AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:
"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.
W. L. PAGE, of W. L. Page & Bro."
Franklin St., Richmond, Va., June 2, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.
J. T. HAYES."
Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

—Our esteemed young friend, and former foreman of the ADVANCE office, Mr. J. G. Keefer, is visiting friends in this locality. —Mrs. Bulmer, our esteemed Photographer, is turning out, daily, some very fine specimens of the photographic art. From personal knowledge we can safely affirm, that her work is superior to anything in the same line turned out of the Flesherton gallery. We bespeak for Mrs. Bulmer a liberal patronage.

—Call and get your children vaccinated. Small pox is increasing. A "stitch in time saves nine." Only pure virus used.—DR. CHRISTOE.

—Artemesia Agricultural Society's Prize Lists are in press and will be distributed this week by the worthy secretary, Mr. Jas. Brodie. The Fall Show will be held in Priceville again this year, on Tuesday, October 6th. Intending exhibitors should send in their entries as soon as possible. Some changes in the prize lists this year, and, as usual, there are a number of good special prizes by enterprising patrons of the show.

—There is no getting out of it: Russell, Flesherton, is the man to repair your Watch or Clock. He gives satisfaction every time or no pay.

—A large number of people went to the Toronto exhibition last week via the popular T. G. & B. branch of the C. P. R., quite a number of whom came from near Thornbury and other points along the N. & N. W. railways. Our railway is becoming more and more popular every day. The rates are low and the comfort of passengers is carefully looked after in every particular—from the courteous conductors to the handsome and comfortable coaches, everything is exactly as it should be.

—Russell, Flesherton, buys his goods from his brother who is in the wholesale business, therefore he can sell from 15 to 25 per cent. cheaper than any other dealer.

—We direct special attention to the card of Mr. John J. Dalton, Dominion topographical surveyor, Provincial land surveyor, civil engineer, &c., of Chatsworth. There are only six gentlemen practicing in the Dominion at the present time of Mr. Dalton's standing, and our Dominion Government employed him to prepare the instructions for their surveyors in the Northwest. This latter fact will alone serve to show that Mr. Dalton is a thoroughly competent man, whom we have no hesitation in recommending to all requiring his services.

—Russell, Flesherton, has the tools and material to repair Watches, Clocks and Jewelry properly.

Died.

In Hamilton, on the 14th inst., at 9 Cannon street east, Agnes Aikman, infant daughter of James G. and Josephine Russell, aged 3 months and 12 days.

FREEMAN'S WORM POWDERS are safe, sure and speedy to remove worms from children or adults.

Lost.

On Saturday, 5th inst., between Flesherton and Dundalk, a valise. Missed near Proton flag station, C.P.R. Finder leaving same at ADVANCE office will be rewrrded. MRS. JANE FORRESTER.

ALWAYS REQUIRED—A good cathartic medicine. National Pills will not disappoint you.

What They are Saying.

Some influential person should take up a subscription and buy the proprietor of the Durham stage line a new outfit. Such another dilapidated affair I have not seen in all my travels.

TRAVELLER.

NONE BETTER.—There is no more wholesome or delicious fruit on earth than the Wild Strawberry, and there is no more effectual remedy for Cholera, Dysentery, Cramps and other summer complaints of infants or adults, than Dr. Fowler's Extract of Wild Strawberry.

Home Again.

Mr. John Hassard returned home to Artemesia on Tuesday night, after a very pleasant visit to the land of his birth, England. The return trip across the Atlantic was a boisterous one, otherwise his trip was an enjoyable one. A brother of Mr. Wm. Ward. of Flesherton, came with Mr. Hassard to this country.

A RADICAL CHANGE.—The best eradicator of foul humors of the Blood is Burdock Blood Bitters. A few bottles produces a radical change for the better in health and beauty. It removes the blood taint of Scrofula, that terrible disease so common in this country.

Lost.

Taken from R. J. Sproule's pew in the Methodist Church, about the last of June a Canada Methodist Hymn Book, with Mrs. R. J. Sproule's name written on fly leaf. The party having it will please return the same as it is a present from her ma to Ada M. Sproule.

R. J. SPROULE.

A NATIONAL EVIL.—There is no question but that Dyspepsia is the national disease of our country, and when complicated with diseases of the Liver and Kidneys is the cause of untold misery. Burdock Blood Bitters will almost invariably cure the worst case known.

DON'T BE DECEIVED.—Beware of any druggist who will try to induce you to take anything in place of McGregor & Parke's Carbolic Cerate. It is a marvel of healing for Sores, Cuts, Burns, etc. No family should be without it. It has no equal. Get McGregor & Parke's, and have no other. Only 25c. per box at Richardsons.

EUPHRASIA CHIT-CHAT.

From our own Correspondent,

In my last I struck *rock* at Walter's Falls. I found while there that business was flat as elsewhere, Still, both stores are doing well, that is, Bonnel Bros. and the Doctor. In the lumber trade, Mr. R. Olmstead is pushing a lively business, while the Roller Mill is turning out a quality of bour that is A No. 1, as we can testify from the bread eaten by us and baked by the fair lady of Campbell's hotel, from aforesaid flour. The farmers can here get all their wants supplied by millers, merchants, blacksmiths, waggonmakers, shoemakers, doctors, hotels, milliners, dressmakers—in fact all wants supplied at *rock* prices: whether there is any bottom to it or not, this deponent saith not.

