60 days on approved joint notes, bearing interest at rate of 6 per cent. per annum on all sums over $20, under $20 cash.

W. A. FANNING, GEO. HACKBORN,

Annual Pasture Crop

Owing to the killing of so much of the clover in this county it will necessarily follow that many farmers will be scarce of pasture and dairy and stock raising industries may suffer. This difficulty may be overcome by sowing a pasture mixture composed of 50 pounds of oats 30 pounds of early amber sugar cane and 8 pounds of red clover per acre on land prepared as for oats or other spring grain. This mixture provides a splendid pasture for either milk cows or growing stock. It should be sown when the land is warm and when the oats are a foot high stock may be turned on it. The oats will be pastured off first, then the sugar cane will provide for the middle of the summer and the red clover will come on for fall pasture.

This mixture has been grown with good results on the experimental farm at Guelph and by practical farmers all over the province. Early amber sugar cane seed can be secured from any of our local seedsmen or by sending to some of the large seed firms in the cities.

D. A. MACKENZIE,
Dept. of Agriculture.

Badly Burned While Rescuing Her Child

Burnt River, May 1.—The members of the Woman's Institute met at the home of Mrs. Sam. Suddaby last Tuesday afternoon, Miss F. Moynes, of Pleasant Valley, district secretary, was present and read the report of the convention in Toronto. The institute members decided to have a bee on Friday afternoon, May 5, at the cemetery, to try and beautify the grounds. Mrs. E. Hopkins met with a painful accident last Monday. She and her little girl were in the yard burning up the refuse and in some manner the clothing of the little girl caught on fire and Mrs. Hopkins thinking of nothing but the life of the child put out the fire with her hands, badly burning them. The little girl escaped without injuries, although her clothes were badly burned.

We are pleased to see Miss Eva Smith able to be out again after a severe illness.

Mr. Fred Godwin is again confined to his bed with rheumatism. We hope for his speedy recovery.

Rev. Mr. Ireland was unable to take service in the Methodist church on account of illness.

Rev. Mr. Childs, of Toronto, conducted the service in the English church on Sunday morning.

Mr. Wm. English and son Willie, of Donald, are spending a few days here.

NORLAND.

Norland, May 1.—It is with regret that we learn that Mr. Arnold Waklin intends to leave for the west on Tuesday next, his many friends wish him a safe and enjoyable trip.

Mr. D. Courtemanche has returned from the west, where he was intending to spend the summer.

Miss Minnie Boyce has returned home after spending the winter in Toronto.

Miss Ethel Martin is at present staying with her aunt, Mrs. Mark Ellis, of this village.

Mr. D. McIntyre spent Sunday at his home here.

The LeCraw Bros., general merchants, of this village, have started out with their egg wagon and as usual are kept busy.

CAMBRAY

Cambray, May 1. — Mr. Thomas Douglas has added much to the appearance of his place by putting metallic siding on his house and metallic roof on his barn.

Mr. S Bagshaw and Mrs. John Tompkins have put metallic roofing on their houses.

Mr. Edward Burton is putting a wire fence on each side of gis lane.

Messrs Thos. Parson and J. Sinclair went to Beaverton one day last week and brought home a load of fish

"Biddy" will have to keep a hustling this summer to supply our two store-keepers with eggs as Mr. Urban White is out with Mr. Gilbert's egg waggon and Mr. T. R. James is also on the road with his.

School opened after vacation with a good attendance although a number of children are absent on account of chicken-pox.

Mr. G. I. Manning and Master Oswald Manning were the guests of Mr. and Mrs. John Clark on Sunday last They were accompanied by their uncle Geo Manning who will spend this week with friends in this neighborhood.

We are sorry to hear that Mrs. G. Gilson is seriously ill at present.

A number from Crambray Epworth League visited the social evening of the Eden League held at Mr. Manning's last Monday evening.

SHIPMENT of CATTLE

MR. WELDON SHIPS SOME GOOD BEASTS

Linden Valley, May 2. — The change in the weather pute a stop to seeding for a time, but we hope to see it fine again soon, as many farmers are pretty well finished.

