Stripe and Plain Flannels are Both Serviceable and popular

No material at the present time is more asked for than Sport Flannels, in both plain and stripes. No wonder that this material is so popular, as it adapts itself so perfectly to the present styles of dresses and what could be more serviceable and warm, especially for school or home or street wear. The cloths we are showing are exceptionally fine in texture and being manufactured from a fine quality of wool will retain their color and appearance until they are practically worn out. Full 54 inches wide. Specially priced at .....$1.95 and $2.50 a yard

Homespuns that are Attractive in Appearance and Remarkable Wearers.

Another dress material that rivals the flannels is pure wool homespun. This cloth is a shade coarser in texture but has remarkably long wearing qualities and retains its appearance indefinitely. You make no mistake in buying this for school wear, in fact for any class of wear where durability is desired. 54 inches wide. Specially priced at $1.65, $1.85 and $1.95 per yard.
