M. W. KENNEDY & CO.'S

This is a month of special interest at our store.
It is the month of Stock-taking and Clearing.
The month of Remnants and Odd Stock.
The month of making ready for new stock by forcing out Winter Goods.
The month of Slaughtering all Heavy Stuff—Furs, Clothing, etc., etc.
The month of many Striking Bargains.

In fact the month which is looked forward to by all shrewd buyers who have become acquainted with our goods and know what bargains are.

Each season brings a change in wearing apparrel so decisive that the mos sturdy efforts are necessary on our part to make way for a new season's demand, and hustle out the present season's goods while it is still on the wane. . . . . .

The Necessity is Ours.

The Opportunity is Yours.

Free Cooking School.

The ladies of the town and country are invited to visit our store on Friday and Saturday of next week, Jan. 25th and 26th. Two experienced ladies will conduct a cooking school and show the many uses of Cottolene. HURLEY & BRADY.—45 2.

Four Generations of Royalty.

"Four Generations of the royal house of England" is the title of a handsome pamphlet just issued by the Dr. Williams' Medicine Co. The cover is a work of art, and has admirably executed portraits of Queen Victoria, the Prince of Wales, Duke of York, and the Infant Prince Edward of York. The Dr. Williams Co. have a reputation for distributing the handsomest pamphlets issued by any proprietary medicine house in Canada, and the present work amply sustains this reputation. The pamphlet is well worth having, and a copy of it will be mailed free to any of our readers who will send their address (plainly written) on a post card, to the Dr. Williams' Medicine Co., Brockville, Ont.

Railway Notes.

—British railroads in one year kill one passenger in 8 208 000; United States railroads one in 1,523 000; Canadian railroads one in 1,238,000.

—Salary cutting and retrenchment is the watchword at present in C. P. R. circles. A large number of men have already been laid off from the different departments in Ontario and the North-west.

—The L. E. & D. R. R. has been experimenting with a patent oil box, of which a Mr. Wright, of Ruthven, is the inventor. The new box prevents any oil or dust from accumulating about the wheel or side of the car, is marvellously economical, and so far has been successful in preventing hot boxes.

The Market.

The principal articles of produce coming to the market these days are wood, beef and hay. Wood is selling, as stated by good authority, 50c. per cord cheaper than it has been for the past fifteen years. Good maple 2 ft. wood can be bought at $3.50 per cord. Beef is selling at from $4 to $5.

Personal.

—Mr. Neil McPhaden, of Sunderland, spent Wednesday last in town.

—Mr. Percy Allen, of Toronto, spent a couple of days in town this week.

—Mr. L. V. O'Connor, B. A., of Toronto, spent Sunday under the parental roof.

—The Port Hope Daily Guide says Mrs. E. T. Honor is visiting friends in Lindsay.

—Mr. Percy Taylor, of the Lock Works, Peterboro, was in Lindsay during the past week.

—Mr. Geo. McWilliams, of The Examiner, Peterboro, spent a few days in town this week.

—Mr. Cyrus Ritchie, of North Dakota, is visiting his cousin, Mr. James McGibbon, William-st.

—Miss Edwards, of Washington-ave., Toronto, is the guest of Mrs. Wright, Melbourne-st.

—Mr. Edward Burke, of Gairsboro, N. W. T., is visiting his aunt, Mrs. Thos. Puley, Oakwood.

—Dr. E. A. Herriman, of Grand Forks, Dakota, is at present visiting with his brother, Dr. W. L. Herriman, town.

—Mr. J. A. Barron, Q.C., is taking a ten days' vacation, endeavoring to renew his health after his recent severe illness.

—Mrs. Hugh O'Leary left town on Monday morning to visit her mother, who is very seriously ill at Elora, in the county of Wellington.

—Mrs. Barker, of Port Hope, has been spending a few days in town with her sister, Mrs. R. S. Porter. She returns home on Friday.

