VOL. V., NO. 219. FLESHERTON, ONTARIO, AUGUST 27, 1885. SINGLE COPIES, 5 CENTS EACH.

WARREN LELAND,
whom everybody knows as the successful manager of the
Largest Hotel Enterprises
of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the officers of the vessel had cured himself, during the voyage, of an obstinate disease by the use of
Ayer's Sarsaparilla.
Since then Mr. LELAND has recommended AYER'S SARSAPARILLA in many similar cases, and he has never yet heard of its failure to effect a radical cure.
Some years ago one of Mr. LELAND's farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND's direction, was supplied with AYER'S SARSAPARILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use.
Mr. LELAND has personally used
Ayer's Sarsaparilla
for Rheumatism, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Salt Rheum, Sores, Eruptions, and all the various forms of blood diseases.
We have Mr. LELAND's permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AYER'S SARSAPARILLA to see him personally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York.
Mr. LELAND's extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquirers much valuable information.

POETRY.

For The Advance.]

Perseverance.

"Not now!" said Fate: but did the hero stand
With idly folded arms, and calmly wait
Till Chance should sweep him on in course of time
To Fortune's gate?
"Not now!" But mark, he proudly raised his head—
"Some time, I know—some time," was all he said.
And he toiled on.
And when the roses of his life seemed dead,
"Some time, I know—SOMETIME," was all he said.

"Not now!" said Fate: and, oh, the way was dark
And obstacles like giant rocks opposed
But not one breath of fame from the gay world,
Success disclosed.
No breath of fame—the voice of Praise was dead—
"Sometime, I know—sometime," was all he said.
And still he toiled.
While Hope, Sweet Hope, his dying spirits fled;
"Sometime, I know—SOMETIME," was all he said.

"Now, now!" cried Fate: and the proud victor saw
And knew and felt that he had gained the goal,
And the wide world went ringing with the fame
Of his great soul.
And men of knowledge bowed and own'd his power,
While the loud cry "Success!" was heard each hour.
And he had toiled
When all the roses of his life seemed dead—
"Sometime, I knew—SOMETIME, thank God," he said.

—The proper place to get your Watch repaired is Russell's Flesherton.

—A number of young people assembled at Mr. D. S. Munro's residence here, on Wednesday night, and passed a delightful evening in various innocent games and amusements. The party broke up at a seasonable hour, and all went away well pleased.

Russell, the noted jeweller, attends personally to every Watch or Clock brought in for repairs.

—"The editor of the ADVANCE has discovered a slight difference between a pine tree and a potato stock."—*Markdale Standard.* This is an age of great discoveries, brother Rutledge; it now remains for you to "discover" which end of the stock the potatoes grew on, and whether pumpkins grow on apple trees or not!

—Mr. McCurdy, of Arran, who was severely kicked in the stomach by one of his father's horses some weeks ago, died on Sunday morning, Aug. 2nd. —Mr. Thos. Osborne and Mr. Thos. Strain had some conversation last Friday evening, in which the former called the latter a "thief," and made some remark in which the words "cut your head off" occurred. ALL WELL PLEASED.—The children like Dr. Low's Pleasant Worm Syrup and parents rejoice over its virtues.

—The Agricultural Editor was in Shelburne last Friday forenoon. He called on his confreres of the *Economist* and *Free Press*, after which he visited the rooms of the popular and talented young dentist, Mr. J. P. Marshall. While here he had two teeth extracted by the painless and vitalized air process. It is certainly one of the grandest inventions of this century, being as painless as it is harmless. Mr. Marshall visits Flesherton for the practice of his profession the first and third Thursday in each month.

FOR NETTLE RASH, Summer Heat Eruptions and general toilet purposes use Low's Sulphur Soap.

—The Methodist church here was crowded with people who came to here Rev. Mr. Ayer's sermon on "True Heroism" last Sunday evening. The sermon was a grand one, and at times the enthusiasm was such, that on any other day and under any other circumstances, it would have vented itself by repeated outbursts of applause. The vigorous declamation, the happy illustrations, and the felicitous applications, in which the sermon abounded, held the closest attention of the large audience throughout. Rev. Mr. Ayers is a revivalist in the very highest sense of that word.

