One night, not very long ago, some fellow lost his hat at another fellows place. He can have the hat by coming and asking for it and explaining how it got there. The fellow who found the hat has lost some hens. His neighbor also lost a hen. Who has got the hens? Did the fellow who lost the hat find the hens?

DOBSON — POOLE

We missed publishing the following wedding notice last week:

A very pretty wedding was solemnized at the United Church parsonage, Flesherton, on Wednesday, May 27th when Jennie Beatrice, eldest daughter of Mr. and Mrs. Wm. Poole, Feversham, became the bride of Mr. William Edgar Dobson, youngest son of Mrs. Elizabeth Dobson and the late John Dobson of Feversham. The ceremony was performed by Rev. W. J. Scott.

The bride, who was prettily attired in a lovely creation of baby pink chiffon with accessories to match, carried a shower bouquet of pink tulips and maiden hair fern. She was attended by her sister, Miss Eva B. Poole, who also wore a rose pink crepe de chine and carried a bouquet of narcissus and maiden hair fern. The groom was attended by his brother, Mr. Joshua Dobson.

The bridal party returned by motor to the bride's parental home, where only the immediate relatives of the bride and groom sat down to a dainty repast, which was served by the bride's half sisters, Mrs. Geo. and Mrs Thos. Gould, of Ravenna. The dining room was decorated in pink and white streamers with white bells, and the table was decorated with a five-story bride's cake.

The bride's going-away gown was of blue glory crepe with sand tweed coat hat, shoes and hose to match.

The young couple will reside at the groom's home, Twelfth Line, Osprey.

PROMISING CROPS

Conditions throughout Ontario are very promising. From present indications it appears that haying will start somewhat earlier than the average year and the yield, especially new seeding, will be very heavy. Fall wheat and spring grains are making wonderful growth. The price of cheese has strengthened in the last week or two, but many factories report a small make, due to milk products finding their way into other

Re-surface old walls and ceilings with Gyproc

HERE is a wallboard that *does not burn*, made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and 3/8 of an inch thick. It is used for interior walls, ceilings and partitions.

As well as being fire-resistant, it has structural strength, insulation value and is draught and vermin-proof. Use Gyproc Joint Filler for sealing the joints between the tall, broad sheets of wallboard.

When you are "doing over" any room in the house or adding new ones in the attic or basement, use Gyproc for walls and ceilings because you can nail it directly over the old surface. Gyproc is also an excellent base for Alabastine, Gyptex or wallpaper.

Gyproc is Canada's pioneer non-burning gypsum wallboard. Ask your nearest dealer for full details and a Gyproc direction sheet. Or write us for the FREE booklet, "Building and Remodelling with Gyproc". 374
