Large Attendance At Funeral Mrs. Porteous

(By our Eugenia correspondent)

The whole community was saddened on Tuesday morning, June 26, when the news became wide-spread that Mrs. Jas. Porteous had passed to the Great Beyond, after a prolonged illness of over eleven months with different ailments. She bore her long sickness with great Christian fortitude, possessing that inspiration and strength to face, endure and overcome trial by passing through it. She never complained and her exceptional vitality made it possible for her to enjoy company almost to the last. She was of a very cheerful disposition which won her many friends. She was a devoted wife and mother and a kind neighbor and her presence in the community will be greatly missed.

All that doctor, nurse and friends could do, was done to restore her to health again, but proved of no avail. After weeks of almost painless sinking, she fell into a peaceful sleep on Monday evening, June 25th and her spirit quietly departed early Tuesday morning. The late Mrs. Porteous, whose maiden name was Miss Selena Ethel Sherwood, youngest daughter of Mr. Jos. Sherwood and the late Mrs. Sherwood of Eugenia, was born 50 years ago, on June 25th, 1884. She lived all her life in Artemesia township, with the exception of a few years on the 3rd Line, Euphrasia, where she was born. In the year 1904 she married Mr. James Porteous and resided in Rock Mills vicinity, later moving to the 8th Line. To them were born a family of three children, Hazel (Mrs. Fred Duckett) Eugenia; Joe, at home and Richard, who predeceased her some years ago. The late Mrs. Porteous became a member of the former Presbyterian church at Eugenia during the ministry of the Rev. Mr. Thom. She was also a member of the W. A., and although bedfast was a willing helper.

A large crowd attended the funeral on Thursday, June 28th., interment being made in the family plot at Salem cemetery. It was one of the largest funerals that has taken place from that vicinity for some time. The service was opened with the singing of hymn, "What a friend we have in Jesus," after which Rev. Mr. Wostencroft led in prayer. He then spoke on some beautiful passages, 'I am the resurrection and the life," and the 14th Chap. of John. He related to us that the dead were not dead but are gloriously, intensely, vividly alive in the wonderful home beyond and that death was not a state of being but a state of change. Mrs. Alex. Cameron sang "Beautiful Isle of Somewhere" which was a favorite hymn of the deceased. Mrs. C. Hanley accompanied on the organ.

Following the closing hymn "Safe in the arms of Jesus" an opportunity was given to all who so desired, to view the remains of the departed. The people moved forward and filed reverently past the oaken casket, which was surrounded by floral tokens bearing esteem for the deceased and sympathy for the bereaved, among them being sprays from the 8th Line neighbors and Eugenia friends, besides those of the family, relatives and friends.

The pallbearers were Messrs. Edgar Betts, Garnet Magee, Chas. Hanley, Fred Jamieson, Alex. Cameron and John Ottewell, all neighbors.

Besides the sorrowing husband, son and daughter, there are left in sad bereavement, her father and five grandchildren, Leone, Mabel, Gladys Selena and Freddie Duckett. To all we extend our sincere sympathy.

One by one we cross the river,
One by one we're passing o'er,
One by one the crowns are given,
On the bright and happy shore.

Youth and childhood oft are passing
O'er the dark and rolling tide;
And his blessed Holy Spirit,
Is the dying Christian's guide.

One by one the heavy laden,
Sink beneath the noon-tide sun;
And the aged pilgrim welcomes,
Evening shadows as they come.

One by one with sins forgiven,
May we stand upon the shore:
Waiting till the blessed spirit
Takes our hand and guides us o'er.

THE PASSWORD IS QUALITY

"If Canada is going to get its share of the British trade in poultry, in bacon, in live cattle, or in any other of its agricultural products, the value and necessity of doing things better, not worse than competitors must be regarded as all important," said H. W. A. Wilson, Canadian Government Animal Products Trade Commissioner in London, England, during his present visit to the Dominion. "We must make a good reputation with our first shipment of turkeys, because the quality was there and they were graded and packed according to government standards. The British trade responds to work well done. There is the market for Canadian poultry and other products and the mute password is Quality.

"The season for exporting poultry to Britain should be designed for the 12 months of the year. Buyers over there do not want to change their source of supply if they can be assured of the demand being met at all times."

Canada should follow the same policy in connection with the present opportunity open for the export of dressed chickens as it has done with turkey exported to Britain for the 1932 and 1933 Christmas trade. The 1,000,000 pounds of turkeys shipped in 1932 were 100 per cent. as to quality. In 1933 they were not quite so good as the previous year but this was due to some unusual difficulties associated with the shipping and are surmountable. Turkeys for the British Christmas trade must reach the buyers at least one week before Christmas day."

A COMMENDABLE PLAN

A praiseworthy experiment is being carried out this year at a small school in Elgin County where a teacher has inaugurated a plan whereby the pupils will put their lessons in farm practices to the test. Each pupil is growing a certain experimental crop on his or her home farm, the products being varied to provide wide range for field study. Some of the pupils are testing varieties of flint and dent corn for husking; others are cultivating hay and ensilage crops; while the remainder are experimenting in soybeans for seed and fodder, table or sweet corn, mangels, sugar beets, field carrots and turnips. Each test plot is two rods in length and one rod in width. Seed was obtained, free of cost, from the O. A. C. in connection with the experimental work conducted by that institution. It is likely that this plan will be recommended for general adoption in the rural districts.

The smallest of the Dionne babies at Corbeil now weighs two pounds. We should think there would always be the danger of mother or father wondering where they had left so small a child.
