THE ADVANCE.

A. R. Fawcett, — Editor.

FLESHERTON:
THURSDAY, SEPT. 18, 1884.

We had not thought there were any young men in this village who would be guilty of such acts of Sabbath breaking as laid to their charge by our correspondent, "One who loves the Young Men," in this issue of THE ADVANCE. We regret most sincerely to know that our correspondent's charges are only too true.

The Arthur *Enterprise*, edited by our genial friend, Seneca G. Ketchum, says—in quoting an article from the Thornbury *Venture* denouncing the Scott Act—"Mr. J. W. Grier, editor of the *Venture* is "*an enthusiastic advocate of total abstinence!*" Grier is nothing of the sort, and never said he was himself an "enthusiastic" or any other kind of "advocate of total abstinence."

There is every likelihood that building operations will be as lively, if not livelier in Flesherton next year than it has been during the present season. A boom has struck the village in downright earnest, and in consequence trade is flowing in that otherwise might have sought other channels. Our merchants are handling more goods than ever before, our mechanics have any amount of work, and every other enterprise is in a similarly prosperous condition. Assuredly better days are dawning for Flesherton. Let them come.

HALTON.

The splendid victory achieved by the Temperance people of the County of Halton last week, will be a source of gratification to every man who longs to see this country freed from intemperance. It is a death blow to the hopes of King Dodds and his following. It is the signal for a general uprising of prohibitionists, from the Atlantic to the Pacific; from the 49th parallel to the ice-bound shores of the far-far North. The *fiat* has gone forth—*the liquor must go!*

In the face of the powerful influences brought to bear on the electorate, by the liquor interests, brave little Halton has declared most emphatically that the Scott Act is not a "failure and a fraud," but a decided success. It was carried in 1881 by eighty-one of a majority, and on the nineth day of this month it was sustained by *over one hundred and eighty* of a majority. Well done, nay, but rather, *nobly* done, Halton!

The effect of this victory on the counties in which the Act is about to be submitted, will be to put new life and energy into those whose courage was beginning to sink because of the many contradictory rumors received weekly from Halton, as to the working of the Act there. The liquor men could not possibly have made a greater mistake than by trying the repeal in Halton before the Act was submitted in the other Counties. The defeat of their scheme has only served to strengthen the cause of their opponents, while it has very materially weakened their own. If the Act is a success in Halton, Why will it not be a success elsewhere?

The "fanatics" are probably not so far astray after all when they say —"*prohibition is a possibility.*" We shall see.

EAST GREY EXHIBITION.

The Big Show to be Held in Flesherton next Week.

The annual fall exhibition to be held on the East Grey Agricultural Society's grounds next week—Tuesday and Wednesday, Sept. 23rd and 24th.—promises to be the most successful ever held by that energetic Society. Among the most important features of the Show will be the large and splendid array of Special Prizes. Although these specials are published in the prize list pamphlets, we think it will not be out of place to reproduce them in the columns of THE ADVANCE; and the more especially as it may be possible, that a number of our readers, interested in the East Grey Show, may not have received pamphlets containing them. The following are the

The Society's prizes have been subjected to a careful supervision, and will be found to be eminently satisfactory to those particularly interested in these matters. The society is in a sound financial condition, thanks to the careful and wise management of an efficient directorate.

A BIG ISSUE.

This week we send out to the public twelve hundred copies of THE ADVANCE. Those sent to others than subscribers are *free copies*, which will not be continued unless we receive special instructions to do so. If you like the paper send us *twenty cents*, which will pay for it until the 1st of January next; or $1.10 which will pay for it until the 1st of January, 1886. We trust to add the names of two or three hundred new subscribers to our list before the end of the year. The ADVANCE contains as much local and general reading matter as any other paper in Grey.

Another big special edition of THE ADVANCE will probably be issued before the end of 1884.

Flesherton V. Priceville.

A Pleasant Game of Base Ball last Friday Afternoon.

A "Lightning Express" Ride.

A friendly game of Base Ball was played last Friday afternoon on the school grounds, Priceville, between the Flesherton (second nine) and Priceville B. B. C's, with Mr. R. M. Cummings as umpire. Both clubs were recently organized. The former was only organized on the night of the match between the 1st nine of Flesherton and Markdale. With practice, our second nine and Priceville club promise to put in some fine work next season. As yet their fielding is rather weak; but as batters they are—taken as a whole—very heavy hitters.

At 2;30 o'clock the Priceville team went to the bat and scored twelve in good style. Flesherton followed and succeeded in scoring twenty-two. On the second inning Priceville scored five and Flesherton eight runs. Priceville then went to the bat and by "close attention to business" succeeded in scoring twelve. Flesherton then went to the bat, but through the sharp fielding of the home team they were "whitewashed." This was the only whitewashing done during the progress of the match, although the home team had a narrow escape.

