# THE ADVANCE.

*A. R. Fawcett, — Editor.*

FLESHERTON:
THURSDAY, NOV. 13, 1884.

### *MAKE A NOTE OF IT.*

The fact that THE ADVANCE was, last week, the only paper in Grey that contained a full report of the famous Cook Teets poisoning case, has bro't us in quite a number of new subscribers, and "still they come." Let 'em come; we spare neither time nor expense in furnishing our readers with the latest and most important home news, and it makes our heavy task all the lighter to know that enterprise and push are so heartily appreciated by the public. THE ADVANCE is bound to maintain the lead in enterprising country journalism.

### *JOTTINGS.*

Another Scott Act victory to record this week. On Tuesday last the Act was carried in Norfolk county by a splendid majority of over 1,000.

Grover Cleveland (Democrat) was elected President of the United States last week. One of his most prominent allies during the exciting contest was Rev. Henry Ward Beecher. Cleveland is the second resident of New York state who has been elevated to the Presidential chair.

The Scott Act was carried in Renfrew last week by over five hundred of a majority. So far—wherever contests have taken place—the majority of the people do not seem to be of the opinion that the Act interferes with their rights and liberties.

Friend S. L. M. Luke seems to be ready and willing to have a friendly controversy with us in connection with the Scott Act. He threw down the glove last week. and we have no hesitation, of course, in taking it up. As "individual rights" seems to be his pet hobby, we will wait until he has defined his position before "crossing pens" with him. We are well aware, that, in Mr. Luke, we have a strong antagonist, but in defence of (what we believe to be) the right, we fear no one.

### A Lawyer's Opinion of Interest to all.

J. A. Tawney, Esq., a leading attorney of Winona, Minn., writes: "After using it for more than three years, I take great pleasure in stating that I regard Dr. King's New Discovery for Consumpt'n, as the best remedy in the world for Coughs and Colds. It has never failed to cure the most severe colds I have had, and invariably relieves the pain in the chest." Trial Bottles of this sure cure for all Throat or Lung Disease may be had Free at W. Richardson's Drug Store. Large size, $1.00.

### "How His Feet Escaped."

The Chesley *Enterprise* says:—The Flesherton ADVANCE man takes two columns to explain to an anxious world that he got a speck of plaster in his eye while workmen were renovating his office." Wonder how his feet escaped.—*Markdale Standard.*

Not being as soft as the *Standard* man's head, "his feet escaped" with very few scratches; therefore it was unnecessary to record the fact.

## RAMBLING NOTES.

Valentine Muggins makes His Bow to Advance Readers Under the "old" Heading.

Dear reader! once more I address my remarks to you under the not very startling heading of "*Rambling Notes.*" Of late I have been fighting the "beasts at Ephesus" in a manner possibly more calculated to inflame the passions of those whom I have had the honor to "smite under the fifth rib," than if it had been done under the quiet, matter-of-fact, *Rambling Notes.*

I have been greatly amused this autumn by a variety of things; but perhaps I have been more amused at the absurd and preposterous guesses of some of your village people, as to my "*real*" indentity, than at anything else. I might mention, for the joke of the thing, that it has been solemnly affirmed that Valentine Muggins is either of the following of your citizens:—Mr. M. Richardson, Dr. Christoe, or yourself; Now, be it known all men, that I am personally acquainted with myself, and have been for many years past. I take a deep interest in my own welfare, as well as in that of the general public. You may call me selfish if you choose: if it pleases you I am certain it doesen't hurt me.

In the past I have paid considerable attention to matters of aanitary nature. I was pleased when the present board of Health officials was appointed; but, at the present time, my feelings are of a mixed character—in short, they have undergone a change as the weeks and months flew by. What have the Health officers done during the past year? Why they have done, comparatively speaking, *nothing.* There are just as many nuisances now as there were a year ago. Filthy back-yards, without a solitary drain to carry off the disgusting excrescence which has been accumulating all season, are to be met with on every street in Flesherton. Open sheds on the main streets, sending forth their vile odors are to be met with on every street in Flesherton. Open sheds on the main streets, sending forth their vile odors and poisoning an otherwise pure atmosphere, are tolerated just as they were in other years! Dead animals thrown promiscously about, as usual! The streets blockaded in all directions with all kinds of things; but perhaps the latter should be looked after by the Police Trustees—if there are any this year.