"What Say You to a Piece of Roast Beef and Mustard?"

Well, there is much to be said. The question being asked of the banqueter at the average boarding house, calls up reminiscences of close contiguity to the horns, and beefsteak three cuts south thereof. He, of course, will pass, unless it occurs to him that he needs a hinge for his trunk. Should there be any suffering, the effects of an indulgence in such sinuous fare, use McGregor's Speedy Cure, a sure and effectual remedy for Dyspepsia, Constipation and all affections of the stomach and liver. Sold by Wm. Richardson. TRIAL BOTTLES FREE.

—Apples were stolen from the orchard of Mr. Thos. Osborne recently by some of our smart village boys. As the boys are known to Mr. Osborne, there was not so much fun "hooking" the apples as the boys probably thought when they were taking them. One of the boys implicated has done more in the stealing business than any boy within a radius of twenty miles. His folks will need to look sharply after the young scoundrel or he'll be "jugged" one of these days.

The best medical authorities acknowledge the value of Ayer's Cathartic Pills, and frequently prescribe their use with the utmost confidence, as the most effectual remedy for diseases caused by derangements of the stomach, liver, and bowels.

—Robert Todd was up before Alex. Cochrane, J.P., on Friday last, and pleaded guilty of stealing a watch from Mrs. McMitchell, and was committed to Owen Sound Jail to stand his trial. This is the same boy who was brought up for setting fire to the various stables etc., in Lower Town about two months ago. The suspicion in connection with the fires was so strong that no doubt it is well that severe measures should be used. We are glad to state that Mr. Cochrane took the bench and did the best for the community in this case.—*Grey Review.*

Do you wish a beautiful complexion? Then use Ayer's Sarsaparilla. It cleanses and purifies the blood, and thereby removes blotches and pimples from the skin, making it smooth and clear, and giving it a bright and healthy appearance.

—"Entire, absolute consecration," was the subject of Rev. Mr. Ayer's sermon in the Methodist church, Flesherton, Sabbath morning last. The subject was very well handled. The speaker showed that it was just as possible to be entirely consecrated to the service of the Lord, as it was for a soldier to be consecreated to the service of king and country or the professional man, the merchant the mechanic, and the farmer to their various callings. A dozen or so publicly enrolled themselves as members of the church at the conclusion of the preliminary services. There was a large congregation.

If the public are fairly and faithfully dealt with they will come to appreciate it sooner or later. This fact is well illustrated in the experience of Messrs. Tuckett & Son, with their well known "Myrtle Navy" tobacco. Throughout the manufacturers of T. & B. have stood firmly by their original idea to give the public the best article possible, at the lowest possible price, and in the large demand for their tobacco the public have manifested their appreciation.

—A party of young people assembled at the residence of Mr. Jas. G. Russell, Flesherton, on Tuesday evening last. The guests were very gracefully received and soon were busily engaged enjoying themselves in various ways. This was—with the exception of the time when refreshments were served—uninterruptedly kept up until midnight, when the company formed in a circle, sang "Auld Lang Syne," and "God Save the Queen," and dispersed. Every person present seemed bent upon having a good time and none went away disappointed. May there be many more similar parties!

AN INVISIBLE FOE.—The poisonous germs of disease are lurking in the air we breathe and in the water we drink. The system should be kept carefully purified and all the organs toned to proper action. This can best be done by the regulating, purifying and tonic powers of Burdock Blood Bitters.

John McNassar, Bondhead, writes: "Whenever I feel out of sorts, bilious, or my liver not working right, or racked with a headache, I take Chase's Mandrake Dandelion Liver Cure. There is more real benefit from one dose of your Liver Cure than in many bottles of some medicines."

A Serious Row in Owen Sound.

