Cattle Fair.—The regular monthly cattle fair, held in Flesherton on Monday last, was as usual attended by a large number of buyers and sellers. There was a very good show of cattle, considering the time of year, and quite a few changed hands at fair prices. The next fair will be held on Monday, April 7th.

### Band Concert.

The Dundalk Brass Band have advertised a grand Concert, Literary and Dramatic Entertainment, in the Town Hall, Flesherton, on Thursday evening, March 20th, 1884. The have a select and varied programme of fifteen selections, comprising songs, comic and sentimental, a few choice readings and recitations. Solos, on various instruments, and a first-class orchestra of seven instruments. Which, with a good variety of first-class music from the Brass Band, will make one of the best entertainments ever given in this vicinity. In addition to all this, they have that most laughable farce, (the rendition of which takes nearly one hour) "Paddy Miles' Boy." They have been diligently rehearsing the play for nearly a month, and have every confidence that it will be rendered in a first-class manner.

### Sons of Temperance.

The Flesherton Division Sons of Temberance are still increasing in numbers, and showing by their diligent working, that they are still alive and prospering.

On Friday evening of last week, about thirty members of the Division, procured a couple of double sleighs and made their way out to another sister division at Eugenia, where a warm reception awaited them. After a few minutes warming, the visited lodge kindly postponed all business matters until next meeting night. The Worthy Patriarch of Eugenia Division, then opened the meeting with an expression of gratitude to Flesherton Division for remembering them, and spoke of the prosperity of their own Division. This was followed by songs, readings, recitations, and speeches, rendered in first-class style by members of both Divisions. After spending a couple of hours pleasantly in this way, the meeting dispersed.—Com.

James Brayley, Hamilton, says: I read the testimonials for McGregor'g Speedy Cure and found that I had not to go to New York, Philadelphia, Louisiana, or Texas to find living witnesses of its value, we have pfenty of persons right here to prove its metits. I got a bottle and it helped me right away. I was bad with Bilious Fever and Indigestion as I think any one could be, I have taken three bottles and am nearly well and can eat any kind of food without it hurting me. I may say that I am better than I ever expected to be. Free trial bottles at Richardson's Drug Store.

Fact Stranger Than Fiction.—It is a fact that Alonzo Howe, of tweed, had a fever sore that afflicted him for thirty-five years. Six bottles of Burdock Blood Bitters cueed him, which he considers almost a miracle. It was but a natural result of the remedy restoring pure blood and perfect secretion.

### Prof. Campbell.

The various lectures delivered by Prof. Campbell, the well-known and popular Phrenologist, in the Town Hall, Flesherton, during his stay in this place, were attended by large and much interested audiences. Even those who are to a certain extent prejudiced against the fundamental principles of Phrenology,—such as our correspondent, "Valentine Muggins"—could not but admit that the Professor handled his subjects in a masterly manner. And surely a practical experience extending over a period of twenty-five years should give a learned man like Prof. Campbell a thorough insight, not only into the subject of Phrenology, but into that of Physiognomy and Physiology as well. The Professor's visit to Flesherton has called up many pleasant reminiscences of his former visit, and his old friends, as well as the host of new ones he has made during the past three weeks, are earnest in expressing the hope that he will re-visit Flesherton at no distant date.

The extraordinary popularity of Ayer's Cherry Pectoral is the natural result of its use by intelligent people for over 40 years. It has indisputably proven itself the very best known specific for all colds, coughs, and pulmonary complaints.

### Farm Produce.

The following petition numerously signed, will shortly be presented to the Lieut.-Governor and Legislative Assembly of the Province of Ontario, by Eart Grey Agricultural Society. The petition explains itself. It is worthy of consideration.—

*To the Honorable the Lieut.-Governor and the Legislative Assembly of the Province of Ontario, in parliament assembled:*

Gentlemen:—The petition of the Electoral District Agricultural Society of the Electoral District of East Grey, humbly sheweth,—

That it would greatly advance the interests of the Agricultural community of the Province if the surplus produce of the Provincial Agricultural Farm, at Guelph, was distributed annually and gratuitously among the several Country Agricultural Societies of Ontario.

As the disposal of the stock of the said Farm is now, by public auction, open to foreigners who have no interest in our country, whose capital is greater than ours and who buy the best of ours and leave us nothing to improve with. We consider this system injurious to our best interests, for when we pay out large sums for the support of such institutions we ought to have an equivalent in return for our outlay.

By granting us this great boon and having the stock sold to members of our societies, to be retained by them for the general benefit of our Province.

Grant us the prayer of this petition, and we, as in duty bound, will ever pray.

—"Why! Waat's the matter?" Lady—(With face enveloped in roll of cloths)—"Oh! I'm crazy with that Neuralgia that continutlly troubles me." —Well how foolish! Why don't you go to Richardson's Drug Strre and get a bottle of Fluid Lightning? It cured me in less than one minute. I alwrys keep a bottle in the house. It only costs 25 cents."

Considerable matter left over.

Good for Sandy.—Sandy Meldrum, who was for some time day operator at Orangeville, and for the last year day operator and ticket agent at Durand on the Detroit, Grand Haven and Milwaukee Railway, has now got a position on the Union Pacific, west of Omaha, at a salary of $65.00 a month. Pretty good for an 18 year old youth. "Go west, young man; go west!"
