Remarkable.

We clip the following from the Thornbury *Standard* of last week:—

We, the other day, saw the portions of the skull that were taken from the head of the son of Mr. Angus McDonald. It is astonishing how near some can come to death and live. The portion of the skull taken out is just above and back of the right ear circular in shape and about one and a quarter inches in diameter. The portion was broken into several pieces, and the doctor had to insert the hand over the brain under the skull to the left ear to withdraw the pieces, which he did with great difficulty. Some of the smaller pieces were driven into the brain. At the time no one thought the patient would recover; and even for some weeks after it was merely considered life was prolonged by the youth and vigor of the young lad. Although portions of the brain and other matter copiously exuded not the least sign of mental aberration was perceptible. It is among the rare cases one perhaps out of many thousands, where after such a horrible wound the patient recovered.

The enervation and lassitude of spring time are but indications of sluggish action of the blood, overloaded with carbonaten accumulated by the use of heating food in winter. This condition may be remedied by the use of Ayer's Sarsaparilla, the best blood purifier known.

Meaford Road.

(From our own Correspondent.)

Mrs. J. Rowe and family left here on Tuesday. They are at present spending a short time visiting their friends previous to their departure for Manitoba. Mrs. Rowe leaves behind her in this neighborhood, many warm friends, who wish a pleasant and prosperous journey, and every success in her new home.

Mr. Jack Holly, jr., met with a bad accident while chopping in the woods, giving himself a severe gash in his foot with the axe.

The Fall Wheat does not look as well at present as when the snow went off; the cold frosty weather has given it a dull look.

Very little grain sown here yet.

A Lawyer's Opinion of Interest to all.

J. A. Tawney, Esq., a leading attorney of Winona, Minn., writes: After using it for more than three years, I take great pleasure in stating that I regard Dr. King's New Discovery for Consumption, as the best remedy in the world for Coughs and Colds. It has never failed to cure the most severe cold I have had, invariably relieves the pain in the chest."

Trial Bottles of this sure cure for all Throat and Lung Diseases may be had free at W. Richardson's Drug Store. Large size, $1.00.

A Remarkable Lamb.

A lamb, belonging to Mr. John Porteous, Artemesia, has a remarkable head. The lower jaw occupies the position of the upper jaw, and there is no lower jaw, while the ears are on the opposite part of the head to that on which they are usually found.

East Grey Spring Show.

The above show was held on the Society's grounds, Flesherton, on Tuesday last, 22nd inst. The weather was all that could have been desired, but the attendance of visitors was not large.

The exhibit of Stallions was, on the whole, very fair. Some of the horses, however, would have appeared to better advantage hitched to street cars or scavenger carts.

The Bulls exhibited were, with the exception of the two which were awarded prizes, a scraggy, starved-looking lot. Indeed, only the two bulls referred to were considered worthy of any recognition whatever by the judges.

The following is the prize list:—

STALLIONS.

Heavy Draught.—1st J. McAlear, 2nd R. Freeborn.

Roadster,—1st J. & W. H. Johnston, 2nd W. H. Campaigne.

General Purpose,—1st W. W. Trimble, 2nd Wm. Fawcett.

Blood,—R. Freeborn.

Percheron,—H. King.

BULLS.

An Answer wanted.

Can any one bring us a case of Kidney or Liver complaint that Electric bitters will not speedily cure? We say they can not, as thousands of cases already permanently cured and who are daily recommending Electric Bitters, will prove. Bright's Disease, Diabetes, Weak Back, or any urinary complaint quickly cured. They purify the blood, regulate the bowels, and act directly on the diseased parts. Every bottle guaranteed. For sale at 50c. a bottle at W. Richardson's.

Shelburne.

Our esteemed agent Mr. A. Smith, has, we are informed, been made the recipient of a Patent Oat Receiver, an article of great value to every farmer, which we believe only needs to be seen to be duly appreciated. Doubtless an agency will be opened in the village where a rapid sale must necessarily follow.

DANGER SIGNAL.—Reader, if you are troubled with pains, weakness, weariness and a dragging feeling in the small of the back, with thick—high colored—slimy urine, then you have alarming signal of danger, and should resort to Burdock Blood Blood Bitters, the grand kidney regulator and blood and liver cleansing tonic.

Beer.

Beer is regarded by many as a healthy Beverage. Let me give you a few of the ingredients used in its manufacture. The adulterations most commonly used to give bitterness are gentian, wormwood, and quassia; to impart pungency, ginger, orange peel and caraway. If these were all there would be small need of warning the young against the use of beer on account of its injurious ingredients. But when there are added to preserve the frothy head, alum and blue vitriol; to intoxicate, coculus, nux vomico and tobacco; and to promote thirst, salt—then indeed does it become necessary to warn the innocent against the use of this poisonous beverage. Boys and Girls, never touch it.

As a superb hair dressing and renovator Ayer's Hair Vigor is universally commended. It eradicates scurf and dandruff, cures all eruptions and itchings of the scalp, promotes the renewed growth of the hair, and surely prevents its fading or turning grey.

A BAD CASE OF STARVATION.—To starve the lungs by a lack of vital food contained in pure air. If the lungs are obstructed by colds, remove the accumulated phlegm with with that safe and pleasant throat and lung remedy, Hagyards Pectoral Balsam.
