CLOSING DAY OF THE FAIR.

Rain Marred its Success, But the Crowd Was Large.

OVER 3000 VISITORS ON THE GROUNDS.

The Best of the Racing Events Fixed for To-day and the Cream of the Specialty Troupe's Performances —The Rain Ceased in Time for Afternoon Events to be Run off Successfully.

(From Evening Post, Sept. 24.)

As most of the citizens of Lindsay were present at the Fair yesterday afternoon, it is unnecessary for us to dilate upon the magnitude of its success in every department. It was the big day of a big Fair, and everything else is a mere matter of detail, the particulars of which will be talked about and discussed in thousands of homes in this and other districts for months to come.

The Evening Performance.

Despite the somewhat threatening appearance of the weather last night, over two thousand people gathered at 8 o'clock on the grand stand and roadway in front to witness the program given by the specialty artists. Of this number many did not pass through the gates,—they remained on the grounds after the afternoon sports and secured their supper at Mr. Terry's well-appointed dining hall, where an admirable meal was served.

The numbers put on by the performers were of a high order, and that everyone was pleased and delighted was attested by the frequency of the applause. It was unfortunate that in the afternoon a number of the events had to be cut out, owing to the posts supporting the grease bars being out of place.

The night program closed with a couple of very fine moving picture scenes, "A Voyage to the Deep," and "The Train Robbery." These were well put on, very clear and not too rapid.

TO-DAY'S EVENTS.

Great Crowd Present to Witness the Wind-up of the Races.

The morning opened up most unfavorably, rain having fallen at an early hour and the sky continuing to present a threatening appearance. Several sharp showers fell before noon, but despite the rain the enthusiasm of those who wished to see the races was unchecked and the trains and boats brought in large crowds of visitors. After dinner prospects were brighter, and probably four thousand people flocked to the grounds. The speeding events were hotly contested and the spectators were kept at a high pitch until the closing hour.

Despite the falling off in to-day's financial receipts we are pleased to note that the Fair has proved a financial success.

IN THE MAIN BUILDING.

Many Attractive Displays Made by Town and Outside Business Firms.

One of the first exhibits to meet the eye of the visitor who enters by the main door is that of the Singer Sewing Machine Co., in charge of Mr. W. P. Chard, who has replaced Mr. John Hore as agent for Lindsay and district. Several styles in family and manufacturing machines are shown in attractive surroundings, samples of intricate work and fancy pieces executed on the machines attracting much admiration. The superiority of the Singer machine was readily acknowledged by the judges, who awarded two red tickets. Mr. Chard exhibited the machines to hundreds, and booked many orders for prompt delivery.

The space to the left of the main entrance was taken by R. Neill, the tailor man, who made a grand display of fine footwear, also solid goods for those employed at heavy outdoor work. The merits of the goods handled by the firm are known the length and breadth of the county, and everyone visited the representative showing in order to become posted as to the latest ideas in footwear. Trunks, valises and suit cases were also shown.

In keeping with their practise for years, Dundas & Flavelles Limited occupied a large and exceedingly well arranged space in the centre of the building, displaying therein a superb collection of fur jackets and muffs, carpets, curtains, drapes, floor and carriage rugs, and goods of that line. The approach of cold weather was indicated by the character of the exhibit, and the many admiring expressions heard, and enquires as to prices, etc., made by those who viewed the beautiful articles will no doubt be followed up later on be extensive buying at the firm's fine premises on Kent-st.

The Peterboro Cement Roofing Co. had a neat and compact exhibit in a miniature dwelling, the roof of which was covered with their patent material.

Messrs. Horn Bros., of the Lindsay Woollen Mills, made a fine showing of their varied lines near the north entrance, and perhaps no exhibit in the building attracted and held the attention of the farmers and their wives to a like degree. "Made in Canada" cards adorned the exhibit, and it was the universal opinion of all good judges that no better goods in the same lines are manufactured anywhere in this broad Dominion.

Gough, "The Leading Clothier of Lindsay," was as usual to the fore with an extensive showing of his high-class ready-to-wear garments for men and boys. Year after year this firm has gone on adding to its reputation as clothiers, but to-day Mr. Gough is as keen for publicity as ever, recognizing that an army of new buyers takes the field every few years to whom the merits of his goods must be made known if he wishes to keep in the forefront. Mr. Gough's great success in the clothing trade is to be attributed to two things—his unsparing use of printers' ink and his fixed rule to handle the best goods and keep faith with the customer who is attracted to his store by the announcements made in his advertisements.

