Frank Gray, formerly of Shelburne, was badly injured in Hill's Elevator at Markdale recently, when his clothing caught on a revolving shaft. It was feared for a time that his injuries would prove fatal, but with careful attention he is making faborable progress. Several bones were broken, including his collar bone, shoulder and arm.

A very good friend of ours is in a state of bewilderment. He wants to know what brand of nerve food the members of the Legislature use. On a recent visit to Toronto he made a visit to the Temple of Wisdom in Queen's Park and saw the lawmakers at work. He was impressed. The sight of so many hard workers with their hats pulled down over their eyes, their feet up on their desks, and their bodies in an attitude of peaceful slumber filled him with wonder. He wondered where they got the nerve to ask more than $1,400 for six weeks of sleep Even though it is hard sleep, he does not think it worth more than $233.33⅓ a week.—Exchange.

Imported "Booze"

Shall the importation and the bringing of intoxicating liquor into the province be prohibited?

WHILE importation of intoxicating liquors into "dry" provinces was forbidden by war-time Order-in-Council, Ontario's jails were half empty.

Since that order was rescinded, imported "Booze" has been filling them up again.

Jail Commitments

—Before and after the Federal war-time Order-in-Council prohibiting importation of liquor into Ontario was rescinded:

Commitments for Drunkenness.	Commitments for All Crimes.
1919 3,415	1919 13,096
1920 4,511	1920 14,756
Net increase, 1,096.	Net increase, 1,660.

Imported "Booze" is demoralizing social conditions, breeding a disregard of law, endangering the home and menacing the youth of this province. Imported "Booze" is defeating the expressed will of the people.