We next wended our way to the hamlet usually called Markdale, but the long visages of business men generally (on account of dull times) caused us to take a speedy departure for that ever pleasant and happy place, Flesherton. Wishing to arrive home before the "sma' wee hours," we did not do the town but passed on to that favorite resort of picnickers, Eugenia. We would very much have enjoyed a glance through the "Curiosity Shop," but lively anticipations of what we would receive from our better half if late, *as usual*, caused us to forego said pleasure and make lively tracks for our humble home in the bosom of the Valley, known to the world as Kimberley. Next morning found us about, viewing with pleasure the changes since our departure, and exclaiming with the poet, "There's no place like home." Well, Sir, the best of all is this, that through all the country we traversed, we did not see anything to induce us to move our domicile from Kimberley, nor did we discover any tract of country as prolific in cereals, root crops, or fruit to equal those of our celebrated valley.

NOTES AFTER GETTING HOME.

We must congratulate our teacher on his obtaining a certificate at last.

The Temperance House is approaching completion, and will be an ornament to our village.

Mr. McKenzie is enlarging his shop to provide his customers with better accommodation.

Mr. R. Howell is hammering away on the anvil as if he had not a moment to spare.

Another store. No less than three now, any one of which might be termed, Pantechnetheca.

Our friend J. R. Fawcett, informed us that he never was kept as busy since commencing business. May he always be so.

The mills are doing their share of business.

We are informed, but *don't say anything about it*, that a wedding is on the tapis between one of our fair ones and a nice young man on the 4th.

Our newly-fledged J. P. will no doubt be an acquisition. There is some talk of a court house (*a very tall one*) being erected for his honor. More power to him!

FIRE.—Not being in time to report the fire at Rocklyn, we would just say rumor says that our officials, through negligence, are likely to not get their insurance in full. This is only rumor.

MUNICIPAL.—Nothing of any consequence in the horizon municipal since my last, except that the Erskines are agitating matters for reeveship and deputy-reeveship. We would just here add a word of caution to the electors of the east, or they will be euchred by the west next election. The old saying applies, "forewarned is forearmed."

FIZ.

Very Magnanimous.

To the Editor of the Advance.

The magnanimity of this village is, I believe, unprecedented in the history of Canada. They have actually made a pond opposite Sproule's store for the accommodation of William Richardson's ducks. No doubt we shall have the Canadian songsters if W. R. kills his ducks.

SANITARIUM.

MCGREGOR & PARKE'S Carbolic Cerate is invaluable for Wounds, Sores, Salt Rheum, Cuts, Burns, Scalds and Festers, as a healing and purifying dressing. Do not be imposed on with other useless preparations, recommended to be as good. Use only McGregor & Parke's Carbolic Cerate. Sold by Richardsons.

Mr. Osborne's Side of the Story.

Mr. Thos. Osborne informs us that he did not know who the parties were that he had the altercation with the time Mr. Thos. Strain alleged that he called him (Strain) a thief. Mr. Osborne says it was after nine o'clock when they came opposite his orchard, and they stood so close to the fence, he fancied they might be on a similar expedition to the parties who stole fruit from his orchard the night previous. He could not make out who they were, and might have said "thieves" or something to that effect, but denies most emphatically that they were addressed personally to Mr. Strain.

ON THE RISE.—"Leaves have their time to fall," says the poet, but wild strawberry leaves are on the rise just now, being utilized in such enormous quantities in making Dr. Fowler's Extract of Wild Strawberry—the infallible remedy for Cholera Morbus Diarrhœa and other Summer Complaints.

THE MINISTERS.

Sabbath School Convention Last Night.

AN INTERESTING SESSION.

Through some misapprehension on the part of the public, there was a slim attendance at the Sabbath school convention in the Methodist church, Flesherton, last evening. Notwithstanding this rather untoward event, however, the proceedings were of an unusually interesting character.

At eight o'clock Rev. Mr. Ayers gave out the hymn, "Sun of my soul," the singing being led by the church choir. Rev. Mr. Stevenson, of Heathcote, then delivered a beautiful and impressive prayer, after which the choir sang "The Lord is king." Rev. Mr. Howell followed in a brief but pointed and comprehensive review of Sabbath school work, pointing out the great necessity for PERSONALITY in presenting Scriptural truths to pupils. Rev. Mr. Howell's delivery reminded us very forcibly of Dr. Carman's, with a similar vein of dry but irresistable humor running through his remarks.

Rev. Mr. Ayer's paper on "The Field, its Extent," was clear, concise and original, and delivered in that forcible and vigorous manner for which the rev. gentleman is noted. Mr. Ayer said that, figuratively speaking, he had chopped down the trees, burned up the logs and brushwood, and removed the stones and stumps, ploughed the ground, and now "The Field" was ready for the sower.