Mr. Geo. J. Brumwell, proprietor of the Victoria Planing Mills, town, made an exhibit of special lines turned out his establishment, comprising surface oak doors, polished and in the rough picture farmes, boxes, etc., for burnt work, circular top tables, paper racks, cosey corner grille work, and a neat pulpit is surface oak made for Zion church. The articles were generally admired.

THE TURF.

In the free-for-all, there will be some pretty swift company. The different classes will be well represented. Mr. A. J. Bowen, of Orono, will drive a young Sir Oliver in the 2.40 class, and those that know, say he is a good one.

S. J. Hyland, of Blackstock, will be be in the green race with a young Everett. He feels that the company will have to be fast that will go him better.

Billy Milligan, of Lifford, who is always found around the track at Fair time, is here with a very tidy driver, Lifford Lad, and it is thought in the green race he will be heard from favorably.

HORSES.

In the driving class Mr. Jas. Brisbell, who has always got something stylish in the horse line, is driving a team of matched blacks that are well spoken of.

In heavy horses Mr. J. F. Staples, of Ida, shows some fine specimens. A span of bright bay mares in harness are admired for their well groomed appearance; they will be close competitors for the red ticket. He also shows a pair of year old stallions sired by the imported Clydesdale stallion, "Radiance." Mr. Staples shows some seven head in all.

Mr. John Sluggitt has a year old stallion from the imported Clydesdale, Puritan. Critics all admit that his capture of the red ticket is already assured. A mare and foal in the heavy class also will give a good account of themselves.

Thos. Deyell, Mount Horeb, is showing a Louie Gordon mare with foal by her side, and a yearling, both by McQuennie.

In the general purpose class Mr. S. Coulter, of Ops, shows a one and a two year old—the two year old by Puritan, and the one year old by McQuennie. Mr. Coulter is an exhibitor in many other classes. John Hickson, also of Ops, shows a fine mare and foal, and a road and carriage mare.

In heavy horses, Mr. Alex. Mitchell, of Ops, a young farmer who is throwing his lot in with the breeders of good stock, will show a pair of two year olds—one a Knight of St. Andrew, the other a Granite Lad.

In single drivers Peter Hawkins, Ops, shows a single driver. Robt. Allen, also of Reaboro, has a nice one.

In general purpose teams, the competition will be keen. Special mention might be made of R. Carscadden's blacks, which will certainly be hard to beat. John Cochrane, of Cambray, also has a beautiful team of blacks.

Mrs Hickson, of Reaboro, will show a team which is well worthy of mention.

D. Sinclair, of Cambray, has a beautiful team of grays, and Mr. R. Sisson, of Manvers, will also be a competitor.

SHEEP.

In Southdowns Mr. Isaac Naylor, of Fenelon, has a nice pen of eleven head with which he was successful at North Victoria.

H. and N. Allen, of Newcastle, shows thirteen Leicesters—a very fine collection. The Allen Bros. are not strangers here, having shown here for the past two or three years.

Geo. M. Kague, of North Mariposa, has some real beauties. They are bred from some celebrated prize winners, and are spoken flatteringly of by the lovers of high bred stock.

In Dorsethorned sheep W. P. and G. King, of Oakwood, are the chief exhibitors, showing two pens, and are leaders in large Yorkshire hogs. Some fine specimens are shown. They also are exhibitors in heavy horses, a draft mare and foal being worthy of special mention.

In Shropshires Messrs. Levi Skinner, of Darlington and A. McMillan, of Lorneville, are the leading exhibitors. Mr. Skinner is usually with us at Fair time and this year has a herd of thirteen Shrops that are real beauties. Mr. McMillan has a herd of eleven, which has been successful in the prize ring already this season at Woodville and Victoria Road Fairs.

SWINE.

Geo. Marks, of Mariposa, is the leader in Berkshires. Mr. Marks has made a specialty of Berkshires for the past few years and shows in the different classes. He is also a leader in Cotswold sheep.

GRAIN AND ROOTS.

In grain and seeds the quality is acknowledged to be first-class, but the competition is far from keen and the fact would argue that our farmers are making very rapid strides in mixed farming, and no longer aim to sell much grain. Very few of the local growers are represented, but Uriah Young, Green River, and Wm. Rymal, Zephyr, had entries in almost every class, while Mr Jas. Hickson led the local men. The premiums offered in this class must be increased if the showing is to be bettered another year.

