—Some great bargains in village properties call and see list of same. GEO. SOOTHERAN. 44

—Watch for J. Steele's advertisement in next issue. He has removed to the old post office building and it will do you good to call and see his magnificent display of silverware, etc.

—J. W. Garvin, inspector of public schools, Peterborough, has been dismissed. The reasons given for the dismissal are a lack of harmony and constant friction between the board and the inspector.

—Mr. Gladstone attributes the long survival of his powers to his habit of taking a walk daily in the open air in all weathers, and to his giving thirty-two bites to every morsel of food which he swallows.

—According to the predictions of the Naval Hydrographic office February will be a bad month for Atlantic trips. The forecast is stormy weather north of the 40th parallel and along the American coast.

—Upward of 100 choice farms from 50 acres up to 300 acres, for sale at prices and upon terms to suit the times. GEO. SOOTHERAN, Millbrook. 44

—Some who attended the Peterboro' meeting on Thursday night last and did not return the next morning had to remain over until Monday, Mr. J. J. Fair being one. Mr. Thos. McCamus walked part way back on Saturday we understand.

—Great auction sale of farm stock and implements on lots 8 and 9, broken front, first concession, South Monaghan, on Wednesday, Feb. 20, 1894. Some fine stock of all kinds. First-class implements. Don't forget the date and the place. J. H. Gardiner, Auctioneer.

—A couple of new exchanges reached our sanctum on Friday morning, the MILLBROOK REPORTER and Lindsay *Watchman*. Both these papers are newsy and well gotten up, being a credit to the towns in which they are published.—*Advertiser.*

—Harry Kendall, the jeweller, has removed from his old stand and may now be found in more central quarters, with the Turner Drug Co., two doors East of Post Office. 2-3

—A letter was the other day received at the Kettleby, Ont., post office addressed to "John Shaw, Kettleby, near Credit Valley, Ontario, Newfoundland, U.S.A." The letter was from a firm of lawyers in Hull, England.

—The Rev. Mr. McCamus has been confined to his house for over a week with an attack of rheumatism, from which we trust he will soon fully recover. Rev. Mr. Brown of Cavan, took his work on Sunday morning and the Rev. Mr. Johnston in the evening.

—Mr. R. Ruddy has had a most artistic new sign executed by Mr. L. S. Clarry and placed at the street entrance of his office. The sign is indeed finished in mechanical exactness and when it moves up to his new apartments in the post office building will be not a whit behind its surroundings.

—A new bank check something like the Chinese laundry check is being discussed in bank circles, the object being to do away with identification. The check is in two parts and one is to be sent to the bank upon which it is to be drawn. If on presentation they correspond you get your dollars, if not you get six months.

—I. E. Needham is prepared to take charge of auction sales of all kinds at shortest notice and lowest terms, satisfaction guaranteed. He is now in a better position than ever to supply you with a piano or organ.

—Postmaster Vance has had placed in position the wire cresting over the registered letter and money order counter in the post office as also has J. Arthur around his office in the grocery, both offices being much improved by the fixings. The wire work is very nicely painted in green and gold and ornamented to theighest degree.

—On account of the severe storm on Friday night the carnival was postponed until a later date of which due notice will be given. The entertainment in St. Jonn's church, Bethany, in which some of our people were to have taken part was also necessarily off, but will doubtless be put on some time soon although we have not heard the date.

—General Booth, the leader of the Salvation Army, closed his address at Windsor by saying: "I don't want to be a bird of evil omen, but it strikes me that the end of the present century is going to be a horror, and we should, for our own sakes, try to hold these evils in check." He gave an account of the slum of England and drew comparison between them those of Canada and the United States.

—"It will surprise you" to know that ALEX. ELLIOTT, the Grocer in Peterboro', is selling Granulated Sugar @ 3¾c. and finest @ 4c. per lb., and Light Brown Sugar @ 3¼c. per lb., barrel lots. This knocks out any Bankrupt stock and are Redpath's best sugars.

—On account of the storm the services of St. Thomas' church were held in the school room on Sunday last. In the evening the Ven. Archdeacon Allen preached a most thoughtful and earnest sermon from the text: "So run that ye may obtain." His discourse brought back to the minds of his hearers his former vigor and vivacity, inspiring a hope in every breast of his long continued healthfulness.

—By an error in our local mention of the Peterborough Conservative meeting last week we made the date Friday evening instead of Thursday, which we might have known was an error, considering the great storm that was approaching, whose chilling blasts never strike the Conservatives. We hope no one was induced to be taken in on Friday night at the McCarthy meet, thinking it was a genuine old time rally by our mistake.

Prepare for spring by using Burdock Blood Bitters to cleanse the system and tone the body to vigorous health. Its tonic purifying regulating work makes B. B. B. the greatest remedy for all diseases of the stomach, liver, bowels and blood.

