BOBCAYGEON.

(From Our Own Correspondent.)

As the by-law to purchase the power from M. M. Boyd & Co., at "Little Bob" passed without a dissenting vote, the Council have gone to work to purchase the power, and get things ready to install the electric plant and also to develop the power, so that it can be offered on most reasonable conditions to any person or company that want to run a factory of some kind.

The annual meeting of the Agricultural Society, held on Wednesday, the 10th inst., was well attended, and as the annual report showed that there were 1,296 entries at the fair last fall, and that $348 had been awarded in prizes and all debts were paid and yet there was a cash balance of $153, it was thought wise to re-elect the same officers for 1906, viz.; President, A. Braden, vice-president, W. Lewis, sec-treas., W. Hickson, directors, A. E. Bottum, John Warren, James Seymour, W. J. Falls, Roland Thurston, Silas Thurston, John J. Devitt, George Martin and Isaac Lewis.

A well attended meeting was held in the town hall here last Saturday, the 13th inst., which was addressed by Messrs. A. Kelly Evans, and Oliver Adams, of Toronto, on the advisability of forming a Fish and Game Protective Association at Bobcaygeon, and as the addresses of both gentlemen were convincing, a branch society was formed here, with the following officers: President, W. T. C. Boyd; vice-president, W. Hickson; secretary, A. E. Bottum; and an executive committee of nine.

As Mr. Chas. S. Logie has been director of the choir in Knox church here, and has been most faithful in all work connected with the congregation for several years, a number of the members met at the Manse on Monday evening, the 15th inst. and presented him with a handsome clock and a silver sardine knife, accompanied by an address on the eve of his departure to his home in Scotland. Mr. Logie was taken by surprise, but made a very suitable reply.

Mr. Anderson, the D. G. M. of the district, visited Bobcaygeon lodge, No. 300, I.O.O.F. on Tuesday evening, 16th inst. and installed the officers for the ensuing year. The I. O.O.F lodge here is well officered, and in good standing, having a cash balance of $1300.

COBOCONK.

(From Our Own Correspondent.)

Mr. T. C. Birchard was in Lindsay Saturday on business.

Miss C. Gordon and Miss A. Greenleaf, of Belleville, are visiting Rev. S. A. Kempo this week.

Mr. G. W. Stevens, manager of the Gull River Lumber Co., is on a trip north this week.

The Ladies' Aid of the Methodist church held an old-fashioned tea meeting in the church on Thursday of last week, which was a great success financially and otherwise. Miss A. Greenleaf, of Belleville, gave a couple of recitations that deserve special mention. Miss Greenleaf is certainly an artist in this respect. Two very interesting addresses were given by Rev. Wicket of Victoria Road and Rev. Snider of Norland.

Owing to the continued mild weather the supply of ice for the town has not been stored away as yet, and the principal users are beginning to fear a famine to a certain extent, Unless a very great change in the weather takes place it may have to be drawn from the lake.

The new bell for the English church arrived on Saturday and will be put up at once. It is greatly missed by all church goers. The new one is considerably larger than the old bell, and weighs 600 lbs.

The Gull River Lumber Co. are preparing to enlarge their mill.

OMEMEE.

(From Our Own Correspondent.)

The village is quiet and a general dull and gloomy feeling prevails owing to the soft, depressing weather, but more especially owing to the critical state of Miss Rowan, our respected and esteemed organist of the Presbyterian church. Having passed through an operation performed successfully by Drs. Carmichael, Keith and Cameron on Sunday last at her mother's home, the reaction and shock following has caused alarm to the professional nurse in attendance, and slight hopes are entertained of her recovery.

The churches were poorly attended Sunday.

A number of ministers and christian workers attended the Torrey-Alexander excursion to Toronto this week.

The concert on Monday, Jan. 29th, under the direction of Rev. F. Johnston, promises to be high-class, and will afford profit, entertainment and mirth to all tastes.

A missionary from Japan was at the Anglican church last Monday evening. Owing to the inclemency of the weather the attendance was small.

The water is very high in the river, and there are fears of Stephenson's dam giving way.

The last survey of the Grand Trunk Railway, making Reaboro the important junction point, will certainly cause Omemee and Lindsay to be the suburban villages in future. We expect a lively time, at least during the building operations on the Reaboro branch to Bethany via Feir's mills—certainly the most advantageous route for the G.T.R. The old line will be used as a wagon road to Franklin, five miles south.

OBITUARY.

Safford M. Kennan, Waterloo, Iowa.

From the Waterloo (Iowa) Daily Courier of Jan. 15th we glean the following particulars of the death of Stafford M. Keenan, referred to in a brief paragraph last week:

Chas. C. Keenan, of Roseville, Ohio, brother of Stafford M. Keenan, who died at the Tremont hotel Friday night, arrived in Waterloo last evening to take charge of his brother's remains.

