THE ADVANCE.

A. R. Fawcett, — Editor.

FLESHERTON:
THURSDAY, OCT. 23, 1884.

SCOTT ACT VICTORIES.

The Scott Act was carried in the counties of Stormont, Glengary and Dundas last Thursday by the magnificent majority of fifteen hundred. The attempt to repeal the Act in a Prince Edward Island division was defeated on the same day.

While victory is crowning the efforts of prohibitionists in other places, we regret that in our own County of Grey a vote will not be taken in time to prevent licenses being taken out for another year. Through some mismanagement there was an insufficient number of names on the petitions fyled at the Sheriff's office, and now the whole work will have to be gone over again. We trust that the Temperance party will thoroughly and properly organize itself in order that the work may be carried to a successful issue.

OUR MARKET.

The highest prices paid for grain by our energetic buyers, Messrs. Neilson Bros. Mr. W. H. Elder buys grain for the firm in this village, while a member of the firm buys at Flesherton Station. Arrangements are perfected whereby any quantity of grain can be taken and disposed of. The Neilson Bros. have an excellent reputation in the grain trade. A large quantity of grain is daily coming into our market, which is now one of the best in the County.

The general impression is, that the prices for the various cereals are not likely to range any higher than they are at present. In nearly every great grain growing country in the world, the crops have been most abundant, so that, to a certain extent, the markets of all the great centres are glutted. In view of these facts we believe it would be prudent for our farmers to market their grain at as early a date as possible. Otherwise, to use a common expression, the may "get left."

A Successful Result.—Mr. Bloomer, of Hamilton, Ont., suffered for many years with a painful running sore upon one of his legs, which baffled all attempts to heal until he used Burdock Blood Bitters, which speedily worked a perfect cure.

A HORRIBLE ACCIDENT.

A Terrible Threshing Machine Accident in Euphrasia Township.

On Tuesday forenoon last, about ten o'clock, a horrible accident occurred at a threshing on the 11th line, Euphrasia. A son of Mr. James Stinson, aged about ten or eleven years, was standing near the "boxing" of the machine while it was running. Happening to lean his elbow near the gear, his coat sleeve was suddenly caught by the shaft, and the next instant he was drawn in bodily. His feet were huried into the rapidly revolving cylinder of the thresher and literally torn to pieces. A portion of one of his legs went through the machine. His hand was drawn in between the tumbling shaft and the framework of the thresher, and fearfully mangled. The poor lad was perfectly conscious, when extricated, and complained that his feet felt cold and heavy, although both had been torn off and crushed to atoms almost. Dr. Sproule was called in, but the unfortunate youth was past all hope of recovery. He lingered until seven o'clock in the evening of the same day, when he passed quietly away to the other world.

The father of the boy who thus came to an untimely end, owned the threshing machine in connection with which the accident occurred. He feels sorely, together with the relatives, the terrible blow which has fallen on the family circle, and has the sympathy of all in the dark hour of his affliction.

An Agreeable Surprise.—Those who try Burdock Blood Bitters as a regulator of the bowels, or to purify the blood, aid digestion, regulate the liver and kidneys, or strengthen tired nature, are agreeably surprised at the prompt benefit derived.

Eugenia.

(From our own Correspondent.)

The harvest is past, the summer is ended. The beautiful autumn has come one more with its ripened fruits, its seered leaves, its chilling winds, reminding one of the coming winter, (the afternoon of life) causing men to make preparations to withstand the icy fingers of Jack Frost in the near future, as demonstrated by the building and repairing operations being vigorously engaged in all around us.

Mr. T. B. Gilliland has given us another example in the new departure in the building line in your town by veneering his house with brick. Our town artisan, Mr. E. Paul, built the brick which reflects much credit on him as a master hand at the business. Other brick buildings are being contemplated. That's right; they are the cheapest building the long run.

Mr. Akitt has sold the old Tackaberry residence to Mr. Wm. Suggitt, late of Osprey, who has retired from farming and business life and now becomes a full-fledged citizen of our romantic town. He says it is nice to live here. Let more come and do and say likewise.

The farmers say they have a fair yield, but oh! what prices! Never mind—whistle boys, whistle; there's a good time coming.

Prompt Measures.—Prompt means should be used to break sudden colds and cure coughs in their early stages. Hagyard's Pectoral Balsam does this most speedily and effectually.

A Decided Hit.—Hagyards Yellow Oil touches the right spot every time when applied for rheumatism, neuralgia, pain, soreness or lameness, and internally for colds, sore throat, etc., it is equally infallible.

Fluid Lightning not only cures Toothache instantly, but also Neuralgia, Headache, Earache, Rheumatism, Lumbago and Sciatica. Pain of any kind cannot remain one minute where it is applied. When you hear of Fluid Lightning you hear of one of the greatest marvels ever known in the way of medicine as it never fails to cure, and not in a week or a day, but the instant it is applied to the affected part. Sold at Richardson's Drug Store.
