Flesherton Advance.

"TRUTH BEFORE FAVOR."—"PRINCIPLES, NOT MEN."

VOL. IV., NO. 188. FLESHERTON, ONTARIO, JANUARY 22, 1885. SINGLE COPIES, 5 CENTS EACH.

Tit - Bits.

—An interesting letter has just been received from Mr. Geo. A. Higginbotham, Manitoba, by the Editor. It will be published next week.

—Mr. Jos. A. Blakely, representative of Ward No 3, was elected Deputy-Reeve of Artemesia at the Council meeting on Monday last.

—A well written essay, on the subject of *Phrenology*, by Dr. Campbell, will be published in next week's issue of THE ADVANCE.

—Bills have just been issued asking for applications for the offices of Assessor and Treasurer, respectively, of the Township of Artemesia for the year 1885.

—We received a very handsome calender last week from Messrs. McColl Bros, & Co., manufacturers of the famous Lardine Machine Oil, Toronto.

Ayer's Sarsaparilla, being highly concentrated, requires a smaller dose, and is more effective, dose for dose, than any other blood medicine. It is the cheapest, because the best. Quality and not quantity should be considered.

—Eugenia, Kimberly, and Feversham correspondence received too late for this week's paper. Matter intended for current issue should *always* reach this office on Tuesday.

—Mr. Soudin Tuplin, of Osprey, brought a load of prime wheat, thoroughly cleaned, to Flesherton market on Monday last, and was paid 80 cents a bushel for it. What do you say to that, brother Rutledge—eh ?

—The best got up calender of the season comes to us from the Duncan Lithographing Co., of Hamilton, Ont., notwithstanding the fact that we have been the recipient of calenders got up in some much-boasted and pretentious Yankee lithographing establishments.

Ayer's Pills cure constipation, improve the appetite, promote digestion, restore healthy action, and regulate every function. They are pleasant to take, gentle in their operation, yet thorough, searching, and powerful in subduing disease.

Skating.

The Flesherton Skating Rink is now in full running order, under the efficient management of Mr. John Field. It was opened to the public last week, with the ice in the very best condition. Mr. Field has gone to considerable trouble getting the rink ready and deserves the hearty patronage of the public.

Church Social.

A social will be held at the residence of Mr. Wm. Hogg, Flesherton Station, on Friday (to-morrow) evening, under the auspices of the Ladies Aid, Presbyterian Church, Flesherton. Teams will be provided for those wishing to attend from this village.

WORMS often cause serious illness. The cure is Dr. Low's Worm Syrup. It destroys and expels Worms effectually.

The General Opinion.

Our friend, Mr. Thos. Dale, writing under date of Jan. 8th, instant, from his home in High Bluff, Manitoba, says: "Enclosed please find one dollar for which send me the ADVANCE for 1885. We receive the paper regularly, and are always glad to see it." We are constantly receiving similar letters from all quarters, and are now sending 110 single copies of THE ADVANCE to subscribers in as many post-offices in the Western States and Territories, Manitoba and the North-West, Manitoulin, Ireland, and England.

ALL tobaccos except the finest Virginia have a pungent effect upon the tongue and will smart it if the smoking is long continued. Some of them even will blister it, or at least destroy its outer skin at the point where the smoke impinges upon it. The "Myrtle Navy" is entirely free from this defect, which, together with its fine full flavor makes it a great favorite with smokers

GOOD THE YEAR ROUND.—National Pills are a good blood purifier, liver regulator and mild purgative for all seasons.

Flesherton Reading Room.

We are pleased to know that our Mutual Improvement Society and Reading Room has assumed a definite shape, and, with efficient management, is likely to become an established institution and a great source of profit and amusement to our young people. The place rented for the Reading Room is that which was formerly used by Mr. H. Hooper as a show-room for furniture. It has been fitted up with reading desks, tables, &c. The following papers are now on fyle:—Toronto daily *Globe*, Toronto daily *Mail*, Toronto daily *World*, *Grip*, *Canada Citizen*, *Scientific American*, Presbyterian *Review*, *Christian Guardian*, Montreal *Witness*, Toronto *Weekly News*, *Grey Review*, *Cassels Magazine*, and FLESHERTON ADVANCE. It is intended to add to the above list, as soon as possible, the *London Graphic*, *Canadian Illustrated News*, *Puck*, *Chambers Journal*, a number of our own County papers, and several of the best literary magazines obtainable. The members of the Mutual Improvement Society will meet in the Reading Room the second Monday evening in each month for the discussion of matters pertaining to the Society. The membership fee has been placed at the rate of $1 per annum All communications pertaining to the Society and Reading Room should be addressed to Mr. Jas. Bulmer, Secretary, Flesherton.

THE SIGNS OF WORMS—are well-known, but the remedy is not always so well determined. Worm Powders will destroy them.

Jenkins v. Townsend.

This was the celebrated case between the Durham editors, and was decidedly the spiciest case disposed of by the Court. They had been engaged in "journalistic pleasantries" for a couple of years past, till last spring the *Review* came out with an "open letter," addressed to Arthur Henry Newton Jenkins, editor of the *Chronicle*, which almost exhausted the vocabulary in abusing him; whereupon Jenkins sued Townsend of the *Review* for libel. When the case came on, the defendant did not attempt to justify his article, but put in a counter claim against Jenkins for libelling him in the *Chronicle*. No witnesses were called, but choice extracts were read by the oppos'g counsel from the two papers, to the "edification" of the Court, and the jury were asked to decide which had blackguarded the other most. Jenkins came out triumphant from the ordeal, for the jury gave a verdict of $50 in his favor, while it dismissed the counter claim against him. Jas. Masson for plaintiff. H. P. O'Connor for defendant.—*Owen Sound Times.*

Scott Act Meeting.

