The Great Standard Bred Stallion

KESWICK

—1044—

Record 2.18¼; Public Exhibition three heats 2.10, 2.09¼, 2.09¾. Has been quarters in 29 sec., a 1.56 clip.

The Handsomest Trotting Bred Stallion in Canada—never was in Better Condition than he is to-day.

KESWICK, 218¼ Sire of

Tim Spillingsley	2.13¾
Emmet H.	2.21¼
Dolly Keswick	2.25
Minnie Keswick (lee record)	2.19¼
Mollie Keswick (public trial)	2.27
Minnie Keswick, trial at Peterboro	2.17

Minnie Keswick won half-mile race at Toronto Fair in 1.09, 1.06¼, 1.06.

LORD ROBERTS

The Handsomest Carriage Stallion in Canada,

LORD ROBERTS has never been beaten in the Show Ring. He captured first prize and medal at the Toronto Spring Show and at the Industrial several times. His colts took first and second prizes in Carriage and first prize in General Purpose classes in 1903 at the Toronto Industrial.

LORD ROBERTS stands to-day without a rival in the Show Ring and his colts are following in his footsteps.

LORD ROBERTS is himself a grand animal, with choice blood and possessing superb all-round action, and will when bred with the ordinary mares of the country be sure to sire style and knee action—two qualifications that to-day command almost as much money as speed.

Will make the Season at his own stable, 172 Kent-st. west.

For Pedigree and Terms see small cards.—wtf.

THE PROPERTY OF

G. W. CURTIS, LINDSAY.

ALL CLASSES OF MACHINERY REPAIRED, SATISFACTION GUARANTEED.

A. CULLEN & SONS, Lindsay Street Bridge.

EDITORIAL NOTES

The anti-treaters are organizing. At Springfield a league has been formed. A button on which are two palms turned outward and the inscription "Excuse me, please," is to be the insignia of the league.

Hon. Clifford Sifton is sending out some excellent literature in connection with the emigration campaign that is bring thousands of desirable settlers into the Northwest. One of the recent pieces is a 32-page pamphlet of colored cartoons, very cleverly drawn, and designed to present, by catchy illustrations, the wheat-growing and other advantages of Canada's great Northwest.

An ordinance has been passed at Berwick, near Wilkesbarre, Pa., making blasphemy and profanity punishable by heavy fine and imprisonment. So profane have the men who line its streets and hold up its corners become, that the women could stand it no longer. The ordinance has been passed, and they are determined to see it enforced. There is a law in this town against these offences, but, we are sorry to say, it is not very strictly enforced.

The harvest time of the fakir is at hand. This is the season when the confidence man swindles the rural resident by getting him to sign an order for some new machine or an option to sell his farm and finds later that he has given a negotiable promissory note. This is the season—because the walking is good—when the professional beggar, who professes to have lost an arm in some recent railroad disaster, and is the sole support of a widowed mother, a sickly wife and numerous children, gathers in three or four dollars a day from a sympathetic public who have more mercy than good judgment. If a stranger asks bread—or rather, money—give him a stone. A man with one arm can earn as much these days if he is willing to work, as one with two arms could earn five years ago. There is work for everybody, and he who will not work, neither should he eat. Don't encourage tramps or beggars by giving them money.

Had His Finger Mangled.

Oscar Jinks, employed at the Victoria Mills, is going around with his right hand in a sling. The third finger was caught in some of the mill machinery and badly damaged.

Sick Headache.

"For several years my wife was troubled with what physicians called sick headache of a very severe character. She doctored with several eminent physicians and at a great expense, only to grow worse until she was unable to do any kind of work. About a year ago she began taking Chamberlain's Stomach and Liver Tablets and today weighs more than she ever did before and is real well," says Mr. Geo E. Wright, of New London, New York. For sale by all druggists.

OUR GREATEST BALL GAME.

THE LOCALS DEFEATED TORONTO I. C. B. U. MONDAY.

A Great Crowd Turned out to Witness the Important Match.

All join in the chorus, "It takes the the Dutch to beat the Irish—Rah. Rah, Lindsay!

There was all kinds of excitement at Monday's game of baseball and the spectators were pleased. The I. C. B. U. came down determined to again win, but were put out of the game in the last of the eighth innings, when Stalker, won the game by his magnificent two-bagger, bringing in two runs. The I.C.B.U. are a nice lot of players, but they "chewed the rag" whenever they got the chance. However, they could not jolly the umpire, "Bob" McKeown, of Peterboro, who was solid as a rock and knew his business, and acted fair to all concerned.

