A. McCAULEY Pro

Shot While Hare Hunting

Owen Sound, Oct. 29.—A hunting party consisting of Geo Inglis, local registrar of the high court of justice; Wm. Masson, postmaster; W. A. Inglis, Jack Inglis, miller; Robt. Edgar, town tax collector, and John Fox, liveryman, left here early yesterday morning on a hare hunting excursion to Elliott's swamp, near Hall's settlement, in the township of Derby. The party put in the day in the swamp, running hare, without anything out of the usual occurring. Along about five o'clock in the evening, however, Mr. Edgar separated from the rest of the party and went back alone into the swamp after a hare which the dogs had just raised. Darkness coming on shortly afterward and he not having returned his comrades began to become somewhat anxious about him and returned to the swamp in the direction in which he was going when last seen, to endeavor to bring him out. The swamp is not a large one, being but a narrow strip covering some fifteen acres, but after searching for a couple of hours as thoroughly as could be done in the semi-darkness they were forced to abandon the search and come to town for lanterns and further assistance to continue the search. On reaching here a large searching party was hurriedly organized and equipped with the necessary lanterns, etc., and a return was made to the swamp, where, after a search for an hour or so, the party came upon the lifeless body of Mr. Edgar lying upon the ground face downwards, with his gun under him, and himself terribly shot in the abdomen. Death must have been instantaneous. In making his way through the swamp he must have, by falling or some other way, accidently discharged the gun with the above sad result. The body was brought in to Owen Sound at 1 o'clock this morning by the sorrowing party and taken to his home.

The accident is undoubtedly a very sad one and will be deeply lamented by the whole community. Mr. Edgar was one of Owen Sound's eldest residents, having came in the early days of the town. He was for many years bailiff of the first Division Court of Grey, giving up the position a year or two ago. He has been town tax collector for the past ten years and upwards, as well as being at the same time collector of water rates. The deceased was one of the best known men in the county, was a prominent Orangeman and a staunch and energetic Conservative, besides being connected with many of the different fraternal societies. He was about 58 years old and a native of Ireland. He leaves a widow and grown up family.

A GOOD WIND MILL—MAKE IT YOURSELF

I have one of the People's wind mills which I saw recommended in your paper recently, it only cost me $1.40 and is a splendid mill; my well is deep, but it pumps it all right and with very little wind; the neighbors all like it, and as I am a kind of a carpenter, I have agreed to put up nine mills already, on which I can make a nice profit, and there are many others for whom I can put up mills this fall. I don't see why every farmer should not have a wind mill, when they can make it themselves for less than $10; anyone can get diagrams and complete directions for making the wind mill by sending 18 two-cent stamps to pay postage, etc., to Francis Casey, St. Louis, Mo., and there can be dozens of them put up in any locality by anyone that has the energy to do so. A FARMER.

CHURNING DONE IN ONE MINUTE

I have tried the Lightning Churn, you recently described in your paper, and it is certainly a wonder. I can churn in less than one minute, and the butter is elegant, and you get considerably more butter than when you use a common churn. I took the agency for the churn here and every butter maker that sees it buys one. I have sold three dozen and they give the best of satisfaction. I know I can sell 100 in this township, as they churn so quickly, make so much more butter than common churns and are so cheap. Some one in every township can make two or three hundred dollars selling these churns. By addressing J. F. Casey & Co., St. Louis, you can get circulars and full information so you can make big money right at home. I have made $80 the past two weeks and I have never sold anything in my life before. A FARMER.

Vandeleur

From our own Correspondent.

Mrs. McMannis, of Shelburne visited friends here recently.

Miss Annie Wickens, of Kimberley, spent Sunday with her uncle, Mr. John Alcox.

Our teacher, Miss Gilray, has been re-engaged for another year.

Mr. Robt. Pritchard took charge of the League meeting last Sunday evening.

The Rev. Mr. Mahan has been holding revival services here for the past two weeks. The weather has been very faverable for them so far, and the attendance is very good.

A WIFE EQUAL TO A COLD MINE

Will some of your readers give me a good recipe for making a cold starch? I am selling self-heating flatirons and iron a little at every house and have to use some starch every place and want to know how to make a good cold starch. My husband was in debt and I being anxious to help him thought I would sell self-heating flatirons and I am doing splendidly. A cent's worth of fuel will heat the iron for 3 hours, so you have a perfected oven heat. You can iron in half the time and no danger of scorching the clothes, as with the old iron, and you can get the most beautiful gloss. I sell at nearly every house, as the iron saves so much fuel everyboby wants one. I make $1.50 on each iron and have not sold less than ten any day I worked. My brother is doing well and I think anyone can make lots of money anywhere selling irons. J. F. Casey & Co., St. Louis, Mo., will start anyone in the business, as they did me, if you will address them.

MRS. A. RUSSELL.

HOW THE DIPPER SAVED THE FARM

Father was sick and the mortgage on the farm was coming due. I saw in the Christian Advocate where Miss A. M. Fritz of Station A, St. Louis, Mo., would send a sample combination dipper for 18 two cent stamps, and I ordered one. I saw the dipper could be used as a fruit jar filler; a plain dipper; a fine strainer; a funnel; a strainer funnel; a sick room warming pan and a pint measure. These eight different uses makes the dipper such a necessary articles that I went to work with it and it sells at very near every house. And in four months I paid off the mortgage. I think I can clear as much as $200 a month. If you need work you can do well by giving this a trial. Miss A. M. Fritz, Station A, St. Louis, Mo., will send you a sample for 18 two cent stamps—write at once. JOHN G. N.

THE NEW HOOK SPOON FREE TO ALL

I read in the Christian Standard that Miss A. M. Fritz, Station A., St. Louis, Mo, would give an elegant plated hook spoon to anyone sending her ten 2 cent stamps. I sent for one and found it so useful that I showed it to my friends, and made $13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.

Very truly, JEANNETTES.

MARRY THIS GIRL QUICK

I saw in your paper that a 13 year old boy made $1.25 the first hour he worked selling the Perfection Metal Tip Lampwick. I ordered a sample and went to work and the first week I cleared $10, the second week I cleared $15. I expect to run up to $25 a week in the near future, as the Perfection Metal Tip Lampwick makes such a beautiful white light and does away with smokey chimneys and bad odor and save oil, it is easy to sell. If you wish to try it send 13 two cent stamps to Miss A. M. Fritz, Station A., St. Louis, Mo., and she will send you a sample outfit, this is a good way to make money around home MISS TINA W.

MAKE YOUR OWN LANTERN

Your home is incomplete without it, and the price is within reach of all. I ordered one for my own use—and it was so handy and convenient I went to taking orders for them and sold 51 in one day making over $5 clear. It gives a beautiful white light, chimney never breaks from heat, it is always clean and ready. Francis Casey, St. Louis, Mo., will send sample for 13 two cent stamps, write for one. I got my start from him.
