# THE STEEL BRIDGE AT LAST

## THIS MUCH-TALKED-OF STRUCTURE WILL SOON SPAN OUR NOBLE RIVER.

### A TEDIOUS COUNCIL MEETING—THE RIDER AND KITCHENER AGREEMENT — MORE STONE TO BE BOUGHT—CONNOLLY AND SPIER ASSESSORS—A COLLEGIATE DEPUTATION.

A regular meeting of council was held last Monday evening. It must have been an off-night, for things repeatedly got into a tangle and in some instances bore a painful resemblance to former times before the advent of aldermen. The tendency of a couple of members to embarass the chair and annoy the council by "jawing" from their chairs instead of rising to speak in an orderly way was of especially ancient flavor. A good deal of important business was transacted however and the steel bridge was brought within sight.

LETTERS.

From J. P. Berry, re his previous letter.—Returned.

Jas. O'Connell, asking for possession of the old sanitary office which he has bought.—Fyled.

Peter Nicolle, saying that his 1896 bondsmen desire to be released.—Finance.

Ann O'Regan, asking for rebate of taxes.—Finance.

W. Robbins, re fire system improvements.

G.H. Hopkins, enclosing deed of Victoria-ave. lands to G.T.R.—Fyled.

H. J. Lytle, referring to an error in the town's entry at the bank.—Fyled.

G. H. Hopkins, re investment of the town's sinking funds.—Finance.

Wm. Furgeson, re Citizen's Band, asking for $200 grant.—Town property.

Hamilton Bridge Works, saying that their former offer holds good.—Fyled.

J. L. Shannon, asking council to memorialize the legislature for a bridge at the foot of Ridout-st.—Board of works.

Robt. Gunn, tendering for the supply of ten cords stone at $2.00.—Board of works.

The Light, Heat & Power Co., asking for renewal of contract,—Police and lighting.

Kirk, Latty Co. of Cleveland, saying they would examine Lindsay's inducements as a location.—Town property.

Geo. Smith, Woodville, R. Certes, Ottawa, F. J. Robinson, Barrie, and W. T Ashbridge, Toronto, offering engineering services.—Board of works.

H. Walters, applying for the position of street commissioner at $600 a year.—Board of works.

From B. F. Jewett, Robt. Spier, L. O'Connor, T. J. Harrington, Isaac Finlay, Thos. Connolly, M. Kenny and others, applying for the position of assessor, and from Frank Crandell offering to do the work for $150 alone.—Laid on table.

A batch of accounts went to their committees.

The town solicitor was on the spot and at this juncture asked to present the agreement between the town and Rider and Kitchener people and also a petition to the legislature asking that body to ratify both this and the Sylvester loan. During a jangle about rules of proceedure for such items between Alds. Crandell and Sootheran, the latter interjected a petition to council asking for a grant to the Board of Trade for the revival of the Pontypool railway charter.

Mr. Thos. Stewart stated that he was compelled to leave but had left a draft of the Rider and Kitchener agreement on behalf of that firm with Mr. Hopkins. The agreement by-law was read once.

Council then proceeded to hear further communications, viz: From the auditor, presenting his report in which he referred to the grant to the reporters and the cost of a couple of banquets last year as illegal expenditures.

The market clerk, saying that he had received $82.77 revenue in the past two months, and the police testified to similar civic enrichment to the extent of $86.15.

The Rider and Kitchener agreement by-law was then read a second time, Ald. Crandell in the chair. The petition to the legislature re this matter was then adopted and the by-law was given its third reading.

THE COLLEGIATE LECTURES.

Principal Harstone and E. A. Hardy, B. A., supported by students Hardy and Workman, asked council to appoint a member who shall co-operate with representatives from the county council, board of education and lecture committee, in securing desirable lecturers for this year's course. The names suggested are Sir Wilfred Laurier, Sir Chas. Tupper, Sir Ralph Merdith, Sir Oliver Mowat and Sir W. Van Horne. The mayor promised that the matter would be considered.

FINANCE COMMITTEE

Reported through Chairman Sootheran that $25 had been voted to the sick Childrens' hospital in Toronto, and that the committee recommend petitioning for the removal of duty from soft coal.—Report adopted.

Chairman Lennon presented the town property report.

STONE ORDERED.

Chairman Ingle read the report of the Board of Works. It contained an item of 100 cords of stone which are to be purchased from the lowest among 45 tenders. The price is $2.00.

THE BRIDGE.

