The Salvation Army are about to open fire on Rocklyn, Euphrasia. Plenty of material to work upon.

About sixty guests assisted Mr. and Mrs. W. R. Anderson to celebrate the fifteenth anniversary of their wedding on Tuesday evening. The couple were recipients of innumerable congratulations, and many other tokens of esteem, including a beautiful dish in silver and crystal, presented on behalf of the company by Mr. John Nettleton, who took occasion in his remarks to refer to the many trials through which Mr. and Mrs. Anderson had passed, and to the well deserved popularity and respect they enjoy'd—*Collingwood Enterprise.*

The Salvation Army crops here seem to be setting down to constant work, they hold meetings nightly in the old M. E. Church, and draw large crowds, Sunday evenings particularly they get packed houses. Though some of their actions seem somewhat untoward, still we have observed even greater extravagancies at the old time camp-meeting thirty years ago. We notice some very respectable orderly people have joined the Salvationists here.—*Meaford Monitor.*

A number of Mono's melancholy swains brought their cares into town on Wednesday, and muderously proceeded to drown them in company with what little sense they possess, in the waves of the "flowing bowl." As a consequence a lively fight relieved the monotony of the day. A few patent medicine venders with cures for dyspepsia would confer an everlasting benefit on this town by visiting a few of the melancholy sections of Mono.—*Orangeville Advertiser.*

A Hanover Sensation.

Hanover Post.

The liveliest chase seen in Hanover since the butcher chased the hogs with a shot gun on the street was witnessed on Friday evening last. It was known in school that the master had conceived a sudden affection for one of the boys and he asked him to remain after school was dismissed, as he dearly wished to see him, but the dear little innocent boy, when school was let out, wanted to go home. He knew his mother was waiting for him, so he skipped out. The master didn't put on his hat but skipped out after the boy bare-headed. The boy ran down the hill, so did the master. Boy a neck ahead at the bridge, master a neck behind. The children going from school cheered the sprinters. Bets were freely made. Two sticks of gum to an apple core was bet on the boy. The children became excited and staked their glass aileys, skate straps, buckels and old jack knives on the race. Boy flew over the bridge, master flew and blowed over it too. Boy stopped at the Professor's to get a shave; master collared the urchin and marched him back to school Poor boy didn't get shaved. The master pitied him and gave him an extra lesson in trigonometry and kindred branches. Boys, never stop to shave in the middle of a race.

Sir,—Talking about lunatics, reminds me of Davy Madill's polite letter in your last week's paper. If Davy isn't a fool he is next door to being one, viz., a *mugwump.* It is easy for him to *say* I tell lies, but it is quite another thing for him to *prove* it. Give us the proofs, Davy. and none of your foul-mouthed, dirty, vulgar, beastly, nasty gutetr-slang!

How Would it Work in Flesherton.

Thornbury Standard.

A number of farmers in Sydenham being disatisfied with the management of the chartered banks in Owen Sound, determined to start a farmer's bank in that Town. They did so by giving the Government security on their farms for $18,000, the Government giving them the money, and requiring at their hands a quarterly statement of the standing and business done at the bank. They gave the money at 4 per cent from the Government. The bank is doing a good business. Why cannot a scheme of this sort be got up in Thornbury.

WORMS often destroy children, but Freeman's Worm Powder's destroy Worms, and expel them from the system.

KING'S EVIL

Was the name formerly given to Scrofula because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purification of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are **Eczema, Cutaneous Eruptions, Tumors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Physical Collapse,** etc. If allowed to continue, **Rheumatism, Scrofulous Catarrh, Kidney and Liver Diseases, Tubercular Consumption,** and various other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectual an alterative that it eradicates from the system **Hereditary Scrofula,** and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great

Regenerative Medicine

Is composed of the genuine *Honduras Sarsaparilla,* with *Yellow Dock, Stillingia,* the *Iodides of Potassium* and *Iron,* and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYER'S SARSAPARILLA as an

Absolute Cure

For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest, as well as the best blood purifying medicine, in the world.