—Fifty two ladies, associated with the Presbyterian Church, Napanee, received $1 each a year ago to invest and give their accumulations to the church. On Monday night a meeting was held and the ladies, amid enthusiasm, handed in $1,350. Mrs. William Templeton headed the list, having made out of her dollar during the year $120; Mrs. A. Alexander was a good second with $102. Mrs. Ogden Hinch returned $67. Some of the means devised for making money were original.

—The entertainment in the town hall on Tuesday night by Sarah Lord Bailey was attended by, perhaps the largest audience that has yet turn out this season, the low price of admission having brought it within reach of every one. Although this was the second visit of the excellent reciter, it certainly spoke well for her ability to please. Each selection was interesting the Bumper Degree, from Peck's Bad Boy, and the Chariot Race being perhaps the most heartily applauded although the later has become somewhat of a "chestnut." The band was on hand and enlivened the proceedings, giving between each recitation a very suitable selection.

Captain Sweedy U. S. A., San Diego Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Sold by A. LEACH

—Quite a number of our citizens went in to Peterborough on Thursday evening last to hear the cabinet high muck-a-mucks spread themselves and in saying that they were well pleased with the addresses we are only feebly expressing the satisfaction of each and everyone. The three speakers, Messrs. Haggart, Daly and Montague were in good form and presented their case for the government in a most convincing manner. Our delegation had the honor of being represented by Finance Minister Foster in the person of his most august majesty, Postmaster Vance, who was taken for the manipulator of finances and it was no discredit to the blue-nose from the lower province either, and he seems quite as much a temperance man away from home too.

—Considering the excessive cold day quite a large number of Orangemen of the county attended the county meeting of East Durham L. O. L., in the rooms of No. 75, Millbrook, on Tuesday last. The following officers were elected for the ensuing year:—R. H. Holland, County Master; J. J. Preston, Deputy County Master; Robt. Vance, County Chaplain; W. S. Pickup, County Rec. Sec.; Robt. Shaw, County Tres.; W. Armstrong, County Fin. Sec.; Richard Gillis, County Director of Ceremonies; James Wilson, County Lecturer; Simpson Shaw and D. McMillan, Deputy County Lecturers. A committee was appointed, consisting of Messrs Collins, Preston and Vance, to have an address prepared, engrossed and presented to most Worshipful brother, Sir Mackenzie Bowell, K. C. M. G., congratulating him upon the honor of his receiving Knighthood at the hand of Her Majesty and also upon his elevation to the exalted and important position of Premier of Canada.

Daniel Ritz, Proprietor and Publisher of the Hamberg, Ont., Independent says: "was suffering from Dyspepsia and Liver Trouble, I took a few bottles of Shiloh's Vitalizer and it cured me. I can heartily recommend it." Sold by A. LEACH.

### *HOCKEY.*

The second hockey match of the season here took place on Saturday evening, Feb. 2nd, when the home seven defeated Keene by a score of 5 to 0. As this was the first match the visitors ever played and only the second for the home team the spectators could hardly expect to see an exhibition of first class hockey. Both sides worked hard however and there is material in both clubs for a strong seven. The following were the teams:—

### *THE DELINEATOR FOR MARCH IS THE GREAT SPRING NUMBER.*

All the departments are unusually well filled and in our opinion is the finest issue of this popular magazine that has yet been published. All the departments are unusually well filled, and the fashions have an increased value through being the first authoritative pronouncement of the Spring modes. The chief feature of the literary matter is a comprehensive chapter on Cards, their Uses and Etiquette, by Mrs. Roger A. Prior, this being the first of a series entitled the Social Code. There is also a very interesting first article on the Experiences of Life at a Training School for Nurses, with an introduction by Mrs. Rninelander Jones. Woman as a Musician is the subject of a "Conversation" between Edith M. Thomas and Dr. S. R. Elliott, to which is appended a delightful bit of verse by Miss Thomas. Mrs. Carrie M. Dearborn, ex-Principal of the Boston Cooking School, writes of the Teaching of Cookery as an Employment for Women, and Josephine Adams Rathbone of a Girl's Life and Work at the University of Michigan. Mrs. Longstreet has an instructive paper on the Care of the Hands and Feet, Mrs. Maud C Murray contributes another chapter to her interesting series on the Relations of Mother and Son, and Mrs. Witherspoon continues her entertaining gossip in Around the Tea-Table. Pleasureable and Profitable employment is found in Burnt Work—H. K. Forbes, Venetian Iron Works—J. Harry Adams and Crepe and Tissue Papers—Tillie Roome Littell. The housewife will find much of value in the care of Silver, Cookery for the month and hints on serving Lemons, and the fancy worker will appreciate the new designs in Knitting, Netting, Tatting, Etc.

