Brevities.

—Rev. Mr. Shaw, delivered a Temperance lecture in Atchison's school house on Tuesday evening of last week, a correspondent informs us. The lecture was an excellent one, and was listened to with deep attention by the large audience.

Forty years' experience, in every clime on earth, has proved Ayer's Cherry Pectoral to be the most reliable remedy for colds, coughs, and all lung diseases. Neglected colds often become incurable ailments. Deal with them in time, and prevent their becoming deep-seated in the system.

Sudden Death.

Mr. John Montgomery, baker, Markdale, died very suddenly at his residence, in that village on Tuesday night last. During the day previous to his death, deceased peddled bread around the village and appeared to be enjoying his usual good health. Truly may it be said: "In the midst of life we are in death."

S. O. T. Concert.

Flesherton Division Sons of Temperance, can safely congratutate itself on having treated the public to the best amateur concert given in the village during the past four years at least, on Wednesday evening, 3rd inst. It was a success in every particular almost. There was a good attendance, and the best of order prevailed throughout which latter is a not unimportant feature on such occasions. Our local vocalists, reciters, and readers sustained their parts in the various solos, duets, &c. creditably. Dr. Christoe filled the chair. His opening address was short and pithy; nothing stereotyped, dry, or stale about it. The dialogues created considerable interest. Those taking part in them were warmly eulogized by chairman and hearers. Whatever weaknesses there might have been in some of the situations, were kindly everlooked. Space forbids us entering into details.

At the close of the entertainment, Mr. Galbraith of Toronto,—who gave a recitation in fine style—and Mr. J. W. Henderson, of Toronto, expressed themselves in highest terms in reference to those who had taken part in the entertainment. "God Save the Queen" was then sung by all present amid the greatest enthusiasm, after which the assembly dispersed. Over $20 was netted.

The Sons will give a free Concert in their new hall, in Christoe's new block, at an early date.

Markdale Items.

(From our own Correspondent.)

Snow, snow, beautiful snow.

At time of writing snow was coming down in torrents.

We expect good sleighing and a busy market.

W. J. McFarland and Hill Bros. are storing away any quantity of grain.

We expect our young men and young ladies will appreciate skating when they have ice to skate on.

Benson's new stores are now completed and are unoccupied as yet. The building adds very much to the appearance of Mill Street.

Burglars were supposed to be in town a week ago last Tuesday morning. We are curious to know whether they live at the Markdale House or not.

The Literary and Gymnastic Society intend giving a concert at Rocklyn in the course of a week or two. A very interesting programme is being prepared for the occasion. We hope success may attend the efforts.

We believe it is the intention of the Royal Templars of this place to return the compliment, by paying a visit to the Templars concert, to be given in your town next Thursday. If sleighing is good we might also take advantage. However we hope it will turn out a success.

As was announced by posters, the Royal Templars of Temperance of this place held their first concert in Rae's Hall a week ago last Tuesday, and was a grand success, something over $18 being realized over and above all expenses. The programme was well sustained, and everything passed off pleasantly. We are much pleased to see the brotherly and sisterly love existing between the Templars of Flesherton and the lodge that is now existing in our midst.

OLD PROWLER.

A Maxwell Episode.

A Young and Popular Business Man Charivaried.

One day last week the village of Maxwell was thrown into a state of considerable excitement by the news that one of its most popular and interesting young business men had been quietly, not to say secretly, married. An evening or so afterwards a number of young men from the village and locality got their heads together and came to the conclusion that the affair must not be allowed to pass off without a triumphant demonstration of some sort. Accordingly, armed with pots, pans, guns, &c., the young men serenaded the worthy citizen in a manner that not only surprised that gentleman but every one else besides. The worthy citizen vainly protested that he was not married. It did not convince his auditors, one of whom fired a gun over his head and nearly scared him to death. He implored them not to hurt him. Another gun boomed over him, when he fell as though struck by a streak of pig-tailed lightning. Finally his tormentors succeeded in extracting one dollar from the frightened but nevertheless worthy and popular citizen, who still protested his innocence of the charge they had preferred against him. Some the lads commenced scuffling in fun, when the worthy—and popular—citizen, beseeched them "not to fight!" After a few hours of uproarious fun, the crowd dispersed to their several homes highly elated with the evening's entertainment.—[COM.

Street Obstructions.

To the Editor of The Advance.

SIR,—I beg to move the following resolutions, and, if you think them worthy, I trust that you will second them, and that our Village Pathmasters will carry them—out!

1st.—That the wood, barrels, &c., in front of Mr. Strain's block be removed.

2nd.—That the telegraph pole at Richardson's corner be put in a different place.

3rd—That all wood, rubbish, &c. now on the streets be removed at once.

4th.—That our Village Blacksmiths shall set tires and do work which they cannot do in their shops, on their own lots and not on the streets.

5th.—That no saw logs shall be strewn along Durham street, opposite the saw mills, as in former years.

And the attention of the Pathmaster is humbly called to a long resolution which I saw in the minutes of the Council in the ADVANCE last summer, making him liable should he not have obstructions removed.

CITIZEN.

Very Remarkable Recovery.

Mr. Geo. V. Willing, of Manchester, Mich., writes: "My wife has been almost helpless that she could not turn over in bed alone. She used two bottles of Electric Bitters, and is so much improved, that she is able now to do her own work." Electric Bitters will do all that is claimed for them. Hundreds of testimonials attest their great curative powers. Only fifty cents a bottle at W. Richardson's.

LET there be no mistake about this, that the Myrtle Navy tobacco is manufactured from the very finest Virginia leaf. No higher quality of leaf can be purchased for any tobacco made. It is selected with the very greatest care, and treated with the most approved processes for preserving the flavor of the tobaccco.

Cruelly Murdered.

In the Province of Ontario every year thousands are being slowly murdered, by taking unsuitable, untried nostrums for such complaints as Costiveness, Indigestion, Liver Complaint, Kidney Trouble, etc., who might easily regain lost strength and energy by using McGregor's Speedy Cure. To convince them that such is the case we will give them a free trial bottle at Richardson's Drug Store. Price 50c. and $1. See testimonials from persons in your own town.

Express Office.

Lowest rates on the various lines of railway, and prompt delivery ensured to those using Vicker's Express Co. in the transmission of articles. Special rates on small remittances of currency and gold coin.—Advt.

Money to Be Made.

It is said that dull times are not known by the agents for the great publishing house of Geo Stinson & Co. of Portland, Maine. The reason of this exceptional success is found in the fact that they always give the public that which is keenly appreciated and at prices that all can afford. At present we understand, their agents are doing wonderfully well on several new lines. They need many more agents in all parts of the country. Those who need profitable work should apply at once. Women do as well as men. Experience is not necessary, for Messrs. Stinson & Co. undertake to show all who are willing to work, not hard but earnestly, the path to large success. It should be remembered tnat an agent can do a handsome business without being away from home over night. Another advantage—it costs nothing to give the business a trial, and an agent can devote all his time, or only his spare moments to it. Stinson & Co. guarantee grand success to all who engage and follow simple and plain directions that they give. We have not space to explain all here, but full particulars will be sent free to those who address the firm. Their full address is given above.

The History of Hundreds.

Mr. John Morrison, of St. Anns, N. S., was so seriously afflicted with a disease of the kidneys that dropsy was developed and his life was dispaired of. Two bottles of Burdock Blood Bitters cured him after physicians had failed.

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. Dixon & Son, 305 King street west. Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star, Nov. 17, 1882.
