" " " " " " " for cash..... 66.00

Manufacturer of Buggies, Democrats, Waggons, Cutters, Sleighs, Iron Harrows, and Agent for Plows.

JOHN H. HEARD, Flesherton.

Saw Mill & Timber Land For Sale or To Let.

In the **Township of Artemesia,** in the County of Grey, 4 miles from Flesherton Station, the Canadian Pacific Railway. The Mill is situated at Little Falls, in a block of about 400 acres Timber Land, with other timber land surrounding. The building is substantiolly built on stone foundation. The machinery is all good and driven with great power by a 23 inch Leffel wheel, under 36 feet head of water. There are 1 Large Circular Saw for cutting logs; 2 Small Circulars for sawing Laths and Broom Handles; 1 Guage Lathe for turning Broom Handles, &c.; 1 Shingle Machine with Jointer and Packer complete. The Water-Power is excellent, the stream being very regular. There are several other good Mill Sites on the property. The land in this valley is considered the best in the country. The place would make an excellent Stock Farm when the timber is taken off

This offers a good opportunity for a practical, energetic man to go into this kind of business, as the place will be sold or let on FAVORABLE TERMS. The bush is so convenient to the Mill, logs can be trucked in summer time. Immediate possession given.

Apply to the proprietor,

"Scott Act Slanderers."

To the Editor of The Advance.

Dear Sir,—In perusing a copy of your last week's issue, my attention was drawn to an article under the heading, "Scott Act Slanderers." After reading two or three sentences of it I felt convinced that anti-prohibitionist blunderer, "L. M. L. S.," was vainly endeavoring to grapple with what you have very properly designated, "The Question of the Hour." Imagine my surprise to find the name of A. Munshaw appended at the bottom instead! Wonders will never cease, said, I to myself: mistakes will happen sometimes, guard against them how one may.

The first sentence of the letter is as fine a sample of unadulterated misrepresentation as I have come in contact with for many a day. By what authority does Mr. Munshaw assume, that the cause he refers to (presumably the Scott Act) requires "the fostering influence of falsehood to promote its success?" The recent victories in Halton, Simcoe, Dundas, Stormont, Glengary, Stansstead, and other places are an emphatic refutation to this ridiculous and false assumption. Stick to the facts, friend Munshaw.

As usual, Mr. Munshaw is *polite*—very. He says Firth's "meanness stinks in the nostrils of high Heaven!" It might not be out of place to quote the old adage right here, for Mr. M's edification:—"People who live in glass houses should never throw stones." I know very little about Firth except in connection with his late difficulty with Mr. Munshaw, and my first letter on the subject was perfectly in accordance with the facts as I gleaned them from street talk, and from what I considered reliable sources. You say I exaggerated; at least you imply as much. Perhaps I did, but certainly it was far from my intention to do so. If Firth was four months in arrearage for rent, and tried to "sneak" away from the premises (as Mr. Munshaw says he did) then I say he acted very meanly indeed and deserved the treatment he received.

But, in denying the truthfulness of my allegations,—which in itself was all that was neccessary—Mr. Munshaw devotes the greater part of his letter to abuse of the Scott Act and its promoters: thus showing that the "question of the hour" has a stronger grip on his mental faculties than most people imagined. Therefore, how easy it is—without stretching one's imagination very much, either,—and how natural it is, too, to assume, that Mr. Munshaw's judgement might be swayed, at many times, by these considerations. His letter is so bitterly hostile to the Scot Act, that one might imagine he brooded over it, and felt anything but pleasantly disposed towards *any* of its "promoters," let alone the man whose "meanness stinks in the nostrils of high heaven." Evidently he has Scott Act on he brain.

I might go on at great length and enumerate many "little" things not generally known in connection with the passage of the Dunkin Act in this County some years ago: how a certain hotel-keeper was so mad that he closed his sheds to the public, and was guilty of many other mean "little" acts, which left him open to charges,—such as I preferred against Mr. M. in my first letter on this subject—but I forbear. In the meantime I might say to those who are so terribly anxious to ascertain my identity—"aint yer glad ye' found out?"

As ever Yours,
VALENTINE MUGGINS.

Wife—What's the matter now, John?

Husband—Oh, that neuralgia and toothache near kills me.

