The Corner Stone

OF METHODIST CHURCH, MARKDALE, LAID ON MONDAY.

CONCERT IN THE EVENING.

[*Special to The Advance.*]

As intimated, the great event of laying the corner stone of the Methodist Church took place at Markdale on the 25th. A large concourse of persons assembled and the offerings were large, amounting to $140.00. The rain, however, dispersed the gathering rather earlier than was desirable. Mr. Warren Kennedy, of Toronto, officiated, he being an old friend of the pastor's, and a gentleman well-known as a wholesale dry good's merchant, and possessing no mean ability as a speaker. The church will be the largest structure for religious assembly in the village—the dimensions and cost of which will be given on some other occasion.

THE CONCERT

at night was fully up to expectation. The chair was occupied by W. J. McFarland, in his usual cheery style; no one could give a more concise history of church building and successive enlarged requirements than he, having been a chief factor in the rise of Markdale from its beginning, and the earnest words regarding this new structure, showed very clearly the undertaking was to be a success.

The Choir of the church lead off with a well rendered anthem. Then followed a capital and racy recitation by Rev. Mr. Allan—short, sweet, delightful; then an instrumental duet by the Misses Bowes and Cornwall. Next came a novelty, viz., a guitar solo, by Mrs. Fox. Not being a judge regarding such instrumental music, all that need be said, is that it was greatly relished by the audience. Mr. J. R. Anderson gave one of his national songs—his name and fame need no recommendation. Mrs. Cassin's pithy reply—of foregoing the pleasure offered to immortalize herself—brought down the house. Miss Cobban's instrumental was exceedingly well and gracefully rendered. Part first closed with a song, chastely given, by Miss Christoe, with an accompaniment by Miss Damude. These young ladies must feel highly flattered to have been invited to take part in what was intended to be—and which was—a select entertainment. It will be no flattery to say that these Flesherton ladies seemed to appreciate it. Their renderings were admirable; they seemed to understand each other to perfection. It is to be hoped that Miss Damude and Miss Christoe will often be found together in what may be termed higher class music.

The quartette was rendered very sweetly. Then came an address by Mr. Kennedy—long, interesting and Methodistic to a fault. Mrs. Fox gave a song. This lady has a very rich voice, of considerable compass, and without that nonsensical affectation and trilling where none is required; there was a distinctness of expression which enabled the listener to catch every syllable. Her closing anthem was well selected for the occasion, and faultlessly rendered; no wonder the Markdale people were so solicitous to obtain her services. Miss Damude's song was well selected. This young lady never appeared to better advantage: the piece was adapted for her voice—chaste, forcible and enchanting, her services will be frequently required. Mr. Anderson sang the "March of the Cameron Men," which always commands an encore and was repeated. "God Save the Queen," closed one of the most pleasant entertainments of the season.

It is difficult to discriminate where every one did so well. The inauguration services of the new church speak well for its ultimate success.

The virtue of Carbolic Acid for healing, cleansing and purifying is well known; but from the many modes of applying it, the public is uncertain how best to use it. To meet that want, McGregor & Parke's Carbolic Cerate is prepared, and may be used with confidence. Do not be misled. Take only McGregor & Parke's Carbolic Cerate. Sold at Richardson's Drug Store.

A Dastardly Deed.

Mr. McDuffy's House near Eugenia Burned by Incendiaries on Tuesday Night.

Mr. McDuffy, whose out-buildings were destroyed by fire recently, has met with another serious loss. On Tuesday night last this house was destroyed by fire, undoubtedly the work of an incendiary. Nothing now remains on the farm but a hen house. One of the neighbors found a note pinned to McDuffy's gate post, on Wednesday morning, warning McDuffy not to erect any more buildings on the place. It is now high time, we think, to demand a most searching investigation, so that the perpetrator or perpetrators may be speedily brought to justice.

—Cumberland Cut and Long Clear Bacon cheaper than any house in town at R. Trimble's.

—Long Clear Bacon only 9 cents per lb., selling fast at R. Trimble's.

AFTER TWENTY-THREE YEARS' SUFFERING.—Rev. Wm. Stout, of Wiarton, was cured of scrofulous abscess that seventeen doctors could not cure. Burdock Blood Bitters was the only successful remedy. It cures all impurities of the system.

Eugenia.

(From our own Correspondent.)

MAY 25TH.—The day ushered in beautiful, after the delightful, long-wished-for rain which fell yesterday. Fishing on the brain.

