That Equalization.

For The Advance.

As it might be expected, when each Reeve was notified to attend to the interests of his Township, expenses were the result. Witnesses were present; a daily rate of $1.25 and mileage had to be paid, and in the same proportion as each Township imagined danger, so was the expense. The total cost of this stupendous privilege may be estimated at say $1200—that is, including the expenses of the appealing Townships. The elaborate and learned judgement of the Judge gave small favours not very gratefully received! The expenses ate up the profits to quite an extent—of even the successful Townships. The lawyers had a rapacious interest in it—it being corporation matters, the people, thought they, could be filched indirectly without suspicion and to prevent uncertainty a "round robin" was the result, the County Solicitor included, with his bill of $176 or nearly so.

As might be expected much dissatisfaction prevailed at such results and was unsparingly manifested, and, as many thought, justly too. The argument used in part was, if the County refused to rectify their wrongs, no worse fare would be got by joining surrounding Counties. Besides, some said, (Bentinck and Osprey) did we not gain our case;—did we not show that we were over-valuated? Why then should we pay any costs in the action! If it be a court susceptible of exorbitant lawyer's fees, surely costs should follow the judgement in our favor!

With so much irritation, some compromise had to be resorted to, and the prevailing idea was for the Council to pay the expenses of all the municipalities, excepting the fees of the lawyers—these to be borne by the Townships who employed them. This, through the generosity of one or two of the northern Townships, prevailed—a generosity if exercised earlier would, it is thought, have saved the litigation. At the present it is pleasing to record, a better feeling obtained.

In my last some errors crept into the article taxing the meaning. The arguments in chief were, that there being clerical errors no equalization could be just by their retention. The first duty was to erase all such errors before a case could be found for true equalization. Then, also, it was attempted to show, that equalization might be obtained, which would be as just and fair, by merely reducing the valuation of the appealing Townships without affecting such reductions to other Townships—similar to the Courts of Revision where the totals are altered to meet the changes made—and this was unwittingly done in effect regarding the R. R. group of Townships whose interests were not considered, notwithstanding the changes that were made affected them more proportionately than the whole County.

It would be folly, I suppose, to recount the errors found in the Valuator's Report. To retain it as a basis for County taxes is to retain a conglommeration of palpable errors, too glaring and objectionable for calm and unbiassed adoption—the evidence of which appearing in part by the alterations made in the late Appeal Court.

The Presbyterians of this place held their Annual Teameeting in their Church here on Christmas night and it proved to be a grand success. After a bountiful tea was served to which all did justice, short and interesting addresses by Mr. L. Hall, chairman, Rev. Chisholm, Milne and Dargent were given, and an interesting literary and musical programme was gone through with. Mr. Weewell's recitation and Mr. McKay's solo received hearty applause. Proceeds $48.

On Wednesday afternoon 24th ult. Mr. Foster Heron was married to Miss Kizie daughter of John Kernighan Esq. of this place. There was quite a large assembly of invited guests at the residence of the bride's father, to witness the Ceremony, and the proceedings were both interesting and attr'ctive. The bride was attired in a beautiful costume, and looked exceedingly handsome. The Ceremony was performed by Rev. C. Shaw of Maxwell after which the party sat down to a sumptuous repast. Both bride and groom are widely known in this section and being universally esteemed, they will have the best wishes of a large circle of friends for their future felicity.

When on their way home from the above wedding about midnight Mr. Robert Colquet and wife discovered Mr. Henry Hudson's house on the 10th line to be on fire. He immediately put the whip to his spirited horses which quickly brought him to the scene when he found the inmates fast asleep and totally unconcious of the fiery element which was soon to devour them. He succeeded in knocking the door open and woke them up and by vigorous exertions they managed to check the flames by throwing on snow from the other end of the roof. Finally they got a ladder and by keeping half a dozen pails going in quick succession, succeeded in saving the greater part of the building. The members of the family were greatly frightened at their miraculous escape. Cause of the fire is unknown.

Davidson has been suffering for some time from an attack of bronchitis. She is progressing slowly.

The French timbermen had their annual jubillee on Christmas day, some of them partook a little too freely of old "red eye" which made them feel a little fantastic cheering the parade. Piper McKenzie led the pocession playing general "Lee's" march in good Highland style. To the numerous spectators the march was highly entertaining.

Quite a lot of boys are painfully producing moustaches. The cold weather lately seems to have checked their growth. Thompson and Bob think theirs takes the cake, but after a Little, Charlie Will show them what he can do in that line.

A Remarkable Escape.

Mrs. Mary A. Dailey, of Tunk hannock, Pa., was afflicted for six years with Asthma and Bronchitis, during which time the best physicians could give no relief. Her life was despaired of, until in last October she procured a Bottle of Dr. King's New Discovery, when immediate relief was felt, and by continuing its use for a short time she was completely cured, gaining in flesh 50 lbs. in a few months.
