some are in arrears from oversight, some from other causes, but none should feel offended at being sued.

Kindly save costs by remitting the amount of your account at once, by post-office order or registered letter, to

THE WARDER,

## A "Drap O' Dew"

I hae often heard it said—
(But my wording may be new)
Ilka tiny blade o' grass
Gets its ain pure drap o' dew.

This auld saying I did pen,
Asking Jeanie if she knew
I was like a blade o' grass,
Wad she be my drap o' dew?

Yester-e'en her answer came—
Sweet and saucy, like my lass:
"In the way o' color, Rob,
Ye are like a blade o' grass,

"An' ye're growing in my heart,
Where the cauld wind never blew!
Dinna suffer lang wi' thirst;
Come and take your drap o' dew."—
Hattie G. Canfield in September Ladies' Home Journal.

## A Quiet Chat.

Sir Arthur Sullivan went to see Rubinstein at his hotel in London. The composer asked him to step out on the balcony and smoke a cigarette.

They sat down, twisted their cigarettes and puffed the blue clouds into the air. After a long pause Sir Arthur Sullivan observed:

"You are a great admirer of Beethoven I presume?"

"Yes," said Rubinstein.

"And Wagner?"

"No," was the reply.

Not another word was spoken. They rocked themselves in their chairs and smoked away. After a very long time Sullivan said:

"I think it is time for me to be going."

"Don't say so," said Rubinstein. "Stay a bit longer. It is so nice to talk to you."

Sullivan stayed and went on rocking himself into the small hours of the morning, when he got up and and said:

"I must be off now; I think we have chatted long enough."

Rubinstein drew out his watch.

"Half-past two," he said. "Strange how time quick time flies in pleasant company!"—Answers.