Lindsay had the bases full two or three times, but the lucky hit was not forthcoming. As space is limited a short account is all we can give.

1st Innings.—Ferris, for I.C.B.U. was retired at 1st. "Curly" commenced to get down to work from the start and fanned the next two men up. McGill, for Lindsay, flied, H. Workman out at 1st and Cinnamon out on bunt to McLaughlin.

2nd Innings—It looked as if the locals had gone all to smash. The first man up hit to Workman, who threw low to 1st; the runner kept going. McGill threw over Workman's head and the runner landed on 3rd. The next man up flied to Stalker and the runner on 3rd came in. "Curly" fanned the third man up and the next reached 2nd, where he stayed, as the man at bat fanned. "Teddy" Miller was retired at 1st. Menzies beat the throw to 1st, but was put out on a bunt fly to the catcher, who headed Menzies off at 1st.

3rd Innings—Menzies retired the batter at 1st. "Curly" struck out the next, and Workman retired the third man up at 1st. Marks was put out on a short bunt. Lennon got a base on balls, was advanced to 2nd on Stalkers low drive, and reached 3rd on a muff by the catcher. Stalker was retired on 2nd. McGill hit a liner to 2nd, who threw Lennon out at home, Stalker getting to 3rd, and while they were trying to get McGill in a box between 1st and 2nd, Stalker came in. McGill was advanced to 3rd on Workman's two bagger, but Cinnamon flied to Dennis. Score 1—1.

4th Innings.—The first man up bunted on the 3rd strike. Menzies retired the next. Miller muffed a liner, but the next up hit a high infield fly to Miller. Miller was put out at 1st; Menzies was handled in the same manner, and "Curly" hit to pitcher.

5th Innings—The first man up hit a beauty to Lennon, who did not judge it, letting it go over his head. The three following batters were fanned by "Curly". Joe Marks hit a safe one to centre and stole 2nd. Lennon fanned. Stalker advanced Mark to 3rd, but was put out at first. McGill was called out on three strikes, leaving Marks on 3rd.

6th Innings.—McGill retired the batter. The second batter drove a two-bagger over Marks' head, and was advanced to 3rd on a single to Lennon, but both were left on bases, as "Curly" fanned one and Stalker gobbled up a sky scraper. Workman made a two base hit to left field; Cinnamon and Miller flied out; Workman was left on 3rd on Menzies being put out at 1st.

7th Innings.—Miller muffed a liner, but the runner was caught stealing 2nd and the next two fell victims to "Curly". "Curly" landed on 1st and was advanced on Marks' single, and Lennon filled the bases on a hit to left field. Stalker flied out and McGill hit a liner to 2nd, who retired "Curly" at home. Marks was put out at 2nd on Workman's hit to short stop. Three men were left on bases. The Toronto pitcher worked hard.

8th Innings.—The first batter up got a base on balls and reached 2nd on a low throw by "Curly" to 1st. "Curly" retired the next up, and the next man hit to Workman, who tried to cut the runner off at home but failed. The last two batter's up fanned. "Cim" landed on 1st and stole 2nd. Miller got a walk. Menzies hit t ashort forced 'Cim" off 2nd and he was put out at 3rd. "Curly" advanced Miller and Menzies a base. The visitors now put the man in left garden behind the bat. Miller came in on Marks' single. Lennon bunted and Menzies was called out at home plate. Stalker then pounded out a two-bagger to the right field foul line and brought "Curly" and Marks in. McGill flied out. Score 4-3.

9th Innings.—The first man up filled out to Workman, and "Curly" fanned the next two. Score 4-3 and an innings to spare.

The line-up was as follows:

I.C.B.U.		Lindsay
Ferris	3rd base	Menzies
Koster	1st base	McGill
Jordan	r. field	Marks
Mogher	c. field	Lennon
W Smith	2nd base	Workman
Oster	c. and l. field	Cinnamon
Traviing	s. stop	Miller
Dennis	l. field and c.	Stalker
McLaughlin	pitcher	McLaughlin

A Big Block of Land for Town Lots.

The twenty acres just opposite the hospital is to be divided up into building lots and put on the market as soon as Mr. Smith, the surveyor, can complete the survey and get out the plans. The property is very desirable for building purposes and should find ready purchasers.

Damage by Water.

