AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:
"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.
W. L. PAGE, of W. L. Page & Bro."
Franklin St., Richmond, Va., June 3, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.
J. T. HAYES."
Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

Obituary.

It is with a sincere sadness we chronicle the death of Mr. Dennis Mahoney which took place on Tuesday last at Font Hill Station, a place near the C. P. R. where the Northern from Gravenhurst taps it Mr. Mahoney has been in the employ of the N. & N. W for over fourteen years, and was at the time of his death, bridge inspector at a salary of $90 per month, having risen to that position from a day laborer. The disease was typhus fever, and carried him off in just three weeks. He leaves a wife and five children to mourn his loss. He was highly esteemed by every one. He was the oldest son of Mr. Patrick Mahoney of this township was 39 years of age at his death. The relatives of the deceased have the sincere sympathy of the community in their sad bereavement.—*Thornbury Standard.*

Death of William McMullen.

On the 21st Inst., at Flesherton Station.—The Funeral.

"Leaves have their time to fall,
And flowers to wither at the North wind's breath,
And stars to set;—but all,
Thou hast all seasons for thine own, O Death!"
—FELICIA HEMANS.

Although expected for some time past, the death of Mr. Wm. McMullen at his residence, Flesherton Station, on Monday evening last, took most people by surprise. He passed away peacefully and without a struggle at half past eight o'clock on the evening named. He had only been ailing a few weeks prior to his death, and although it was known he would never get better, the end came sooner than was generally expected. He was about 60 years of age.

Deceased was a good neighbor, a kind husband and father and thoroughly honorable and straightforward in all his dealings. Although a shrewd, keen man of business, he was generous and sympathetic. He was one of the oldest settlers of this (Artemesia) Township, and although he had his ups and downs like other pioneers, yet by his industry, perseverance and economy he managed to become possessed of enough of this world's goods to spend his declining years in comfort, and leaves his family well provided for.

The funeral took place from deceased's late residence on Wednesday afternoon, yesterday. The *cortege* was one of the largest ever seen in this part of the country, there being over eighty vehicles, which testified to the high esteem in which deceased was held by the public generally. The remains were interred in the Irwin cemetery, Orange Valley, the funeral sermon being preached by Rev. A. Wilson, Presbyterian minister. The sermon was an eloquent, masterly and impressive one and was listened to with profound attention by the large audience of sympathizing friends and acquaintances.

Purely Personal.

Dr. and Mrs. Hixon, of Priceville, attended the services in the Methodist church here last Sabbath evening.

Miss McCormick has returned from an extended trip in the east, visiting friends.

Mrs. Bunt returned home from her visit south several days ago.

Mr. R. McGill, the popular Flesherton station agent, C. P. R., returned from a holiday trip a week or two ago, looking greatly refreshed.

Mr. Stephen Spirit returned to Flesherton from Owen Sound last week. We regret to learn that he is on the sick list.

Rev. W. A. V. E. Pattyson, of Collingwood,—known to many of our readers,—was married to Miss Frankie, eldest daughter of Mr. and Mrs. Henry Wilson, of Markham, on the 8th inst.

The Camp at Niagara.

Our Flesherton Boys Coming Home on Saturday Night.

Two of our boys from Flesherton, Masters David Clayton and Will Vokes, called on the volunteers of Flesherton Co., in camp at Niagara, on Friday last, and stayed over Sunday with them. They say the boys are in grand trim and in the very best of spirits. The "grub" is plentiful and good.

On Sunday morning at 8 o'clock the bugle called the volunteers out for church parade, and to the Flesherton company was awarded the distinguished honor of "leading the procession." It was a grand and thrilling sight for Clayton and Vokes to see the fine, strapping big fellows of Flesherton Company marching off to church at the head of a whole regiment, to the inspiring strains of the regimental bands. Capt. Campbell and Lieut. Field will feel about six inches taller by this time, and nobody will be surprised thereat when they consider the honorable position accorded their company on the occasion named. There was no service in the evening, and in consequence quite a number visited the falls and took in the sights during the afternoon.

The Flesherton volunteers will come home by Saturday evenings's train. Our Brass Band together with a large number of our citizens, intend meeting them at Flesherton Station and according them a royal "soldiers welcome home." They will then be escorted to the village and, as usual, treated to a magnificent supper. We hope to see our villagers turn out to a man to do honor to our stalwart citizen-soldiers on Saturday evening and give them the grand reception the fine fellows richly merit.