There is a grand showing in potatoes, particularly in the American Wonder class. Messrs. Sam Coulter and Jos. Hickson, of Mount Horeb, captured first and second prizes respectively, their competitors being Messrs. Frank Mann, Omemee, Thos. Downey, and Sheridan Rea, Reaboro, and Wm. Rynard, Zephyr, Sheridan Rea captured 1st on Burall New-Yorkers, Jos. Hickson 2nd, and Wm. Rynard Zephyr was a prize winner in several of the other classes. Splendid collections of potatoes are shown by John Duke, Lindsay, F. McMann, Sheridan Rea and Wm. Reynard.

POULTRY.

In poultry, as mentioned yesterday, the quality is first-class but instead of 500 birds, the number shown a few years ago, this year the coops contain not more than 200 of all kinds and some of the classes are entirely unrepresented. Messrs. Sam Snowden, Bowmanville, S. Oliver, Lindsay, Seth Metherell, Little Britain, and Gordon King, Oakwood, are among the leading exhibitors.

CATTLE.

In Jerseys Steve Oliver captured a number of red tickets, and his showing was a creditable one for his short experience in stock breeding.

The Hereford honors all went to Mr. Richard Honey, of Brickley, Northumberland County. Mr. Honey has been with us this past dozen of years, and we hope to have him and his herd visit us annually for years to come.

In Ayrshires H. C. Hamill, of Islay, had a good showing of some thirteen head. Mr. Hamill is a young breeder and his collection was very creditable. The Wm. Stewart herd, from the Menie Stock Farm, was a leading feature. This celebrated herd has been heard from favorably throughout the country at all the leading fairs.

Few of our farmers in this section of the country were aware that right here among us was a herd of Shorthorns of the quality exhibited by McDougall Brandon & Austin, of Fenelon Falls. Eighteen fine animals were this year selected for entry, and we are proud to note that Victoria County can boast of such a collection of prize winners. They were groomed and tended with as much taste and care as most of the driving horses. Mr. Jack Brandon was in charge of the herd, and was kept busy answering the questions of the many admirers of the fine animals, as they passed through the cattle building. Although the competition in this class was keen, there being animals in the ring that would have favorable comparison with anything to be found at the big Industrial, they succeeded in carrying off some eight or nine prizes. For aged bull they won 2nd, yearling bull 2nd, bull calf 1st, cow giving milk 1st and 3rd, heifer, 2 year old, 2nd, yearling heifer 2nd, heifer calf 2nd, herd of one bull and four females 1st. Mr. Brandon is well satisfied with the treatment received at the hands of the judges and the Fair management generally.

In aged Durham bulls Mr. Mack Thordson, of Janetville, took 1st. In 2 year olds Mr. Thos. Deyell, of Mt. Horeb, captured the red ticket with as fine a turned animal as ever graced our Fair ring. In this class first-class animals were in competition and the judges found difficulty in deciding merit was so evenly divided, but finally in their opinion Mr. Deyell's animal scored the highest number of points and was awarded the prize. Mr. J. F. Graham took 2rd, whilst W. R. Swain got 3rd, Mr. S. Metherell, of Little Britain, took 1st on yearling heifer and 3rd for calf, both in the Durham class.

In Holstein-Freisians the Elmdale herd, owned by Mr. Bertram Hoskin, "The Gully," Northumberland Co., had it all his own way, capturing all the 1st and 2nd prizes. The herd was closely scanned by all lovers of good breeding, and many enquiries were made as to prices, pedigrees, etc. We are glad to have such men as Mr. Hoskin with us, as his is the class of stock that helps to make our Fair what it is to-day—the leading one of Central Ontario.

Mr. J. A. McLeod, of Cobourg, has an aggregation of massive Aberdeen-Angus cattle. They are the finest collection of cattle to be found in a prize ring in Ontario. They were somewhat late arriving at the grounds yesterday, and we hope the directors will not split hairs on the time limit, as they are the class of stock we wish to encourage.

SWINE.

Mr. Geo. Marks, of Mariposa, cleared the boards with his herd of Berks. He was successful in securing the main portion of the red tickets. He sold a nice pair of six months old ones to Mr. Ben Burchell, of Cobourg.

In Tamworths the Elmdale herd were winners. Mr. Hoskin reports several enquiries for breeding stock.

W. P. and G. King, of Oakwood, were successful with their Yorkshires, as was also Mr. Richard Honey of Brickley. Some Mammoth hogs of this breed were shown. The herd carried of the major portion of the red tickets.