This report was in three sections. In the third the acceptance of the Hamilton Bridge Co's tender of $1800 for a steel bridge was contained.

Ald. Sootheran—It is necessary to explain why we advocate paying more than the offer nearly accepted by last year's council. The figure then was $1260. The reason is that the bridge then spoken of was a part steel and part wood one and the town had to supply and put down the wood. The council did not know that they were not to get a solid steel structure. For that sort of bridge the company asked us $1900 and to-day came down to $1800 and I think if we try we may do better yet, so I am not so sure about the wisdom of adopting this report.

Capt. Crandell—I do not think we can better it. The company up there are at the threshold of iron works and can get material cheaper than most people. We are coming to spring and the sooner we get to work the better.

The Mayor—I wish to state my position. Last year tenders were asked for that of the Hamilton company accepted. With such a bridge the town was to go into partnership in the responsibility, as it was to be of steel and wood and the wooden part was to be put down by the town. I have gone into the cost of the wood. It will cost $300 at least, putting the bridge up to $1,560. The cost of removing the old one would be $30, making nearly $1600. So that we are offered a solid steel bridge for only $200 more.

Ald. Jackson—Have you included the cost to the town of placing down all that timber?

The Mayor—No. I supposed the company was to have done that.

Ald. Crandell—No, the town were to put it down.

The Mayor—Oh! Well then there would be that extra.

Ald. Lennon—The bridge business is a good lesson for us. It shows that a municipality ought to know what it wants and is making a bargain for before it orders anything.

Ald. Sootheran—The Weddel people were lower on a part steel bridge, perhaps they would be on an all-steel bridge.

The Mayor—They do not make all-steel bridges.

The report was adopted.

BY-LAWS

The by-law to appoint a street commissioner was read once. Ald. Sootheran took the chair while the by-law appointing assessors was read a second time. The names inserted were those of Thos. Connolly and Robt. Spier.

MOTIONS

Lennon-Crandell—That the chairman of the Board of works be authorized to purchase another 100 cords of stone from the men who had previously tendered.

Ald. Sootheran—We had better ask for tenders again. There is no use in supposing those previously tendering at more than $2.00 will come down.

With an amendment providing for new tenders the motion passed.

Lennon-Crandell—That town property committe obtain specifications and prices on a new fire hall. Amended by Ald Sootheran to read "investigate the probable cost" the motion carried.

The Mayor was authorized to enter into a contract for the new bridge and the council adjourned.

ERROR.—Your humble servant begs leave to correct an error in last week's correspondence, re the curling match between Bobcaygeon and Fenelon Falls. The game resulted in a tie and when the tie was played off the score stood 3 to 5 in favor of Bobcaygeon. Your humble servant was unable to attend the match and regrets having been mis-informed as to the result.

TRAINS DELAYED.—On Wednesday the 1st inst., the mail train from the north was delayed for about threee hours near Bell's Station owing to a broken axle. On the following day the train due from the south at noon ran off the track and arrived he about 4 p.m. It looked as though the engine had la grippe.

CATTLE SALE.—On Thursday, the 2nd inst., Messrs. Brandon, McDougall & Austin had a sale last week of cattle at their farm near the village. The sale was largely attended and a number of good cows were sold at good prices.

RUNAWAY.—On Wednesday 1st inst, the horse attached to Messrs. Worthy Bros. bread wagon, left standing for a few minutes in front of a house, took to his heels and ran for some short distance and came to a standstill on Colborne-st. near the station by upsetting himself and the bread van. By the assistance of persons on the street the horse was unfastened from the van before he had done any damage and Mr. Worthy was able to proceed on his rounds.

RINK.—There was no skating on Monday evening owing to the fact that the rink was being flooded in order to procure good thick ice which will stand the first thaws which visit us.

OUTING.—Your humble correspondent is a man of home, who seldom deviates from the path of duty. But on Monday last he took an outing and drove his best girl up to Lindsay in the evening to see the hockey match between Kingston and Lindsay. We regretted that Lindsay got defeated by even one goal, but the playing of Victoria's boys was fine. We were also pleased to see several home faces in the large crowd and we enjoyed immensely our homeward skim over Sturgeon Lake in the "We sma' hours."