A very careless piece of plumbing in the rooms over Jas. Keith's seed store, is responsible for a very heavy loss occasioned by the water coming through the ceiling in great quantities into Mr. Keith's seeds. Mr. Alex. Keith's insurance office also was flooded out, the water taking off the handsome paper in long strips and also damaging the furniture to a considerable extent.

IN MODERN DAYS.

THE WAY OF DOING THINGS HAVE GREATLY CHANGED.

No Branch of Science has Made Greater Advancement than that of Medicine—Thousands of Lives Prolonged by Modern Discoveries.

"Few things have developed as rapidly during the past quarter of a century as the science of medicine," said a well known practitioner recently. "And undoubtedly the most striking phase in its progress is in the treatment of the blood. In the old days it was thought that opening a vein and letting the blood out was a cure for most diseases. The utter fallacy of that theory was discovered after a while. Then the symptoms of the disease were treated and the blood disregarded. That also has been shown to be a wrong practice, for, though driven away for a time, the symptoms always return if the cause is not removed, and the disease is worse than before. It is the root of the disease that must be attacked, and the most important development of modern medical science has been in discovering that, in most diseases, this lies in the condition of the blood. If the blood is thin and poor, the nerves and vital organs cannot receive their proper nourishment, the system becomes run down and in a condition to invite disease. Build up the blood, restore the worn-out nerves, and you remove the cause. When the cause is gone the disease will vanish."

An instance of the truth of this is given by Miss A. M. Tuckey, Oxdrift, Ont., who says: "I do not know what would have become of me had it not been for Dr. Williams' Pink Pills. My blood seemed to have turned to water and I was troubled with dizziness, headaches and general prostration. I tried several medicines, but instead of getting better I was gradually but surely growing worse. I become so weak I could no longer work, and it was while in this condition I was advised to try Dr. Williams' Pink Pills. After using the pills for a few weeks I began to gain strength; my appetite returned, the headaches and dizziness vanished, and before long I was enjoying as good health as ever I had done in my life. I cannot thank you enough for the good the pills have done me, and I hope they will long continue to help other sufferers."

Indigestion, neuralgia, heart trouble, anaemia, kidney and liver complaints, rheumatism, the functional ailments of women, and a host of other troubles are all a disease of the blood, and that is why they are always cured by the use of Dr. Williams' Pink Pills, which actually make new, rich, red blood, thus reaching the root of the disease and driving it from the system. The great success of this medicine has induced some unscrupulous dealers to offer pink colored imitations. You can protect yourself against these by seeing that the full name "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around every box. Sold by all medicine dealers or may be had direct from The Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for $2.50.

OUR CITIZENSHIP IN HEAVEN

Results of Keeping Person of the Master Ever Before One's Eyes—Besides Enabling Men to Conquer Sin, It Would Enlighten and Deepen in Them Everything Brotherly.

Toronto, Sept. 6.—In St. James' Cathedral on Sunday, in a voice full and rich and confident the Archbishop of Canterbury preached to a full congregation from St. Paul's words to the Philippians, "Our citizenship is in Heaven." He concluded an impressive sermon with these words:

"You cannot be Christians by mere tradition or respectability. The person of the Master must be ever before your eyes with claims as diversified as their faculties." He would help to purge their pollution, to conquer their lusts, to enlighten their minds, to deepen in them everything brotherly, true, and just. Thus would life be worth having, and increasingly so, to the end. They must not make the fatal mistake of imagining the world could become Christian by any other process than by deliberate and courageous acceptance of the law of Christ, and their decision and resolve to follow that law.

Archbishop at the Fair.

Toronto's important visitors, the Archbishop of Canterbury and J. Pierpont Morgan, were early visitors, arriving at the Fair at 9 a.m. His Grace was accompanied by the Bishop of Toronto and other clerical gentlemen, and visited a number of the buildings. He was particularly impressed with the exhibit of furniture and quite surprised that such goods were turned out in Canada. He also priced a number of carriages, and remarked that they were exceedingly cheap, the price being about half of what he would pay in England.

He Really Knows Toronto.

"Now I feel that I really know Toronto," said His Grace the Archbishop of Canterbury yesterday when Mayor Urquhart took him up to the top of the City Hall tower and showed him the six wards and the island, and the regions round about.

In the afternoon His Grace addressed the Canadian Club in St. James' schoolhouse, and said many good things which will be of service in laying broad and deep the foundations of Canadian success laying especial stress upon that righteousness which exalteth a nation. Three cheers and a tiger greeted the close of the address.

The City Hall fathers were visited, as well as the Normal School and the Parliament Buildings and the Strachan school, at all of which remarks eminently suitable were addressed by the Archbishop to his audiences.