Mr. Weldon loaded at Cambray Station last Friday morning. It is said to be the best shipment of cattle that has ever left that station., twenty seven of them being fed by Mr. Channon, of East Oa,wood. In the lot was the Champion single weight Critter for Cambray Station. It was owned by Mr. Wm. Cruess, and tipped the scales at about 1600 pounds.

Mr. Alfred Birchard has been laid up, for a couple of weeks, by unfortunately running the prong of a fork in his knee, but will soon be able to be around again.

for a few days with La Grippe.

Mrs. J. K. Powle has been laid up

The C.P.R. Construction gang are busily engaged these days moving the steam shovel from Cambray Station up to the Cody farm.

Mrs. F. Webster, District Organizer W. I. is at Sonya attending a meeting of that branch.

Mr. J. Jewwll, of Cannington called on Mr. B, Jewell Tuesday last.

Mrs. McCorvie spent a few days of last week with her daughter, Mrs. Cruess.

Mr. H. Cody, of Toronto, is spending a few days in Linden Valley on business.

The Misses Crawford's of Peterboro returned to their home on Moadayi morning after spending a few days calling on friends here.

The many friends of Mrs. Knight are pleased to know that she is improving though still very weak.

CAMERON.

Cameron, May 1.—The fine weather of the past week made the land in quite good condition and consequently the farmers have succeeded in getting quite a good acreage sown. The fine warm rain on Sunday has also made things quite fresh and green looking, and will prove a great boon to those who were short of fodder. Fall wheat is very badly killed in patches and this will necessitate the plowing of some of it up or of sowing barley in among it for feeding purposes.

The Women's Institute of Cameron met at the home of Mr. Elijah Worsley on Thursday the 20th inst., and a royal good meeting it was. Quite a number of useful papers were read and these, with other topics brought out quite a discussion, which proved very beneficial to all present. Several visitors were from Islay and other institutes. Also some new members were secured and the institute is in a very flourishing condition and is proving a boon to the ladies of the community, enabling them to pass a social hour together and thus relieve the monotony and drudgery of every day life. The next meeting will be held on Thursday, May 1, at the home of Mrs. Henry Mark. This is the annual meeting, when the year's business will be wound up, officers elected, and hence, a good full attendance is very desirable.

We were sorry to learn of the serious illness of Mrs. Harvey Hooey, but under the skilful treatment of Dr. McAlpine, Lindsay, we trust she may soon be again restores to health.

Mr. Wm. E. Moore made a hasty call on a number of farmers last week. His mission was to secure all the fat hogs possible for shipment, and we understand he succeeded in getting quite a good number.

Some of our young farmer friends with a few of the old ones are contemplating a trip to Hawkin's creek at an early date to capture a quantity of the sucker family. We hop? they may have abundant success as we are getting somewhat fish hungry!

Mrs. Wm. Hall, of Campbellford, was visiting at the home of Mrs. M. Maybee, her mother, and also at the home of her sister, Mrs. John Gillanders, of Eldon.

Mr. Jas. Ingram, who has been poorly all winter, is now somewhat worse. We shall be pleased to hear that with the advent of fine warm spring weather Mr. Ingram may be much improved in health and strength,

Miss E. Langsford, who has been very poorly all winter is now better and again able to attend to her accustomes daily duties.

Mrs. D. Imrie who has been in the Ross Memorial Hospital for some time we are sorry to say, according to reports brought out, is but very little better. Every citizen of Cameron and vicinity, we are sure, deeply sympathize with Mr. Imrie in his trouble.

SCOBELL'S GIN PILLS

Sold only at Higinbotham's drug store.

THE MARKETS.

Liverpool and Chicago Wheat Futures Close Higher—Live Stock—Latest Quotations.

CHICAGO, May 2.—An artificial bulge of 3⅝c to 3¾c for May wheat to-day frightened shorts in all the other options, altho business in the current delivery did not reach a size of any great importance. New crop months closed at a net advance of ⅜c to 1⅛c. The end of the session left corn ⅛c to ¼c to ⅜c higher than last night; oats up ⅛c to ⅛c to ⅜c, and hog products with a gain of 5c to 17½c to 22½c.

