WELL AND STRONG

AFTER ELEVEN YEARS OF GREAT SUFFERING

A Wonderful Tribute to the Power of Dr. Williams' Pink Pills to Cure Stubborn Diseases

Proof upon proof has accumulated that Dr. Williams' Pink Pills will cure when doctors, hospital treatment and all other medicines fail. Paralized limbs have been restored to strength, rheumatic sufferers made well, weak, anaemic girls and women made bright, active and strong; neuralgic pains banished, and the poor dyspeptic given a new digestion when it seemed almost hopeless to expect a cure. Here is a bit of strong proof that Dr. Williams' Pink Pills bring health and strength after years of suffering. Mr. Louis Brien is a well known resident of St. Didace, Que., and tells of his years of suffering as follows: "Eleven years ago, while working in the bush, I strained myself and brought on terrible pains in the back and stomach, where the trouble seemed to locate. I had frequent fits of vomiting, which caused much distress. Sometimes I could work, and then again for months at a time I would be wholly unable to do anything; but even at the time I could work I was always suffering. At different times I was treated by three doctors, but they were unable to help me. Then I went to Montreal and put myself under the care of a doctor there. His medicine relieved me while I was inactive, but as soon as I attempted work or exertion of any kind, the pains returned worse than before. All this time I was growing weaker and less able to resist the inroads of the trouble. Then Dr. Williams' Pink Pills were brought to my notice, and I began to use them. From that time I began to regain strength and by the time I had taken thirteen boxes I was once more a well, strong man. The proof of this is that I can do as hard a day's work as anyone and never have the slightest symptons of the old trouble. I am sorry that I did not know of the pills sooner—they would have saved me much suffering and money as well."

With such proof as this, that even apparently hopeless cases can be cured, there can be no reasonable doubt that Dr. Williams' Pink Pills will restore health in all cases where given a fair trial. These pills are sold by all medicine dealers or will be sent by mail at 50c. per box or six boxes for $2.50, by writing direct to the Dr. Williams' Medicine Co., Brockville, Ont. See that the full name, Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around every box.

HALIBURTON AND VICTORIA

Editor Watchman-Warder:

Sir,—Will you please publish the herewith letter taken from the Toronto World of to-day? It should have stated, but the omission is mine, that neither my leader, Mr. Borden, nor our Quebec leader, Mr. Monk, nor in fact any recognized leader in our party voted, while several of those who did vote to separate Haliburton from Victoria have explained to me that they did so under misapprehension of the exact situation.

Editor World: At your request the following is respectfully submitted: Unintentionally your report of yesterday's parliamentary proceedings in the House of Commons is inaccurate and, in fact, misleading. You credit me with opposing the motion for two members of Victoria and Haliburton, when in reality for months I have striven as a gentleman and a Conservative, practically alone, to win two members for the old district. Alone I appeared before the committee and urged the case, and was successful in getting that committee to amend the proposition to add Haliburton to Muskoka by letting it remain with Victoria. Now the greater part of Haliburton has formed part of Victoria for federal purposes since Confederation, and is judicially and politically attached in every way (vide R. S. O., C. 3, 1897). The associations of Haliburton with Victoria are intimate in every sense. Railways, roads, waterways, trade, courts, voters' lists, politics, lumbering, settlement, all in Haliburton, are more associated with Victoria, and Victoria alone, than are any two parts of almost any other riding in Ontario. The distances are not great—from extreme of settlement to extreme being only 80 miles, with railway connections to every part except two, which have always been in Victoria politically.

Acting with judgment, I have fought to retain the union in the hope and belief that two members would be given. The government as yet have not agreed upon the two members, but as I have appealed to their reason and sense of fair play, rather than endeavored to make political capital through claptrap and and factious opposition, hope has not yet been abandoned by me. But having, with Dr. Vrooman and the majority of the Conservative party, supported the alliance of Haliburton and Victoria County for two members, I could not and would not insult the splendid people of that beautiful, though rugged, region by practically telling them I had no further use for them, once it might suit my convenience to be rid of them. Those who know me will vouch that by me never was friend deserted or betrayed, nor enemy or opponent avoided.

The good people of Haliburton and Victoria who have the best interests of the district at heart emphatically desire the union to be maintained, for the reasons already given, as well as the hope that if two members cannot be, will not be given now, another redistribution will result in the accomplishment of that design. The mandate on all sides of every noble spirited man has been "preserve the district intact, with two members if possible, but in any event retain the integrity of the district."

