NERVOUS MEN AND WOMEN

are actually weak, run-down—they are slowly deteriorating—they need strength and nourishment for body and brain.

Scott's Emulsion corrects nervousness—it is essentially a food—a concentrated, nourishing, curative food to restore the healthy action of body cells, fortify the blood, sharpen the appetite, make strength, health, energy and vigor.

As pure as milk, it is readily assimilated—nourishes every organ and every tissue. Physicians everywhere recommend *Scott's Emulsion* with absolute confidence in its beneficial results. Don't wait—start *now*, but insist on *SCOTT'S*.

No alcohol or drugs.

OBITUARY.

MARGARET McGEE.

A highly respected resident of Janetville Station passed away last Thursday, in the person of Margaret McGee, beloved wife of Edward Thornton. The deceased lady, who had been ill but a few days, was in her 73rd year, and although well up in years, death was unexpected, owing to previous excellent health.

In religion the deceased was a member of the Methodist Church, and accomplished much good in the community. She is survived by her husband, two daughters and two sons, all of whom have the sincere sympathy of their many friends and acquaintances in their sad loss. They are: McIntyre and Pearl Thornton, at home; James Thornton, of Janetville village, and Mrs. Feir, of Peterboro.

A large quantity of rifles, consigned to an Irish Peer, to fight Home Rule, were seized in Dublin.

COUNTY COUNCIL NOTES--DELEGATIONS HEARD

Courthouse, June 5.—At the afternoon session of the county council Reeve Isaac Fee, chairman on committee of finance and assessment, presided.

The report of the committee on house of refuge was read and adopted by motion.

CHILDREN'S SHELTER

A delegation dealing with the children's shelter, composed of Mrs. E. E. Sharpe and Mr. F. D. Moore, K.C., was heard.

Mr. Moore, the first speaker, said in part: "The county clerk has called your attention to the change made in the law concerning neglected children. As police magistrate I have to dispose of this class of children brought before me from time to time. There should be a home for such children, where they could remain until a home could be provided for them. In Peterboro they have such an institution. When a child comes before me I cannot treat it as criminal, and to have children grow up as good citizens I often have to separate them from their parents. It is imperative that you should provide for those unfortunate little ones."

Mrs. Sharpe—"Mr. Kelso is anxious that we provide for such children. We have $200 to assist, and if you feel like rendering some help you should get to work at once. Haliburton could join with Victoria county and I think they would be pleased to co-operate with us. There are many children in Haliburton who should be placed in foster homes."

Mr. Rogers—"What age are children available to be taken in?"

Mrs. Sharpe—"At any age up to 17."

Reeve Tobson—"The county of Haliburton will have to provide a shelter of its own."

Mr. Moore—"I can name the county that shall pay for the keep of its own children."

Reeve Dobson—"It's enough for every county to provide for their own poor."

Mr. Moore—"The law says we must provide a shelter."

Mrs. Sharpe—"I did not expect that this county should provide a shelter and maintain it without the assistance of Haliburton."

Coun. Fee—"The expense would be lessened by both counties co-operating, and I feel the committee will give it their serious consideration."

GRANT FOR 45th.

A deputation comprising Col. Hopkins, Messrs. Wm. Warren, Major J. A. Williamson, Capt. Fee and E. H. Hopkins approached the council asking for a grant to the 45th regiment from the county of Victoria.

Col. Hopkins—"The regiment is deficient and we will put this money in a trust fund. This being a county affair we therefore come to you for assistance as it affects the whole county. I do not ask you for $1 per man, but I ask you for $250. Cornwall and Glengarry gave their regiment $500. Had I asked $1 per man it would run up to $300. We have the best band in the regiment, which costs us about $450 each year. There are losses of blankets and other sundries which the commanding officer must put up for after breaking camp."

Major E. Hopkins said in part: "Some years ago the county council gave $5 per man, but it was cut off on account of other regiments being dispensed with. We have a good band, the very best, and those men draw a private's pay, 75c. per day, so we must make up their regular day's pay. The men must be paid or we could never get to camp. The cost of mess becomes expensive as the officers must eat at a certain place; military tailors cost money also. Shortages amount to something and strict account is kept, and all deficiencies have to be made good at the end of the year. Sir Wm. MacKenzie has been honorary colonel for this regiment for twelbe years and I feel that if the council grants us $250 it will be economically spent."

Major Williamson said he agreed with the previous speaker, other places have supplied tables and cover so we want them for the comfort of the men. "Through the kindness of Sir Wm. MacKenzie for twelve years we never came to the county council and we would not come now were it not that we needed the money."

