ON THE RISE.—"Leaves have their time to fall," says the poet, but wild strawberry leaves are on the rise just now, being utilized in such enormous quantities in making Dr. Fowler's Extract of Wild Strawberry—the infallible remedy for Cholera Morbus, Diarrhœa and other Summer complaints.

Last Thursday Mr. Roger Lever left a "Big Elephant" potato in our sanctum which weighed two pounds six ounces. We thought it about impossible to beat this, and were going to insert an item in THE ADVANCE to that effect when a potato from the Rev. Mr. Ayers garden was brought in, which weighed nearly two ounces more than that brought in by Mr. Lever. The Agricultural Editor has both potatoes on exhibition in the office where they can be seen for a day or two more.

Ye editor of the Flesherton ADVANCE has been victimized to the extent of $1 in cash and an advertisement for two weeks by a "Stump Destroyer" fraud named J. W. Williams, who gave his address as Collingwood.—*Meaford Mirror.* No siree! The editor of this paper wasn't victimized by a "long chalk." The advertisement was paid for in advance and the $ mailed to fraud Williams belonged to another person, who shall, of course, be nameless.

A NATIONAL EVIL.—There is no question but that Dyspepsia is the national disease of our country, and when complicated with diseases of the Liver and Kidneys is the cause of untold misery. Burdock Blood Bitters will almost invariably cure the worst case known.

The Flesherton ADVANCE copies the item we had a couple of weeks ago about the poor man who is now confined as a lunatic, and supposed to have been crazed by the excitement of the Salvation Army, for the purpose of saying that it is misleading. The ADVANCE intimates that the Salvation Army is not at Flesherton, but the Gospel Army, which it says "has done a good work here, and there was no great excitement in connection with their meetings either. They were conducted in a much more orderly manner than the average Salvation Army meeting." It also intimates that the man in question was not crazed by the Army. Our information was got from the gaol officials; but the ADVANCE being on the spot doubtless has the correct version.—*Owen Sound Times*

A WISE PRECAUTION.—During the Summer and Fall people are liable to sudden attacks of bowel complaints, and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required.

Married.

KEEFER—MILLS—In St. Thomas, on Wednesday, Sept. 23rd 1885, Mr. W. C. Keefer, freight agent M. C. R. R., Petrolia to Miss Bessie, second daughter of John Mills, Esq., of Palmyra.

A RADICAL CHANGE.—The best eradicator of foul humors of the Blood is Burdock Blood Bitters. A few bottles produce a radical change for the better in health and beauty. It removes the blood taint of Scrofula, that terrible disease so common in this country.

The lodge is in a flourishing condition, numbering about a hundred members in good standing. Four persons proposed for membership on evening named.

"My daughter has taken the medicine faithfully, according to directions, and her health and spirits are now perfect. The humor is all gone from her face. I wish every anxious mother might know what a blessing Ayer's Sarsaparilla is in such cases."

What Did they Mean.

This question at one suggested itself to the Agricultural Editor of this paper, after hearing a tale of woe from an esteemed young friend of his, who dropped into the ADVANCE sanctum last Monday afternoon. It seems the A. E's young friend had that morning received a neatly done up parcel sent to him per messenger, from a couple of good looking up town young ladies, who ply the needle somewhere in the neighborhood of the Town Hall. On opening the parcel, the A. E's young friend was considerably disgusted to find enclosed an old hat,—which had evidently been in constant service for some thirty or forty seasons—around which was tied a gorgeous green ribbon, and from which latter dangled a piece of fancy red ribbon, and some berlin wool of various colors. The hat was well ventilated, and is such a dandy altogether that it is now on exhibition in the A. E's sanctum. What does it mean, anyhow? Is it a gentle—no, no; we'll be more charitable, and leave it for the young ladies to unravel this very much tangled web and thereby ease the mind of our young friend.

DR. LOW'S PLEASANT WORM SYRUP is a safe and reliable worm remedy for all Worms afflicting children or adults.

A Royal Reception.
The Way Flesherton Treats its Citizen-Soldiers.

Had they been returning from active servicely our Flesherton volunteers could scarcely have been accorded a heartier reception than they were at Flesherton Station last Saturday evening, on the occasion of their return from the annual drill, held this year at historic Niagara.