At this juncture an amusing event occurred.—Umpire Cummings had stuck his handkerchief on one of the poles intending to mark the left "foul" line, when a hungry porker, which had been wandering listlessly about in quest of something eatable, espied this article. Leisurely trotting over to the place, the pig grabbed a corner of the handkerchief and started off with it in his mouth amid the uproarious laughter of spectators and players.

Priceville played their eighth inning, but it grew too dark for the Flesherton team to finish theirs, although there were two out when "game" was called. Flesherton made a large number of runs this inning, but as they were unable to finish it we just give the scores for seven innings, which gave them (Flesherton team) the victory by four runs. The following are the scores:—

Total runs, 67.

NOTES.

Capt. Jas. Tryon made the most runs in Priceville team, and David Clayton the most runs in Flesherton team.

Umpire Cummings gave good satisfaction on the various "points" raised.

J. Brown made an excellent backstop for the Priceville team; while the Flesherton backstop, Billy Vokes, did some very neat work.

Will Campaigne caught out two of the Priceville team in the most scientific manner, while backstopping in the fifth inning, one on a foul, and the other on strikes.

Alfred Watson caught one of those "red hot" flys which are apt to astonish the "new beginner" when he first tries the feat.

R. H. Hannah did some splendid work as first baseman, rarely ever letting a ball pass him. He and Capt. Jas. Tryon were probably the best runners on the ground.

W. J. Davis was very successful in "stealing" bases.

Harry Firth made some powerful strikes, and good general playing throughout.

Jimmy Mosier was struck with a ball and "laid up" for one inning, his place being very efficiently filled in the interval by Master Hogg, who is "the makings" of a first-class base-baller.

J. G. Russell and Capt. P. Munshaw made some very heavy hits, and they did neat work as second and third baseman respectively.

The second baseman of the Priceville team,—Watson—made some very neat catches.

Drs. Hixon and Ghent, Mr. John Latimer, Mr. S. L. M. Luke and other notables were among the spectators.

After the match three cheers were given with hearty good will for the respective teams, the umpire, scores, and the newspaper men, after which the baseballers adjourned to Dennis' Hotel for supper. The spread was an excellent one, reflecting much credit on the hostess. After supper the Flesherton boys left for home highly delighted by the royal manner in which they had been entertained by Priceville Base Ball team.

The Editor of this paper was driven home by Will Campaign's

"LIGHTNING EXPRESS,"

Jimmy Puzzler. This was the first time we rode behind Campain's famous trotter. All the rest of the Flesherton crowd had left Priceville nearly twenty minutes before we started. *Jimmy* trotted leisurely until he reached the top of Ferguson's hill, when, almost like a a flash of lightning, we were whizzing down the slope beyond. Sparks of fire flew from the stones as we rushed like a hurricane over the gravelly road. Fences, stumps, and other objects danced before our eyes like weird and unearthly spectres. Whizz-zz, rip! and we rush past two of "our boys" in a single buggy like "forked lightning." On we go again—hello! what's that? We have barely time to utter the startled exclamation when we flash past a dark object which we imagine to be a threshing machine. Bumpety, bump! and we dart past another dark object which we suppose is the horse power. On we fly again as though all the demons in the air were in our wake, and in *thirteen minutes* after leaving Priceville, we have arrived at Flesherton Station! We are trembling with excitement, never having had such a rapid ride in our life before We look at Campaigne, but he is perfectly cool and self-possessed. As for *Jimmy Puzzler;* well, that noble little horse stands arching his neck, and pawing the ground with his hoofs, as though he were quite ready and willing to do the same thing over again.

A RARE PLANT.—The Wild Strawberry Plant posses rare virtue as a cleansing, cooling astringent, anteseptic, and healing medicine, and when combined with other valuable vegetable extracts, as in Dr. Fowler's Extract of Wild Strawberry, it is an unfailing remedy in all Bowel complaints.

RESPECT AGE.—Age should always command respect, in the case of Dr. Fowler's Extract of Wild Strawberry it certainly does for 25 years that has been the standard remedy with the people, for Cholera Morbus, Dysentery, Diarrhœa, Colic and all Bowel Compaints.

FREEMAN'S WORM POWDERS destroy and remove worms without injury to adult or infant.

A STRONG ENDORSEMENT.—The Clergy, the Medical Faculty, the Press and the People all endorse Burdock Blood Bitters as the best system renovating blood purifying tonic known. Its work bears out their best recommend.

OBSTRUCTIONS of the Stomach, Liver and Bowels, are promptly removed by National Pills.