—Mrs. Dunham, wife of Mr. Ex. Dunham, proprietor of the Windsor house, Montreal, is visiting her brother, Mr. W. H. Simpson, this week.

—Mrs. L. O'Connor, who has been seriously ill for the past three months, is now out of danger, and her many friends hope to soon see her quite well.

—Mr. J. N. McKendrick, of Galt, inspector for the Gore Mutual Fire Insurance Co., was in town on Wednesday adjusting Mr. E. S. Soanes' loss by the recent fire.

—Omemee Mirror:—J. D. Thornton was in Lindsay on Saturday.....Chas. Lindsay was in town on Sunday.....Alfred Joyce and wife, of Lindsay, were in town on Sunday.

—Peterboro Examiner, Monday:—Mr. James Tully, of Gough Bros., is on relieving duty in the firm's Lindsay branch.... Messrs. J. N. Moffatt, R. Wagar and Wm. H. Day, of Lindsay, all spent Sunday in town.

—Mr. Dennis Hawkins, of Woodville, is able to be around after being laid up with a sore hand. He cut it about ten weeks ago, when blood poisoning set in, but through the skilful treatment of Dr. Grant he is out again.

—Mr. Dan. Gilchrist, of New York, who is spending a few weeks visiting at his home at Glenarm, after an absence of four years in Uncle Sam's country, was in town last week calling on many old friends. Dan is a good fellow and his jovial manner always makes many friends for him wherever he goes.

—Mr. Chas. Keenan, of Langdon, Dakota, is home on a visit to his mother, Mrs. T. Keenan—the first since his departure from Lindsay some eight years ago. Mr. Keenan, who is of portly dimensions, and brimming over with good humor, has been in business for himself in the west, and states that the reported influx of Dakota settlers into Manitoba is all "moonshine," the rumor having started by the C. P. R. to boom the North-west.

—The dry goods stock of Mr. E. E. McGaffey has been removed to the store lately occupied by the Rathbun Co., opposite the Benson house.

—Mr. A E. Pilkie, Lindsay's champion skater, took first prize at Peterboro on Friday evening of last week in the men's race, over a number of other competitors.

—A large quantity of wood is being brought to market by the farmers since the sleighing has become good. The prices prevailing are a trifle lower than last year.

—A Lamb knitting machine nearly as good as new, cost $55, will sell for $25, also a Singer sewing machine in first-class condition, price $12 Apply to R EASTON, William-st.—tf.

—The second annual meeting of the Ontario Good Road Association will be held in Toronto, in the Y M.C.A. building, Yonge-st., on the afternoon and evening of Feb. 7th and the forenoon of Feb. 8th.

—While packing eggs at Dundas & Flavelle's packing house last summer, Mr. A. E Pilkie wrote on an egg for the purchaser to send his name and address. He was surprised to receive a note from L. J. Myers, a cook and confectioner at 140 Houndditch, E. C., London, Eng., one day last week.

—We direct the attention of housekeepers to Mr. Arch. Campbell's advertisement in another column. On Wednesday and Thursday of next week a couple of experienced lady cooks will conduct a free cooking school in his store and demonstrate the many uses to which cottolene may be put in culinary operations.

—Our item in last week's issue referring to the arrest of a number of young men for stripping clothes lines was incorrect in several particulars. The homes of young Stinson and Dormer were not searched, as was stated, and the missing property was recovered elsewhere. We regret the mistake, which was due to wrong information.

—Mr. Wm. Lownsbrough, the popular reeve of Mariposa, recently sold six half-bred Tamworth hogs, weighing 2215 lbs. apiece, to a buyer for Geo. Matthews & Co., of Peterboro They were only five and-a-half months old. These are the kind of hogs that it will pay farmers to raise, and the pork is of the right quality for the English market.

—Priestley's Cravenettes are really the only satisfactory goods for ladies' waterproof garments. They come in Navy, Myrtle, Brown, Grey, Castor and Black. The name of Priestley is so well known as a manufacturer of high grade dress materials that Cravenettes bearing this name and rolled on the *Varnished Board* may always be relied upon.

