District Notes

—Ten young men at Kinmount were fined $5 each for misbehavior at a concert.

—One shop and eighteen tavern licenses were granted in Muskoka district. Four hotel keepers were given a chance to fix up.

—John W. Hardy has been appointed Chief Constable of Oshawa. He has been acting temporarily since the beginning of the year.

—Rev. W. Hipkin, formerly pastor of the Congregational church, Bowmanville, has taken the pastorate of the church at Barrie.

—Dr. Charles Crulter, a well-known dentist, of Petrolea, died in Toronto recently. He was born in Clarke township, Durham county 77 years ago, and had been practising up to within a few weeks of his death.

—Alfred Allan Stevenson, one of the best known citizens of Port Hope, died on April 20.

—Francis Dassis Lavergne, a resident of Port Hope for forty-four years, died on April 22.

—Rev. Dr. Torrance will receive an honorarium of $2,500 from St. Paul's Presbyterian church, Peterborough, when he retires from the pastorate on June 1.

—In East Simcoe one license was cut off at Hillsdale, in addition to the five in Midland where local option has been adopted.

—The report that a man named Courson, found frozen to death near Saskatoon, was a native of Port Hope, turns out to be inaccurate. The dead man's name was "Courson" not "Coarson," and he was a native of Illinois, not of Port Hope.

—All the applications for liquor licenses in the city of Peterborough were granted except one, that of James Kelly, of the Royal Hotel, who was given three months to sell out. A license may be granted to a new tenant. Exclusive of this there will be eighteen hotels and four shops licensed. An application for a hotel license at Hall's Glen, in the township of Harvey, was refused because it is just across the river from the Buckhorn hotel, which is in a local option township, and is debarred from a license. The West Peterborough Commissioners did not think it would be advisable to grant the privilege just across the river.

—Thomas Lake, formerly of Orillia, son of Mr. Thomas Lake, has removed his job printing plant from North Bay to the lumbering settlement of Powassan, and will issue the first number of the Powassan News about the beginning of May.

—Orillia News-Letter: It is reported the Vespra Plains will be converted into a great railway yard with big C.P.R. shops. Some time ago the Company purchased 300 acres around Midhurst station, and it is now rumored that large shops are to be located there.

—Oshawa Reformer: A very sad occurrence took place at the residence of Mrs. Pike, Bond street, last night. Miss Minnie Fisher, daughter of the late Jas. Fisher, of Ashburn, and grandaughter of the late Timothy Fisher, of town, who has for some time past been residing with Mrs. Pike, was last night seized with an epileptic convulsion during which she turned over in bed and smothered to death in the pillow. She had retired last night in her usual and apparent good health.

—All applications for licenses in East Peterborough were granted except that of Jerry Heffernan, of Westwood, which was not in in time. This was referred to the Department and to come up again at meeting on May 1.

—The affairs of the Port Hope Brewery, which has been in financial difficulties owing to the failure of the Ontario Bank, are being placed in a satisfactory condition, and the brewery will probably re-commence operations next week. A meeting of the directors was held last week at which it was decided to offer $20,000 additional stock for subscription.

NOTICE to FARMERS

Owing to the fact that I have taken an interest in the Real Estate Business known as the **F. B. Robins Realty Company**, 50-52 Victoria St, Toronto, I am frequently asked if I purpose giving up the Grain Business here and moving to the City, to which I would say **I have not the slighest intention** of moving from my Native Town, and instead of going out of the Grain Business here, **we are adding a few more Grain Points**, and much better facilities to meet the requirements of our increasing trade with the many staunch friends who have so loyally stood by us.

Let me again assure you that our Grain, Produce and Seed Business will be followed up MORE VIGOROUSLY THAN EVER. Yours truly,

Jos. G. Eyres.

Summer Mining Classes

Preliminary arrangements have been made for the summer mining classes in the northern districts, under the auspices of the Bureau of Mines. These classes in past seasons have been largely attended, and the indications are that the interest this year will be stronger than ever before. The instructors for this season are Messrs. E. R. Ardagh of the School of Practical Science and Wyatt Malcolm of Hamilton. The subjects to be dealt with at the classes are:—The elements of mineralogy, mineral spotting, simple geology and practical work. The dates and places tentatively selected for the classes, which are open to all, free of charge, are as follows: Bessemer (Farnum iron mine), May 13-18; Latchford, May 21-25; Cobalt, May 27 to June 1; Haileybury, June 3-8; New Liskeard, 10-15; Tomstown, 18-22; Larder Lake, 25-29; Giroux Lake, July, 9-13; Cobalt, July 15-20; James township, July 23-27; Lady Evelyn Lake, July 30 to August 3; Sturgeon Falls, August 6-10.

Big Increase in Canada's Trade

Ottawa, April 26.—Trade returns for the nine months ending with March show some interesting increases. For the nine months closing the fiscal year the total increase was $55-018,726, or nearly 15 per cent. over the corresponding per cent. of 1905-06.

Imports increased $47,506,476, and exports increased $7,502,250.

The aggregate trade for the nine months was $441,815,646.

For the month of March alone there was a record increase of no less than $12,817,658 in the total trade, as compared with March of last year. This increase was made up of $10,-978,787 in imports, and $1,838,871 in exports. The aggregate of imports for the nine months was $249,-717,413, and of exports $192,087,-233.

For March the imports totalled $36,847,074, and the exports $15,-304,236.

The total trade of last month was over one-third greater than the total trade of March, 1906. For the nine months the duty collected was $40,196,085, an increase over the corresponding period of last year of $6,358,287.

A SUCCESSFUL FURNACE

A GOOD ARTICLE EFFECTIVELY ADVERTISED FINDS A READY SALE.

