Findlay Makes An Open Confession

They say that an open confession is good for the soul so I feel like making one. Last Spring I bought rather heavily on Baby Supplies, expecting a Bumper Year along that line, but whether the wet weather had anything to do with it or not, we find ourselves with Fall coming on with too many Baby Carriages to carry over the winter, so we will give you a real bargain if you are in need for one now, or it would pay you to hold one over until next spring if necessary. We say we serve the people. Just call in and let us again demonstrate that you do not have to send away to get bargains in anything in our line for we invite you to compare our goods as to quality and price with other neighboring towns, or outside firms. ffi

EDITORIAL NOTES

Week-end drowning accidents are becoming as numerous as week-end car fatalities.

* * *

It seems to be a foolish expenditure of upblic money to transport British mine workers to Canada to work in the harvest fields, without any previous farming experience. The westerners claim that it will practically mean a bread line this winter.

* * *

The tourist trade from the United States to Ontario is estimated this year to reach 10,000,00 mark, with an approximate expenditure of $60,000,000. Ontario is fast becoming known as a beauty spot and inquireries are received from all states south of us as to various holiday routes, etc.

* * *

It is feared that two more aviators have lost their lives in an attempt to reach Europe in an airplane. The planned route this time was from Cochrane, Ont., on a non stop flight to Greenland, thence to Iceland and on to Stockholm, Sweeden, but from latest reports the flyers have not reached Greenland. No doubt in time the crossing thee Atlantic will be an every day occurrence with reasonable security for the occupants of the machine, but to-day success are very few and the loss of life is mounting.

This fall the United Church of Canada will receive into its communion two outstanding preachers from abroad. Rev. E. W. Young, M.A., B. D., comes from Belfast, Ireland, to be pastor of Dundas Centre Church, London. Rev. Lynn Harold Hough, D.D., who declares that as soon as he comes to Montreal to be pastor of what prior to union was the American Presbyterian Church, he will become a citizen of Canada, has this summer been preacing in the City Temple, London, and at Mansfield College, Oxford. For years he has been one of the leading divines in Detroit, and is well known to many Canadians. We have many Canadians preaching in the United States, so here we have real reciprocity.

MOSQUITOS WENT AFTER BARE LEGS

Mosquitos were so bad on Friday evenng that the Harriston Kiltie band was forced to quit an open air concert which they had planned giving on the library lawn. After playing two pieces the knees of the bandsmen began to take on queer shapes as the mosquito bites started to swell. There evidently are no mosquitos in Scotland, where the Highland costumes first originated.—Harriston Review.