—On Wednesday evening last as the 6 o'clock express from Peterboro was crossing Mill-st., the engine struck a cow that had broken out of one of the yards in the vicinity and selected the track as a loitering ground. The poor brute's leg was broken, in addition to receiving other injuries, and she was rolled from the track into the ditch pending the arrival of the owner, who later on mercifully put an end to the animal's pain by killing her.

—On Saturday evening of last week Mr. Robt. Montgomery, the well-known Ops thresher, met with a serious monetary loss. As he was driving into Mr. Best's yard with his engine and clover mill his spirited team of horses becoming frightened, ran away, and the machine struck against the corner of a building, stripping it completely of its "upper works." Repairs will cost about $200, and much sympathy is expressed for the genial "Bob" in consequence.

—The snow cleaning contract, the way it is being operated in some parts of the town, is a nuisance and either should be cancelled at once or the contractor made do the work properly. On the past two Sundays several of the principal streets have been impassible for morning churchgoers owing to the snow and this state of affairs lasted until late in the day. In the south ward the work is never commenced until after the hour when it should be finished.

—Young boys who are in the habit of driving large dogs attached to handsleighs on the sidewalk should be compelled to use the road, as the sport is extremely dangerous to pedestrians owing to the reckless way in which they drive. On Wednesday afternoon a gentleman met with a very severe fall by being run into by one of these careless boys who was out of sight before the gentleman could recover himself sufficiently to lay hands on the culprit, else he might have received a good shaking.

—Peterboro is figuring upon getting the Universal Knitting Works, Toronto, for that town. The managers are contemplating removing from the city, and as from 80 to 150 hands are constantly employed the town council and board of trade will hold out every inducement. The Examiner says that an offer of a free site and exemption will do the trick. Curious, isn't it, that our own board of trade cannot get on the track of some of these restless concerns. A statement of what the town is prepared to do, inserted in the leading daily papers, might bring in some applications.

—We are in receipt of the Liverpool Echo of Saturday, Jan. 5th, giving an account of the Lucania's quick trip home on her last voyage from New York The whole passage was performed in 5 days 11 hours and 44 minutes, at an average speed of 21 32 knots per hour, or only half a knot per hour less average than the best previous homeward average she or her sister ship, the Campania, has made. Passing Sandy Hook lightship at 8 57 on Saturday morning, the Lucania's running was sixty-two knots until noon that day, 494 to noon Sunday, 488 Monday, 513 Tuesday, 515 Wednesday, 490 Thursday, and 246 to Daunt's Rock at 1.16 a. m. on Friday—a total distance of 2 808 knots.....Mr. W. D. Flavelle, of Dundas & Flavelle Bros., who is at present in Europe purchasing goods for next season's trade, was on board the Lucania.

—Mr. Daniel Crough, of the township of Eganville, has secured patents in Canada and United States for improvements in clover seed attachments for mowers. The device is a useful one and its object is to enable the vine of peas or clover seed stalks to be drawn clear of the cutter of the mower and the shelled clover seed or peas, as the case may be, retsiled and prevented from dropping rearwardly onto the ground. It consists of an inclined table suitably secured at the front to the mower bar and having secured to it a box extending to the rear provided with an open slotted top hinged beneath the rear of the table and extending back over and supported upon the rear end of the box, so as to enable the pea vines or clover seed stalks to be drawn over the rear of the box, supporting wheels being provided for the box. Mr. Crough contends this improvement will be a saving to the farmer, and as he has experimented with it he should be able to express an authentic opinion.

Annual Meeting

The annual meeting of the St. Andrew's church congregation was held on Wednesday evening last. The attendance was very good. A full report will be given in next week's issue.

Y. M. C. A. Notes.

—Bible class, Monday at 8.45.

—Boy's meeting on Thursday at 7 30.

