AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a **Ladies' Hair Dressing**, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from *Kirby, O., July 3, 1882*: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from *Boston, Mass., Feb. 6, 1880*: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from *18 Elm St., Charlestown, Mass., April 14, 1882*, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.

King Dodds.

King Dodds is the "big" man of the Licensed Victuallers' Association. He is considered to be a forcible, clear, and logical speaker by many of those who have heard him speak on the public platform. He has spoken against the Dunkin Act on many a public platform: he is now engaged in ridiculing the Scott Act, which is very much superior in every way to the Dunkin Act, which proved such a failure here some years ago. But if King Dodds were not well paid for his "stumping," the Licensed Victuallers' and liquor men generally might go to Halifax for all the interest he would take in the Scott Act, or any other act. The almighty dollar is the propelling power in his case. Even those engaged in the liquor business know that strong drink has brought ruin and misery into many homes all over the world. Wherever liquor is sold its baneful effects are seen on every hand. It is not necessary to quote passages from authors of ancient and modern days who happen to agree with King Dodds and men of his ilk on the liquor question. All the eloquence of King Dodds or King Anybody Else, will not remove the fact that the liquor traffic is a curse to individuals, and a curse to the nation as a whole. The Scott Act has worked well in the counties where it has become law, and why not give it a trial in other counties. Never mind Kind Dodds; he may quote all the authors who have ever existed, and use all the logic he is capable of using, but the terrible fact still remains, that intemperance is daily filling our gails and penetentiaries with criminals, our poorhouse with paupers, and our asylums with wrecked humanity!!

By land or at sea, out in the prairie, or in the crowded city, Ayer's Cathartic Pills are the best for purgative purposes, everywhere alike convenient, efficacious, and safe. For sluggish bowels, torpid liver, indigestion, bad breath, flatulency, and sick headache, they are a sure remedy.

Heard's Carriage Works.

Mr. J. H. Heard, Blacksmith and Carriage maker, Flesherton, has lately made seme important additions to his celebrated works. Among other things, he has got up a contrivance for boxing wheels of waggons and carriages safely and rapidly; it is also used for bending wood into various shapes. It is a most ingenious implement. He has also purchased an apparatus, whereby the setting of tires is greatly expedited. This apparatus is placed under cover, so that tires can be put on in winter or summer time—in rain or in sunshine. The contrivance consists of an immense circular piece of iron hoop, about two feet in depth, and probably eight or nine feet in diameter. Inside of this large "hoop" is a grate on which the fire is to be built. A large smokestack carries off the smoke. A cover fits over the mouth of the "hoop," which can be raised to allow the tire to be placed in the fire, and then lowered to confine the heat. The water used for the setting of the tires, will be obtained from a cistern in the same compartment, by means of a force pump. Throughout, this is one of the most complete blacksmith and carriage shops in Grey.

Notwithstanding much has been said about the importance of a blood-purifying medicine, it may be possible that the matter has never seriously claimed your attention. *Think of it now!* If, by the use of a few bottles of Ayer's Sarsaparilla you avoid the evils of scrofula, and transmit a healthy constitution to your offspring, thank us for the suggestion.

Lady Bank.

From our own Correspondent.

The greatest revival of God's work that has ever been known in this vicinity, is now going on in Providence Church. Their are seekers of religion and pardon of sin forward at the after every night. Twenty persons have been saved, although the meetings have only been in progress one week. To God be all the glory!

FREEMAN'S WORM POWDERS are safe in all cases. They destroy and remove Worms in children or adults.

Is this Another Crank?

A Mr. Trull, according to the Thornbury *Standard* of last week, predicts a famine in Canada this year. He says it will be the coldest and wettest season we have had in Canada for very many years, on account of the absence of the crow and other weather-wise birds. He advises farmers to turn their attention almost exclusively to stock raising. The *Standard* says that last summer Mr. Trull predicted a severe winter, although everybody thought it would be the opposite; and that, therefore, his prediction now concerning the coming season, ought to receive some attention. We would also urge our farmers to go into stock raising more extensively than they do at present; but we do not anticipate a famine all the same. Is this Mr. Trull another of that species of humanity designated by the not eulogistic name of cranks? Time will show.

IMPORTANT CHANGES.—There are two periods in the life of every female when he system undergoes great changes. First, the change from childhood to womanhood; next that of womanhood to old age. These are the critical changes of life, and the system should be nourished and regulated by that matchless tonic, Burdock Blood Bitters. It is invaluable in all diseases peculiar to females.

Salem Sabbath School.

The annual meeting of this school was held in the church on the 4th. The secretary read his report which showed a large average attendance, and the Treasurer's statement showed a good surplus to the credit of the school. Altogether this school is in a very flourishing state, the officers are Mr. Meldrum, Sup., Mr. Hawkins, assistant Sup., Councillor Pedlar, Robert Meldrum, and Joseph Pedlar, Miss Park and Miss Smith, Teachers. Mr. Pedlar, Treasurer, and George Meldrum, Sec'y.

Not Leaving Priceville.

Although having sold his store, to a gentleman from Seaforth—who will continue the business in the old stand—Dr. Ghent is not leaving Priceville for Toronto, as erroneously stated in the Markdale *Standard* of last week, but will continue the practice of his profession in Priceville and locality. The *Standard* should exercise a little more care, and not make such slipshod statements as appear from time to time in its columns.
