DISTRICT SAYINGS AND DOINGS.

In the Arrangement of Which, Scissors and Pen are Freely Used.

——Grey County spring assizes open at Owen Sound on Monday, 13th inst., before Justice Galt.

——Fire.—J. S. George's large warehouse in Port Elgin was destroyed by fire on Sunday last; loss $15,000, insured for $11,000.—*Grey Review.*

——Dr. McWilliams has had a severe attack of illness, but we are glad to see that he is now much better, and hope he will soon regain his usual health.—*Dundalk Herald.*

——The many friends of Mr. J. Scott (formerly of Inistioge) will regret to hear that he died last week at Angus, Ontario. We believe he had been severely afflicted for some time. —*Dundalk Herald.*

——Accident.—Mr. John Gunsby, of Violet Hill, had the small bone of one of his legs broken the other day while working in the mill of Messrs. Hawkins Bros.—*Shelburne Economist.*

By lack of open air exercise, and the want of sufficient care in the matter of diet, the whole physical mechanism often becomes impaired during the winter. Ayer's Sarsaparilla is the proper remedy to take in the spring of the year to purify the blood, invigorate the system, excite the liver to action, and restore the healthy tone and vigor.

——The workmen in Knechtel's cabinet factory, Hanover, struck against a reduction of ten per cent. on their wages last week, but afterwards went to work at the reduced rate.—*Mt. Forest Confederate.*

——The Royal Templars of Temperance, Orangeville, purpose holding semi-monthly entertainments in their hall, Chisholm's block, for the purpose of promoting the cause of Temperance.—*Post.*

Hall's Hair Renewer renews, cleanses, brightens, and invigorates the hair, and restores faded or gray hair to its youthful color and lustre. People with gray hair prefer to use the Renewer, rather than proclaim to the world through their bleached locks that they are becoming aged, and passing on to decay.

——Quite a sensation was caused at the Queen's hotel Friday night by the explosion of a coal oil lamp. Damage—one chair and a portion of the floor partially burned.—*Hanover Post.*

——Leg Broken.—The other day as a little son of Mr. James Hudd, who lives on Lot 12, 1st Con., O. S., Melancthon, was leading a horse out of the stable, the door which pushes aside on rollers fell, and striking one of the boy's legs broke it midway between the ankle and knee. We believe Dr. Barr is in attendance.—*Shelburne Economist.*

The Cheapest And Best.—On account of its purity and concentrated strength and great power over disease, Burdock Blood Bitters is the cheapest and best blood cleansing tonic known for all disordered conditions of the blood.

——Election.—Orangeville had an exciting election on Monday last. The candidates were Messrs. Robt. Moore and Joseph Foster. The prize for which they contended was the representation of the East Ward of that ambitious hamlet in the municipal council. Our old friend Joseph came in first with 30 votes to spare.—*Shelburne Free Press.*

Accidental.—A. Chard, of Sterling, in a recent letter, states that he met with an accident some time ago, by which one of his knees was severely injured. A few applications of Hagyard's Yellow Oil afforded immediate and complete relief.

——Dangerous.—Conrad Lutz, a farmer aged 40, was killed at New Hamburg by the cars on Thursday last. Before leaving the village he remarked that he was going to Stratford to pay his newspaper subscription. We have a few who will live to be very old men, unless they make a start soon, and get killed in the same laudable object.—*Shelburne Free Press.*

A Princely Fortune.—A man may possess the fortune of a prince but can never possess happiness without good health; to secure which the blood must be kept pure and every organ in proper action. Burdock Blood Bitters purify the blood and regulate all the organs.

OBSTRUCTIONS of the Stomach, Liver and Bowels, are promptly removed by National Pills.

——Last Thursday morning Dr. Cotton's valuable hound was found dead in the stable. The cause of the fine brute's death was poison, administered by some malicious person at present unknown. The Dr. valued the dog at $50 and will make the guilty person, if he can be discovered, pay dearly for the despicable trick.—*Mt. Forest Representative.*

Where to keep it.—Keep it in your family. The best remedy for accidents and emergencies, for Burns, Scalds, Bruises, Soreness, Sore throat, Croup, Rhematism, Chilblains and Pain or Soreness of all kinds, is that marvellous healing remedy, Hagyard's Yellow Oil.

