TIME IS MONEY!

And Money Moves the World.

For this reason you should take your Watch or Clock to

JAS. G. RUSSELL

to be Repaired as he does it promptly and in a workmanlike manner and at a reasonable price. When you are bothered with your Watch stopping, or not keeping good time, or when you are discouraged and everybody has failed to make it go properly, take it to the

NOTED JEWELRY STORE, FLESHERTON,

and you will have no further trouble with it as he attends to all Repairs himself and is sure to give satisfaction. Having started to learn the business when only thirteen years old, and learning with his father (who has been in the manufacturing business for over 37 years in Hamilton) he has been shown and learned everything possible. He has had more than ten years experience at all kinds of manufacturing and repairing, and can be relied upon. Give him a call and be convinced.

New Goods arriving every week, consisting of Watches, Clocks, Chains, 18k. Wedding Rings, Violin Strings, Purses, Pipes, Bracelets, Charms, Ear Rings, Gents' Scarf Pins, Ladies' Bar Pins, Cuff Buttons, &c. Spectacles from 25 cents up, at prices that cannot be beaten. No trash kept in stock —everything warranted as represented. No trouble to show goods.

East Grey Liberal Conservative Association.

A meeting of the East Grey Conservative Association will be held at Markdale on Monday, December 1st, 1884, for the purpose of appointing Delegates to the Provincial Association, about to be organized, and to have the Riding represented at the Banquet to the Right Hon. Sir JOHN A. MACDONALD, on the 17th of December, 1884. Other business of importance will be brought before the Association.

N. McColman, Pres.
T. Low, Cor. Secretary.

Thornbury, Nov. 24, 1884.

Artemesia Conservatives!

The Conservatives of Artemesia wishing to take part in the Demonstration to Sir John Macdonald, will meet at Markdale on the 1st day of December next, when delegates will be appointed and full instructions given.

THE ADVANCE.

A. R. Fawcett, — Editor.

FLESHERTON:
THURSDAY, NOV. 27, 1884.

WHY NOT FLESHERTON.

We clip the following from the week before last's Thornbury *Standard*:—

"A number of our business men seem to be dissatisfied not only with the rates of the N. & N. W. Railway Company, but also with the lack of accomodation at many of the smaller stations. In consequence a scheme regarded by many as practicable and important is on hand, and that is to ship from Montreal to Markdale by the C. P. R and team to Thornbury. Goods are shipped from Montreal to Markdale at about the same rate (at all events no more) as from Toronto to Thornbury. This has been shown time and again. In the winter season freight could be taken from Markdale to Thornbury at about 7 cents per cwt, and flour and grain shipped from Thornbury to Markdale at about the same rate. This in good sleighing we think could be done. We therefore direct the attention of our business men to this matter, and think it one well worthy their careful consideration. The nearest point of the C. P. R. to Thornbury is about 18 miles, and a team could easily make one trip a day. We think the matter should be gone into, and believe a number are now already in favor of giving it a trial during the present winter."

Although not the nearest point to Thornbury, Flesherton is by all odds the most desirable for the purposes mentioned by the *Standard*. The tremendous hill, on the road leading to Markdale, precludes the possibility of that ever becoming a practicable route. The route to Flesherton is travelled daily, although very hilly—especially between Kimberley and Eugenia. However this latter difficulty will have been overcome in another year, as by that time the Valley Road will be open for public travel. It will make a good winter road, and will be the most direct as well as the "levellest" route between Thornbury and the C.P.R. Certain it is Markdale will never be a point convenient of access to Thornbury for shipping purposes—unless they dump the mountain on 6 and 7 side road into the Georgian Bay or somewhere else; or run a tunnel from the level of Beaver River to the village, which, it is needless to say, would scarcely be a paying investment.

JOTTINGS.

We made a mistake last week in saying that only three papers in Grey have taken an out-and-out stand on the Scott Act question; there are four, viz., the two Durham papers, the Meaford *Monitor* and The Advance.

We have often been asked the question: "How is it Flesherton has no money order office in connection with the post-office the same as in other and, in many cases, less important places?" We do not know, but it is certainly a great inconvenience not to have such an institution in a flourishing place like this.

Our editorial last week on "commuting sentences of death" was not very well received in certain quarters. We did not expect it would be, but we felt compelled to utter a protest against what might prove a dangerous precedent to future generations. It is always best to act cautiously and wisely in such matters at any rate. "*Be just and fear not.*"

Correspondents will please send in their copy for current issue of The Advance not later than Tuesday evening. Advertisers will also do well to be guided by the same advice. Considerable annoyance is caused by copy coming in on Wednesday evening as we are obliged to go to press on Thursday morning in order to catch the mails.

The Meaford *Mirror* is as mad as a damp hen because we said harbors such as Meaford required dredging "every two or three years." It says we have "now tackled a subject of which he knows nothing about." Not at all, dear brother Patterson, as you will find out to your "heartfelt regret" when you have lived in the town represented by your spicy paper a few years longer. Just cool off and make a few sober enquiries of some of your knowing citizens, relative to the number of times your harbor has been dredged out during the past eight years.

Senator Sir David Macpherson's retirement at the end of the coming session has been agreed to and if at that time his health permits he is likely to take a less arduous office in government house, Toronto, which will be vacated in June next by the present incumbent. It seems curious that Senator Macpherson, having a beautiful home of his own in Yorkville, should be content to abandon it for what has been called the refreshment tavern at the corner of Simcoe and King streets, for it is certain that the people of this province will insist on their governor occupying government house—if that establishment is to be kept up. The inconvenience felt at Ottawa in consequence of the governor-general's residence being 2½ miles from the city cannot be repeated here for the benefit of the cabdrivers.—*Toronto World.*

A Great Mistake.—It is a great mistake to suppose that dyspepsia can't be cured, but must be endured, and life made gloomy and miserable thereby. Alexander Burns, of Cobourg, was cured after suffering fifteen years. Burdock Blood Bitters cured him.

A Lawyer's Opinion of Interest to all.

J. A. Tawney, Esq., a leading attorney in Winona, Minn., writes: "After using it for more than three years, I take great pleasure in stating that I regard Dr. King's New Discovery for Consumpt'n, as the best remedy in the world for Coughs and Colds. It has never failed to cure the most severe colds I have had and invariably relieves the pain in the chest." Trial Bottles of this sure cure for all Throat or Lung Disease may be had Free at W. Richardson's Drug Store. Large size, $1.00.

DR. LOW'S PLEASANT WORM SYRUP —An agreeable, safe and effectual remedy to remove all kinds of worms.

Railway Restaurant Keeper: "Say Mike, what is the matter with this knife?" Mike: "What knife, sor?" "This carving knife. I made it as sharp as a razor this morning, and now it is as dull as a hoe and notched up like a saw. Why, it is ruined. Who has had it?" Sure sor, one of the customers grabbed it to cut a sandwich in two."

Sure to conquer.—The most troublesome cough cough is sure to yield if timely treatey with Hagyard's Pectoral Balsam. Pleasant to take and safe for young and old.

A Wise Conclusion.—If you have vainly tried many remedies for rheumatism, it wil be a wise conclusion to try Hagyard's Yellow Oil. It cures all painful disease when other medicines fail.

It's a pretty difficult thing for a high-school girl to think of some-thing to say when she has to write a composition, but as soon as she gets out of school, and while on the way home, she can say a whole newspaper full without thinking.