Long before the train came in, villagers and country people might have been seen driving or walking along on the dusty road between this place and the C. P. R. station. The spacious platforms and waiting rooms at the latter place were soon crowded by an eager and enthusiastic throng of people, and when our well conducted band struck up with a lively air, the most joyous enthusiasm was apparent on every countenance. The "eagle-eyed" constable Cooey was there, and as the inspiring strains of music struck his quick ear, he lit his "dhudeen" and complacently smoked the pipe of peace. Before the arrival of the train, the band serenaded Mr. Wm. Hogg, merchant, and other citizens of the station. Mr. Hogg treated the boys to some fine fruit. And now the head-light of the engine is seen in the distance and soon the train conveying the Volunteers comes whirling into the depot. Flesherton and Durham companies get off and as the well-known faces of our own stalwart boys come to view, cheer after cheer reuds the air, and the band strikes up in splendid style. There is a great deal of hand-shaking and —and—sounds of something else! The Durham and Flesherton boys cheer each other with lusty good will, and as the train moves off with the Owen Sound and Chatsworth companies the cheering and enthusiasm is simply immense.

Headed by our band, the Flesherton volunteers—accompanied by a large number of villagers and others—strike out on a lively march for town, which is reached shortly after nine o'clock. Here we find the Drill Shed illuminated and a large number of people assembled to welcome the boys home. Just as the volunteers emerge from the bush near the residence of W. K. Fisher, Esq., and as the silvery rays of the moon bursts upon them in all the splendor of that glorious autumnal evening, the band struck up with that ever beautiful air "Home Sweet Home."

After stacking their arms in the drill shed, and relieving themselves of their heavy knapsacks and other accoutrements, the volunteers ascended the platform and were treated to a banquet fit for royalty, and to which, it is almost needless to add, they did ample justice. Rev. Mr. Ayers then addressed some stirring remarks to them, to which Capt. Campbell, on behalf of the volunteers, briefly replied. Both the captain and the worthy lieutenant Field, looked highly pleased at the grand reception given them by their neighbors and friends.

The ladies who went to so much trouble in preparing the banquet are deserving of the very highest praise. In the past they have ever been found to the front in this particular, and on the occasion named they manifested even greater zeal than heretofore in "capping the climax" of the citizen-soldiers welcome home. May this enthusiastic patriotism never grow less.

Sufferers from the effects of quinine, used as a remedy for chills and fever, should try Ayer's Ague Cure, a powerful tonic bitter, wholly vegetable, without a particle of any noxious drug. It acts promptly, breaking the chill, curing the fever, and expelling the poison, yet leaving no harmful effect upon the patient.

Owen Sound.
From our own Correspondent,

Our Volunteers, who were accompanied by the Band to Niagara, returned home on Saturday evening, all looking hale and hearty.

Harry Wright, Esq., of "The Bayside Poultry Yard," Owen Sound, at the great Industrial Exhibition, succeeded in carrying off high honors with a pair of his noted white faced Black Spanish chickens, competing against some noted fanciers. He is also breeder of high class Plymouth Rock fowls which won prizes at Owen Sound Poultry Exhibition last February.

Our citizens were thrown into a state of alarm on Sunday night, 11 o'clock, by the ringing of the fire bell. A stack of hay near the C. P. R. station by some means got on fire and before the engine arrived on the scene was almost totally consumed.. Incendiarism the cause.

Rev. Walter Ayers of Flesherton will preach D. V. in the Methodist Church here next Sunday morning and evening.

Workmen are now engaged on the large C. P. R. elevator, completely covering it with iron, the work having been held over from last fall to allow shrinkage of the building which presents a massive appearance and is perfectly fire proof without. There has passed through it since last fall 1,300,000 bushels of Manitoba grain; 400,000. bushels of this passed through at the close of last year and the balance this spring and summer. The elevator is now entirely empty but new grain is expected to arrive about Oct 10. There is prospects of a million bushels coming down before navigation closes.

Owen Sound and Tara Base Ball Clubs played a match here to-day (Tuesday) which was won by Owen Sound, the score standing at the close of the game, 3 to 1 respectively.

A HEARTY ENDORSEMENT.—The people, the press and the profession all heartily endorse the merits of Burdock Blood Bitters as the best Blood and Liver regulator and purifying tonic now in use.

Our County Show.
Queen's Weather—A Large Attendance—Notes.

The weather was all that could have been desired on Tuesday and Wednesday, the days of East Grey exhibition, and the attendance of visitors was large. The exhibits in the various departments were good but scarcely as extensive as on former years, owing in a measure, no doubt, to the fact, that the Durham and Collingwood shows were held on the same days.