On the afternoon of Thursday last two men named Wm. Girdwood and Samuel Hurst went across the river to a house of of Mrs. Baxter on Beech Street, and demanded admittance. Hurst was very drunk, but Girdwood was more sober, and was trying at first to get him away, although he eventually joined in the row which occurred. A couple of neighbor women came in to help Mrs. Baxter to get them out, when Hurst seized one them (Mrs. Jaffrey) by the hair and dragged her out to the street, where a scuffle ensued. Mrs. Baxter, Mrs. McGill, and a Miss Scram, all went to her assistance, and some of them tackled Girdwood. The result was a general melee, in which Hurst bit Mrs. Jeffrey's finger and inflicted a stab with a knife on Miss Scram, the wound fortunately being a slight one, as the knife was stopped by a rib. Both the men were arrested, and came before the Police Magistrate for trial on Tuesday, the County Attorney prosecuting, and Mr. Morrison appearing for the defence. They were convicted and each sentenced to twenty-four hours in goal for the assault on Mrs. Baxter and Mrs. McGill; while for the wounding of Mrs. Jaffrey and Miss Scram, Hurst was sentenced to two years in Penetentiary and Girdwood to one year in the Central Prison.—*Owen Sound Times.*

Nearly Seventy-Five Feet.

To the Editor of The Advance.

Dear Sir,—To what depth do the waters of Beaver River plunge over the perpendicular cliff at Eugenia, before rushing on down the steep and, in some places, almost perpendicular declivities below the Falls proper?

Spring and Summer.

Prepare the body for health and vigor by taking Dr. Chase's Liver Cure. No Spring Medicine equals it. It stimulates the Liver, aids digestion, and purifies the blood. Large bottle and Recipe Book. $1. Sold by W. Richardson, Sole Agent.

Garden Party.

The public are cordially invited to a Garden Party which will be held on the grounds of Mr. Geo. Stewart, Flesherton, to-morrow (Friday) evening. Aug. 28th, commencing about seven o'clock, under the auspices of the Ladies' Aid of the Presbyterian Church. Flesherton Brass Band will be present. We expect to see a good turn-out, as the Ladies' Aid Society is noted for the excellent manner in which it manage garden parties, &c.

A GOOD FILTER.—Pure water is indispensable to health, the least impurity should be removed by a good filter. Pure Blood is also indispensible; there can be no perfect health without it. The Liver filters the Blood. Regulate the Liver with Burdock Blood Bitters and make pure Blood.

Mrs. John Dinwoody.

To the Editor of The Advance.

Sir,—Who was the first white woman in Flesherton? This question has been the cause of considerable discussion and as the Agricultural Editor of the ADVANCE is said to be able to answer almost any question, I send it for publication in your valuable journal.

QUERIST.

[The answer to this and similar questions will always be found in the heading of each.—ED.]

A FREQUENT ANNOYANCE.—Many people suffer from distressing sick headaches and bilious attacks of frequent occurrence which a bottle or two of Burdock Blood Bitters would entirely remove. It regulates the Stomach, Liver, Bowels and Blood to a healthy action.

What we Would like to See.

More new sidewalks.

A 70,000 bushel elevator at Flesherton Station.

A commodious, well ventilated public hall, possessing good accoustic properies.

More manufacturing industries encouraged to locate in Flesherton, and home industries patronized every time in preference to outside ones.

Our Brass Band receiving that hearty encouragement at the hands of the public which it richly deserves.

DANGEROUS FITS are often caused by worms. Freeman's Worm Powders destroy worms.

Gospel Army Jubilee.

The Gospel Army Jubilee, to be held in Flesherton on Wednesday next, the 2nd September, promises to be one of the most stirring events in the history of this village. Preparations on a grand scale, for the event, are now being carried on by those who have the management of the affair. As might be expected, the big-hearter pastor of the Methodist church, Rev. Mr. Ayers, has thrown himself heart and soul into the work. Others are working with equal energy. Such efforts are sure to be crowned with abundant success. See posters and dodgers for particulars.

THE BEST YET.—There is no preparation before the people to-day that commands their confidence more, or meets with a better sale than does Dr. Fowler's Extract of Wild Strawberry—the infallible remedy for all forms of Summer Complaints.

What They Are Saying.

That coil oil racket having leaked out, suppose we try the sidewalk question again!—R. T.

Yes, but blame me if I put the coal oil on the blamed gound.—N. L.