—Debating society to-night, (Friday), at 7 45.

—Periodical sale on Wednesday at 9 o'clock.

—On Saturday night at eight o'clock a prayer and praise service is held for young men.

—All men are cordially invited to attend the 4 15 meeting on Sunday next. Good singing, brief address.

—The Y M.C A. convention will commence in Belleville on Thursday next. A number of young men have given in their names as delegates, but we would like to see many more attend.

Obituary.

—A vacancy has been caused in the newly-elected town council by the death of Mr. John W. Graham, who was elected on the 7th inst, as councillor for the east ward. The deceased was in the 66th year of his age, and had been a resident of Lindsay for a number of years, being held in very high esteem by his friends and neighbors. The funeral took place on Thursday to the Riverside cemetery and was very largely attended. Heart disease is said to have been the cause of death, and the excitement and exposure of election day is supposed to have brought on the attack, as he became ill that evening.

—The entire community was shocked Thursday morning by the news of the death of Mr. John McMillan, of the south ward, an old and highly respected citizen of the town. He had not been in the best of health for some weeks, having had a return of la grippe, from which he suffered some years ago, nevertheless he was at his post in Dundas & Flavelle Bros., (where he had been cutter in their clothing department for the past 28 years), nearly all day Wednesday. The sympathy of the community will flow out to the bereaved family under the sad circumstances. The funeral will take place to the Riverside cemetery on Saturday at 2 30.

Another Fire.

On Sunday morning last, shortly before four o'clock, Mrs. McConnell, wife of Mr. T. McConnell, proprietor of the Royal hotel, being up with one of the children who was ill, noticed a light in the alleyway between the Academy of Music and the three-storey Keenan block, and on looking more carefully, discovered that the end of the Keenan building was on fire. She immediately called her husband, and Mr. McConnell, with the assistance of his man, gave the alarm, which brought the fire team, with three firemen, to the scene inside of five minutes. Sufficient time had, however, elapsed to allow the flames to reach the inside of the building and ignite the woodwork of the window frames of the Academy of Music, which stood in imminent danger of being destroyed. Two streams were soon playing on the fire with a splendid force of water, which soon quenched the fire in the Academy, but the fire had obtained complete control of Soanes' bakery, which occupied the first floor in the northern end of the Keenan building. In a very short time the fire had eaten its way through the partition into W. G. Blair's tailor shop part of the stock of which was at much risk, removed in a very damaged condition. The fire had penetrated through the floor to the cellar, and also to the rooms above, and for a time bade defiance to the efforts of the firemen to smother it. The premises occupied by THE POST, next to Blair's shop, were exposed to considerable danger for a time, but after about two hours' hard fighting the fire was subdued. The sufferers by the fire were:—E Soanes, bakery, loss, $1 000, insurance $700; W. G. Blair, tailor, loss, $1 500 insurance $1 000; C. L. A society rooms, loss from damage by water, $100, fully insured; THE CANADIAN POST, loss from water, $200, fully insured: the C.M.B.A. society, loss by fire and water, $80, insured. The loss on the building, about $1,000, was also covered by insurance. Lindsay has every reason to feel proud of her firemen and their efficient chief, Mr. Dougald Sinclair, as no better work could have been done by a paid brigade than was done at last Sunday's fire. The money spent in fire equipment has been fully repaid by valuable property saved from destruction. The value of the waterworks was again demonstrated, as the water supply was abundant, the pressure registering as high as 120 lbs. to the square inch at one time during the fire—just twice the pressure Tironto had at its large fire last week.....Mr. Alex. Ross, one of the owners of the opera house, and Messrs. Britton Bros. rendered great assistance to the brigade during the fire.

Ops Council Meeting.