Ald. Warren—"We make no money by going out as officers, and all we ask is $250 to get the fund going again."

Capt. Fee thought Victoria was represented by a good regiment and he hoped the council could see its way clear in granting $250 to assist.

Reeve Morrison—"They are modest in their request and we should concede to their demands. They are the men who would be called upon first to stand up in defence of the country. We had experience in that way years ago when we were invaded by the Americans. Canada's sons have always defended the country and we should give them what they ask for."

Moved by Coun. Morrison, seconded by Coun. McWatters, that the regiment get the grant which they demanded.

Coun. Devitt moved an amendment, seconded by Coun. McEachern, that a grant of $100 be given instead of $250.

A vote was taken on the amendment. Three favored it, while nine voted for the motion. Mr. Chirpaw and Mr. Tiers did not express themselves. The motion was declared carried.

EDUCATION MATTERS.

School inspectors, Messrs. Stevens and Broderick were heard in reference to educational matters, with Reeve R. J. Mulligan in the chair on standing committee of education.

A report from the delegates to trustees convention on March 25th, was read. It dealt on how schools should be built and furnish comfort for the children. The present curriculum was condemned too severe and a burden on children who studied many subjects which were never needed in after life. There should be larger play grounds, 25 sq. feet for each child, special drinking cups and more care exercised by teachers with regard to the familiarity of children with each other. Fire drill should be practiced. Fire escapes were discussed and the school should be more for social gatherings. The clubs take away from this debates between sections which should be encouraged. Doing away with model schools is the cause of a dearth of teachers; many students cannot attend the normal school owing to the expense.

Coun. Morrison—"I attended that convention and I had a pleasant time with Coun. McEachern. We met Mr. Duncan Tolmie so we were in good company. We heard some very fine addresses and were benefited by attending the Trustees Association in Toronto."

Coun. McEachern spoke along the same lines as Mr. Morrison.

Reeve Kylie—"I am glad the gentlemen had such a good time, but I am astonished that some remedy is not applied and some remedy suggested for some official to go through the different townships and see to those children who do not attend school in the rural municipalities."

Coun. Dobson—"The inspector of schools should report this to the minister of education. I know one child of 15 years near Lindsay who was only in school about half a dozen times, and some manner which would lead to better attendance should be devised. Why should we have a good system of education and those children permitted to stay at home? We should remove all hindrances."

Reeve Mulligan—"There are many reasons why the average is low. From sickness in most cases."

Coun. Rogers—"Is it compulsory to appoint a truant officer?"

Moved by Reeve Kylie and seconded by Reeve Devitt that this report be accepted.

Mr. Stevens, P.S.I., thought the delegates did not return giving any impression that they had anything more than a good time.

Coun. Morrison—"I never saw Mr. Stevens or Mr. Broderick there."

Mr. Stevens—"I was at every session, but I never saw Mr. Morrison or Mr. McEachern at the convention; they might have been there. I would like to see every rural school appoint a delegate."

From the O. A. C. Review, asking for a subscription. It was filed. The expenses of the delegation to the Trustees Association in Toronto cost $22. This concluded the business and the committee arose.

Mr. Stevens addressed the council on the presence of the medical health officer, Dr. Clinton, of Belleville. "The educational department has been looking after this for years and this gentleman is only in office three months and I feel he is not conversant with facts if he has made remarks such as I have heard. I have good plans and the most improved plans of sanitation for rural schools."

Mr. Stevens showed an elegant plan for this way of doing things. He advised the use of road dust and ashes as an absorbent in the school toilets.

CHILDREN'S SHELTER.

Coun. Fee once more took the chair on finance and assessment. On motion of Mr. Mulligan and Mr. Devitt a committee was appointed to look after the building or providing a children's shelter.

Reeve Kylie—"Let them look into the matter and report at November session. Messrs. Kylie, Dobson, McWatters and Warden Bottum will comprise the committee.

REQUEST REFUSED.

The motion asking a grant of $25 to Chief Chilton, chief of police, re expenses to Halifax, came up for consideration.

Reeve McWatters moved, seconded by Reeve Dobson, that the chief get $25.

Coun. Devitt and Coun. Varcoe moved an amendment that no such grant be given, which carried. The motion was lost on a vote of 12 to 5, the members testifying by a standing vote.

MINISTERS CAN WALK.

Coun. Dobson's motion to have a minister of some church to attend the house of refuge on Sunday and give religious service was put.

Reeve Mulligan—"We should keep religious discussions out of the county council."

Reeve Kylie thought it was no place for a religious discussion and the churches would each look after their own.

