An Investor Need Not Be a Capitalist

In June W-S.S. Cost $4.08

Many people think it is necessary to have a lot of money in order to invest in high interest-bearing securities.

They envy the Capitalist because he has money to buy bonds and shares that earn him more money without further effort.

But to-day the humblest wage earner can be an investor and get big returns. War Savings Stamps have made it possible.

You can get a War Savings Stamp for $4.00. It is a Government Bond, bearing interest at over 4½%, and in 1924 will be redeemed for $5.00.

Thrift Stamps help you to save up the $4.00 necessary to get one of these Bonds. A Thrift Stamp costs 25 cents, and sixteen of them can be exchanged for a War Savings Stamp.

Thus you can start being an investor as soon as you have $4.00, and build up as big an investment as you choose.

Value Your Time

Big factories don't pay men to do the work machines will do. They make money by using modern machinery and modern methods.

Farmers who make money use modern methods, too. You *shouldn't* use hand-power for work a gasoline engine will do.

Get a Toronto Farm Engine. All those jobs that weary you now will become merely incidents in the day's work. Milking, separating, churning, sawing, grinding, sharpening tools, mixing cement, shelling corn, filling your silo—you can do these things quickly and economically.

Toronto Farm Engines are honestly built. Sturdy and simple, they need little attention. Run on gasoline or kerosene.

You can save money, time and trouble by using a Toronto Grain Grinder. Gives you big mill service right on your own farm, at small cost.

Toronto Saws solve the fuel problem on the farm. Utilize the waste wood on your farm.

Write for our books on engines, saws and grinders.