Pursuant to adjournment, Ops council met in the council chamber at 10 a. m. on Monday last, to receive the collector's roll and wind up the business of 1894. Reeve Bryans occupied the chair. The minutes of last meeting were read by the clerk and on motion were confirmed. Mr. Walker asked the reeve to explain the Carroll case. He did so and pointed out the necessity of pathmasters and road contractors covering stone placed on the roads as they proceed with the work; for although it was shown in court that other loaded vehicles had passed over the road in question on the same day in safety, the court held that, owing to the fact that the stone had been left uncovered with earth or gravel for a few days, the township was liable. Mr. Bryans also stated that he and Mr. Robertson had settled with Mr. McCann, the compensation allowed being $16 Mr. Robertson called the attention of the council to the Hartnett-Brady ditch, a part of which had been dug deeper than he had directed, causing water to lodge therein, and he would like their opinion regarding it. In reply the members said that he, as commissioner, had full power to act in the matter, and that the depression in the drain-bed would soon fill with sediment. Mr. Walker moved, seconded by Mr. Ellis, that the collector's roll be received and that John B. Graham get an order for his salary.—Carried. Mr. Walker moved, seconded by Mr. Byrne, that no action be taken re the Newman drain.—Carried. Mr. Ellis moved, seconded by Mr. Robertson, that official orders be issued for following accts.:

The Carnival.

Mr. Jos. Parkin, manager of the skating rink, held his first carnival on Monday evening last, and as promised it was one of the best ever held in the town. The attendance of masqueraders and spectators was large and many of the costumes were very handsome and striking evidences of their makers' ingenuity and cleverness. Mr. Herb Gregory was successful in securing 1st prize for best gentleman's costume on the ice, Miss Nora Kennedy for the ladies, Henry Begg for the boys, and Miss Annie Walton for the girls. The three mile race was one of the most interesting events of the evening. The first prize was secured by A. E Pilkie and the second by T. Brady. The two mile race was won by John Fillion, 2nd, Fred Martin. The hockey match caused a great deal of fun and was won by the Darktowns. Manager Parkin is to be congratulated on the success of his first carnival, and now that he has got his hand in the public may expect a still better one in a short time.

Local Brevities.

—The Y. M. C. A. periodical sale, which was postponed on account of the week of prayer, will be held on Wednesday evening next at 8 o'clock.

—The annual meeting of the South Victoria agricultural society was held in the town hall on Wednesday afternoon. Hon. John Dobson occupied the chair, and Mr. James Keith, secretary, took the minutes of the meeting; about 50 members were present. The following officers were elected:—President, Robt. Bryans; vice-president, T. H. McQuade; 2nd vice-president, Col. Dascoe; Directors, John B. Graham, E H. Hopkins, for Ops; Wm. Thorndyke, P. S. Mark, for Mariposa; Eugene Shyne, Robert Hanna, for Emily; Thos Robertson, for Verulam; R. Spratt and John Connolly, for Lindsay; secretary-treasurer, James Keith; auditors, D. Ray and W. D. Hunter. Mr. W. J. Westington was elected a member of the Agricultural and Arts Association for district No. 5 by a majority of votes. We will publish the financial report next week.

Almost a Fire.

It is sometimes difficult to account for the origin of fires, in many cases the true cause being entirely unknown. This saying was exemplified in what was almost a fire the other day, but which, occurring in day time, and while help was around, fortunately did not turn out so serious as it might. While Mr. Allan S. Macdonell was engaged in an inner room of his office last Monday his clerk informed him that some papers were on fire in the waiting room, and when Mr. Macdonell went to see he found that he had an incipient fire of no small dimensions on hand. There was unusual activity about the office for a while, the result of which was that Mr. Macdonell carried, or rather hustled, down stairs and out of doors a mass of burning wood, at no small risk to himself. It appears that in the office in the east side of the Bigelow block, over Carter's store, there is a fire-place long disused, the mouth being closed in by a wooden frame. The stovepipe from the office enters a pipe hole in the chimney, and the droppings of soot from the pipe and chimney for years made at length a large heap in the fire-place. This soot was probably ignited by a spark from the stovepipe, and by the time the smoke had invaded the waiting room the board stopper and a mass of papers were in flames. Only for the presence and activity of Mr. Macdonell a serious and destructive fire would certainly have resulted.