The Liverpool market closed to-day ⅝d to ⅞d higher on wheat and ½d to ¾d higher on corn, compared with yesterday. Buda Peat and Antwerp closed unchanged on wheat. Berlin was ⅝c higher, Paris ½c to 1c higher.

Montreal Grain and Produce.

MONTREAL, May 2.—There was an increased demand from foreign buyers for Manitoba spring wheat and bids for May—June shipments were 3d higher, which prices were out of line with values on this side at the close. The principal demand was for nearby shipment, for which bids showed a premium of 3d to 4½d per quarter over the above, and sales of several loads were made. The foreign demand for oats is brisk, there being bids in the market for over fifty loads, but on account of further advance in prices in Winnipeg sales of only a few loads were made. The demand from the Maritime Provinces for spot oats was good, and especially for Ontario grades, which are in limited supply here, and in consequence prices have advanced ⅜c to 1c per bushel and a sale of one lot of 10,000 bushels of No. 2 Canadian western was made at 40½c. American No. 3 yellow corn for May delivery sold at 60c to 61c. There was considerable enquiry from European sources for spring wheat flour, but on account of the sharp advance in wheat millers were not disposed to accept the bids and have advanced their prices 9d to 1s per sack. The local trade was fairly good and the undertone to the market firmer. Baled hay is stronger at an advance of 50c per ton.

Oats—Canadian western No. 2, 40½c to 40¾c car lots ex-store; extra No. 1 feed, 39¾c to 40c; No. 3 C.W., 39½c to 39¾c; No. 2 local white, 39½c to 39¾c; No. 3 local white, 38½c to 38¾c; No. 4 local white, 37¼c to 37½c.

Corn—American No. 3 yellow, 60c to 60½c.

Beef—Plate, half barrels, 100 lbs., $8.75; barrels, 200 lbs., $17; tierces, 300 lbs., $25.

Pork—Heavy Canada short cut mess, barrels, 35 to 45 pieces, $22.50; half-barrels, $11.50; Canada short cut and back perk, 45 to 55 pieces, barrels, $23; Canada clear pork, barrels, 30 to 35 pieces, $20; bean pork ,small pieces but fat, barrels, $16.

Eggs—Fresh, 17c to 19c.

Cheese—Westerns, 11½c to 11¾c.

Butter—Choicest, 20½c to 21c; seconds, 18c to 20c.

CATTLE MARKETS.

Toronto Live Stock.

TORONTO, May 2.—The railways reported 79 carloads of live stock at the City Market, consisting of 1118 cattle, 937 hogs, 1386 sheep, 310 calves and one horse.

Exporters.

Probably about 150 cattle of export weights were marketed, 108 of which were for export, and some for local killing, and prices ranged at from $5.80 to $6.

Butchers.

Prime picked lots of butchers sold at from $5.30 to $6; loads of good, $5.50 to $5.75; medium, $5.20 to $5.45; common, $4.75 to $5.15; cows, $3.50 to $5.25; bulls, $4.25 to $5.

Stockers and Feeders.

There was a fair inquiry for feeders and stockers. Feeders, 900 to 1050 lbs., each, sold at $5.25 to $5.45; feeders, 800 to 900 lbs., $5 to $5.25; stockers, 500 to 800 lbs., $4.75 to $5; cows for feeding on grass, $3.75 to $4.25.

Milkers and Springers.

There was an active market for good to choice milkers and springers, at $50 to $75 each, while common to medium cows sold at from $37 to $45 each.

Veal Calves.

The market for veal calves was a trifle firmer, prices ranging at from $4 to $6.50, or an average of $5.50 per cwt.

Sheep and Lambs.

Wesley Dunn reported prices as follows: Sheep, ewes, $4.50 to $5.25; rams, $3.50 to $4 per cwt.; Ontario yearling lambs, $5.50 to $6.25, unclipped; while American clipped lambs, after duty being paid upon them, sold at $6.25 to $6.50 per cwt. McDonald & Halligan sold 201 American clipped yearling lambs, 90 to 105 lbs. each, at $6.60 to $6.90 per cwt. Spring lambs sold at $4 to $6.75 each.