Reeve Tompkins moved, seconded by Reeve Kylie, that this matter of taking ministers out to the house of refuge be left to the committee of management.—Carried.

REMOVING POLES.

The removing of telegraph poles and other obstructions by companies to whom the government grants a franchise should on a petition of the council be considered. The Government should be asked to revoke such legislation, and Reeve Dobson considered a resolution to that effect should be sent to the Government.

Warden Bottum considered the whole province should join and petition the government. One resolution would be of little weight.

The resolution was filed on motion of Messrs. Southern and Varcoe.

Mr. Geo. Ashman's (turnkey) request for $50 came before the board. Mr. Ashman gets $650.

Reeve McKee considered it a just request, and as Mr. Ashman gave much time to the county, and he was not getting more than a living wage, he moved, and Coun. McWatters seconded the motion that he be granted the increase.

An amendment by Reeve Kylie and Reeve Southern that this be left over to the November session. Amendment carried.

The selling of a lot left by an old lady of the village of Bobcaygeon was considered and a by-law passed confirming the sale.

A motion of Mr. Devitt and Mr. Dobson the sale was confirmed.

Expenses in connection with the bringing in of George Edwards, an insane man, by Reeve Hill, was reported which amounted to $19. The lunatic belonged to Longford and it was considered that Reeve Southern should assume the payment of account as he had been out of Dalton for three months.

Moved by Coun. Morrison and seconded by Coun. Varcoe, that this amount be paid.

An amendment was brought in, moved by Coun. Devitt, and seconded by Coun. Rogers, that Mr. Hill be paid all minus amount given insane man's family of $9. The amendment was carried.

To-Day's Best Story

A husband who had dined and wined to the limit finds his way home in the wee sma' hours. He reaches the library just as he hears his wife's footsteps at the head of the stairs leading to her bedroom. He hastily reaches for a book from the library shelves, drops into a big easy chair and has the book spread across his lap as his wife enters.

"John! What are you doing here at this hour?" she asks.

"Just reading, dear. This book has been in the library five years. I've made up my mind dozens of times to read it. To-night I'm going to finish it. Don't worry, my dear. You go to bed. I'll continue reading."

The wife, in tone of mingled disgust and authority, replies:

"John, close that checker board and come to bed!"

NEW MODERATOR.

Toronto, June 5.—The great Presbyterian congress closed its sessions yesterday afternoon. The general assembly opened its session last evening. The assembly then proceeded to the election of the new moderator, Dr. E. Scott, Montreal, proposed Dr. Murdock MacKenzie of Northern Honan, China, and this was seconded by Mr. Fisher. Dr. A. S. Grant then rose and proposed Dr. Herridge of Ottawa, and this nomination was seconded by the Rev. R. J. Ross of Halifax. A third nomination was then presented by Rev. G. Weir of Glencoe, who named Dr. James Ross of St. Andrew's church, London. Rev. W. S. Galbraith seconded the nomination. Dr. Herridge rose and asked that he be allowed to withdraw his name that the election of Dr. Murdock MacKenzie be made unanimous.

Suffragette Tries to Stop King's Horse

Epsom, England, June 4.—An unidentified woman, supposedly a militant suffragette, was killed this afternoon at the Epsom Downs Derby when she ran out on the course at Tattenham Corner and grasped Anmer, the King's entry, by the bridle. The animal reared and then horse and rider, Jockey Jones, fell.

The woman was caught beneath the falling horse and fatally crushed.

Jones was severely hurt and was rushed in an ambulance to a hospital, where it was said his condition was serious. The King's horse was not injured to any extent.

His Majesty was very much affected when he learned of the tragic sequel to his horse's tardiness in reaching the finishing post. Anmer finished the race riderless.

MOTORED HOME.

Mr. W. J. Chirpaw, Reeve of Bexley, returned to his municipality in his new Ford car Saturday. The machine was purchased from Mr. Madison Williams, agent, Lindsay. Reeve A. J. Southern, of Laxton, and Reeve Wm. Hill, of Dalton, enjoyed the hospitality of Bexley's worthy representative, and motored to their home with him this afternoon.

IN MEMORIAM.

CALVERT.—In loving remembrance of Nellie Calvert, the beloved wife of Garfield Babcock, who passed away June 8th, 1912.

One year has passed, our hearts still sore,
As time goes on we miss her more;
Her cheerful voice, her welcome face,
No one can take a mother's place.

Her memory is as dear to-day
As at the hour she passed away,
When days are dark and friends are few,
Dear wife and mother, how we long for you.

—Husband and Sons.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhœa. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of