The subscription price of the Delineator is $1 a year. Single copies 15c. Address all orders to THE DELINEATOR PUB. CO. OF TORONTO, (Ltd), 33 Richmond-st., West, Toronto, Ont.

Court Centreville, I. O. F., entertainment here last Thursday was a grand success, proceeds amounting to $32. The Chief Ranger, Mr. Geo. L. Fair, ably occupied the chair and the following good talent was on the programme. Rev. Alex. McGilvray, P. C. H. R., Toronto, gave an excellent address. Mr. and Mrs. Wilson, Manvers and Mr. Henry Johnston, Millbrook, enlivened the audience with their beautiful singing. Mr. Mitchell of Hamilton, and Miss Soden took part in the way of reading and recitation. Mr. Gilcrease added to the pleasure of the night with his banjo. Miss Ida Brown, Millbrook and Miss Jessie Shae, ably presided at the organ.

Mrs. Wright, Millbrook, was visiting last week with her daughter, Mrs. Jas. Porter.

Mr. Fred Armstrong, Toronto, spent a few days with his parents, having to walk over the drifts to the train last Monday the road being impassable for a rig.

Harry Kendall, the Jeweller, Millbrook, wishes to notify his friends and customers in this district that he has moved his quarters and may now be found two doors east of the Post Office, with the Turner Drug Co. Good work at fair prices.

### *BETHANY.*

Don't forget the Bethany Carnival on the 20th. Great preparations are being made. An entertainment will be given in the Fallis school house on Friday night next. A good long programme may be expected.

Miss Minnie Peel is visiting friends in Peterboro.

Mr. Isaac Hammond spent Sunday in Cavan.

Business in this locality is very dull owing to the very cold weather and the bad roads. The storm of last Friday and Saturday has completely blocked up the roads. Most of the roadwork this year will be taken up shoveling snow.

A very enjoyable time was spent at the residence of Mr. D. Bradley last Thursday night.

Mr. John Richardson has hauled in a lot of fine logs. He will make things buzz after awhile.

**Interesting Geographical Comparisons.**

Asia is more than four times as large as Europe, and considerably larger than North and South America together.

The United States and Europe are almost equal in area.

British India is more than half as large as the United States.

Canada is nearly equal in area to the United States, including Alaska.

Ireland and India are about the same size.

You could take enough land from Texas to make England Ireland, Scotland, Belgium, the Netherlands, Switzerland and Denmark, and still have enough left to make Massachusetts, Rhode Island, Connecticut, New Hampshire, Vermont, Delaware, New Jersey, Maryland, and Indiana.

The Island of Cuba, and Tennessee, are equal in area.

If all the people of the United States and Canada were placed in Texas, the number of persons to the square mile would be fewer than at present in China.

Colorado is as large as New York, Pennsylvannia, and New Jersey together.

It would take ten states as large as Massachusetts to make a state as large as Kansas.

Corea is about the size of Minnesota.

### *SCHOOL TOPICS FROM THE EDUCATIONAL JOURNAL.*

**Her Method.**

A young teacher who has had great success with a class of "ragamuffins" in the worst quarter of a large city, was asked at a school teachers' meeting to tell something of the method by which she had transformed the lawless street urchins into respectable little citizens in so many cases.

"I haven't any method, really," said the young woman modestly. "It is only that I try to make the boys like me, and I say 'don't' just as seldom as I possibly can in my work with them. They had learned to lie, steal, and fight, but truth, honesty, and courtesy were unknown terms. So I began by telling them a story every morning about some boy who had done a brave, honest, or kind thing, and held him up for their admiration. And after a while I asked them to 'save up' good things they had seen or done to tell at these morning talks. Their eagerness about it and their pride when I was pleased with their little incidents, showed me they were being helped.

"There was just one boy who seemed to me hopless. He was apparently indifferent to everything; sat for weeks, during the morning talks, with a stolid expression on his face, and never contributed anything to the conversation.

"I had begun to feel really discouraged about him, when one morning he raised his hand as soon as it was time for the talk to begin.

"'Well, Jim, what is it you have for us, I asked encouragingly.

"'Man's hat blew off as I was comin' to school. I ran and picked it up for him,' he jerked out, in evident embarassment at finding all eyes fastened on him.

"'And what did the man say?' I asked, hoping that a 'thank you,' had rewarded his first attempt in the right direction.

"'You young scamp, you'd have made off with that if I hadn't kept my eye on you?' said the boy in the same jerky fashion.

"'And what did you do then?' I asked in fear and trembling.

"'Didn't do nothin'. but just come along to school,' said the boy soberly. 'I reckoned he didn't know no better; prob'ly he hadn't had no such teachin' as I've got,' and he lapsed into silence with an air of perfect satisfaction.

"I think he had a pretty severe rebuff, but he has told a great many pleasant things since that day, so you see he was not disheartened.

