A Sure, Quick Disposal.

Be wise. Be quick. Be early. We're just on the verge of Store-Remodelling and we can't keep stock in the store while the work of tearing down and pulling up goes on.

The last days of the Big Sale has sharpened the price cutting. We have no time for "whys" and "wherefores," or for price lists or particulars. Thousands of dollars worth still awaits quick buyers and everything must go, certain. Come in and look through, no matter if you don't buy. Read the skeleton prices in the windows and the abbreviated price tickets all over the store. Lots of things selling at less than the maker's cost.
