VALUE OF ORCHARDS

That good fruit farms are worth owning, is the advice of a well-known agricultural authority. Owners should make every effort to keep them, for money will be made from them in the future as in the past. Further, he points out that growers who sell nearest home get the best prices. Culls sold in the home markets often net more than fancy fruit shipped to distant cities. But selling culls anywhere is a very poor policy as it brings the price down badly, and lessens the desire of the buyer for the fruit.

Ontario To Spend Million On Roads

Hon. Leopold Macaulay, minister of highways, has announced the letting of seven contracts for work scattered throughout the province entailing the expenditure of approximately $1,000,000.

The work on these projects, Mr. Macaulay stated, will be commenced at once and as much local relief as possible will be provided.

The works and successful tenderers are as follows:

Grading of the highways from Alexandria to Lancaster, Dominion Construction Co. of Toronto.

Asphaltic pavement, Hickson, to Tavistock, Dufferin Construction Co., Toronto.

Ten miles concrete paving, Stayner easterly, King Paving Co., Oakville.

Beaverton south, concrete pavement five miles in length, A. E. Jupp Construction Co., Toronto.

Waverley toward Barrie, ten miles concrete pavement, Sterling Construction Co. of Windsor.

Durham north toward Chatsworth, five miles of asphalt pavement, Standard Paving Co., Durham, Ontario.

Completion of surfacing of highway, Thornbury to Meaford, seven miles, Non-Skid Paving Co., Leaside.

DON'T BE A SLACKER!

There were slackers during the war and there are slackers in times of peace. How about the church member who expects others to keep up the expenses of the church; the lodge man who never accepts office and seldom attends; the citizen who is never at a nomination or party caucus and often fails to vote in a general election? These slackers complain of high taxation and inefficiency in government but you couldn't run fast enough to get one of them to allow his name on a ticket. They are too selfish, too busy, with their own affairs, too timid to get out and become a target for the public to shoot at. They are slackers in the matter of good citizenship just as much as there were the slackers during the war. They complain, criticize, condemn, yet decline to take hold and help. They expect others to make all the sacrifice. It takes courage and determination to take hold and try to help out. So don't expect the other fellow to do it.