The Agricultural Editor is to blame as usual!—A.E.

I'll go you for another ice cream if you dare!—Will. H.

Who'll put on the gloves till I get a whack at him for the glory of auld Ireland!—W. V.

No. 6, attention! Be ready for the annual drill.—Lieut. Field.

Ready, aye, always ready.—The Volunteers.

Soldiers! fight the good fight of faith in this life, and you shall shine as stars in the firmament for ever in the life that is to come.—Rev. W. Ayers.

Mrs. Robert Hooper, of Khloss, county of Bruce, in a letter, says: "I have been troubled with Dyspepsia and Liver Complaints for a number of years, and am glad to say to the public at all as friends that McGregors Speedy Cure brought me around, and I am now all right, thanks to McGregor's Speedy Cure. Hundreds of like testimonials are frequently received, and are daily proving that this is truly a wonderful remedy, curing Sluggish Liver, Bilious Headache and Costiveness, where all else fails. Sold at Richardson's Drug Store. Trial bottles given free.

UNKNOWN.—There is no remedy known to medical science that can excel Dr. Fowler's Extract of Wild Strawberry as a cure for Cholera Morbus, Diarrhœa, Dysentery, or any form of Summer Complaint afflicting children or adults.

PRICEVILLE POINTERS.

A Lot of Lively Little Locals Gathered Specially for The Advance.

By the Agricultural Editor.

Mr. John McArthur is back at his old post in E. J. Grier's store again, looking after harvesting operations busy in this locality.

Last Thursday evening detective McDonald went out to see one McNally who lives a short distance from Priceville, to see if he couldn't induce him to go to Owen Sound goal for non-payment of a certain fine. McNally received the detective very warmly—with an uplifted axe in his hand. Big Dan wisely retreated, and the matter was subsequently settled to the satisfaction of all concerned.

The remains of Mrs. Smiley, of Egremont, were interred in the Presbyterian burying ground here on Tuesday last. The *cortege* was a large one.

The "disputed territory" is being carefully examined under the superintendance of Mr. Rambough, C. E., of Durham and is subject for much animated discussion.

A lady of Mt. Forest came to Priceville via Durham stage on Saturday last. She asked the mail driver as to the time when he would arrive in Priceville from Flesherton Station, as she wanted to go back to Durham in order to reach Mt. Forest the same evening as she had a return ticket. The driver said 3 o'clock, but he got back shortly after one, and didn't wait for the passenger, who arrived shortly before three o'clock, the time arranged by the driver. The Mt. Forest lady was obliged to hire a rig at Atchison's to take her to Durham in order that she might be able to make connection with the G. T. R. Now, what was the sense of the stage driver lying to a passenger in this way? Surely he ought to know when he would arrive in Priceville, almost to a minute. He is supposed to get here at a certain hour, and that is the time he should have given the lady and then there could have been no mistake; for if he was behind time, his passenger could wait.

The immense bargains now being given in Prints and all kinds of Summer Goods at E. J. Grier's, was enough to make the Agricultural Editor's hair stand on end almost. McArthur said they must all be sold—even at and below cost, in order to make room for winter goods. Some of that awful cheap soap left yet.

That Stray Heifer.

To the Editor of the Advance.

Dear Sir,—About the middle of May the subscriber had a heifer put on his premises. Some time in June I saw an advertisement in the *Herald* of one being at Henry Cook's, Inistioge. They accordingly wrote me if she belonged to them, as was the case, —being willing to pay him a reasonable sum for his expense and trouble. But Henry refused to let the animal out of his possession without the payment of $5. They remonstrated, but in vain—he claiming that he went to Dundalk three times to advertise her, but could not find the printer. However, we are well aware that everybody that is acquainted with him knows his habits and and will not hesitate one moment in believing his assertion that he could not find the printer. When he has any more business with the Editor we would suggest that he see him before making any more calls, as Editors generally have their offices too high up to be observed by men of his stamp. At any rate, not wishing to lose any more time, they paid him the $5, hoping he will make good use of it. At the same time they have the satisfaction of knowing that they have now succeeded in finding the meanest man without exception that living in Artemesia.