Rev. Mr. Patterson Addresses a Fine Audience at Meaford Road.

Last week Rev. Mr. Patterson, of Meaford, addressed the electors of Artemesia at Priceville, 4th line Orange Hall, Eugenia. and the stone school-house, Meaford Road, on the Scott Act. The meetings were well attended. We had the pleaure of attending the meeting in the Meaford Road school-house on Friday evening. It was well attended by one of the most intelligent audiences ever assembled in the Township at a public gathering. At the time appointed the meeting was opened by prayer by Mr. J. W. Armstrong, of Flesherton, and singing after which the lecturer took his place on the platform. A. R. Fawcett of THE ADVANCE, was unanimously appointed chairman. After making a few remarks, he introduced the speaker Mr. Patterson, who was received with applause. He went into all the details of the subject, showing that he was thoroughly posted. He spoke briefly of the evils of intemperance, but dealt principally with the different phases suggested in the event of the passage of the Scott Act, the difference between it and the Dunkin Act, individual "rights," the barley question, "regulating the liquor traffic by Act of Parliament," compensation to hotel-keepers, &c., &c. We have only liberty to do what is good and right; just as soon as we interfere with the liberty of our fellow-men our "liberty" was curtailed. Even with our present much-boasted license law one could not become drunk and disorderly without being interfered with by the law and compelled to languish in a police cell. The lecturer illustrated the question of "liberty," "individual rights," *et al*, by some amusing and aptly chosen anecdotes. He spoke for two hours and a half, holding the close attention of the audience throughout. At the close questions were asked by Mr. Thos. Kells, Mr. J. W. Armstrong, and Mr. James Hanson, all of which were satisfactorily answered. After the singing of the National Anthem, a large and influential Committee was appointed for organization and other purposes, with Mr. J. I. Graham as Chairman. The meeting then broke up.

We might add that, in reply to a question, Mr. Patterson said that Mr. Frost had been employed to look over the petitions now on fyle at Owen Sound, and that the possibility was the election would take place in this County at an early date—probably next month.

Our Table.

Picturesque Canada.—The last numbers (35 and 36) of this supberb work of Canadian Art are on our table. In point of artistic excellence it is equal to preceding numbers. The letter-press is faultless. The reading matter in the last number particularly, is written in that charming manner so peculiar to the distinguished editor, Principal Grant. The complete work is remarkably free from errors—considering the immense amount of labor in connection with its publication—and is indeed a credit to the enterprising publishers, Messrs. Belden & Bro., Toronto, who, we understand, are now prepared to bind the work at the lowest rates and in the best style.

The Farmer's Advocate is the best farm monthly in Canada, and is now in its twentieth volume. The January number is "chock" full of valuable information for farmers, and contains, besides, an interesting story, and a large amount of well-selected literary matter of interest to everybody. Each number contains 32 pages of matter, and yet it only costs a dollar to get it for a year. Wm. Weld, editor and proprietor, London, Ont.

In their New Lodge Room.

Flesherton Division, Sons of Temperance, moved into their new lodge room, in Dr. Christoe's block, last week. The event was signallized on Wednesday evening by a grand oyster feed in which some forty of the members participated. As may be well imagined, justice was done to the spread. Hot coffee, biscuit, cheese, &c. were also served up to the company. Everything was first-class. Before the "feed," however, the Sons took possession of their lodge room—which is on the top flat—and opened the Division in the prescribed form. A more home-like picture than that presented—when the lamps were lit, a bright fire roaring in the stove, the cosy cretonne curtains let down on the windows, the officers seated in their various places, and the large number of Sons (and daughters) occupying benches arranged in semi-circular form on each side of the hall—it would be difficult to find. The accoustic properties of the hall are excellent, as it was well tested before the evening was over.

The ladies and gentlemen, who had the management of the "feed," performed their parts well. After refreshments, the members again returned to the hall, Dr. Christoe was elected chairman, and a literary and musical programme gone through with. Miss Bella Christoe, Miss Hopkins, Miss Page, Miss Davis, Mr. C. Sproule, Mr. J. Blackburne, Mr. Thompson and others took port. The event of the evening, however, was the speech made by Mr. J. Blackburne. It was short but comprehensive, and was delivered with ease, grace and dignity. Mr. Blackburne promises to be a fine public speaker, as those who heard him on Wednesday evening will be prepared to testify. At 11 o'clock one of the most enjoyable evenings ever spent in Flesherton was brought to a close by the singing of the Sons "Closing Ode."

A Remarkable Escape.

Mrs. Mary A. Dailey, of Tunk hannock, Pa., was afflicted for six years with Asthma and Bronchitis, during which time the best physicians could give no relief. Her life was despaired of, until in last October she procured a Bottle of Dr. King's New Discovery, when immediate relief was felt, and by continuing its use for a short time she was completely cured, gaining in flesh 50 lbs. in a few months.

Free Trial Bottles of this certain cure of all Throat and Lung Diseases at W. Richardson's Drug Store. Large Bottles $1.00.

☞Extra good bargains are offered by C. Treadgold—next door to Clayton's, Flesherton—in superior Pianos, Organs, Sewing Machines, for Cash, Wood, Hay, Butter, &c., and for good Notes. Shuttles, Needles, and Oil supplied. Old Sewing Machines repaired and taken as part pay on new. Candid and searching inspection invited with a view to purchase to advantage. $100,000 to lend on farm security at lowest rates of interest. Mortgages bought. A kind invitation is extended to all to deal with C. TREADGOLD, Flesherton.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "2 Cedar St., New York, Oct. 28, 1882.

"*Gentlemen:* My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882. Yours gratefully,

HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.