Rev. Mr. Auld then delivered an excellent address on "The Field, its Possibilities." It was short, original and practical, and was listened to with great interest.

The speeches were interspersed by the singing of well-selected anthems by the choir, the rendering of which was very favorably commented upon by several speakers—one of the solos by Miss Edith Richardson receiving marked attention.

At the close an experienced Sabbath school teacher and superintendent made a few remarks apropos of the subject. Dr. Christoe followed in a brief but masterly address which abounded in practical common sense suggestions. Two other gentlemen, whose names we did not learn, also made some pointed and sensible remarks. At 10 o'clock the convention was closed by the singing of the doxology.

To-day an interesting program will be gone through with, and this evening at four o'clock there will be a grand mass meeting of children, after which will come short addresses by a number of eloquent gentlemen.

Is He a Fraud?

Not long since an advertisement setting forth the merits of a "Stump Destroyer," appeared in the columns of THE ADVANCE for two weeks. Fearing that everything wasn't right, we mailed and registered a letter enclosing $1 for a trial bottle of the stuff, addressed to the man who was supposed to have the sole right for its sale in Ontario, viz., "*J. W. Williams, Collingwood P. O.*" This was a month ago, but as yet no answer has been received, although we also mailed a post card to the same address shortly afterwards. We are inclined to think Williams is a fraud of the first water, and warn our readers to have nothing to do with the fellow. Were it not that a similar "stump destroyer" was referred to at considerable length in the *Scientific American* some months ago, we would not have inserted the advertisement. However, we take the opportunity to caution the public against J. W. Williams, and ask our Collingwood contemporaries—the *Enterprice* and *Bulletin*—to "pass him on," and shed some more light on the subject if possible.

DR. LOW'S PLEASANT WORM SYRUP is a safe and reliable worm remedy for all Worms afflicting children or adults.

Markdale Items.

From our own Correspondent,

Mr. Jas. Henry, has, we think, made the fastest time on record, having driven to Flesherton with his team in 24½ minutes, returning in 28. The difference was caused by the up grade, and having to stop to give a young lady a ride.

Thirteen horses have left Markdale for the Toronto exhibition. We think our village can boast of more horses for the size of it than any other in the Province, and as to quality they are unsurpassed by any in the Dominion, which, no doubt, the result of the exhibition will show. One of our villagers is so confident of this that he has bet a keg of lager that they will bring home three first prizes.

R. N. Whitby starts for Niagara shortly to spend a couple of weeks. The trip, usually so delightful, will, under the circumstances, we think, be rather tiresome.

On Saturday night the village band discoursed sweet music to the villagers. They are improving. We hope they will receive the support they merit.

A WISE PRECAUTION.—During the Summer and Fall people are liable to sudden attacks of bowel complaints, and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required.

Big Potatoes.

The largest and best potatoes the Agricultural Editor ever saw in his life were left in our office the other day. There was a bag full of them and there was not a small potatoe in the lot; more, they were a *present* to the Agricultural Editor from our esteemed friend and constant reader of the ADVANCE, Mrs. Jas. Genoa. Potatoe stalks, corn stalks, and puff balls nowhere after this. Mrs Genoa will kindly accept our warmest thanks.

GRAND
Colonial Exhibition in London, England, 1886!
FIFTY-FOUR THOUSAND FEET RESERVED FOR CANADA.
FIRST ROYAL EXHIBITION COMMISSION SINCE 1862.
THE COLONIAL AND INDIAN EXHIBITION to be held in LONDON, England, commencing MAY 1st, 1886, is intended to be on a scale of great magnitude, having for object to mark an epoch in the relations of all the parts of the British Empire with each other.
In order to give becoming significance to the event, a Royal Commission is issued for the holding of this Exhibition, for the first time since 1862; and His Royal Highness the Prince of Wales has been appointed President by Her Majesty.
The very large space of 54,000 square feet has been allotted to the Dominion of Canada by command of the President, His Royal Highness.
This Exhibition is to be purely Colonial and Indian, and no competition from the United Kingdom or from foreign nations will be permitted, the object being to exhibit to the world at large what the Colonies can do.
The grandest opportunity ever offered to Canada is thus afforded to show the distinguished place she occupies, by the progress she has made in AGRICULTURE, in HORTICULTURE in the INDUSTRIAL and FINE ARTS, in the MANUFACTURING INDUSTRIES, in the NEWEST IMPROVEMENTS IN MANUFACTURING MACHINERY and IMPLEMENTS, in PUBLIC WORKS by MODELS and DESIGNS; also in an adequate display of her vast resources in the FISHERIES, and in FOREST and MINERAL wealth, and also in SHIPPING.
All Canadians of all parties and classes are invited to come forward and vie with each other in endeavouring on this great occasion to put Canada in her true place as the premier colony of the British Empire, and to establish her proper position before the world.
Every farmer, every producer, and every manufacturer, has interest in assisting, it having been already demonstrated that extension of trade always follows such efforts.
By order,
JOHN LOWE,
Sec. of the Dept. of Agriculture.