FAIR NOTES.

The entertainment features are good.

The new band is certainly a thing long needed.

The visitors are doing considerable shopping to-day.

The merry-go-round certainly draws a large crowd.

The rush for dinner and tea was tremendous at the hotels.

"Don't go home without a basket of grapes," seems to be the motto of the farmer.

The drunks were very scarce during the day, but at night they were in evidence.

The remarks passed upon the fine addition to the grand stand are very complimentary.

The Harry Lindley Co. are gathering in the shekels, last night's business being very good.

A number of our citizens decorated their stores, but there was a larger number who didn't.

The Haliburton train brought a large number of visitors down from the north country this morning.

The school boys attended to-day—going in early in the morning and taking a lunch with them, and remaining all day.

Graham, the clothier, had a good advt. in the idea of having a man dressed up in a clown's costume. He took well with the youngsters.

Chief Nevison had only one assistant yesterday, and only one man had to be placed in the "cooler." The crowd was huge in size but orderly in conduct.

The Coboconk train had six coaches and a baggage car attached this morning. It stopped at Kent-st. crossing and about 150 got off, while some fifty more alighted at the station.

The hotel accommodation was taxed to the fullest extent last night and Thursday night, chairs and sofas being occupied after available cots had been taken. A number had to lie in the halls on the floors, with their coats for a pillow.

Wilson's Fly Pads
will clear your house of flies in a few hours.

BOON OF CIVILIZATION.

Medical Journal Talks Strongly on Vaccination.

The Canada Lancet, in a recent issue, made these editorial remarks on the subject of vaccination:

"One of the greatest boons of modern science is the discovery and practice of vaccination. It has been in use now for about one century. During this time it is safe to say that it has saved more lives than all the wars put together have destroyed.

"In Sweden from 1774-1801 the death rate from smallpox was 2 008 per million of population, from 1801-1815, a period when vaccination was practiced, but optional, the death rate was 631; from 1815-1885, when vaccination became compulsory, the death rate was only 173. In London per million of population, the following death rates pertained from smallpox: 1771-1780, 5,020, 1801-1810 2,040; 1831-1835, 859; 1838-1853, 513; 1854-1872, vaccination now compulsory, 388; and 1872-1890, vaccination compulsory and more efficiently inforced, 178.

"But for children under 10 years of age, the attack rate is 5 per 1,000 among the vaccinated, and 101 per 1,000 among the unvaccinated. The death rate among the vaccinated was 0,009, and among the unvaccinated 44.

"In persons over ten years of age, the attack rate was per 1,000, among those twice vaccinated, 8; among those once vaccinated, 19; among those not vaccinated, 94. The death rate among those twice vaccinated was 0,08; among persons once vaccinated, 1; among those not vaccinated, 51.

"It is absolutely useless for people to argue against vaccination. The law should be compulsory for revaccination as well as vaccination. Smallpox is so extremely contagious that nothing but vacincation will control its spread. In pre-vaccination days there was an epidemic every few years. This is what the Anti-vaccination League would bring us back to."

CRYING BABIES.

Babies do not cry unless there is some good reason for it. The cry of a baby is natures warning signal that there is something wrong. If the fretfulness and crying are not caused by exterior sources, it is conclusive evidence that the crying baby is ill. The only safe and judicious thing to do is to give Baby's Own Tablets without delay. For indigestion, colic, teething troubles, constipation, diarrhoea, worms and simple fevers, these marvellous little Tablets have given relief in thousands of cases and saved many precious lives. They are guaranteed to contain no harmful drug. Mrs. John Dobie, St. Andrew's East, Que., says: "Baby's Own Tablets are a splendid medicine for the cure of constipation and other ills that afflict children. I consider it my duty to recommend them to all who have little ones." The Tablets are sold at 25 cents a box by all druggists, or may be had by mail by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Attempted Highway Robbery.

On Friday night, a north ward citizen, accompanied by a friend, was going home from the Academy of Music after the play. Passing down William-st. in the vicinity of Pedlar & Emmerson's shop, the friend dealyed somewhat for some reason, when he was suddenly seized by a couple of ruffians, who demanded his money and used threatening language. The citizen walked back and spoke to the young men, one of whom he happened to know, and they immediately sneaked away. This is a serious matter; being the worse of liquor will be no excuse when a charge is laid. The authorities are investigating.

Try Gin Pills at our expense

We want every man and woman in Canada who suffers from Kidney and Bladder Troubles, to write us for a free sample of Gin Pills.

