Feversham News.

(From our own Correspondent.)

Indian summer has visited us and farmers in the country are taking advantage of the fine weather in getting their fall plowing done.

Mr. Jos. Henderson, who has concluded to give up farming, is moving to Feversham and is going very extensively into the manufacture of cheese.

A gang of men are now employed in making timber for the factory which will be completed and in running order early in the spring. We will give Joe and family a hearty welcome to our town.

Messrs. John and Robt. Paul, who have been in company with R. Brown & Son in the waggon and carriage works here, have built a large carriage and blacksmith shop and are going to carry on business in both lines at much reduced rates and on a much more extensive scale under the firm name of Paul Bros. These men are noted far and near for their excellent and durable workmanship, and have secured the services of a first-class blacksmith, Mr. Charles Little, of Owen Sound. We bespeak for this firm a liberal share of public patronage.

NED.

Kimberley.

(From our own Correspondent.)

[The following was received too late for last week's issue.—ED.]

Several of our citizens are mourning the departure of the Irwin Bros., who have suddenly bade farewell to this locality and left for parts unknown. It appears they lost about $2,000 by the late bank failures, and this so disheartened them that they concluded to find a better country and so skipped out, after selling all their saleable effects. They had bo't a farm and have had it one year without making any payment on it.

The members of the L. O. L. celebrated the 5th by having a supper at the Temperance House, where about fifty Orangemen and others sat down to a sumptuous repast spread by the host, Mr. J. M. Thurston. After tea, speeches were given by Messrs. Hammond, Hurlburt, Thurston and other loyal Orangemen.

The new church is progressing towards completion, though slowly. It is expected it will be opened about X-mas.

Owing to Rev. Mr. Strongman's illness he has been unable to fill his appointments for over a month. Last Sabbath his place here was very ably filled by Messrs. Sloan & Duckett of Eugenia.

Mr. J. M. Thurston is away attending the Scott Act convention in Owen Sound.

The members of the Council of R. T. O. T. gave their first open meeting on the 3rd inst., which, considering the bad state of the roads, was a success. The chair was ably filled by Mr. J. R. Fawcett. Several prominent citizens gave speeches. Miss M. Kerr and Mr. J. Hurlburt gave a song; Mr. Wm. Carruthers, a sermon; readings by local talent and music by the choir, completed the programme.

Mr. J. Hurlburt has sold his farm to Mr. Donald Wallace and intends moving to Manitoba.

Mr. Buchanan is putting a stone foundation under his house.

An Answer Wanted.

Can any one bring us a case of Kidney or Liver Complaint that Electric Bitters will not, as thousands of cases already permanently cured and who are daily recommending Electric Bitters, will prove. Bright's Disease, Diabetes, Weak Back, or any urinary complaint quickly cured. They purify the blood, regulate the bowels, and act directly on the diseased parts. Every bottle guaranteed. For sale at 50c. a bottle at W. Richardson.

It's a pretty difficult thing for a high-school girl to think of some-ahing to say when she has to write a composition, but as soon as she gets out of school, and while on the way home, she can say a whole newspaper full without thinking.

A GREAT MISTAKE.—It is a great mistake to suppose that dyspepsia can't be cured, but must be endured, and life made gloomy and miserable thereby. Alexander Burns, of Cobourg, was cured after suffering fifteen years. Burdock Blood Bitters cured him.

Clubbing Offers.

We have not yet made complete arrangements in regard to clubbing THE ADVANCE with other papers at reduced prices, as it is rather early in the season. At present we are prepared to make the following offers:—

Any five persons sending us in their names and $2.25 in cash for each—in all $11.15—will each be furnished with THE ADVANCE and *Grip* for one year.

THE ADVANCE and *Family Welcome* from now until Jan. 1st, 1886, for $1.50. The *Family Welcome* is the best literary paper in Canada.

THE ADVANCE and the *Toronto Daily World* far one year for $3.00. The *World* is a first-class paper, and this is our best clubbing offer—so far—for 1885.

News Items.

Gleaned from our Canadian Exchanges and Other Sources.

In the case of Legard vs Carson, tried at the recent Assize court at Owen Sound, the jury returned a verdict of $800 damages for the plaintiff. This was an action for breach of promise of marriage and seduction; the ptff. resides in Artemesia, and the deft. in Markdale.

St. George's church, Owen Sound, is heated by steam. There are "pipes" in every pew.