LABOR DAY PROGRAM

Many Places Celebrated With Processions and Games.

TORONTO'S BIG BABY SHOW

Twelve Thousand Unionists in the Parade in the Queen City—Big Demonstrations at Galt, London, Guelph, Sarnia, Hamilton and Montreal—Each Had Distinctly Local Features of Interest.

Toronto, Sept. 6.—"The miracle of childhood, that upon this sin-ridden, time-weary earth, there should dawn this eternally, angelic mystery of infancy! It was the race carelessly given back to itself, redeemed with a patience that somewhere knows no limit."

These are the words of the latest of the great Canadian novelists in her splendid story, "He That Eateth Bread With Me," and she must have been at last year's baby show to get the inspiration. This year's "exhibit" at the Labor Day baby show yesterday was so much finer than last in its assembly of babies that the judges desire to have it known that nothing like it was ever seen. Seven hundred angelic little mysteries were lined up in rows in the grand stand, and the patience that knows no limit, quite a different and far more exciting game than poker, was in full play. But the babes were "real good," considering the two hours during which they stood on their merits. On a first ballot there were weeded out all but ten or twelve of the miracles of childhood in each class, and last year's champions were also excluded from the competition. The leap-year class for babies resident in Toronto, born on Feb. 29, drew thirty entries.

In the procession there were over 12,000 union men in line, and the parade was one of the finest ever seen here. In addition to the baby competition, already referred to, there was a great program of games and sports.

Good Day in Galt.

Galt, Sept. 6.—A most successful demonstration was held here yesterday by the local trades and labor council. The crowd was the largest that has been in town in many years, and not in the history of the county has there been so big a demonstration. The procession in the forenoon was over two miles long and numbered 1,100 unionists.

Sarnia, Sept. 6.—5,000 marched in the Labor Day procession here.

The Day at London.

London, Sept. 6.—The holiday was a brilliant one in this city, despite the fact that large numbers of citizens are out of town. The demonstration by the different labor organizations of the city was the largest ever held here, and was witnessed by thousands of citizens at Queen's Park. The monster parade left the market square at 12.30 p.m., and was very largely attended, twenty-seven unions being represented. Both city regimental bands were present, as well as a pipers band.

As in Guelph.

Guelph, Sept. 6.—The labor organizations of the city held a grand demonstration here yesterday, commencing in the morning with a trades procession of all the different trades of the city and businesses, and was at least half a mile long, and was headed by the Berlin musical band, and the Guelph band and ended up with the Hespeler-Weimer band. In the morning games were held in the park. In the evening a grand musical concert was held by the Berlin and the Guelph bands.

5,000 in Montreal.

Montreal, Sept. 6.—The annual Labor Day parade took place yesterday. Five thousand took part in the procession, and it must be said that it would be difficult to find a better dressed and more prosperous looking body of workingmen than that which marched through the streets. The Union Jack predominated, while a delegation from Burlington, Vermont, carried the Stars and Stripes. There was no religious ceremonies connected with the demonstration.

Death in a Church.

Hamilton, Sept. 6.—While conducting the service at All Saints' Church Sunday evening, Rev. F. Burt threw up his hands and fell to the floor in the reading desk in a dead faint. He was carried to the rectory, but died in a very short time. He was 77 years of age, and was superannuated by the Diocese of Toronto. England was his birthplace, but he had spent the greater part of his life in Canada. At one time he was rector of Christ Church Cathedral, Montreal.

PRESERVING SUPPLIES.

We shade the prices very low on Sugars in order to make it easy for housekeepers to lay in a good stock of bottled fruits for the winter season. It will pay you to get our prices.

Of course we keep the very best GEM JARS, and on these also you will find we are prepared to deal liberally in case you require a quantity. We handle several varieties.

No matter what you may need in the lines handled by us, the chances are that we can give you first-class satisfaction.

SPRATT & KILLEN.

What are to be the correct styles of DRESS FABRICS for the Fall and Winter season, and what the predominating shades? ?

In colors, Browns will have first place, closely followed by Greens and Blues. "Burnt Bread" and "Crust" will be the most popular shades of Browns.

Mannish Tweeds for ladies' suits are in good taste and will be popular for fall and winter wear.

Flakes, Zibelines, Knobs, Granites, Crispines, Venetians, Satin Cloths, Box Cloths are quite correct.

Crapolines, Canvas Cloths and Voiles of all kinds in Blacks and Colors are as popular as ever.