There were two motions last night: one for two ridings, made up of Victoria and Haliburton. This I for months have pressed before the committees, the house and the country. Dr. Vrooman, M. P., also advanced and supported it in the house last night, as did all the Conservatives present. The succeeding motion, to pitch Haliburton to the winds, viz., to detach it from Victoria and let it be added to Muskoka, Nipissing, Hastings or Peterboro, adjoining, or be unrepresented entirely, and have only one Victoria, I had the honor to oppose with all my power. I regret being unable to congratualte my fellow Conservatives on their action upon this second resolution last night. But, sir, this is not the first time I have stood practically alone in the Conservative party, and yet have lived to see not only my leaders, but the country, admit my conduct the proper one in each case. Two notable instances. One of them I had the privilege of hearing the Hon. Sir Charles Tupper frankly confess to a score or more of his former followers, would have been greatly superior to the policy our party adopted. I refer to my demand on the Yukon question, opposing the Liberal proposition from the Sticken River to the Yukon, and insisting on an all-Canadian line from Kitimat or similar harbor.

The other was the Manitoba remedial bill. I opposed the imposition of any system of separate schools on that Province by either the Conservative party or the Liberal party My aim was to defeat Sir Wilfrid Laurier's "six months' hoist" and thus prevent his being sent for to form a cabinet; and also on the main motion to defeat our own Conservative Government. Then His Excellency would have in duty bound to summon Sir Donald Smith, now Lord Strathcona, to form a cabinet.

In this present case I was delighted with the support of the Conservative party for two members for Victoria and Haliburton, but regretted their unthinking conduct in subsequently seeking to throw Haliburton adrift. But they will, as in other cases, learn to see the error of their way.

ANNIVERSARY SALE

A Store Full of Bargains

This week the Safe Satisfactory Store continues to celebrate it's first birthday. One year is not a very long time, and yet it is long enough to make a beginning. The S. S. S. came into being one year ago and whatever else may be said, it certainly has made very fast headway in the race for merchantile honors. Now we are not content to rest on our oars and let good enough alone, but we must keep forging steadily ahead.

Here are three good reasons why we are determined to do greater things this year. First, because our stocks are much greater in variety, style and value. Second, because the people in and about Lindsay were never in a better position to buy good goods than they are to-day. Third, because in our way of thinking, there is no standing still. If business is not going ahead its going behind.

Just to celebrate our birthday we'll sell brand new goods at a saving of a third to a half. Bring this list with you when you come to the store for comparison with the goods.

W. C. WAY, Town Engineer. F. KNOWLSON, Town Clerk.

New York, Sept. 18.—Rough estimates of the financial loss due to Wednesday's storm are $2,000,000 on and around Manhattan Island alone. So far eighteen lives are known to have been lost in the storm, and it is believed this number will be double when all reports are in.

22 Lives Lost.

Norfolk, Va., Sept. 18.—The British steamship Roxby, Captain Shields, which arrived here yesterday morning from Port Inglis, has on board Domingo Ballo Reyarberay, the sole survivor of the crew of 22 men on the British steamship Mexicana, which foundered with all on board off the Florida coast Tuesday night.

Two Ships Wrecked—15 Lost.

Damiarescotta, Me., Sept. 18.—Two vessels, the schooner Sadie D. and Lillie, of Prospect, Me., and the mackerel schooner George L. Edwards, of Gloucester, were wrecked on Pamaquid Point during the night and 15 lives were lost.

Ottawa, Aug. 18.—Dr. Saunders, Director of Experimental Farms, who is making his annual tour through the West, wires as follows to the Department of Agriculture: "Crops from Winnipeg to Brandon mostly light. Some good fields of wheat will probably average fifteen to eighteen bushels. Will average better in northern and western portions."

Windsor, Sept. 21.—The merchant tailors of Windsor, are considering a demand from the union which embodies a 10 per cent. raise in the rates in piecework. The Cutters' and Merchant Tailors' Association has practically decided to reject the proposition of the union for the 10 per cent. raise.

Contract Jumpers Arrested.

Montreal, Sept. 21.—Four employes of the Gurney Co., Toronto, have been arrested here charged with jumping their contracts. They are John Campbell, John Watson, John Dowie and Alfred Blackburn. They will be taken to Toronto.