We want everyone who has sick friends to send us their names and addresses, that we may mail them, free of charge, a sample box of Gin Pills.

100,000 Sample Boxes Given Away.

There are hundreds who are martyrs to Kidney Trouble, having tried everything else without relief. There are dozens in every town who may have Kidney Trouble without knowing it. If you are pale—losing flesh—can't sleep—no appetite—if you constantly desire to urinate—if the urine is scanty, burning or highly colored—if the feet and hands are swollen—if the eyesight is dimmed—if there are frequent pains in the back, through the hips and legs—then you have the most positive symptoms of Kidney Trouble.

These are the people, we hope, who will send in their names that Gin Pills may cure them.

What They Are

Each Gin Pill contains the medicinal properties of one and one-half ounces of best Holland Gin. The harmful substances—and the alcohol—are left out. These medicinal principles are combined with several other remedies of exceptional value—and the whole made up in the form of a small, pleasant pill. These are the famous Gin Pills that have the largest sale—and the greatest number of cures to their credit—of any Kidney and Bladder remedy, ever introduced in Canada.

What They Do

Gin Pills cure "Cold on the Kidneys," Inflammation of the Kidneys, Uric Acid, causing Gout and Rheumatism, Ulceration and Inflammation of the Bladder, Painful and Suppressed Urine, constant desire to urinate, Gravel or Stone in the Bladder, and all other troubles, caused by sick Kidneys and Bladder. They never fail to relieve the sharp, shooting pain, make urination easy, natural and regular, strengthen the organs, and effect a speedy and permanent cure.

Won't you try Gin Pills at our expense? It costs nothing. Simply a post card. Ask us to send a sample box free—say in what paper you saw this advertisement—and sign your name and address. Do it to-day—NOW. BOLE DRUG CO., Dept. W, Winnipeg, Man.

HEAVY CROP DAMAGE.

Frost Kills Tobacco, Bean and Corn Crops About Chatham.

Chatham, Sept. 26.—"The frosts of last week have killed nearly all of the tobacco, bean and corn crops on the lake shores," was the startling statement made by T. Broadwood. "All of my crops are gone," continued he. "Jas. Woods, a neighbor of mine on the lake shore, has five acres of tobacco all spoiled and badly scorched; S. Conlan has five acres of tobacco gone; a large field of tobacco on the Everitt place is ruined, and Mr. Banning has all of his tobacco and late beans completely gone. James McGuigan's crops, strange to say, are all right. Tomatoes and cucumbers are greatly damaged."

Wind Shakes Fruit.

St. Catharines, Sept. 26.—The heavy windstorm which prevailed here Saturday proved disastrous to the fruit in some sections. A lot of peaches, pears and apples were blown down, which injures them for shipment. The wind blew down a large smokestack on the Welland Vale factory, which crushed through the roof causing damage.

What Laurier Has Done.

London, Sept. 26.—(C. A. P.)—The Morning Post's Berlin correspondent says Sir Wilfrid Laurier's speech appears to have shaken German confidence in the assertions of British Liberal leaders that the colonies will have nothing to say to Mr. Chamberlain's policy.

Brantford Man Badly Burned.

Brantford, Sept. 23.—At a fire in the Massey-Harris works here yesterday afternoon, John Jamieson, 99 Peel street, this city, received burns which will probably prove fatal. Jamieson was engaged in cleaning a tank in the works. A torch he was carrying set fire to the surrounding woodwork, and he was unable to get it out. The fire was quickly extinguished by the city brigade. Jamieson was rescued in an unconscious condition.

Lady Curzon Critical.

London, Sept. 24.—The condition of Lady Curzon of Kedleston, wife of the Viceroy of India, who was taken ill two days ago, is still critical, but was slightly improved yesterday morning.

Telegraphers and G.T.R.

Toronto, Sept. 26.—The Board of Arbitration in the matter of the G. T.R. and its telegraphers, held an open session on Saturday morning, adjourning until Oct. 13, when the Grand Trunk is to provide a list of the individual wages paid at the different stations, while the telegraphers are to have their witnesses on hand. When the board convened it was decided that Mr. Aylesworth might be present in the role of advisory counsel for the railway, Superintendent G. C. Jones and W. E. Foster representing the company and D. Campbell, W. Paskin and D. M. Kennedy representing the telegraphers.

The White Winged Dove.

Montevideo, Uruguay, Sept. 26.—Peace has been concluded between the Government and the Revolutionists.