—Call and secure a pair of B. Laurance's Spectacles to be had only at Russell's, Flesherton.

A WISE PRECAUTION.—During the Summer and Fall people are liable to sudden attacks of bowel complaints, and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required.

Born.

In Artemesia, on the 17th inst., the wife of Mr. Walter Woods of a son.

—Russell, Flesherton, has the tools and material to repair Watches, Clocks and Jewelry properly.

ON THE RISE.—"Leaves have their time to fall," says the poet, but wild strawberry leaves are on the rise just now, being utilized in such enormous quantities in making Dr. Fowler's Extract of Wild Strawberry—the infallible remedy for Cholera Morbus, Diarrhœa and other Summer Complaints.

A Bad Loss.

On Wednesday night of last week, the house and barn—and most of the contents of both buildings,—of Mr. John H. Ford town line, Euphrasia & Collingwood, were destroyed by fire. It seems Mr. Ford was doing some work in the barn after dark, and of course used a lighted lantern Having occasion to go into the house, he left the lantern on the barn floor. In the meanwhile, however, it is supposed that one of the colts entered the barn and while frisking about there kicked over the lamp, which exploded and set fire to the building, destroying implements, grain, &c., and so great was the heat, that the flames soon communicated with the house, which was also burned to the ground, only a portion of the contents being saved. No insurance.

Mr. Ford has the sympathy of his neighbors and friends in his terrible loss. In one short hour the hard work of a year was reduced to ashes. People cannot be too careful in handling lamps.

—An immense stock of Pipes at Russell's, Flesherton.

A NATIONAL EVIL.—There is no question but that Dyspepsia is the national disease of our country, and when complicated with diseases of the Liver and Kidneys is the cause of untold misery. Burdock Blood Bitters will almost invariably cure the worst case known.

Tobacco Workers Free from Cholera.

From the Medical World.

"In Valencia, Spain, which is now being decimated by cholera, there is a national tobacco factory employing 4000 women, not one of whom has been affected by the disease. We believe that fact was also noticed in Amsterdam, Holland, during the cholera epidemic. Those employed in the handling of tobacco, as cigarmakers, enjoyed a singular immunity from the cholera.

—Do not purchase your Silverware till you see Russell's stock which will be on hand in a few weeks now.

THERE is not and there cannot be, any smoking tobacco superior to the "Myrtle Navy" brand. A wrapper of brighter appearance and higher price it is possible to get, but all wrappers are very poor smoking tobacco, and but a single leaf is wrapped round a plug. The stock used in the body of the "Myrtle Navy" plug is the very best which money can purchase. The powers of the Virginia soil can produce nothing better, and no other soil in the world can produce as fine tobacco as that of Virginia.

THE CONVENTION.

The Sabbath School Convention held in the Methodist Church, Flesherton, on Wednesday and Thursday of last week was a most interesting affair throughout. As a report of the Wednesday evening session appeared in our last week's issue, we will now give a brief report of the Thursday evening one.

On Thursday afternoon at 4 o'clock a mass meeting of the Sabbath School children was held in the church, which was well attended by the little folks. Revs. R. Carson, R Johnston, H. A. Newcombe and W. Ferguson, Esq., I. P. S., delivered short addresses. A number of questions—some very difficult ones, too—were asked, and the answers by the children were so readily and correctly given as to call forth some very complimentary remarks by Rev. J. E. Howell, Chairman of the Owen Sound District, and other ministers. The Rev. Mr. Howell said it was one of the most interesting Sabbath School meetings he ever attended, which speaks highly for the efficiency of the Officers and Teachers of Flesherton Methodist Sabbath School.

Between seven and eight o'clock, the Gospel Army, led by the energetic, earnest and whole-souled pastor of the Methodist Church here, Rev. Walter Ayers, paraded the streets, singing with great vim some favorite Army hymns. Returning to the lecture room of the church shortly before the time for commencing the regular services, the interval was taken up by singing and prayer.

At eight o'clock the Convention was reopened by the singing of that ever new and grand old hymn, "All Hail the Power of Jesus Name," and prayer. Rev. Mr. Howell occupied the chair with becoming dignity, and every time he spoke—and he is always pointed and brief—his graceful gestures, dignified bearing, select language, and faultless pronunciation, reminded us more and more of Dr. Carman.

