AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes: "AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly more my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.
W. L. PAGE, of W. L. Page & Bro.,
Franklin St., Richmond, Va., June 3, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.
J. T. HAYES,"
Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

—The Agricultural Editor has been having delightful visions during the past few weeks. Why? Simply because his subscribers have been paying up arrearages and renewing their subscriptions and forwarding names of new subscribers like good fellows. Don't forget to pay the printer and you'll have chunks of happiness.

Married.

At Flesherton, on the 4th inst., by the Rev. W. Ayers, Mr. Benjamin Staples to Miss Eliza Ann McLauchlan, all of Glenelg.

Upwards of 200 lots of Fall and Winter Dry Goods are being received and plac'd in stock by W. J. McFarland. These goods have been selected by an experienced buyer who visits the European Markets twice annually. Cash down in every instance has been paid for them which will enable Mr. McFarland to give his thousands of customers goods at lower prices than ever. When in Markdale call and see his immense stock, it will well repay you.

—Mr. Samuel McCulloch, of Dundalk, is one of the most successful dealers in grain in North Ontario. During the past season he handled nearly a hundred thousand bushels of grain, and has so cleverly managed his sales as never to be caught "napping," which is saying a great deal when one considers the great risk run by grain buyers.

—The organ of Mr. C. Treadgold's, which was used at the Grand Jubilee here last week—and which proved such a valuable addition to the musical part of the programme—was sold the next day to Mr. Robert Trimble, merchant, Flesherton. Mr. Treadgold is a thoroughly reliable agent and we most heartily recommend the public to call on him for anything in the musical instrument or sewing machine lines.

A NATIONAL EVIL.—There is no question but that Dyspepsia is the national disease of our country, and when complicated with diseases of the Liver and Kidneys is the cause of untold misery. Burdock Blood Bitters will almost invariably cure the worst case known.

—A grand concert will be given in the Town Hall, Flesherton, on the evening of the second day of East Grey exhibition, under the auspices of the Ladies' Aid of the Presbyterian church. The services of the Flesherton Glee Club have been secured for the occasion, and as this will be their first appearance before the public this season, it will be interesting to see whether their *debut* will be as successful as on a former occasion. We believe it will be much more so.

DON'T BE DECEIVED.—Beware of any druggist who will try to induce you to take anything in place of McGregor & Parke's Carbolic Cerate. It is a marvel of healing for Sores, Cuts, Burns, etc. No family should be without it. It has no equal. Get McGregor & Parke's, and have no other. Only 25c. per box at Richardsons.

—The latest sensation among the C. P. R. employees is that one of their number secured the affections of a young girl and invited her to Lewiston. She consented to go, and on reaching there he prevailed on her to marry him. Friends of the girl, suspecting something wrong, elicited from her particulars of the marriage. She being quite young, and he an elderly man, they communicated with friends at the Junction, when it was ascertained that the bridegroom was already married and had a family. The interested parties are Wm. Milne, a brakesmen, and Annie Frances Gillet, daughter of the foreman of the Canadian Pacific railway yards at Carlton. Milne was arrested at River bank, about five miles from Arthur, and taken to Toronto where the case was investigated on Saturday 22nd ult., and the prisoner committed to trial for bigamy.

ON THE RISE.—"Leaves have their time to fall," says the poet, but wild strawberry leaves are on the rise just now, being utilized in such enormous quantities in making Dr. Fowler's Extract of Wild Strawberry—the infallible remedy for Cholera Morbus, Diarrhœa and other Summer Complaints.

—Barnum made millions by persistent advertising. 'One thing I wish to say,' he remarked, 'you do not any of you advertise enough. You ought to invoke the printer's ink every day. You are sleepy and want the business to run itself Standing advertisements in a paper command, confidence. The man who for a year resides in a community and leads a respectable life, even though he be of moderate ability, will grow in the esteem of his fellows. On the same principle, a newspaper advertisement becomes familiar to the eye of the reader. It may seldom be read, still it impresses the name and business of a man on the public mind, as the sun does a man's portrait on a chemically-prepared plate of glass, and its presence in the columns of a paper inspires confidence in the stability of the enterprise.'

MCGREGOR & PARKE'S Carbolic Cerate is invaluable for Wounds, Sores, Salt Rheum, Cuts, Burns, Scalds and Festers, as a healing and purifying dressing. Do not be imposed on with other useless preparations, recommended to be as good. Use only McGregor & Parke's Carbolic Cerate. Sold by Richardsons.