Church Note.

—Rev. J. W. Totten was this week assisting Rev. D. C. Day, of Kinmount, in special services.

—The Rev. Jonathan Goforth, of China, preached at the morning service in St. Andrew's church on Sabbath last. The sermon was a very interesting and instructive one, being on the mission work in China.....In the evening the pulpit was occupied by Rev. Mr. Shorey, of the Cambridge-st. church, who preached a very able and impressive sermon.

—The Cambridge-st. Methodist S.S. held their second anniversary under the management of their present superintendent on Tuesday evening last, and we are pleased to say it proved a grand success, both financially and otherwise. The audience was delighted and at times carried into rapture over some of the pieces. The chairman's speech, given by one of the boys, Adam McLaughlin, was very fine, and the school report given by May Stevens was very gratifying and speaks volumes for the school and its progress. The superintendent has introduced some new features into the school, one of which is that the scholars have a voice in the election of their superintendent. The boys also elect their representative and the girls do the same. During the year the school room has been enlarged and some of the class-rooms have been changed, so that the school is better equipped for work. There has also been added an orchestra of six pieces, and the school boasts of being the possessor of a new upright piano. There were thirty-six pieces on the program, each of which was taken by members of the school, but as our space is limited we must refrain from personal mention.

Curling Notes.

—In the three pair stone games, the first sixteen matches have been played and the following winners will play off against each other this week, viz:—

1 J. Crusoe	versus	Alex. Ross
2 F Knowlson	"	W H. Stevens.
3 R Millar	"	T Pratt
4 M. W. Kennedy	"	W. Widdess.
5 G. Foster	"	T Bell.
6 J D Flavelle	"	J Keith
7 J. M Knowlson	"	D. S. McLennan.
8 H. Ferguson	"	J. McAdams.

—The record of rink matches for the week is as follows:—

S Armour, skip	10	J McLennan, skip	16
S Armour	6	T. Pratt	13
T. Brodie	16	Dr Simpson	13
Dundas	10	W. McLennan	14
Dundas	10	J M Knowlson	16
G. Edwards	13	T. Pratt	16
J. G Edwards	15	Dr McAlpine	13
H Ferguson	18	L McIntosh	6
J. D Flavelle	13	G H. Hopkins	12
J. C Harstone	13	T Pratt	16
J C Harstone	6	W. H Simpson	14
M. W Kennedy	11	F Knowlson	12
M. W Kennedy	8	W McLennan	18
G A Little	25	J. McAdams	14
G. A Little	14	J McLennan	15
R. Millar	14	W. H. Simpson	11

—In some of these games, as the score shews, the play was very close and it was anyone's game until the close of the match. Two or three of the rinks have been playing in hard luck; this is noticeably the case with the rinks skipped by M. W. Kennedy, W. Dundas and L. McIntosh. On Monday evening the leaders J. D. Flavelle's and W. McLennan's, rinks met and W. McLennan secured the lead by scoring a victory with a score of 20 to 8. McLennan's rink is very strong this year, the skip himself is playing in fine form, and he is ably assisted by E. Rutherford, who is putting up a very strong game; his lead, J. Petty, and his second stone, A. McIntyre, though playing for the first season, are playing like old curlers.

—Standing of the different rinks up to the week ending Saturday, Jan. 12th:—

Name of Rink.	Won.	Lost.	Points
1. S Armour	1	4	200
2. T Brodie	2	2	500
3. W. Dundas	0	5	000
4 J G. Edwards	2	2	666
5. H Ferguson	5	1	833
6. J D Flavelle	1	2	333
7. J C Harstone	1	2	333
8 G. H Hopkins	2	4	333
9. J. Keith	2	1	666
10. M W Kennedy	4	2	666
11. J M. Knowlson	3	3	500