Wife—Why don't you go to Richardson's Drug Store and get a bottle of Fluid Lightning? You know it cures all such things as Toothache, Neuralgia, Headache, Lumbago, Earache, Sore Throat, etc. It gives instant relief.

$50 for $28!

A new Howe Sewing Machine will be sold for the above amount, or exchange for a good Milk Cow. Apply to THE ADVANCE office, Flesherton.

A Startling Discovery.

Mr. Wm. Johnston, of Huron, Dak., writes that his wife had been troubled with acute Bronchitis for many years, and that all remedies tried gave no permanent relief, until he procured a bottle of *Dr. King's* New Discovery for consumption, Coughs, and Colds, which had a magical effect, and produced a permanent cure. It is guaranteed to cure Diseases of Throat, Lungs, or Bronchial Tubes. Trial bottles Free at W. Richardson's Drug Store. Large Size $1.00.

DR. LOW'S PLEASANT WORM SYRUP—An agreeable, safe and effectual remedy to remove all kinds of worms.

From Toronto to Peshtigo.

(Extracts from a Letter to the Editor of The Advance.)

We speed away over the Grand Trunk from Toronto, down thro' the province "sere and yellow" in her autumn dress, whose bright green wheat fields form a striking contrast with the dark-brown of furrowed fields and golden hue of autumn woodland.

Crossing the river at Port Huron, sweeping across Michigan and Indiana, the wheat, gives place to corn fields mostly cut, but as we pass onward thro' Illinois the corn harvest appears better, past its noon-day here all is brown, except the woodland which, as yet, retains greenness. Still rushing onward across the prairie grass lands (that lie around Chicago,) dotted with innumerable haystacks (for this portion of the state is one vast meadow, broken only by the heavier growth of the marsh land) we reach the suburbs of the city enveloped in smoke and black with coal dust. Running under check across the network of railways, work steadily up thro' the city until at last the terminus is reached at 12th street, and now as the hack takes us thro' the business part of this great city, some slight idea of the magnitude of its trade can be formed. Just across the river they set us down at the Chicago North Western Depot. After a good square breakfast of surloin and baked potatoes, we take a street car ride thro' the north side as far as Lincoln Park. Here we find them removing the animals to their winter quarter, the perishable flowers and plants dug up, the park presenting a very dilapidated appearance. From there we go across to Lake Park, enter the exposition building, take in the sights, and wend our way back to the C. & N. W, again, enter the train once more, 250 miles north-west, out through the north side, parks and beautiful suburban town of Evanston. Passing out of Illinois into Wisconsin, we run into the prairie lands of the state, through Racing and Milwaukee, striking the wheat belt again. Here are splendid farms, largely cropped with fall grain of quite luxuirant growth. A few more hours ride and we are nearing the pine belt and home—Peshtigo at last, with its familiar streets and faces, recognizable even by gas light.

J. W. P.

Prominent among the greatest medical discoveries, by the many cures it has effected, *McGregor's Speedy Cure* leads the van. Subjected to the minutest chemical analysis, it has been found to contain none of those injurious ingredients characterizing the worthless specifics daily offered to the public. Every ingredient possess a peculiar adaptability to the various complaints for which it has been compounded, and its efficacy is being established by testimonials hourly received. We are therefore confident that we have a preparation which we can offer to the public with the assurance that it will be found not only a *relief* but an *absolute cure* for Dyspepsia, Liver Complaint, Indigestion, Constipation and Impure Blood. Free trial bottles at Richardson's Drug Store.

C. TREADGOLD, Flesherton, has on hand for sale very cheap for cash, a famous new Organ, having fourteen Stops, six sets of Reeds.

KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are **Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Collapse,** etc. If allowed to continue, **Rheumatism, Scrofulous Catarrh, Kidney** and **Liver Diseases, Tubercular Consumption,** and various other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system **Hereditary Scrofula,** and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

Regenerative Medicine

Is composed of the genuine *Honduras Sarsaparilla,* with *Yellow Dock, Stillingia,* the *Iodides of Potassium* and *Iron,* and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S SARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.

Ayer's Sarsaparilla
PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
[Analytical Chemists.]
Sold by all Druggists: price $1; six bottles for $5.

FOR Rough conditions of the Skin, Shampooing the head Pimples, Eruption and skin diseases, use Prof Low's Sulphur Soap.
