TELEGRAPHY OPENS THE WAY

To a Successful Life

Several thousand Telegraph Operators will be required by the various Railway companies within the next nine months.

On AUGUST 1st, I will open a school in Lindsay, to be known as the

National School of Telegraphy

Board here is reasonable, and all ordinary students should graduate here within six months. Write or see me for terms. The greatest and most sussessful managers of to-day have, with rare exception, risen from the ranks of the operators.

Salaries of operators run from $50 to $80 per month, according to the importance of the position. Operators who are Agents, make from $60 to $100 per month, and are always eligible for promotion. Lady operators for commercial work are in great demand.

Qualifications necessary are few but absolutely essential, viz: a common school education, strict sobriety, honesty, industry and carefulness.

Sir William C. Van Horne, of C. P. R. fame, began his railway career as an operator; so did J. W. Leonard, C. W. Spencer, Geo. C. Jones, and scores of others, all now holding high positions.

Address NATIONAL SCHOOL OF TELEGRAPHY, Lindsay, Ont.

A. M. Paton,
Principal.
