In the meantime we ask our readers to talk the thing up.

—Mr. T. G. Kells, arrived home on Saturday from Monitoba, looking well after his six months stay in that salubrious climate, although he has been somewhat indisposed since his arrival. He reports the crop prospects unprecedented in the west. A great army of harvesters is required to aid in gathering in the immense yield and the C. P. R. are transporting laborers for ten dollars up and eighteen down. Those who can get away from these parts now should go and will be in time. The funeral to the Front church burying ground yesterday, was largely attended. Much sympathy is felt for the bereaved mother and family.

—Kells, Fowler & Co. are going extensively into the Coal business this fall and winter.

—Dr. May of Toronto, Inspector of Mechanics' Institutes and Public Libraries, was in town on Wednesday evening last and inspected our Mechanics' Institute. A number of the directors, together with the Reeve and some of the council met him and discussed the matter of making the library free. The Doctor was highly pleased with everything in connection with the rooms and congratulated the board upon their successful progress in so short a time He strongly recommended the council of the village to take over the institution and make it free to the citizens of the village, which they did at their meeting Monday night, granting $100 towards the expenses of the Institute which will hereafter be known as the Free Library. New directors will be appointed very soon by the council and school board according to the new law.

—Always on hand and ready to supply your wants. Order your Coal now while it is cheap, as prices may advance any time. My coal is strictly first class, fresh mined, clear coal; delivery prompt, and satisfaction guaranteed in every respect. A word with you about lumber. I have given the prices on most grades a tumble downwards. Shingles and Lath go down in price also. I have just unloaded 12 car loads of stock lumber, and one each of fresh grey and white lime, and one car load of choice XX shingles. Inspection invited. —Oddfellows' decoration day in Port Hope was observed in a most hearty manner. The whole town as well as the Oddfellows turning out to do honor to the graves of the dead. There went down from Millbrook Messrs. Geo. Burnham, J. D. Fair, Jno. Hicks, S. W. Clarke, R. McMahon, Thos. Bradley, Fred. Pendrie, B. Van-Homrigh, Robt. Edmunds, D. Hampton, H. Nattrass and W. S. Given; who, together with seven from Lindsay and twenty-one from Cobourg joined the members of Durham lodge. Grand Master Hoyle of Cannington was present and gave a most eloquent address, dealing with the objects of the ceremony as also did the Rev. P. K. Dayfoot, M. A., pastor of the Baptist church. Our boys returned on the evening train.

—It is with particular pleasure that we make reference to the very fine showing made by the pupils of our young townsman, Mr. George Dean, at the recent Entrance examinations. George teaches at Agincourt, in the township of Scarborough, and of his five pupils who were successful, Miss Dora Rich, (aged 13) headed the county York Entrance List, with a total of 684 marks. A careful perusal of the lists in our various exchanges shows us only one case where this high mark was beaten and then only by some eight marks. The showing made by the Agincourt public school speaks well for the teaching abilities of Mr. Dean and we are sure that we are only giving expression to the sentiments of the community when we wish him continued success in his arduous duties. George was one of Mr. Hampton's stars and we can now see the beam of delight that came over David's countenance when he read the results.

Miss Annie Hall of Peterboro' returned home last Saturday after spending a while with friends here.

Last Sunday evening we had the pleasure of hearing the Millbrook Methodist pastor, Rev. L. Phelps, preaching an excellent sermon in his own pulpit from the words "And as Jesus passed by He saw a man."

Although the recent rain came a little late, yet the farmers were well pleased to see the refreshing showers, which will help the late grain and root crop, and also the pasturage. Some had commenced to feed their milch cows hay, which is a very precious thing this season.

Dr. Fowler's

Extract of Wild Strawberry is a reliable remedy that can always be depended on to cure Cholera, Cholera Infantum, Colic, Cramps, Diarrhœa, Dysentry, and all looseness of the bowels. It never fails.

LONG SWAMP.

The great fire in the Long Swamp on Thursday last caused considerable excitement to those who had wood and cattle in the swamp, it has spread over 150 acres, but the rain on Saturday stopped its progress.

Mr. Joseph Craig of Millbrook was visiting at the home of Mr. Shaw on Sunday.

Miss Bradley, formerly of Pontypool, has been visiting at Mr. William Syers' for the past week.

Mr. George Syer met with a painful accident on Friday evening while riding horse back, the animal became unmanageable and George was thrown to the ground, receiving a bad shaking up.

We would like to know what attraction there is on the line for that bay horse and top buggy every Sunday.

Mr. Samuel Blakely intends to start farming on his own hook this fall and report says he is on the war-path looking for a housekeeper.

We would advise W. to put more oil on the wheels of his buggy next time and save delay.

Mr. Thomson's family has moved from Toronto.

Mr. Jas. Petty of Muskegon, Mich., is staying a time with his parents, his brother Dave, having just returned to the West after a visit to the same home.

Mr George Seney has moved out of town about two miles to the South. He has rented his hotel business to Mr. Samuel English of Peterboro, who moved in last Monday. We hope Mr. English will prove as genial a host as the late proprietor.