PERSONAL.—Mr. J. Austin of Kinmount spent last week at the Falls with his family, a victim of the grippe..... Mr. J Maars of Toronto spent a few days of this week visiting with relatives at the Falls.....Mr. H. J. Lytle of Lindsay spent last Wednesday at the Falls.....Miss Wilson of Buffalo who has been visiting her uncle, A. Wilson M. D., for a couple of weeks, left for other points on Monday.....Mr. Robt. McKeown of Garden Hill is the guests of his brother, Mr. Wm. McKeown..... Master Jimmie Jones left last week for Toronto.....Mr. Foley of Queen's College occupied St. Andrews' pulpit most ably on Sunday last.

HOCKEY.—Our famous Hockey seven went to Lakefield on Tuesday to play the Lakefield team. The game resulted in a victory for our boys a score of 13 to 4. So our boys still hold their record.

DENTISTRY.—Dr. F. A. Walters, dentist of Lindsay, will be at the Twomey House, Fenelon Falls, on Tuesday next, Feb. 14th. Parties requiring his services should make a note of the date.

## *MANILLA*

Special to the Watchman and Warder

PERSONAL.—On Tuesday, Jan. 31st, our genial friend Dr. McPhail was united in marriage to Miss Alice Butland of Oshawa. We wish Dr. and Mrs. McPhail many happy years of wedded life....Miss Rutherford of Fenelon Falls, who for some time has been the guest of Mrs. W. Edwards, has gone to Bethany to visit friends there.....On Wednesday, Feb. 1st, Mr. N. H. Purvis of Sunderland was united in marriage to Miss Annie McLean, daughter of Mr. Allan McLean of the 8th con. Brock.....The dreaded grip still holds sway in many of the homes in our village. So far no serious cases are reported....Mrs. James Coone and Miss Vina Coone returned last Tuesday from a month's visit with relatives at Norwood.. Miss D McLean of Toronto is spending a few days at the home of her uncle Mr. John McLean.....The many friends in this place of Mr. Elias Bowes are pleased to learn of his recent appointment.

WHAT WE NEED.—There ore several things which this place needs. Among others we would name a curling rink, an opera house, a licensed hotel and a reading room. Some of these are needed more, others less. The most immediate need is for a reading room. Our public library is flourishing and we are sure that its usefulness would be supplemented by the establishment of a reading room. If we had one we would probably see fewer boys and girls trotting around the streets after dark laying the foundations for weakness and blemishes of character which almost invariably follow,

LACK OF HOME TRAINING.—There seems to be a craze in some places for the erection of monuments. We here in Manilla are not behind in this matter. There has been a monument here in course of erection for some years and it is now nearly completed. We refer to the old Presbyterian church whose shattered windows and general air of delapidation are a most worthy monument to the spirit of vandalism which possesses some of the youth here and to the home training, or lack of home training rather, which is in great measure responsible for it.

## *TORONTO*

FATAL ACCIDENTS.—Richard Quinn, a section man in the employ of the Grand Trunk at York, was killed in the yards Friday afternoon by a shunting engine. Quinn, accompanied by a number of other employes, was engaged in working on the track at the end of the yard, laying some new ties. About 2 o'clock a freight train was being shunted down the yards and the men noticed the approaching train and jumped to a place of safety. Quinn, as soon as the train had passed, walked into the track again, and no sooner had he placed his foot between the rails than he was knocked down by another train. The wheels passed over his body and completely severed his legs above the knees. His left arm was also cut off, and many other bruises and cuts were on his body....Michael Farrard of 27 Englewood-ave., while crossing the G.T.R. track on Queen-st. east was struck by a passing train and knocked under the wheels. When picked up it was found that his right leg had been cut oft below the knee and his right arm badly mangled. The injured man was an employee of the Davis pork-packing establishment and is about 30 years of age. Despite his terrible injuries the physicians at St. Michael's hospital state that he will recover.

THE BIG HOTEL SETTLED.—It is settled that the big hotel scheme will go through. Mr. Kemp, president of the Board of Trade, and one of the directors of the hotel company, made a statement to that effect at the Brantford Board of Trade dinner Tuesday night. The cost is to be a million and a half. The new hotel will go up on the Walker block, King street east, opposite Victoria-st. and the rotunda and inside court-yard of it will be the great centre of Toronto. It will be to Toronto what the Russell House is to Ottawa and the St. Lawrence Hall is to Montreal. If you wish to see anyone in these cities you can find them in or near these hotels, for they are at the hub. The new hotel will be Toronto's hub and almost in the middle of Toronto's main business track, which will start from the new St. Lawrence market and will run along King-st. east to Yonge, up Yonge to Queen and along Queen to the new City Hall.
