Heard's Improv'd HARROWS.

Artemesia, June 16th, 1883.

MR. JOHN H. HEARD.

Dear Sir,—I take pleasure in testifying that the set of ten-bulled Harrows I purchased from you last April has given me entire satisfaction. It being given to me on trial, I closely watched its operations when at work to find a fault with it, but I failed to see any. It is no heavier on my team than my six-bull wooden harrow. I am yours truly, JOHN WHITBY.

HEALTH FOR ALL.

Hopeville.

From our own Correspondent,

The election is a thing of the past. We waited patiently to hear the result of the grumbling about the "wee" sheriff at the Sound over-looking all our past Dep.-Returning officers in the division, and sending one from Dundalk (nine miles away) to be Deputy Returning officer at Hopeville—who but one Middleton!

The long-looked for law-suit, arising from a quarrel on election day, between two parties living near Hopeville, did not come off. All has blown over. The Yankee deserter had to take his share of the disgrace for attacking an old man. Whiskey was supposed to be the cause of the trouble. Of course no whiskey was got at "Bummer's Roost" during election hours—O, no!

Leap year is doing its work well here. Several marriages lately. Very modest young men here. As soon as the marriage knot is tied, they slip home with their parents for a few days, until they consider about the house-keeping.

We have fine weather now, and expect a good spring, summer and harvest. It is much needed to make up for last year's failure in crops. WIGGINS.

DANGER SIGNALS.—Reader, if you are troubled with pains, weakness, weariness and a dragging feeling in the small of the back, with thick—high colored—slimy urine, then you have alarming signal of danger, and should resort to Burdock Blood Blood Bitters, the grand kidney regulator and blood and liver cleansing tonic.

Feversham.

From our Correspondent,

On Friday last a serious accident occurred to the son of Mr. Geo. Lush. The former was engaged in "rolling," with a span of two year old colts, when one of the breech straps became entangled in the tug. He went out on the tongue of the roller to unfasten it, when the team started off at full speed. By some means he managed to cling to the tongue and one of the lines. The hook of the tug caught him under the arm, making a very severe gash. He is otherwise injured. Dr. Kerr was called in and sewed up the wound. With careful treatment the young man will soon recover.

Farmers in this vicinity are making the best of the fine weather, and are busy sowing.

The merchants here are doing a lively business, dealing mainly in hen fruit.

Mr. Alfred Lees house was burned down on Wednesday last. It was occupied by Mr. William Roberts who is working the farm on shares. The fire occurred at about 11 o'clock in the forenoon. All the effects were saved by the timely aid of the neighbors.

Agricultural implement agents are plentiful—all trying to "gull(*i*)" the "poor" farmer.

Fluid Lightning.

Fluid Lightning not only cures Toothache instantly, but also Neuralgia, Headache, Earache' Rheumatism, Lumbago and Sciatica. Pain of any kind cannot remain one minute where it is applied. When you hear of Fluid Lightning you hear of one of the greatest marvels ever known in the way of a medicine, as it never fails to cure, and not in a week or a day, but the instant it is applied to the affected part. Sold at Richardson's.

Fire at Tara.

On Tuesday forenoon our village had a narrow escape from annihiliation by fire. The roof of the building occupied by Mr. J. Macartney, next door to the Queens hotel, caught fire from a defective chimney; but was fortunately detected in time to be extinguished by prompt action on the part of a few of our citizens, and the application of several pails of water. Five minutes longer and it would have been impossible to stay the spread of the flames, and as a stiff breeze was blowing from the south at the time, if the fire had got beyond control in the building in which it originated, Tara would have been almost completely swept out of existence. Mr. Geo. Glover is the owner of the building, and as he has repeatedly declined to repair the chimney, it is time for the law (if it covers the case) to be put in force, so as to compel him to make the building safe. We hope our reeve and councillors will treat the matter with their usual energy.—*Tara Leader.*

Raise Your Cows.

The new England *Farmer* says: We have tried both buying and raising cows, and find the advantages are greatly in favor of the latter method of replenishing stock. A calf that is raised on the farm, if kindly treated, feels very much as though she belonged to the farm, if not to the family. It will be a very poor fence or a very short pasture that will tempt her to leave her own home surroundings. She knows her own pasture and her own home, and becomes very much attached to both, while the purchased animal is almost sure to be lonesome and home-sick when first put in with a herd of strange, and vicious animals. Almost every fresh introduction of a strange animal is followed by a general fight for mastery.

An Answer wanted.

Can any one bring us a case of Kidney or Liver complaint that Electric bitters will not speedily cure? We say they can not, as thousands of cases already permanently cured and who are daily recommending Electric Bitters, will prove. Bright's Disease, Diabetes, Weak Back, or any urinary complaint quickly cured. They purify the blood, regulate the bowels, and act directly on the diseased parts. Every bottle guaranteed. For sale at 50c. a bottle at W. Richardson's.

HALL'S
Vegetable Sicilian
HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: *the entire fulfilment of its promises.*

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