A WISE PRECAUTION.—During the Summer and Fall people are liable to sudden attacks of bowel complaints, and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required.

Our Reading Room.

The regular monthly meeting of Flesherton Reading Room Society will be held in the society's room next Monday evening, 14th inst., at 8 o'clock sharp. A full attendance is requested as matters of importance are to be discussed, as well as the general business of the Society.

31st Battalion Orders.

No 6 (Flesherton) Company will meet at the Drill Shed, Flesherton, on Saturday, 12th inst., at 2 o'clock p. m. sharp, to prepare for camp. Any member absenting himself on the above date will be treated as a deserter.

J. J. FIELD,
Lieut. No 6 Co'y.

LOW'S SULPHUR SOAP should be found with every toilet. It is cleansing and healing.

The Gospel Army at Dundalk.

The Gospel Army is doing a great work in our sister village, Dundalk. We learn that on Monday night last some forty persons professed that they had found salvation, and that over fifty people stood up to be prayed for. This must have been one of the most remarkable meetings yet held by Major Satherland and his band of earnest and faithful workers.

FREEMAN'S WORM POWDERS are safe, sure and speedy to remove worms from children or adults.

Fire at Rocklyn.

(Special to the Advance.)

On Monday last Mr. Reynold's store and the Euphrasia Town Hall, Rocklyn, were destroyed by fire. Mr. Reynold's, who was in bed when the fire was nearly at its height, had a close call, and only saved himself from a frightful death by rolling himself up with blankets and throwing himself out of the window.

ALWAYS REQUIRED—A good cathartic medicine. National Pills will not disappoint you.

W. G. McCulloch.

In our recent report of the case of A. Davidson, Dundalk, charged with having feloniously taken money from Mr. Middleton, of Proton—and which came up before squire Armstrong—we omitted to give McCulloch's name in full; we should have said W. G. McCulloch. We, do this now,—as there are others of the name of McCulloch living in Dundalk who had no connection with the affair.

NONE BETTER.—There is no more wholesome or delicious fruit on earth than the Wild Strawberry, and there is no more effectual remedy for Cholera, Dysentery, Cramps and other summer complaints of infants or adults, than Dr. Fowler's Extract of Wild Strawberry.

Important.

We direct special attention to the important announcement in our advertising columns to-day by Mr. G. H. Spencer, who has leased Mr. Hogg's saw and lath mills at Little Falls, near Flesherton. Mr. Spencer has put in new saws and otherwise improved the mills and is now in a position to attend to everything in the lumbering, and his other lines of business in the most satisfactory manner. Read his advertisement.

A RADICAL CHANGE.—The best eradicator of foul humors of the Blood is Burdock Blood Bitters. A few bottles produces a radical change for the better in health and beauty. It removes the blood taint of Scrofula, that terrible disease so common in this country.

Meaford Road.

From our own Correspondent,

Mr. A. Johnston received some very hard knocks from a bull which he had yolked up with another ox. He was driving them to work after having wattered them, when the bull made a charge for him, knocking him down and bruising him very badly. Had not help arrived in the meantime he would have been killed.

Sabbath School Convention.

In connection with the Financial District meeting of Owen Sound district, Methodist Church, to be held here next week, a Sabbath School Convention will be held in the Methodist Church, Flesherton, on Wednesday and Thursday, Sept. 16th and 17th. All sessions will be open to the public, who are cordially invited to attend.

The Programme is a lengthy and interesting one, commencing at 4 o'clock p.m. on Wednesday.

Each subject will be opened by a paper or address, not to exceed 20 minutes, to be followed by five-minutes' addresses.

The Musical Department will be under the direction of the Flesherton Choir.

A Collection will be taken up at the close of the Thursday Ev'ng Session to defray expenses.

Serious Accident.

As the Euphrasia mail carrier, Mr. Curry, was driving between Kimberly and Epping—accompanied by Mr. Fred. Sargent, of Markdale—last Wednesday evening, they met a little girl, who, with tears in her eyes, besought them to come and bring her dead brother home. Startled by this information, Messrs. Curry and Sargent told her to lead to where her brother was and they would follow. They did so, and at the foot of tree, by the roadside, found a little fellow—a son of Mr. Dan. Loughead's—lying in a semi-unconscious state. It seems he had been climbing up the tree when he missed his hold and fell on his head on the hard ground underneath. The little fellow vomited considerable blood as he was being removed to his home by the gentlemen mentioned. It is more than probable that the lad would have suffocated, from the position in which he was found, had not help been so close at hand. Dr. McBride is attending him, and there is a possibility the little fellow will pull through allright. We sincerely hope so.

