Insurance Is Good, But—

Insurance will, in a measure, repay you for loss from fire due to lightning.

But *it will not prevent the fire.*

It takes the DODD System of Lightning Protection to do that.

In the past thirty years over 300,000 buildings have been rodded by the DODD System and in not a single instance is there a record of the DODD System properly installed, having failed to prevent damage by lightning.

The fact that you haven't yet suffered loss by lightning only means that you are fortunate, not that you are proof against it. ***Ask us today what it will cost you to have DODD protection.***

Murphy--Fenwick

Wednesday, June 22, was an ideal day for the happy event which took place at high noon at the home of Mr. and Mrs. Robert Fenwick, Maxwell, when their only daughter, Alice, became the wife of Incel H. Murphy, only son of Mr. and Mrs. I. H. Murphy of Orangeville. The bridal party took their place before a bank of peonies and ferns to the strains of the wedding march played by Miss Emily Fenwick, niece of the bride. The bride, who was given away by her brother, Roy, was handsomely attired in taupe taffeta and carried a bridal bouquet of Ophelia roses and carnations. Rev. James Brown, pastor of Maxwell Methodist church, officiated. Mrs. Harold Fenwick sang during the signing of the register, after which all repaired to the dining room where a dainty wedding breakfast was served. The tables were tastefully decorated with carnations and sweet peas.

Among the many gifts was a beautiful casserole from the superintendent and staff of Lord Dufferin hospital, Orangeville, of which the bride was a graduate. There was also handsome cheques from the respective parents. The groom's gift to the organist was a French ivory jewel case, to the soloist a gold brooch. Mr. and Mrs. Murphy left for a motor trip to Kingston, Ottawa, and other points, the bride travelling in a navy blue suit with hat to match. On their return they will reside at Orangeville.