The Dominion Express Company having made arrangements with the C. P. R., has commenced doing business between Owen Sound and Toronto. There is likely to be trouble between this and the Vicker's Express Co., as both are operating on the same lines of railway.

Messrs. D. Moore & Son, Millers, Walkerton, have made an assignment in trust to Messrs. Chambers and Millions of the same place.

Last week a Walkerton baby swallowed a large dose of ammonia. The baby's mother immediately gave the child a good drink of milk which caused it to vomit, thereby expelling the poison. The mouth and throat were badly burnt, but the child is now all right—*Bruce Herald.*

Friday, Constable Kerney had an exciting experience near Lucknow. Accompanied by John McLean he went to arrest two men, father and son named Carter. They resided on separate farms. The son was secured after a little resistance but at the father's house there was a circus. McLean had to remain in the sleigh with the prisoner whilst Kerney attempted to take the old man. The whole family turned out with axes and other weapons and offered a determined resistance. One blow was struck at McLean with an axe, but fortunately it missed him. They had to come away without securing their man. Carter, jr., was charged at the last Spring Assizes with robbery and jumped bail. His father was bondsman but failed to pay up hence the present proceedings.—*Bruce Herald.*

The slaters and iron work workers are busy on the roof of Mr. Jelly's new and handsome block.—*Shelburne Economist.*

A man named Christian Bruder in some mysterious way fell off a train between Chesley and Hanover last week and was found soon afterwards with his leg terribly smashed. Drs. Landerkin and Lightboddy amputated the limb but the poor fellow died in the evening.—*Grey Review.*

SERIOUSLY ILL.—A person suffering with pain and heat over the small of the back, with a weak weary feeling and frequent headaches, is seriously ill and should look out for kidney disease. Burdock Blood Bitters regulate the kidneys, blood and liver, as well as the stomach and bowels.

In some churches the seats on the right are devoted exclusively to ladies, and those on the left to gentleman. The latter is called the "aisle of man."

A VALUABLE PATENT.—The most valuable discovery patented in modern times is that of the best blood purifier and liver and kidney regulator known. We refer to Burdock Blood Bitters, which is making cures and bringing the blessed boon of health to so many homes.

FOR THE COMPLEXION.—For Pimples, Blotches, Tan, and all itching humors of the skin, use Prof. Low's Magic Suphur Soap.

Death of Hon. H. Fawcett.

One of the most remarkable men of the time has passed away in the person of the Hon. Henry Fawcett, Postmaster-General of England. He had only been ill a few days of pleurisy and pneumonia. Mr. Fawcett, in his younger days, occupied public positions of prominence, but it was not till he was appointed Postmaster by Mr. Gladstone that he became a well-known public man. The deceased was completely blind, the result of an accident while out hunting in company with his father. Young Fawcett, by some unexplained reason, got in front of his father's gun while he was in the act of discharging it, receiving wounds in each eye which blinded him for life. The agony of the horror-stricken father at the catastrophe so impressed his son, that he made a vow in his presence that the loss of his eyesight should not interfere with designs of life. He diligently applied himself to his studies, and his wits and faculties became so quickened that his vow was not long in being realized. He entered Parliament as member for Brighton and rapidly came to the front. Many were the conjectures made why Mr. Gladstone gave him the postmaster-ship, it being considered impossible that a blind man could manage so important a branch of the public service. But he shortly showed by his vigorous conduct of the postal service that he was the right man in the right place. He distinguished himself not merely for energy and assiduity, but for a readiness to test or try anything which was calculated to improve the service. Mr. Scuddamore, his predecessor, was an energetic, worker, and brought the postal service to a high pitch of perfection, but he lacked the faculity of properly managing his subordinates. Mr. Fawcett brought the same energy to bear upon the work. Introducing many new features, notably the parcels post, he left the service working harmoniously. Like many great men, much of Mr. Fawcett's success was due to the untiring assistance of his wife, who attended him wherever he went, and helped him in his labors. Mr. Thomas Shaw, M. P. for Halifax, has been appointed his successor.

AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BUCHER writes from *Kirby, O., Jan'y 3, 1882*: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from *Boston, Mass., Feb. 6, 1882*: "For years since my hair began to give strong evidence of the coming change which Time usually procureth, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from *18 Elm St., Charlestown, Mass., April 11, 1882*, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.