Big Time in Kimberly.

From our own Correspondent,

We had a lively time here on the evening of the 31st ult. There were seven complaints made before Wm. Stewart, J. P. (who, by the way, promises to make a very efficient J. P. at no distant date.) The informations were laid by Thos. B. Gilliland, P.L.S., of Eugenia, three of which were against Mrs. F. T. Carr, Mrs. Jas. Sloan, and Mrs. T. Crowe, for trespass, these persons having walked across his field on a beaten path in berry-picking time. The other four informations were laid as follows: one against M. Akitt, for dogging cattle, and breaking horn of steer, in which damages were claimed to the extent of $10; one information each against Thos. Crowe, Mrs. Crowe, and Miss Crowe, for dogging cattle and taking part of the tail off one beast, with also a claim for specific damages. I cannot attempt to give you the evidence on the cases, but can say there was a superabundance such as it was, which was very patiently listened to by the Bench, composed of Messrs. Wm. Stewart, John Crabtree, Thos. Gilray, Geo. Richardson, and J. W. Armstrong, from Flesherton. The sympathy of the Bench had to be tendered to Mr. Hammond, who kindly and efficiently acted as Clerk in taking the depositions of the many witnesses, which work was very faithfully performed. The result of above complaints may be given in a few words, as follows:—

In the cases of complaints for trespass, there was a fine of $1 imposed in each case, as the Defendants confessed to having crossed Mr. Gilliland's field, but claimed that it was an old and beaten path and that they were not aware they had been doing any legal wrong—in consideration of which Mr. Stewart and his Constable, Geo. Latimer, made no claim for fees excepting 25 cents to constable.

In the other four cases, against M. Akitt, Thos. Crowe, Mrs. Crowe and Miss Crowe, there was no evidence given upon which the Bench could base any convictions, consequently they were each dismissed, with costs to the Plaintiff.

Throughout the whole proceedings, the Magistrates seemed to be impressed that these complaints were made under feelings of rather a malicious nature, said Gilliland having some thirty-nine head of cattle running at large, and living as best they could—taking advantage of low fences and good pasture, wherever they could easily reach it—some four or five having over their eyes the "rogues spectacles," or, as was remarked by one of the J. P's, "the outward and visible sign of dishonesty." We think that, after the siege at Kimberley, Mr. Gilliland ought to be a "sadder and a wiser man."

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. H. A. Dixon & Son, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star, Nov. 17, 1882.

GRAND Colonial Exhibition in London, England, 1886!
FIFTY-FOUR THOUSAND FEET RESERVED FOR CANADA.
FIRST ROYAL EXHIBITION COMMISSION SINCE 1862.
THE COLONIAL AND INDIAN EXHIBITION to be held in LONDON, England, commencing MAY 1st, 1886, is intended to be on a scale of great magnitude, having for object to mark an epoch in the relations of all the parts of the British Empire with each other.
In order to give becoming significance to the event, a Royal Commission is issued for the holding of this Exhibition, for the first time since 1862; and His Royal Highness the Prince of Wales has been appointed President by Her Majesty.
The very large space of 54,000 square feet has been allotted to the Dominion of Canada by command of the President, His Royal Highness.
This Exhibition is to be purely Colonial and Indian, and no competition from the United Kingdom or from foreign nations will be permitted, the object being to exhibit to the world at large what the Colonies can do.
The grandest opportunity ever offered to Canada is thus afforded to show the distinguished place she occupies, by the progress she has made in AGRICULTURE, in HORTICULTURE, in the INDUSTRIAL and FINE ARTS, in the MANUFACTURING INDUSTRIES, in the NEWEST IMPROVEMENTS IN MANUFACTURING MACHINERY and IMPLEMENTS, in PUBLIC WORKS by MODELS and DESIGNS; also in an adequate display of her vast resources in the FISHERIES, and in FOREST and MINERAL wealth, and also in SHIPPING.
All Canadians of all parties and classes are invited to come forward and vie with each other in endeavouring on this great occasion to put Canada in her true place as the premier colony of the British Empire, and to establish her proper position before the world.
Every farmer every producer, and every manufacturer, has interest in assisting, it having been already demonstrated that extension of trade always follows such efforts.
By order,
JOHN LOWE,
Sec. of the Dept. of Agriculture.