In the hall the exhibit of fruits and vegetables was large and good. Grain was good but the exhibits were not as numerous as usual. In this department, Mr. James Stewart, Mr. Jas. Brodie and others were successful in prize-taking, but as the prize list will be published in full next week, it is needless to particularize at length here. In the Ladies Work dept. the exhibit was unusually fine. The quilts were not as numerous as last year. One very fine rag mat attracted our attention, a handsome coat of arms being worked thereon very artistically. In the butter and home made cheese departments were to be found some of the choicest specimens ever exhibited at our popular county fair. Mr. Geo. Buskin exhibited some home made cheese which would have appeared to good advantage at the Toronto exhibition. A tub of butter shown by the same gentleman was purchased on the spot by Mr. J. W. Henderson, the well known and popular manager of the North of Scotland Mortgage Co., Toronto. Our own special prize for the best home made bread, was very keenly competed for, Mrs. Henry Matthewson carrying off the first prize. By the way, we might mention that when the butter was being tested, one half of the prize loaf of bread rather mysteriously disappeared. The display of plants was magnificent. In the fine arts, Mrs. Bulmer showed a fine collection of photographs. Miss Emma Damude, Miss Edith Richardson and Miss Ada Armstrong—all of Flesherton—exhibited some very fine crayon sketches and oil paintings. Mr. C. Treadgold had a fine organ and sewing machine in the hall, which attracted special attention.

The exhibit of live stock was splendid. There were some really fine thoroughbred cattle. Messrs. E. & W. S. O'Brien, our enterprising Artemesia stock raisers, had a splendid herd of cattle, and carried off a very respectable package of first prizes. The cow shown by them was purchased for $100 and is the finest beast ever shown here. Their five month old bull calf weighed 605 pounds, and a two year old heifer shown in the same herd weighed 1170 pounds. Mr. Jas. Stewart's eight month old bull calf, which was awarded Mr. R. Plantt's special prize, weighed 720 pounds. Mr. Arch. Cairns and Mr. Roger Lever exhibited their thoroughbred bulls which attracted much attention. Mr. Hemphill showed a pair of very fine four month old Berkshire pigs. Mr. Shepherdson, of Euphrasia, showed several pens of excellent sheep. The show of stallions was good, "Garfield," "Goldfinder," "Puzzler," and other noted horses being in the ring.

For the prize list and other particulars, see next week's ADVANCE.

The Flesherton Brass Band, assisted by our old and genial friend, Will Sparling, of Clarksburg, discoursed music on the grounds during the afternoon. The boys played exceedingly well.

The dinner at the Munshaw hotel was a spread which royalty itself might have envied.

Artemesia Exhibition.

Remember our Township fair will be held in Priceville next Tuesday, Oct. 6th. It is expected that the exhibits will be unusually large this year.

MARVELOUS—One dose of Dr. Chase's Liver Cure will cure Sick Headache, Dizziness, and Sour Stomach. 1 to 2 bottles are warranted to cure Liver Complaint, Indigestion and Biliousness. Sold by W. Richardson.

GRAND
Colonial Exhibition in London, England, 1886!

FIFTY-FOUR THOUSAND FEET RESERVED FOR CANADA.

FIRST ROYAL EXHIBITION COMMISSION SINCE 1862.

THE COLONIAL AND INDIAN EXHIBITION to be held in LONDON, England, commencing MAY 1st, 1886, is intended to be on a scale of great magnitude, having for object to mark an epoch in the relations of all the parts of the British Empire with each other.

In order to give becoming significance to the event, a Royal Commission is issued for the holding of this Exhibition, for the first time since 1862; and His Royal Highness the Prince of Wales has been appointed President by Her Majesty.

The very large space of 54,000 square feet has been allotted to the Dominion of Canada by command of the President, His Royal Highness.

This Exhibition is to be purely Colonial and Indian, and no competition from the United Kingdom or from foreign nations will be permitted, the object being to exhibit to the world at large what the Colonies can do.

The grandest opportunity ever offered to Canada is thus afforded to show the distinguished place she occupies, by the progress she has made in AGRICULTURE, in HORTICULTURE, in the INDUSTRIAL and FINE ARTS, in the MANUFACTURING INDUSTRIES, in the NEWEST IMPROVEMENTS IN MANUFACTURING MACHINERY and IMPLEMENTS, in PUBLIC WORKS by MODELS and DESIGNS; also in an adequate display of her vast resources in the FISHERIES, and in FOREST and MINERAL wealth, and also in SHIPPING.

All Canadians of all parties and classes are invited to come forward and vie with each other in endeavouring on this great occasion to put Canada in her true place as the premier colony of the British Empire, and to establish her proper position before the world.

Every farmer every producer, and every manufacturer, has interest in assisting, it having been already demonstrated that extension of trade always follows such efforts.

By order,
JOHN LOWE,
Sec. of the Dept. of Agriculture.
Ottawa, 1st Sept., 1885.
