Turner's English Girls.

The attraction at the Academy on Saturday, May 13th, will be Turner's English Girls. The company numbers twenty people and carry their own orchestra. The company has a national reputation of being one of the best burlesque companies on the road. They have played continuously for four years without missing one night, having travelled twice to the Pacific coast during this time. The Baltimore "Sun" says of them; They finished their a week's engagement Saturday night to a crowded house, standing room being at a premium, and gave the best show of its kind that was ever given upon a Baltimore stage. The English Girls are all the management claims for them and their part of the entertainment is pleasing throughout. The comedians carried by the company are all first-class and keep the house in a roar of laughter during the performance. The company is worthy of a liberal patronage wherever it appears, as it gives a fine entertainment.—57-1.

Church Notes.

—The Easter offering of St. Mary's congregation to Vicar-Gen. Laurent amounted to $384.

—The great Christian Endeavor convention at Montreal in July will be a monster gathering. It is certain that 13,000 Endeavorers will be present.

—Rev. Wm. Farncomb, B.A., of Fenelon Falls, will take duty in St. Paul's church on Sunday next.

—Rev. T. M. Campbell will preach a special sermon on "Marriage" in Cambridge-st. church on Sunday evening next.

—Rev. N. Hill will preach anniversary sermons in the Methodist church, Fenelon Falls, next Sunday, having exchanged pulpits with Rev. D. N. McCamus.

—Rev. D. N. McCamus of Fenelon Falls will conduct services morning and evening in the Queen-st. Methodist church next Sabbath, and at Salem in the afternoon.

—Yesterday was Ascension Thursday, a holy day in the Roman Catholic church. Low mass was celebrated at 8 and grand high mass at 10 30 in St. Mary's church. Large congregations attended.

—Lindsay Methodist district meeting will be held in Cambridge-st. Methodist church next Wednesday and Thursday. About fifteen clergymen and a number of laymen will be in attendance.

—Rev. William Patterson, pastor of Cooke's church, Toronto, will preach in St. Andrew's church next Sunday at both services. ..... Rev. Robt. Johnston will occupy the pulpit in Cook's church, Sunday next and will conduct anniversary services.

—Sunday evening last the Queen-st. Methodist church was crowded to the doors by those anxious to hear the popular pastor describe the qualifications of "A model young woman." So great was the crush that large numbers were unable to gain admission. The sermon was an eloquent one, and the choir added much to the effectiveness of the service.

No Time Like the Present.

There is no place in America where a man can create a comfortable home in so short a time, and my advice to every young and middle-aged man is to not allow this land to be taken or given to railways without making a selection first, as no doubt these fine farming lands that are given by the Canadian government to those who wish to become settlers will be very soon taken and made "homes plenty."

Queen's Birthday Celebration.

Thanks to the energetic manner in which the members of the lacrosse and base ball clubs have moved in the matter, the natal day of our gracious sovereign will be honored on Wednesday, 24th, with an eclat not witnessed in Lindsay for years. A long program of sports has been arranged, and from 9 o'clock in the morning until 6 in the evening one interesting event will succeed each other in rapid order. The river sports in the morning will take place near the locks, and no charge will be made; the athletic sports and lacrosse and base ball matches will take place in the agricultural grounds in the afternoon. The base ball match will be the opening game of the amateur league and much interest is centered upon it. Posters and programmes will give further particulars.

Police Court Calendar.

—Several cases of truancy came before Magistrate McIntyre Friday last, but they were dismissed.

—Saturday afternoon last Silas Fountain, baker, was arrested by Chief Bell on a charge of seduction under promise of marriage, preferred by a young girl named Rebecca Tweedie of Cavan. He was brought before P. M. McIntyre shortly after and electing to be tried by jury was committed to the June sessions, bail being accepted in the sum of $1,000.

—On Wednesday a young woman named Teresa Graham, who came to town from Orillia some three or four weeks ago, was arraigned on a charge of larceny lodged by Mrs. Amy Babcock. It was proven that she had purloined a dress and a pair of boots, and as her record was not very good P. M McIntyre sentenced her to Castle Jackson for one month, after administering some sharp admonitions.

Lake and River Notes.

—A tremendous amount of freight is being handled by the Esturion at present.

—Mr. Joe Parkin's new steamer was launched Friday last, and will speedily be in readiness for the trial trip. It is a handsome craft and it is confidently expected to prove the fastest afloat.

—The Nouma Roy, Mr. Robt. Thexton's steam yacht, made her first trip of the season on Wednesday. Ma. Thexton has had the old boiler and engine taken out and replaced by a new steel boiler of a much larger capacity, and also a larger engine. The hull, which always was a very pretty model, has been overhaul ed and repainted. On her trial trip it is said she made remarkable speed, and those who know say that Thexton has the fastest as well as prettiest yacht of her dimensions on these waters.

Collegiate Institute Notes.

