FOR SALE BY ALL DRUGGISTS.

T. MILBURN & CO.,
Proprietors, Toronto.

WARREN LELAND,

whom everybody knows as the successful manager of the

Largest Hotel Enterprises

of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the officers of the vessel had cured himself, during the voyage, of an obstinate disease by the use of

Ayer's Sarsaparilla.

Since then Mr. LELAND has recommended AYER'S SARSAPARILLA in many similar cases, and he has never yet heard of its failure to effect a radical cure.

Some years ago one of Mr. LELAND'S farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND'S direction, was supplied with AYER'S SARSAPARILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use.

Mr. LELAND has personally used

Ayer's Sarsaparilla

for Rheumatism, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Salt Rheum, Sores, Eruptions, and all the various forms of blood diseases.

We have Mr. LELAND'S permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AYER'S SARSAPARILLA to see him personally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York.

Mr. LELAND'S extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquirers much valuable information.

Transient advertisements to be paid for when ordered. Advertisements without special directions will be inserted till forbid and charged accordingly.

Liberal inducements to regular advertisers.

Notices among reading matter, 10 cents per line each insertion.

No advertisement discontinued until all arrearages are paid up.

Copy for advertisements should reach this office not later than noon on Tuesday to ensure insertion in current issue.

A. R. FAWCETT,
Editor and Proprietor.

FLESHERTON:
THURSDAY, OCT. 1, 1885.

TO OUR READERS.

We are making arrangements to set the names of our subscribers in type and use printed addresses instead of writing the names as heretofore. Subscribers will then know to a cent how much they are in arrears, or when then should renew their subscriptions to THE ADVANCE, by simply glancing at their address on any copy of the paper. For instance, suppose we take the name of our esteemed friend, Mr. Samuel Badgerow, his address, according to the new method will read:

Samuel Badgerow 1 Jan86

Showing that Mr. Badgerow's subscription is paid up to the 1st of January 1886. This will obviate the necessity for dunning by post-card which so many esteemed subscribers dislike. It will also save ourself much expense and annoyance in the matter of postage, stationery, &c. Look out for the printed addresses about the middle of October.

"WOLVES IN SHEEPS CLOTHING."

Mr. E. B. Rice, manager of the Shelburne cheese factory, left the town rather hurriedly one day last week. His family went with him: So did between two and three thousand dollars in hard cash, belonging to the patrons of the factory. In short Mr. E. B. Rice is one of your smooth-tongued scoundrels who prey upon the unsuspecting, under the guise of that religion which teaches "good will towards men." But the cheese factory patrons are not the only sufferers; quite a number of the business men of the place were "taken in and done for" by the pious fraud.

Religion is too often used as a cloak, by defaulters and other vagabonds, to cover the black hearts within. When you see a man so chock full of religion that he can scarcely be persuaded to smile or whistle on the Sabbath day, in nine cases out of ten you will be wise to keep your weather eye upon him: and, indeed, we need not look beyond the limits of Artemesia for such a character, if we are to believe the statements reaching us from time to time from reliable sources. Truly there are "wolves in sheep's clothing" to be found everywhere.

"LOCAL NEWS AND NEWSPAPERS."

In the course of an excellent editorial, under the above heading, the Owen Sound *Advertiser* says:—

"The success of a local newspaper depends very largely on its correspondents. The more correspondence there is in a newspaper from different points through its field of circulation the more interesting it will be. There are very few newspapers but could be made much more readable by the efforts of it correspondents. There is scarcely a school section that could not send in a budget of news weekly. There is no school section that does not contain plenty of young men, or even young women, to report the events taking taking place in it. Our local newspapers could be made treasuries of interesting news if our young people could be induced to report one half the events taking place throughout the country."

NONE BETTER.—There is no more wholesome or delicious fruit on earth than the Wild Strawberry, and there is no more effectual remedy for Cholera, Dysentery, Cramps and other summer complaints of infants or adults, than Dr. Fowler's Extract of Wild Strawberry.

PRICEVILLE POINTERS.

A Lot of Lively Little Locals Gathered Specially for The Advance.

By the Agricultural Editor.

The Agricultural Editor resumes his weekly budget this week, and for the time being relieves the "Artful Dodger."

Most of the farmer's are through harvesting in this neighborhood.

Fishing is just now considered out of season, but a couple of gentlemen were observed angling within full view of the villagers on Monday.

Mr. James Vause,—an intelligent, well read farmer, living on the Old Durham Road, Artemesia—assisted by his son, killed a fine big bear a couple of weeks since.

A short time since a well known mechanic, who resides within the limits of Priceville, returned home after a "jambouree" and made things exceedingly interesting for his wife. In the gushing fullness of his exuberance—so to speak—he smashed the dishes. This was "capping the climax" with a vengeance and his wife started forth to hunt up big Dan McDonald, our detective—who is a terror to the lawless in this section. Seeing this, the mechanic started after his wife and succeeded in making things all O. K. The next day he bought some new dishes. And so our agile and eagle-eyed detective didn't get the job after all.