The topic for the evening's discussion was *The Harvest*, (1) "Its Certainty," and (2) "Its Finality." The first was discussed by Rev. J. W. Sanderson, of Wiarton, in very impressive language, and was listened to with marked attention. A number of speakers sharply criticised the address. "Its Finality" was very ably discussed by Rev. J. R. Gibson, of Kemble.

The "Question Drawer," however—under the superintendance of Rev. R. Godfrey—was the feature of the evening. The Rev. gentleman's replies to the questions fairly bristled with brilliant and appropriate witticisms, eliciting great laughter and round after round of applause from the large and intellectual assembly. Rev. Mr. Godfrey is evidently an Irishman—certainly he is one of, if not the very wittiest minister, that has ever struck Flesherton. In a conversation with Rev. Mr. Godfrey, we learned that something over thirty years ago he worked as a printer in the office of the Guelph *Herald* He says that there are some ten or twelve printers who are ministers in the Methodist Church.

The Choir furnished music for the occasion, which was duly appreciated. As we were unable to attend the day session, we cannot give a detailed report. From what we heard, it was very interesting, and our inability to be present prevented our enjoyment of a rare treat.

We hope the brethren of the cloth will visit Flesherton again at an early date. They are a lot of whole-souled, good-hearted fellows and well deserved the excellent manner in which they were treated by our citizens. They may depend upon it, that we are ready to accord them a warmer reception than ever when next they visit us.

Tenacity with which people abide by their early faith in Ayer's Sarsaparilla is explained by the fact that it is the best blood medicine ever used, and is not equalled in excellence by any new candidate for public favor.

Convention.

A Sons of Temperance Convention will be held in Flesherton on Friday afternoon, Oct. 2nd. Grand entertainment in the evening.

A RADICAL CHANGE.—The best eradicator of foul humors of the Blood is Burdock Blood Bitters. A few bottles produces a radical change for the better in health and beauty. It removes the blood taint of Scrofula, that terrible disease so common in this country.

Repairing a specialty. Every job warranted.

A week ago last Saturday morning some of our villagers were aroused from their slumbers by loud shrieks, as of women in distress, and as bears are plentiful this season fears were entertained that someone had been carried off by bruin. It will be a relief to those who heard the screams to learn that they came from a couple of neighbor women in the vicinity of the Baptist Church on the 3rd of Sullivan, having a jawing match over line fence trouble and cattle in the grain. Nobody hurt.—*Chatsworth News.*

GRAND
Colonial Exhibition in London, England, 1886!
FIFTY-FOUR THOUSAND FEET RESERVED FOR CANADA.

FIRST ROYAL EXHIBITION COMMISSION SINCE 1862.

THE COLONIAL AND INDIAN EXHIBITION to be held in LONDON, England, commencing MAY 1st, 1886, is intended to be on a scale of great magnitude, having for object to mark an epoch in the relations of all the parts of the British Empire with each other.

In order to give becoming significance to the event, a Royal Commission is issued for the holding of this Exhibition, for the first time since 1862; and His Royal Highness the Prince of Wales has been appointed President by Her Majesty.

The very large space of 54,000 square feet has been allotted to the Dominion of Canada by command of the President, His Royal Highness.

This Exhibition is to be purely Colonial and Indian, and no competition from the United Kingdom or from foreign nations will be permitted, the object being to exhibit to the world at large what the Colonies can do.

The grandest opportunity ever offered to Canada is thus afforded to show the distinguished place she occupies, by the progress she has made in AGRICULTURE, in HORTICULTURE in the INDUSTRIAL and FINE ARTS, in the MANUFACTURING INDUSTRIES, in the NEWEST IMPROVEMENTS IN MANUFACTURING MACHINERY and IMPLEMENTS, in PUBLIC WORKS by MODELS and DESIGNS; also in an adequate display of her vast resources in the FISHERIES, and in FOREST and MINERAL wealth, and also in SHIPPING.

All Canadians of all parties and classes are invited to come forward and vie with each other in endeavouring on this great occasion to put Canada in her true place as the premier colony of the British Empire, and to establish her proper position before the world.

Every farmer, every producer, and every manufacturer, has interest in assisting, it having been already demonstrated that extension of trade always follows such efforts.

By order,
JOHN LOWE,
Sec. of the Dept. of Agriculture.
Ottawa, 1st Sept., 1885.