During the thunder-storm on Sunday Mr. Gilliland's house was struck by lightning. A portion of the brick work near the roof was cracked open for some six feet, and heaved from its position. The current ran under the roof the length of the house, and passed out at the eaves without doing further damage. We just learn, also, of Mr. Jas. Bell having lost fine barn, together with waggon, sleighs, pigs, calves, reaper, two set harrows, and a lot of seed grain and bread wheat; also a horse was stunned, which perhaps will not recover. The barn was struck by lightning and almost instantly enveloped in flames. Loss partly insured.

Our townspeople had not yet got fairly rested after the fire of Saturday week, when the alarm was suddenly sounded one day last week and all available hands rushed to the spot promptly yet only in the nick of time to prevent Mr. Wm. Humberstone's home from being reduced to ashes. The fire had caught in the roof from the stove pipe and had got well under way when discovered by Mr. Humberstone who promptly gave the alarm when help came in the nick of time.

Rev. Dr. Strongman received his diploma of LL.B. last week, a degree of scholarship for which he has been studying the past winter, at the same time carrying on vigorous revival work. Enclosed with the diploma was a nice little sum of the needful as a slight token of the sympathy of one of the professors of the examining faculty for the Dr's loss by fire recently. We congratulate the Dr.

ITEMS LEFT OVER FROM LAST WEEK.

The Rev. Dr. Strongman lately returned from a successful course of examinations at Victoria college, Cobourg. Glad to see him always, and much pleased with the success which has crowned his efforts.

Mr. Wm. Suggitt took the Dr's pulpit work at Eugenia, during his absence. An able and interesting sermon was delivered from the words, "What is man that thou art mindful of him." The preacher proved himself a well versed and talented exponent of the scriptures.

—Just received, 1 case of Gents and boys Felt Hats, something new and selling very cheap at R. Trimble's.

HEADACHE.—Headache is one of those distressing complaints that depends upon nervous irritation, bad circulation, or a disordered state of the stomach, liver, bowels, etc. The editor and proprietor of the Canada Presbyterian was cured after years of suffering with headache, and now testifies to the virtue of Burdock Blood Bitters.

SAUGEEN ITEMS.

From a Correspondent.

[Following items were left over from last week.—ED.]

Mr. John Macdonald lost a valuable mare yesterday, worth $150.

Mr. John Mahar, framer, received a severe cut in his leg with a broad axe, the bone being fractured.

Mr. Henry Hanam has purchased Mr. John Plaster's farm.

Mr. J. T. Wilson has Alex. Nevin employed draining. Nevin has about 3rods done, and 50 rods more to do.

Seeding progressing slowly on account of the wet weather.

We need a new Council in Proton, or the old one to build better bridges, as there is not a safe bridge in the three on the Saugeen on the 19th con. While crossing one of these bridges last week with that fine young stallion, "Climax," got into a hole full of rails and other rubbish, and only for the help of a neighbor, there might have been a serious accident.

Mr. Jos. Richardson is building one of the best barns in the Township without any exception. The masons are at work at it now. It is thought it will cost about $1,000.

Wilson says Heard's iron harrows outstrip anything he ever saw. They are easy on the horses and do excellent work.

FARMER.

[We will be pleased to hear from you often, friend "Farmer." Your items are "short, sweet and to the point"—just the kind we like.—ED.]

—Early Rose Potatoes for sale cheap at R. Trimble's.

THIS IS RELIABLE.—R. N. Wheeler, Merchant, of Everton, was cured of a severe attack of inflammation of the lungs by Hagyard's Pectoral Balsam. This great throat and lung healer cures weak lungs, coughs, hoarseness, bronchitis, and all pectoral complaints.

Markdale Improvements.

(Special to the Advance.)

The improvements now in progress in new buildings being erected is highly gratifying. The work on the new Methodist church is progressing favorably; while just across the street our worthy townsman W. Douglass, Esq., is erecting a palatial residence that, from its commanding site, will form an attractive feature to our already ornamental town. So far as architectural beauty and design can give pleasure to the human senses. The stone and brick work is being performed under the master supervision of Mr. J. W. Davis and his superior skill as a mason is ably contrasted by the incomparable wood-work from the hands of his colleague, Mr. W. J. Purvis, Neatness of style in workmanship will attract the most unobservant, and he who, by the exercise of superior taste in the Arts, conveys a pleasure to his fellow-men, is a benefactor to mankind—for "A thing of beauty, is a joy forever." The architecture is of the composite order, but rather of the Corinthian style, and will undoubtedly prove a high attraction to our town.

—New goods of all kinds arriving daily at R. Trimble's.

NATIONAL PILLS are sugar coated, mild but thorough, and are the best Stomach and Liver Pill in use.

THE HECTIC FLUSH, pale hollow cheeks and precarious appetite, indicate worms. Freeman's Worm Powders will quickly and effectually remove them.

Catarrh—A New Treatment. Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. H. A. Dixon & Son, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star, Nov. 17, 1882.