—Capt. Passmore's squad is progressing very favorably and now have drill almost every evening. The rifle drill and bayonet drill presents some very interesting movements.

—The closing meeting of the Sorosis club of the Collegiate institute was held on Thursday afternoon, May 4th. This was one of the largest and most interesting meetings we have had for some time. The program consisted of:—Instrumental solo, Miss Cadotte; essay, Miss J. Brown; debate, "Resolved that a girl has her best time while at school." Affirmative, Misses Keenan, Johns and Pogue; negative, Misses Matthews, White and Jewell. The debate was decided in favor of the affirmative. Instrumental duett, Misses Neelands and McDonald; reading, Miss Mimms After the critic's report the meeting closed by the singing of the national anthem.

—Our boys played their first game of baseball of the season last Saturday in the agricultural park, with the town. It was not a very inviting day for the game and rain stopped it once or twice, but the boys were well satisfied with the practice they got. All the town team did not show up and they played four school boys in their places. They had also McMillan of Lorneville pitching for them. "Dunc" has not lost any of his old reputation as a pitcher and he fooled the boys, and the batting was very weak. Some four or five innings were played and the game was decided in favor of the town by a score of 10 to 9 and an innings. We hope the next time they measure strength each will have their own complete team.

Seed! Seeds! Seeds!

Millet, Mangold, Carrot, Rape, Tares, Clover, Timothy, all fresh at HIGINBOTHAM'S.—55-4.

Stock Notes.

—The trotting stallion St. Leger will travel through Mariposa, Ops and Fenelon this season, Mr. Geo. O'Leary of Springfield is the owner.

—Among the exhibitors from the eastern section of Ontario at the World's fair will be Mr. P. C. Bowen of Winchester, who is the owner of what is probably one of the largest horses in the world. "Jumbo," as this mastadon is called, stands 21½ hands high, measures 18 feet from the end of his nose to the tip of his tail, and weighs 2,100 lbs. He was bred by Mr. R. Scott of Berwick, township of Finch, and has a full sister weighing 1,630 lbs. Mr. Bowen recently purchased "Jumbo" from Mr. P. Mastickson of Finch for a large sum, and after a tour through Canada will take him to the World's fair.

Attacked by a Bull.

Mr. John Dames, one of the best known farmers of Mariposa, was severly injured Thursday last by a shorthorn Durham bull which he had in his possession for two or three years. It appears that Mr. Dames, wishing to exhibit the animal to some visitors, went into the stall where he was standing untied, and catching hold of one horn reached down to affix the tie rope to the nose-ring. The bull at once turned and attacked him, knocked him down and made frantic efforts to kneel upon and gore him. Several times Mr. Dames struggled to his feet only to be again butted over, and when finally rescued by his visitors, he was almost unconscious from the rough treatment he had received and the pain of his injuries. Dr. Jeffers of Oakwood was sent for and found that a bone in the right arm was broken; one of his legs was badly bruised and a small bone was fractured; and the shoulder blade was dislocated. In addition to these injuries Mr. Dames was painfully bruised in a score of places, but considers he was very lucky to have escaped with his life.

General Sporting Notes.

—The marquis of Londonderry has the smallest pony in the world. It weighs only 16 lbs., and at its birth was but 19½ inches high.

—Prince, the champion professional bicyclist, raced against two horses Thursday of last week at Houston, Texas, for 20 miles. The horses gave out at the end of the 14th mile, Prince being five-sixths of a mile ahead.

—Wm. Nelson of Kingston is small in stature, being only five feet four inches in height, but his high kicking would make a ballet dancer turn green with envy. Recently in a hitch-and-kick contest he touched a beam 11 feet 3 in. from the ground.

—The secretary of the Royal Canoe club of London, Eng., has written Col. Cotton, commodore of the American Canoe association, stating that the club will hold a meet on the Solent in August, and inviting American canoeists to attend.

—June 30th and July 1st are the dates on which the Napanee driving park races will take place. Purses of $300 are hung up in the 2 55 class, trotters and pacers; 2.40 and 2.30 classes, and for half-mile running. The track and grounds are said to be the best in Central Ontario.

—Charles Kilpatrick, a one-legged bicyclist from Illinois, last week accomplished the feat of riding down the steps of the Capitol building at Washington, 80 in number, the distance being about 100 ft., with a clear descent of about 50 ft. The feat had been performed but once before by one of the nerviest riders of the Washington club, but he went down the east steps, the risk not being as great. Before attempting it Kilpatrick took out an insurance policy. He is the only one-legged rider in the world.

Coughs and Their Cure.

There are few disorders more teasing to the sufferer and to those about him than a cough, writes Elizabeth Robinson Scovil in the second of her series of articles on "Life in the invalid's room," in the May Ladies Home Journal. When a cold has been taken and there is cough with soreness of the chest, bed should be prescribed for fear of a severe attack of bronchitis. Soak the feet in a pail of hot water in which is dissolved three tablespoonfuls of mustard and rub the chest with warm camphorated oil.