Mr. Keenan states that the deceased left six brothers and four sisters, besides the aged mother, to mourn his untimely death. Two or three of the brothers will arrive to-day in time to attend the funeral service.

Stafford Keenan, was next to the youngest of a family of eleven children. He was born in Lindsay, Ontario, Canada, 30 years ago, and came to Buffalo, N. Y., about twelve years ago, accepting a position as baggage man on the Grand Trunk Railway. He afterwards moved to Milwaukee and about five years ago to Minnesota, where he was associated with his brother Charles in the jewelry business. About four years ago he came to Iowa and engaged in newspaper work. He was settled as Mason City for about two years, afterwards coming to Waterloo and accepting a position with the Times-Tribune.

His mother lives at Kingston, Canada, and the brothers and sisters at the following points:

Charles C. Keenan, Roseville, O.

V. W. Keenan, city clerk of Dawson City, Alaska.

Alexander Keenan, of Omaha.

Robert Keenan, of Sioux Falls, S. D.

Frank Keenan, of Sioux Falls, S. D.

W. D. Keenan, of Mohall, N. D.

Miss Elizabeth Keenan, San Francisco, Cal.

Mrs. Nellie Franklin, of Seattle, Wash.

Miss Henrietta Keenan, of Chicago, Ill.

Mrs. Rose Fortt, Kingston, Ontario, Canada.

Stafford Keenan was a young man of remarkable business attainments. His brother reports that he was one of the most successful salesmen and that since engaging in the newspaper business he had made it a success from the start

Many Lindsay and Ops friends of the young man and family will read the above with a feeling of regret, and will sympathize with the bereaved mother.

Everybody remember the poultry Association Exhibition on Jan. 31st, Feb. 1st, and 2nd, Council Chamber, Lindsay.

DISPENSE WITH COUNTY COUNCILS.

Mr. John Auld, M. P. P. Says They are Useless Bodies.

Mr. John Auld, member of the Provincial Legislature for South Essex, believes that the County Councils can be dispensed with. About the only business transacted by County Councils, he says, is equalization of assessments and in numerous counties special commissions have had to be appointed to do this work. He believes that the entire business done by County Councils could be done by the different Municipal Councils in each county annd the taxpayer be relieved of the expenses of the present body. He will advocate this at the next session.

Under New Management.

As many of our citizens know, that popular and well-appointed hotel, the Benson house, is now under new management, Mr. Geo. O'Neil having sold out to Messrs. D. J. King and T. H. Gabriel, of Norwood. Mr. O'Neil = fresh from the King Edward hotel, Toronto—succeeded Mr. John Ward-rose as proprietor on Aug. 29th, 1904, and at once instituted a series of improvements which placed the hotel in the front rank. He began by installing a first-class chef, and made it a point to provide all the delicacies of the season, no matter what the cost. He then directed his energies to the re-decorating of a number of the first floor rooms, after which the main office claimed his attention. A handsome tile floor had just been laid when the sale was effected in consequence Mr. O'Neil having received a most advantageous offer from a couple of Toronto capitalists to assume the management of a large, modern hotel in a Western Ontario city. Mr. O'Neil left town last Saturday, bearing with him the good wishes of a majority of our business men and private citizens.

Ladies Look Younger.

Which is the desire of one and all. Take the trouble of visiting Prof. Dorenwend's private show rooms, at Benson House, Lindsay, on Saturday, Feb. 10th, and see the many beautiful inventions in styles of Human Hair Coverings, Wigs, Bangs, Switches, etc., and inspect his new patent structure.

Bound to Get Even.

Little Willie and hhis father had been transacting certain disagreeable business in the nursery. When the young man emerged there were tear stains on his cheeks and a look of resentment in his eyes. His aunt Annie, in the tenderness of her heart, thought to divert his mind from his troubles, so she asked him, "What are you going to be when you grow up?"

An expression of set determination came into his face and he jerked his head menacingly as he answered; "I am going to be a father."

A Dual Purpose Railroad Track.

A traveller who has just returned from a trip up the Irondale, Bancroft & Ottawa Railway reports a curious conditions of affairs in the district traversed by that road. The railroad track, he says, serves a dual purpose, being used as a highway for both railway rolling stock and farmers' vehicles. The ordinary roads are in such bad condition during the winter that the farmers use the railway track as a highway. Several times when this traveller was a passenger on the above road, the train would overtake a farmer hauling a load of wood or other produce on the railway line. The train would be stopped, the train hands go out, help the farmer off the track with his load, the train would then move ahead a short distance, and the train hands would then assist the farmer in getting back on the track. Having done so the train would continue on its way.