Miss Maud Marsh and her sister, Mabel, of Richmond Hill, are the guests of their grandparents Mr. and Mrs. Jas. McLean.

Mr. C. H. Shield has returned from a short visit to Norwood.

Our base ball team tried another game with Cavanville on Saturday last and altho' they had the game pretty well in hand in the fifth innings, yet Cavanville beat them out by 4 runs and an innings to spare. The boys say they were used well. Dr. Miller unpired the game.

Another car-load of fruit-cleaners is the word over at the foundry. This consignment goes to Philadelphia. The trade in these machines is evidently booming, which speaks volumes for the travelling salesman and qualities of the machine.

Deadly Cancer Cured by B.B.B.—Here is the Proof.

Messrs. T. Milburn & Co. SIRS,—About four years ago I was taken sick with stomach trouble. I consulted several leading local physicians, all of whom pronounced my disease incurable cancer of the stomach, and told me I had not long to live. Two physicians attending me gave me up to die. Through reading your advertisement, and by advice of friends, I tried your Burdock Blood Bitters and I am happy to say that after using one bottle I was able to leave my bed to which I had been confined to for a long time. I am thankful now to state that B. B. B. cured my disease which baffled the doctors, and I am firmly convinced that B. B. B. cured my disease which baffled the doctors, and I am firmly convinced that B. B. B. saved my life.

A conjurer was recently performing the old trick of producing eggs from a pocket handkerchief, when he remarked to a little boy, in fun:—"I say, my boy, your mother can't get eggs without hens, can she?" "Of course, she can," replied the boy. "Why, how is that?" asked the conjurer. "She keeps ducks," was the reply, amid roars of laughter.

ANOTHER DISCOVERY.

Of Interest to Bicycle Riders.

A well known bicycle rider has made a discovery that will be good news too all who locomote on the wheel. He says:

Since I first began to ride a wheel, which is several years ago, I have been subject to more or less chafing and irritation. Sometimes when heated the itching inside my legs would be so severe that I would feel compelled to forego riding for a time. Nothing that I tried did any material good until my attention was drawn to an advertisement of Dr. Chase's Ointment for all itching of the skin. I tried it and almost from the moment it touched the skin the itching stopped. I also find its occasional use prevents chafing. Further evidence of the efficacy of this preparation is given by Chas. Roe, foreman Central Press Agency, Toronto, who was troubled with Itching Skin of the most aggravated kind. When the skin became heated during sleep from too much clothing, would wake up with absolute pain from digging into the flesh with his nails. Chase's Ointment gave relief from the first application and permantly cured. Price 60c.

CURED BY

SCOTT'S SARSAPARILLA

You may relieve a cold in the head by local applications, but all the snuffs, powders, sprays, salves and balms on earth won't cure catarrh. Scott's Sarsaparilla will, because it acts constitutionally with pure blood, reaching every part of the system, searching out the fount of mucous accumulations, removing the cause of their being. The reason it cures catarrh is on account of the newly discovered properties it contains.

My Daughter's Care.

Mrs. George L. Hicks, 76 McGill St., Toronto, Ont., writes: "It is with pleasure that I testify to the wonderful merits of K. D. C. My daughter has suffered severely at intervals for the past two years and was steadily getting worse. She tried three of the best doctors in the city, but obtained no relief, also every remedy that friends would recommend with the same results and continued to grow worse all the time. She was recommended by a friend to try K. D. C. and sent for a sample package. Before taking all of the sample the symptoms of dyspepsia were gone, and though she has since taken only one $1 package the symptoms have not returned. She has also gained considerably in weight, and her friends are surprised at the change in her appearance. If any person in Toronto suffering from the same disease would like to call on me, I could tell them more fully what K. D. C. has done for my daughter."

WHERE DID YOU GET THAT HAT?

Give that old "Back Number" a Resting Place and buy one of the "Latest Spring Styles" from

Gough Bros.

Don't hunt for anything wrong in them. There's nothing there. The price has nothing to do with the quality. The man with $2 can command as good a Hat from GOUGH'S as $3 can command elsewhere. Our position is a little peculiar. We don't have to live off Hats alone. We're not bound to any traditional notions of big profits. The difference which makes it so is—we buy direct from the makers. That's why we got such a grip on

The Best Hat Trade in Peterborough.

You were never made for the Hat you know. The Hat was made for you. If you like to be abreast with the times, replace that old head-piece with one of our Leaders for 1895, bought from the best factories of England and America. Our Hats are ALL NEW. Latest in shape and colour; soft and stiff. Qualities are grandily generous—scarcely a sort that you'll find missing—because we have the biggest Hat Store within miles of Peterborough.

Selling Hats alongside of Clothing and Boots and Shoes cuts down expenses and makes prices less. That's the plain fact of the matter. Can you catch on? ALWAYS GOOD AT GOUGH'S. The Largest Hatters, Clothiers and Men's Furnishers. The Wonderful Cheap Men.