McClary's "Sunshine" Furnace in Use from Halifax to Vancouver.

With this issue of the Watchman-Warder the McClary Manufacturing Co., of London, Ont., commence their advertising for this year using a series of attractively illustrated advertisements. One of the series deals with the ash-pan feature of the furnace, and from its perusal the advantages of an ash-pan in a furnace, and this one in particular, can readily be understood. Another ad. describes the large double feed-doors, explaining the ease with which the "Sunshine" furnace can be fed. A third explains the strength and security of the fire pot, while the fourth covers the very important fact that the "Sunshine" burns any kind of fuel successfully. The McClary Co. claims to be the largest manufacturers under the British flag, and to a very great extent this immense growth is due to the persistent and carefully prepared advertising campaigns. !

While the McClary people are large users of daily newspaper space they do no think that an advertising campaign could be made successful in Canada without using the high-class weekly publications of which they have over two hundred on their list.

Close Seasons for Fishing

In view of the fact that the local disciples of the fishing rod are getting busy these days it may not be amiss to call attention to certain regulations of the law regarding close seasons for certain fish. The following fish cannot be taken between the periods mentioned, both days inclusive:

Bass and maskinonge, April 15th to June 15th.

Pickerel, April 15th to May 15th.

Speckled trout, Sept. 15th to April 30th.

Salmon trout and whitefish, Nov. 1st to Nov. 30th.

Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

News of the Week

Owing to the increase in postal rates, it is said that Collier's Weekly will publish a Canadian edition.

Mr. E. B. Hastings, a mining man of North Hastings, is reported as missing.

The writ in the action for libel instituted by Hon. H. R. Emmerson against the Fredericton Gleaner, was served by Sheriff Sterling on J. B. Crockett, managing director of the paper, Saturday last. The amount of damage claimed is $25,000.

Thirty-one industrial concerns with an aggregate capitalization of nearly $5,000,000 were incorporated last week, most of them being Toronto ventures.

It is expected that Dr. R. A. Falconer will accept the presidency of the University of Toronto.

There are 18 cases of smallpox in the hospital at Ingersoll, and the demonstration planned by the town for Victoria Day has consequently been withdrawn.

Miss Ida Bears, of Malahide township, was given a verdict against Fred Trim last week for $300 for breach of promise. The case came up at the St. Thomas assizes.

Peevish and Cross

Peevish, cross babies are sick babies—the well baby is always happy. Perhaps there may be nothing to indicate just what is the matter, but you may depend upon it there is something troubling the little one or he would not be cross. A few doses of Baby's Own Tablets will remove the cause and make baby happy. They are a certain cure for the minor ills of babyhood. Thousands of mothers keep them continually in the house to guard against the sudden illness of baby. A Tablet now and again will keep the little one well. Mrs. James Jewers, Beaver Harbor, N. S., says: "I have given Baby's Own Tablets to my baby as occasion required since she was a day old. They have always helped her, and now at a year and a half old she is a fine healthy child. The tablets, I think, are indispensable to mothers of young children." Sold by druggists or by mail at 25 cents a box from The Dr. William' Medicine Co., Brockville, Ont.

Haliburton Licenses

The License Commissioners of Haliburton District, met in the Town Hall, Minden, on Saturday last and granted a year's license to each of the following applicants: J. A. Lucas, Haliburton; A. C. Jones, Minden; J. J. Mortimer, Minden; Wm. P. Robinson, Gooderham, and a six months permit to J. W. Roberts, Dorset, and M. A. McElroy, Dorset.

The Board of Commissioners appear, says the Minden Echo, to be very determined that all license holders, at the peril of losing their license, shall adhere rigidly to keeping the law. Selling on the Sabbath, or to minors, were especially mentioned, and very emphatically denounced.

Improvements in Stations

The Grand Trunk announces, says the Ottawa Journal, its intention to make a general improvement in its stations in all parts of the system. Twenty stations are to be erected in Ontario alone, not counting the big ones in Ottawa and Toronto. In improving the convenience and appearance of its stations, the Grand Trunk is following an admirable English precedent, which also has been followed with great success by the Pennsylvania railroad. There is no reason why the railway station with its approaches should not be the show place of the neighborhood.

Mail Carrier Held Up

On Wednesday morning of last week about 12.30 o'clock Joseph Reid, the mail carrier, was held up near C.P.R. station, Peterboro, by a then unknown man, and ordered to produce the mail bags. As the man was reaching for his revolver, Reid struck him on the head with the heavy lock of an empty bag. On Thursday morning William McGee was arrested, appeared before the P. M., on Friday morning, pleaded guilty to a charge of assault and was fined $5 and costs.

—Bobcaygeon Cor. Canadian Baptist: The Baptist cause in Bobcaygeon is looking up, under the leadership of our pastor-elect, Mr. A. C. Bingham, of McMaster Hall. The prayer meeting is re-established, and things generally are brightening. On the 14th inst., our Sunday school was re-organized with thirteen of a number, and an increase last Lord's Day. We are looking for and expecting great things when our pastor comes to remain.

Success

The secret of success in business is advertising.

There are various ways and means used in this, but by far the best and therefore the most popular and profitable, is the Weekly Newspaper.

The weekly newspaper covering the best and biggest area in this district, reaching the most people and bringing the most trade to the advertising merchant in Lindsay, is the one which should be used most by advertisers.

The Watchman-Warder can easily lay claim to this and it only requires a trial to convince the thoughtful merchant of this.

We will be glad to quote our advertising rates to any enquirer.

We believe in treating everyone alike, and have not one rate for one man and another rate for another.