Hogs.

Prices for hogs were quoted at $6.30 for selects, fed and watered at the market, and $6 to drovers for hogs f.o.b. cars at country points, but $6.10 was reported as being paid in some instances. Heavy hogs, over 220 lbs., are still being culled out at 50c per cwt. lower than the above quotations.

East Buffalo Cattle Market.

EAST BUFFALO, May 2.—Cattle—Receipts 400; market slow and steady; prime steers, $6 to $6.25; butcher grades, $3 to $5.90.

Calves—Receipts 200; market slow, 25c lower; cull to choice, $4.25 to $6.25.

Sheep and lambs—Receipts 2000; market fairly active and firm; choice lambs, $5.75 to $5.90; cull to fair, $4.50 to $5.60; yearlings, $4.25 to $4.75; sheep, $2.05 to $3.25.

Hogs—Receipts 850; market active and 10c higher; yorkers, $6.40 to $6.45; stags, $5.50; pigs, $6.20 to $6.35; mixed, $6.20 to $6.30; heavy, $5 to $5.30; roughs, $5.20 to $5.35.

New York Live Stock.

NEW YORK, May 2.—Beeves—Receipts, 698 head; feeling steady.

Calves—Receipts, 125 head; nominal quotations at $4.50 to $8.75 for veals; culls, $4.

Sheep and Lambs—Receipts, 3250 head; market steady; clipped sheep, $3 to $4.25; clipped lambs, $4.90 to $6; spring lambs nominal.

Hogs—Receipts, 3175 head; market firm, at $6 to $6.60.

Chicago Live Stock.

CHICAGO, May 2.—Cattle—Receipts estimated at 2000; market steady; beeves, $5 to $8.45; Texas steers, $4.60 to $5.50; western steers, $4.80 to $5.70; stockers and feeders, $4 to $5.65; cows, and heifers, $2.40 to $5.85; calves, $4 to $8.75.

Hogs—Receipts estimated at 11,000; market 5 cents higher; light, $5.75 to $6.15; mixed, $5.75 to $6.10; heavy, $5.60 to $6; rough, $5.60 to $5.75; good to choice heavy, $5.75 to $6; pigs, $5.60 to $6.05; bulk of sales, $5.90 to $6.05.

Sheep—Receipts estimated at 15,000; market steady; native, $3 to $4.60; western, $3.25 to $4.60; yearlings, $4.60 to $5.60; lambs, native, $5.25 to $6.10; western, $4.65 to $6.15.

—The engagement is announced of Ethel, daughter of Mr. and Mrs. Norman P. Clarke, Omemee, to Mr. Will. J. Sheppard, son of Mr. and Mrs. W. J. Sheppard, Coldwater. The marriage is to take place quietly towards the end of May.

The Grand Trunk will spend about ten million dollars in raising its tracks and building new terminals at Montreal.

Spring Clothes

Fashion says that this will be a great season for cheerful clothes—and we believe in fashion and so provide liberally. When you see the beautiful new color combinations in our suits we're sure you'll be pleased with them. Lookers and buyers are showering us with many compliments.

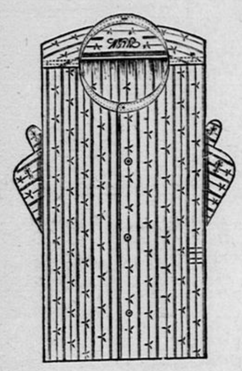
Oh, no! We haven't overlooked the man who will wear nothing but quiet effects. We have a stock of these conservative patterns bigger and better than ever before--some surprises here, too--new weaves and entirely new models.

