Heard's Improv'd HARROWS.

Artemesia, June 16th, 1883.

MR. JOHN H. HEARD,

Dear Sir,—I take pleasure in testifying that the set of ten-bulled Harrows I purchased from you last April has given me entire satisfaction. It being given to me on trial, I closely watched its operations when at work to find a fault with it, but I failed to see any. It is no heavier on my team than my six-bull wooden harrow. I am yours truly, JOHN WHITBY.

HEALTH FOR ALL.

HOLLOWAY'S PILLS & OINTMENT

THE PILLS

Purify the Blood, correct all Disorders of the

Liver, Stomach, Kidn'ys, and Bowels.

They invigorate and restore to health Debilitated Constitutions, and are invaluable in all Complaints incidental to Females of all ages. For Children and the aged they are priceless.

Horse Shoeing a Specialty.

Flesherton, Feb. 12, 1884.

This & That.

Sudden Death.

From the Tara Leader.

On Sunday afternoon Mrs. Chas. Thompson, of Arran, received a paralytic stroke, became insensible, and died early the next morning. She was apparently in her usual health during the day, enjoyed a hearty dinner, and while sitting quietly by the fire at about two o'clock, suddenly complained to her husband that she felt a queer sensation in her right side. She received immediate attention, was removed to bed, and Dr. Taylor summoned. Long before he arrived she was insensible, and nothing could be done for her. She never regained consciousness, but passed quietly away at eight on Monday. Mrs Thompsan came to Arran with her husband over thirty years ago, and was well known and highly respected all over the township. She was buried on Wednesday, the funeral being very largely attended. She was in her 65th year.

CURE FOR RHEUMATISM.—Sufferers from either acute or chronic rheumatism will find no more ready relief or better cure than Hagyard's Yellow Oil, the popular household remedy for external and internal use in all painful affections.

The Streams and Rivers Bill.

From the Barrie Advance.

Mowat has re-introduced his Rivers and Streams bill with one of the objectionable features removed but still retaining the principle one. The change is a useless back down for Mowat as the Dominion Government cannot authorize a bill, which carries a lie upon its face. The preamble to Mowat's bill asserts that it has always been law when the fact is that it never has been. The question of fees is a minor matter that has little bearing upon the question at all. The man who at great expense and risk constructs a dam and slide does not desire to convert himself into the toll keeper and count every log that goes down his slide and check the name of every man that sends it. Mr. McLaren contends, and we think with reason that any one wishing to use his improvements should make a bulk bargain for the season, and then there would be no further annoyance on either side. But just here the nose of a fox peeps out. If Mowat's bill with its precious preamble were allowed, Caldwell, who owns a seat in the Local Legislature, and in whose interest the bill is being passed, could not only run his logs through McLaren's improvements on a payment, but could claim damages for any loss he may choose to say he sustained since these improvements were made. No Government with any sense of justice, no matter what its politics might be, could justify such a measure. If therefore Caldwell has performed services to the party that requires substantial recompense we would recommend Mr. Mowat to pay him at once. The amount can be entered in the Public Accounts as "dusters" Apollinaris water," or any such little thing that might suggest itself to Mr. Mowat's experience. He certainly will not be allowed to balance accounts with Caldwell by swindling McLaren.

WEATHER PROBABILITIES.—Foretelling the weather is uncertain at the best but it is certain that if you catch cold in this changeable climate you can best break its ill effects with Hagyard's Pectoral Balsam, the most reliable and plesant remedy for coughs, cold, bronchial and lung complaints. It is so agreeable that even a child will take it.

The White Mills, Stayner.

From the Stayner Sun.

Although Reynolds & Co, had the White Mills, which was destroyed by the late boiler explosion, well insured they will be unable, we understand, to recover any of the insurance. The Insurance companies interested refuse to pay on the ground that the damage done was caused entirely by the explosion of the boiler, and not by fire. As soon as this was known sympathy expressed and felt for Mr. Wm. Reynolds, the surviving partner, in his heavy loss, took effect in a more tangible way. A petition was at once circulated and signed by a majority of the village ratepayers praying the council to submit a by-law to the ratepayers for granting a bonus of $1,000 to Mr. Reynolds to enable him to repair his mill. On Tuesday night a special meeting of the the Council was held for the consideration of said petition, and they decided to submit the by-law. We believe no industry has done more to keep Stayner "moving" than its flour and gristing mills. They have caused and kept up a lively competition in our grain market—the backbone of Stayner—and it now has the reputation of being the best on the Northern Railroad. All things considered the ratepayers will do the right thing by sustaining the by-law, and feel confident from what we have heard of the feelings of the people in the matter there will be little or no opposition to the passing of it.

PROF. LOWE'S SULPHUR SOAP is highly recommended for the cure of Eruption, Chafes, Chapped Hands, Pimples, Tan, &c.

Funeral Reform.

From the Toronto Daily Mail.

MONTREAL, March 15.—The Ministerial Association of Montreal has had the question of funeral reform under its consideration, and has issued the following sensible advice to the public on the subject:—

1. Many funerals are conducted too expensively. While the rich can afford it, the poor have to spend too much, and that at a time when they have little to spare. If those who are wealthy were to set the example, it would be easy for the poor to follow. Crapes and badges might be dispensed with altogether. It should not be considered necessary to have flowers, and even when they are used it is well to remember that their simple and suggestive beauty is obscured rather than enhanced by a prodigal and expensive display.

2. It is desirable to use our churches more frequently for burial services, especially in the winter season, where a large attendance may be expected. Many of those who attend a funeral cannot enter the house of mourning, and after hurrying in order not to be late, they find they have to stand for some time in the cold. Cases of serious illness are known to have arisen from this cause.

3. Our custom of walking from some distance on the way to the cemetery might be done away with. When the funeral service is in church the friends could escort the mortal remains from the house to the church, and at the conclusion of the service those who are to go to the cemetery could enter the carriages at the church door, while the service is at an end so far as the general body of the mourners are concerned.

4. The preaching of sermons or the giving of addresses at funerals should be discontinued excepting in exceptional cases. The custom of giving a sermon or address is gradually becoming less common in the city, although it is still almost universal in the rural districts. A generally understood practice would not only prevent disappointment and possibly offence, but it would save the time of many who wish to attend the funeral but are not able to get much time.

IT SHOULD BE INVESTIGATED—If any of our readers are suffering from chronic diseases of the stomach, liver, kidneys or blood, they should investigate the merits of Burdock Blood Bitters. It is making some of the most remarkable cures on record.

NATIONAL PILLS acts promptly upon the Liver, regulate the Bowels and as a purgative are mild and thorough.

REMOVAL!

MISS G. A. N. PAGE,

(LATE OF OWEN SOUND)

will be found in Mrs. Bulmer's shop, nearly opposite Mr. M. Richardson's general store Flesherton, where she will be prepared as usual to DO OVER and MAKE UP LADIES' and GENTLEMEN'S FELT, STRAW, BEAVER AND CAMEL'S HAIR

HATS,

and make **EQUAL TO NEW.**

The public are respectfully invited to give her a trial.

SCROFULA

and all scrofulous diseases, **Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils,** and **Eruptions of the Skin,** are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me.

Yours respectfully, MRS. ANN O'BRIAN."
148 Sullivan St., New York, June 24, 1882.

☞ **All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.**

The well-known *writer on the Boston Herald*, B. W. BALL, of *Rochester, N.H.*, writes, June 7, 1882:

"Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a *complete cure*. I consider it a magnificent remedy for all blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures **Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility,** and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.

It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists; price $1, six bottles for $5.

Burdock BLOOD BITTERS.