"Some people would say, I know, that I ought to tell them how bad stealing and lying and fighting are; and yet as long as they will listen to me while I say 'Do be honest, do be truthful, do be kind,' I shall not keep the other things before their minds."

The young teacher sat down as modestly as she had risen. It was unanimously voted that whatever might be said for other methods, hers—which she did not even call a method—had commended itself.

### *A CHAPTER OF ACCIDENTS.*

**Results of the Big Storm.**

TORONTO, Feb. 11.—Another fatal railway collision occurred on the Grand Trunk railway on Friday evening. This time the accident occurred on the Midland division, a mile and a half east of Agincourt.

A special train with a snow plough attached had got stuck in a snow drift. The Port Hope express from the east came along and plunged into the rear of the special. The scraper and van were behind the engine and both were completely wrecked. The crew of the snow plough consisted of Engineer Rigg and Fireman Cullen, of Toronto; George W. Riley, conductor; Chas. Moore and Frank Burton, brakesmen, and E. J. Davis, of Stouffville, a section man.

Engineer Rigg was buried beneath the ruins and it was not until Saturday afternoon that the body was recovered. The body was terribly mutilated, almost beyond recognition.

Conductor Riley received several serious injuries. He was taken to the General Hospital here.

Fireman Cullen was only slightly injured.

Brakesman Moore received several bad cuts on the head. He was taken to the General Hospital.

E. J. Davis, the section man, was hurt about the face and back.

Besides these injured were Conductor Boundy, of the Port Hope train, who received a slight scalp wound, and Alfred Kennedy, an Agincourt young man, who had his shoulder dislocated.

There were about twenty-five passengers on the Port Hope train, but, saving one person who had his brow scratced, all escaped with a slight shaking up.

The accident occurred on what was formerly the old Nipissing railway. It was then narrow gauge and perhaps the crookedest railway in Canada. Whenever cuts occur, and the deepest of them are just where the occident happened, they are narrower than on the ordinary railway. The result is that notwithstanding the effort to keep the line open by means of storm gates and other appliances, there is sure to be trouble whenever there is a heavy fall of snow or a high wind in the winter.

The unfortunate train that figured in Friday night's disaster makes up at Port Hope, and runs to Toronto by way of Peterborough and Lindsay, arriving in Toronto at 12.15.

Two mail trains run daily on the division.

PORT HOPE, Feb. 11.—It is reported here that a serious accident occurred on Saturday night on the Grand Trunk at Murry Hill, a short distance west of Belleville, on which the engine driver and fireman of the down passenger train, due to pass here at 3.50 p. m., were badly injured and the engine wrecked.

PORT HOPE, Feb. 11.—The east-bound train on which were Sir Mackenzie Bowell and his colleagues, was side-tracked for about twelve hours on Saturday night owing to an accident east of Trenton. It appears the snow plough special sent west-ward from Belleville in charge of Driver Ormond went off the track near Murry Hill, having encountered a very heavy snow bank. Ormond had his collet bone broken and was badly hurt internally, the engine was completely stripped and the line blocked. A wreck train was sent out from Belleville as soon as news of the accident was received, but the track was not cleared until 4 p. m. yesterday. The train from Montreal due in Toronto Sunday morning was fifteen hours late on account of the accident and the extraordinary depth of snow in the cuttings.

TORONTO, Feb. 11.—The body of F. J. Joseph, who was missing after the wreck near Weston, was found on Saturday morning after a long search among the ruins. The charred remains were found under the marble slabs which were all that was left of the lavatory of the Pullman car. All that was left of the unfortunate man could have been placed in a small basket. The remains were taken to Weston.

Charles Mannnering, the driver on the mail train, was not taken home to Stratford as at first reported, as his condition was found to be too serious. He was brought down to Toronto at 12 o'clock and taken to the General Hospital. He is terrible injured about the head and body, and it is extremely doubtful if he will ever recover, as he is over 60 years old.

Fireman Hess was brought to the city at the same time, but his injuries were not so serious and he was taken home to Stratford.

KENDALL'S SPAVIN CURE.

FOX 50, Carman, Henderson Co., Ill., Feb. 24, '94.
DR. B. J. KENDALL CO.
*Dear Sirs*—Please send me one of your Horse Books and oblige. I have used a great deal of your Kendall's Spavin Cure with good success. It is a wonderful medicine. I once had a mare that had an Occult Spavin and five bottles cured her. I keep a bottle on hand all the time.
Yours truly, CHAS. POWELL.

*Dear Sirs*—I have used several bottles of your "Kendall's Spavin Cure" with much success. I think it the best Liniment I ever used. *Have removed one Curb, one Blood Spavin and killed two Bone Spavins.* Have recommended it to several of my friends who are much pleased with and keep it. Respectfully,
S. H. HAY, P. O. Box 548.