Mr. Walter Rankin—an intelligent and popular young Englishman—who was at one time in the store of Mr. John Lattimere, and who has been stopping at Atkinson's hotel here for some time past, leaves for England on Thursday, to-day. So far as his experience went, he does not carry with him a very favorable impression of Canada. Were he to live here for a few years, however, we do not think he could be persuaded to return to the old land. All the same we do not anticipate that he will stay long in England: The contrast between this grand new country and the one to which he has gone is soon noticed and intelligent, ambitious young men govern themselves accordingly by selecting that in which they have a chance by close application to their duties, industry and enterprise, of rising above mere mediocrity.

The following was communicated to the Agricultural Editor:—"Mr. Editor: There is a general feeling in this place about our judges last year for horse shoes. Cannot you whisper to the bosses of our Township show and advise them to appoint the worthy silversmith, Mr. Russell, and Dr. Hixon, to act as judges this year. They know something about a good tool when they see it; and not give a prize to these upstarts of boys. Its very aggravating to us old fellows, who learned the trade in the old sod, to be beaten by mere boys, as was the case last year."

It will pay you to call at E. J. Grier's store for real bargains. No trouble to show goods—even if you don't invest.

THE manufacturers of the "Myrtle Navy" tobacco invite the very closest scrutiny of its quality. The expert whose trained senses teach him to recognize the exact quality of tobacco, and the smoker who judges by his experience in smoking it, will both come to the same conclusion that it is of the very highest quality anywhere to be found. It is made of the very finest of Virginia leaf and is manufactured with the greatest possible care.

Markdale Items.

From our Correspondent.

A very serious accident happened at Williamsford on Sunday last, which resulted in the death of Mr. T. Williscroft, councillor of Holland. It appears that Mr. Moore, Deputy Sheriff, was taking a revolver from his pock, when it was accidentally discharged, the ball entering the breast of Mr. Williscroft, which caused death to-day (Monday). This is another added to the many warning against the careless use of firearms.

Quite a number of our young folks assembled at the residence of Mr. Cornwall on Friday evening last to do honor to one of our young men who is taking his departure from amongst us. We speak of Mr. S. M. Smithe who left the next morning for Binghampton, New York State. A very pleasant evening was spent, towards the close of which our departing friend was made the recipient of an address accompanied by a very handsome ring and breast pin. All present expressed themselves as sorry for his departure and no doubt they were as he made himself many warm friends during his three years stay in the village.

The new church is rapidly nearing completion. It is generally believed that it will cost much than was at first anticipated, but no doubt the burden will be cheerfully borne.

It is rumored about town that Mr. Young will soon return from his visit to Scotland, bringing with him a partner to share his joys and sorrows, May they never meet with the latter.

McGREGOR & PARKE'S Carbolic Cerate is invaluable for Wounds, Sores, Salt Rheum, Cuts, Burns, Scalds and Festers, as a healing and purifying dressing. Do not be imposed on with other useless preparations, recommended to be as good. Use only McGregor & Parke's Carbolic Cerate. Sold by Richardsons.

—Subscribe for THE ADVANCE.

DON'T BE DECEIVED.—Beware of any druggist who will try to induce you to take anything in place of McGregor & Parke's Carbolic Cerate. It is a marvel of healing for Sores, Cuts, Burns, etc. No family should be without it. It has no equal. Get McGregor & Parke's, and have no other. Only 25c. per box at Richardsons.

HORSEMEN, ATTENTION!—When your horse is galled, scratched or cut, or has any ugly sore, bathe twice daily, and apply McGREGOR & PARKE'S Carbolic Cerate. It is undoubtedly the finest healing and cleansing application for it. Be sure you get McGregor & Parke's. Sold for 25c. per box, at Richardson's Drug Store.

LADIES ONLY.—The complexion is often rendered unsightly by Pimples, Liver Spots, and Yellowness. These it is well known are caused from an inactive Liqer and bad blood. Dr. Chase's Liver Cure purifies the blood and whole system. See Recipe book for toilet recipes, hints and suggestions on how to preserve the complexion. Sold by W. Richardson.

LOW'S SULPHUR SOAP should be found with every toilet. It is cleansing and healing.

The agricultural editor of the Flesherton ADVANCE attended the Industrial Exhibition at Toronto, and last week published an article recounting the incidents which occurred while there and describing the sights witnessed. In conclusion he got off the following:

"Then came the boat and a brief trip on Toronto Bay,—from which the A. E. gazed with pleasure upon the thousands of lights, gleaming through the pall of the goddess of night, which hung over the city."

"Gleaming through the pall of the goddess of night" sounds nice, but it takes too much after the dime novel style, and is rather indefinite. The A. E. should have described the "pall," whether it was smoke, haze, fog or some other substance which could be comprehended by those of his readers who had not the opportunity of inspecting it.—*Meaford Mirror.*

Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue, Mr. Dixon at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. H. A. Dixon & Son, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star, Nov. 17, 1882.

To Rent.

The Cottage and garden recently occupied by Mr. Jas. G. Brooks, near the Methodist Church, Flesherton, to rent. For terms and particulars, apply at The ADVANCE office, or to
