MISS A. GOOD DIED ON SATURDAY LAST

Was Resident Of Artemesia For 69 Years—Born In Leeds, England

An old resident of Artemesia, in the person of Miss Ann Goode, passed away at the home of her niece, Mrs. Sam McMullen, east back line, on Saturday last, February 9th, at the advanced age of 88 years.

Miss Goode was born in Leeds, England, and came to Canada with her parents when she was only 12 years of age, residing first in Scarboro Township for five years, then coming to Artemesia and settling on the farm where she died. She was a member of the Methodist church and in earlier years was a faithful attendant at both church and Sunday school. There are two brothers still living—Septimus of Buffalo and Wm. of Colorado, both of whom resided here some years ago, the former keeping a butcher shop.

The funeral took place to Flesherton cemetery on Monday afternoon, service at the home being taken by Rev. Mr. H. H. Eaton, who read the Scripture lesson from the 23rd Psalm and took his text from Job 26-5: "Thou shalt come to thy grave in a full age, like as a shock of corn cometh in in his season."

The pallbearers were: Robert Waller, Henry Down, Wm. Stewart, Albert Stewart, George Beecroft and Wm. Talbot.

THE W. I. HELD A SOCIAL EVENING

A delightful evening was spent at the home of Mr. and Mrs. F. H. W. Hickling on Friday last, when about fifty members and friends of the Women's Institute met to discuss matters in connection with the Memorial Park and to spend a social evening together. A Leap Year luncheon was served when the ladies had to secure their partners by cave man tactics. Some were captured under tables, some in corners and some quite amiably without much effort, just as things might have happened a million years ago. The ladies were blindfolded, which made the fun more funny. A nice collection was taken up and all went home feeling that they had a very enjoyable evening. A hearty vote of thanks was given Mr and Mrs. Hickling.

ENGAGEMENTS

Mr. and Mrs. W. J. Caswell announce the engagement of their daughter, Myrtle Elizabeth, to Mr. W. Vernon Snider of Waterloo, the wedding to take place next week.

Why Ford Predominates

Ford Resources

The Ford is the product of a self-made institution which, over a period of years, has provided dependable transportation for all peoples.

Recognizing the value of Ford transportation, these peoples have purchased Ford products in such volume that the sale of Ford cars and trucks equals the sales of all other makes combined.

As a result, the resources of Ford of Canada are now over $20,000,000. These resources mean ability to buy the best material at a minimum price.

They mean the ability to organize each process of production, from the purchase of materials to the completion of the finished car, on such a basis that every non-essential operation is eliminated.

The economies thus accomplished are reflected in Ford prices which, always consistently low, are now the lowest in history. This is what Ford resources mean to you.