——The Salvation Army, under Captain Magee, is growing to be a healthy institution in Orangeville. Staff Captain Professor Wiggins assisted the Captain and her attractive lieutenants at the afternoon and evening services in the town hall on Sunday, and treated the large audience to some excellent music.—*Dufferin Post.*

——Again Successful.—Those acquainted with the Kelly family will be pleased to learn, that Mr. James Kelly has succeeded in taking first class honors, being third on the list at his second year examination at McGill Medical College. We heartily congratulate him and predict a most successful career, for this promising young student.—*Durham Chronicle.*

Sure to Conquer.—The most troublesome cough is sure to yield if timely treated with Hagyard's Pectoral Balsam. Pleasant to take and safe for young or old.

——Last Thursday night Mr. Wm. Bailey, lot 10, con. 10, Arthur, had both his barns and stables, in which were eight head of cattle, 200 bushels of oats, eight tons of hay, and farm implements, destroyed by fire. His loss must be about $2,000. Insured in the Agricultural of Watertown, N. Y., for $600. How the fire originated is not known. Mr. Bailey and wife were from home at the time.—*Mt. Forest Confederate.*

——Mrs. John Scanlon, of the South Line, Brant, died on the 22nd ult., in her sixty-sixth year. She had been a resident of the Township of Brant for upwards of thirty years. She was born in the county of Derry, Ireland, and came to Canada in 1845, living for some years in the township of Guelph. She was a devoted wife and mother, and consistent church member. She was the mother of Mr. John Scanlon, of Allan Park. The family have the sympathy of the community in their sad bereavement.—*Hanover Post.*

A Good Guarantee.—H. B. Cochran, druggist, Lancaster, Pa., writes that he has guaranteed over 300 bottles of Burdock Blood Bitters for dyspepsia, bilious attacks and liver and kidney troubles. In no cases has it disappointed those who used it. In Canada it gives the same general satisfaction.

——A Young lady named Miss Maggie Morrison, of con. 11, Arthur, while driving home from Mount Forest in company with a male relative on Monday, was thrown out of the cutter and had her arm broken close to the shoulder. The gentleman in the cutter with Miss Morrison had turned out to pass a sleigh ahead of them when his cutter struck the side of the sleigh, causing the former to upset, and Miss Morrison's arm being extended as she fell, it was broken as described.—*Mt. Forest Representative.*

Most people suppose that the manufacture of tobacco consists merely of taking the leaf and pressing it into plugs. The fact is, however, that the process is a very delicate one, and the least false step will injure the flavor. The leaf must be carefully attended to for months after it leaves the planter's hands. It must neither dry too quick nor too slowly. Even after it has reached the factory the utmost delicacy of manipulation is required. The weather must be carefully studied, for if there is too much moisture in the air when it is pressed it will mould, and the same will happen if too much moisture is sprinkled upon it for the purpose of opening the leaf. Again, if it is overdried in the oven it will turn crisp, and will nip the tongue in smoking. It is by careful attention to all these points that the "Myrtle Navy" has been brought to such perfection. The firm who manufacture it have their own storehouses in Virginia, and from the time the leaf leaves the plantes's hands until it is turned out of the factory, months afterwards, in plugs, it is under the care of their skilled and trusted employes.

——The match for the championship between Whyte, of Chesley, and Benett, of Toronto, took place last Tuesday evening in the rink. The conditions were that Whyte had to skate 36 laps while Benett ran 30 laps, the stakes being $100. Both men were in good condition and ready to start when called on. At the word go both men set off, Whyte winning by about 10 yards. Time 9 m. 2 seconds. Benett made a good show but had no chance. There was a fair attendance of spectators. Music was supplied by the 32nd Battalion Band. —*Bruce Herald.*

DR. LOW'S PLEASANT WORM SYRUP —An agreeable, safe and effectual remedy to remove all kinds of worms.

——It is with deep regret we announce the sudden death of Mrs. Vogan, of Williamsford Station, on the 25th of March. Sunday night Mrs. Vogan sat up with a dying neighbor and next morning was taken ill and died at 4 o'clock Wednesday afternoon. Medical aid was called but was of no avail. Mrs. Vogan was well known and highly respected both in this section and in the neighborhood of Flesherton. Her husband and children have the sympathy of the public in their bereavement. Heart disease was the cause of her death.—*Chatsworth News.*

Cholera Preventative.

In order to withstand Cholera and such like epidemics a perfect purity of blood, and the proper action of the proper action of the stomach are required. To insure that end, in the cheapest, most available and complete manner, use McGregor's Speedy Cure for Dyspepsia, and Impure Blood. There is no purer, safer or more reliable remedy in existence for Indigestion, Dyspepsia, Costiveness, etc. Ask your neighbor or any person who used it. Sold at Richardson's Drug Store. Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. H. A. Dixon & Son, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star, Nov. 17, 1882.