Well, well; let us hope for better things next year. Let us hope that our Board of Health will have by that time awakened to a sense of its duty; and let us also devoutly wish, that an efficient board of Police Trustees will be elected next January, who will look after the interests of your village as they would their own.

VALENTINE MUGGINS.

A PERFECT BEAUTY.—Perfect beauty is only attained by pure blood and good health. These acquirements give the possessor a pleasant expression, a fair clear skin and the rosy bloom of health. Burdock Blood Bitters purify the blood and tone the entire system to a healthy action.

### Pay Up.

Those in arrearage to THE ADVANCE are politely asked to cheer the heart of the editor with the dollars and dimes at as early a date as possible. It is needless to say we need money occasionally.

James Brayler, Hamilton, says: "I read the testimonials for McGregor's Speedy Cure and found that I had not to go to New York, Philadelphia, Louisiana, or Texas to find living witnesses its value, we have plenty of persons right here to prove its merits I got a bottle and it helped me right away. I was as bad with Bilious Fever and Indigestion as I think any one could be, I have taken three bottles and am nearly well and can eat any kind of food without it hurting me. I may say that I am better than I ever expected to be. Free trial bottles at Richardson's Drug Store.

## News Items.

Gleaned from our Canadian Exchanges and Other Sources.

The Government made an additional grant of money to Meaford harbor recently for the purpose of completing the dredging. Harbors such as Meaford are liable to be a source of great expense to the people, as they require dredging out every two or three years.

Leadville has no cats, consequently the inhabitants have nothing to a-mews them.—*Oakville Independent.*

On Sunday night last Mr. and Mrs. Wm. Errington, of Georgetown, were almost suffocated by coal gas escaping from the stove. They were, to all appearances, dead when discovered by some neighbors who, noticing no stir about the house, suspected that something was wrong and effected an entrance.

*Peel Banner:* Dastardly attempts were made on Sunday night last, at both Orangeville and Goderich to spoil the vote on the Scott Act in Huron and Dufferin. During the night the rooms in which the ballot boxes were deposited were broken into and three boxes stolen at Goderich and five at Orangeville. The thefts will in no way effect the result of the elections as the majorities are so large."

Talk about successful auction sales, but just read the following from last week's *Peel Banner:* "Mr. Craig had a very successful sale last week, the amount realized being $9,446!" The great reason why auction sales are so successful in Peel is because farmers not only get out posters announcing their sales but advertise the fact in the local papers as well, the latter being by far the best paying plan.

Mr. James Tremble for many years past foreman at Gaydon's saw mills, Streetsville, was killed by an accidental discharge of a gun in the hands of his brother-in-law, Mr. Wm. Carten.

There are 20 inmates in Barrie goal at the present time, and five of them are females. There is an idiot among the number.

A burglar attempted to operate in a Collingwood hardware store last week but was scared away by a couple of citizens who opportunely happened to be passing the store at the time.

In a letter in last week's Thornbury *Standard*, Mr. John Glenn of Collingwood Township says, among other things, "Simcoe is dying fast under said (Scott) Act." Wonder if there are any lunatic asylums in Mr. Glenn's neighborhood?

There are some who don't like to be called men of straw.—*Thornbury Standard.* Perhaps they wouldn't object to chaff.

The hotels in Collingwood are down on Scott Act people.

A new post-office has been established in Collingwood Township, called Kalopore, with Mr. Geo. Wilson as post-master.

Heathcote has a new merchant in the person of Mr. S. Down.

The Supreme Court has decided that the Dominion License law is unconstitutional.

The Gospel Army has left Chesley to its fate. Mighty tough place Chesley—eh, brother Kay?

A circular, evidently a forgery, signed by Sir Leonard Tilly, calling on all good Conservatives to vote against the Scott Act was distributed among the farmers of Mono township on the day before the vote on the Scott Act in this county.—*Dufferin Advertiser.*

If you should be so unfortunate as to Burn, Scald or Wound yourself in any way, the proper thing to keep clean and heal it is McGregor & Parke's Carbolic Cerate. Insist on having, and be sure and get, McGregor & Parke's Carabolic Cerate. Price 25 cents. Richardson's Druggist, has the genuine.

At a very recent marriage ceremony the contracting parties were thirty minutes behind time, and the organ pealed out, "Oh, dear, what can the matter be!"