We want you to see our suits at

8, 10, 12, 14, 16 & $18

After you have seen them we will have nothing to say except this--
"Match them if you can"

Our Spring Shirt Display



Includes the newest styles of the best makers. We are very careful about having the latest designs

When you need a new shirt better look over our lines before buying. Our spring and summer stock is now complete, and, with fresh addition from time to time, offers you an excellent choice of patterns and materials. Attached or detached cuffs and collars. The coat shirt and the new soft collar shirt—nothing wanting. Prices—

50c, 75c, $1.00, $1.25, $1.50 & $1.75

B. J. GOUGH

WHERE THE GOOD CLOTHES COME FROM, LINDSAY

If the Music in your Home costs as much as it is worth, you should find out why ?

If you own a Heintzman Piano, "THE MUSIC" at your house costs less and is worth more than anything else you provide for your family or friends.

If you have to stop and consider whether the music in your home is worth all it costs, it means that you own the wrong piano, or none at all.

Own a Heintzman & Co. Piano—as you can do—and "THE MUSIC" at your home will cease to cost a hundredth part of what it's WORTH.

Many Buildings Being Erected At Haliburton

Haliburton, May 2.—"'Tis May, 'tis May, and all earth is gay."

It is hard to realise the fact, but it is nevertheless true, that winter has given up the struggle, for we have had beautiful spring weather for the past few days. We are beginning to feel a warm breath stealing over the senses; to see the moist, mellow earth beginning to put forth the green sprout and the tender blossom; and the trees and shrubs in their reviving tints and bursting buds, give the promise of returning foliage and flowers.

Housecleaning, too, is under way, and all papers and books ar? once more piled in the cellar, on the verandah, and in the fence corners.

Mr. Frank Spier, of Wilberforce, accompanied by his wife and two sons, spent the week end with his parents in town.

Mr. Spier says, "The work in the graphite mines in Wilberforce is going forward with leaps and bounds.' The company will have their very expensive machinery in operation in the course of a few days.

The gold mines spoken of in a late edition of The Warder promise to yield an abundance of the precious metal.

Our little burg is by no means taking a back seat with regard to progress. At no previous date in its hostory were building operations more active than at the present time. New buildings are in course of erection in all parts of the village, the local carpenters are busy, while mechanics from Fenelon Falls, Kinmount and other places are being engaged to hustle on the work.

Everybody seems to be awake and wide awake. Go ahead, or step aside is the motto.

Hon. Senator Roy has been appointed Canadian High Commissioner at Paris, in succession to the late Mr. Fabre.

WEATHER PROP BY HIC

A regular storm period having its beginning in April will have its culmination in eastern part of the country, the first two or three days in May. A seismic period also reaches into the same days. A wave of higher barometric pressure will follow from west and north bringing cooler weather behind the storm. The mercury period, which came into May from April, will last until after the 10th, causing prolonged cloudiness, and intensifying regular and reactionary storms which fall under its influence.

A reactionary storm period will culminate on and touching the 4th and 5th, and the period being under the influence of the mercury equinox, will bring storms of rain, with continuation of cloudy, threatening weather for several days. Under stress of the Mercury period, and solar conditions peculiar to this month very severe storms are probable at this and other May periods. High barometer with very cool weather with probable frosts northward will be the natural order from about the 5th to the 8th—first to the west and north, advancing eastward and southward.

A regular storm period covers the 9th to the 14th, with moon on the celestial equator on the 9th and full on the 13th. High temperature, falling barometer and electrical storms will appear about the 9th in western extremes, and from Wednesday the 10th to Sunday, the 14th, these conditions will progress to the eastward causing general and violent storms in many localities. From the 10th to the 16th constitutes a period of seismic strain that will very probably cause earthquake shocks and shivers in many parts of the globe. A marked change to high barometer and cooler, with probable frosts at night northward should be no surprise from about the 13th to the 16th.

A reactionary storm period will bring return of warm weather, falling barometer and storms on and touching the 17th and 18th. Those who have followed us for years tell us that the solar eye is focused along the central parallels of the northern hemisphere during May, and hence violent electrical and tornadic storms often reach a maximum at this season. There is no special indication of such storms at this period at the sam time, approaching storms will be calmly and carefully scanned. Expect change to much cooler after these storms for several days.

A regular storm period falls from
