Mr. Lum Smith, Editor and Proprietor of the *Agent's Herald* and *Public Herald*—both papers published in Philadelphia—still continues his vigorous denunciations against frauds of every description. Notwithstanding much has been said about the importance of a blood-purifying medicine, it may be possible that the matter has never seriously claimed your attention. Think of it now! If, by the use of a few bottles of Ayer's Sarsaparilla you avoid the evils of scrofula, and transmit a healthy constitution to your offspring, thank us for the suggestion.

An Omission.

ONE of the sights of the City of Hamilton is the factory in which the celebrated "Myrtle Navy" tobacco is made. Some people may suppose that putting up plugs of tobacco must be a very simple matter, but a walk among the ponderous and complicated machinery of this establishment would speedily undeceive them. Here are hydraulic presses, screw presses, iron frames, all of enormous strength, besides a steam engine and many other pieces of machinery.

Good for Mac.

We clip the following from the report of Inspector J. H. Ball, M.A., for the County of Welland to the minister of Education.

The Thorold Public School Board has been setting a good example in decorating the walls of the school rooms with steel engravings of a high order. A tastefully decorated school room is an important educational influence. Fifteen pupils of the Thorold schools passed the last Entrance Examination, a fact which speaks well for the Head Master, Mr. P. McMaster and his staff. A class of twenty-five is preparing for the coming June examination.

AN EX-ALDERMAN TRIED IT.—Ex-Alderman Taylor, of Toronto, tried Hagyard's Yellow Oil for Rheumatism. It cured him after all other remedies had failed.

Horse Bill Corrections.

Several errors crept into Mr. Samuel Martin's horse bills through some misunderstanding on the part of one of our hands who wrote at Mr. Martin's dictation. Wednesday's route should have read, "leaves his own stable goes down 3rd line to townline between Collingwood and Euphrasia as far as Mr. James McCallum's for noon; thence by Conn's side road up the valley to Condy's hotel, Kimberly, one hour; then home to his own stable for night." Another mistake occured under the heading of "Terms." The last sentence should have read:—Any person putting his mares to this horse (Young Duke) and whose colts, from said horse, take first prize at any agricultural exhibition, will be refunded their service money.

THIS IS RELIABLE.—R. N. Wheeler, Merchant, of Everton, was cured of a severe attack of inflammation of the lungs by Hagyard's Pectoral Balsam. This great throat and lung healer cures weak lungs, coughs, hoarseness, bronchitis, and all pectoral complaints.

Those Pigs

An Amusing Scene in Flesherton Last Week.

Several pigs belonging to a woman living near this classical town, went into a field of newly sown grain,—belonging to our citizen, Mr. J. H. Heard—last week, on a tour of investigation, and succeeded in making nuisances of themselves. They continued their investigations on several occasions, and finally Mr. Heard's men felt called upon to drive them to the pound, where they could chew the cud of reflection at their leisure. The pigs were driven through the village, but when near the pound-keeper's gates, the owner and some friends put in an appearance, and charged the "enemy" in true British style. Of course the dear reader is not to understand that they attacked the drovers—the bipeds, so to speak—oh, no! it was the pigs. First the pigs went one way, and then another, and then every way but the right one, pig like as may be imagined. Then came a rush and a scramble and the pigs were driven off triumphantly by the owner and her friends, to the amusement of those who witnessed the thrilling and interesting scene.

Markdale Items.

From our own Correspondent,

Mr. W. L. Young, our obliging bank clerk, has been on an extensive business tour this week. He first went to Owen Sound (by way of Berkely) and then to Harriston, returning on Thursday. He complains of sore feet, but we don't think he walked all the way.

A monster fishing match takes place on Friday, among the sports of this village, the losing side to pay for a supper for all. In his dreams your correspondent seems to be once more wading through mire, and tearing his way through bramble, or again, sitting upon some hemlock stump in mid-stream hauling in fish innumerable, Aut Alas!! He wakes with a groan, to find his joints stiffened with rheumatism. rheumatism, still there was a time in the past when his limbs were as lithe as any, and he could haul in as good a string of fish as ever gladdened the eyes of a man in Lent.

The corner Stone of the new Methodist Church, is to be laid on Monday May the 25th, by Warring Kennedy Esq. of Toronto. At the same time the Ladies' Aid in connection with the same church will hold a bazar. Great hopes are entertained for the success of the event. A concert will also be held on the evening of the same day, when a choice program comprising both home and foreign talent, will be submitted.

DEPEND UPON IT.—You can depend upon Hagyard's Yellow Oil as a pain reliever in rheumatism, neuralgia and all painful and inflammatory complaints. It not only relieves but cures.
