FLESHERTON:

EUGENIA POST-OFFICE INVESTIGATION.

We received the following letter, dated March 4th, 1886, from Post-Office Inspector Spry:—

Dear Sir,—In reference to your favor of 27th ult., I beg to say I would not care to interfere with your report of the investigation held at Eugenia. I might remark that it did not strike me that young Hopps intended to do anything wrong and your report is too hard on him.

Yours truly,
DANIEL SPRY,
P. O. Inspector.

Now, it seems that our correspondent has got things mixed in reference to young Hopps, and as it is evident the young man's position has been misrepresented we hasten to apologize ourselves for the error.

Mr. Hawkins complains that he did not state the precise date when he received the letter from the lady in Toronto, although our correspondent so states it. We think this was simply a misunderstanding on the part of the latter.

As we will not allow any further correspondence in connection with this matter, we will make any editorial explanations necessary ourself. We will not withdraw any statements, however, which we believe to be substantially correct—even to gratify a friend!

MILITARY DISCIPLINE.

Our remarks in a recent issue of the ADVANCE, under the above heading, has brought the obstreperous and touchy Wm. C. Hanley to the front with a bound. It is a peculiar but very generally acknowledged fact, that when the Editor of any paper has occasion to refer somewhat disparagingly to any individual that person at once dubs the paper containing the obnoxious item or article, a "dirty sheet," or gently intimates that it is "depreciating in value," "going down hill," &c., when the truth of the matter is nine-tenths of the Editor's readers care no more for the fellow or his silly twaddle than if he had never existed. But these persons—such as Hanley—can't see this: because "*their* mad is up" and *they* are down on a paper, their imagination becomes so fearfully distorted, that they at once come to the conclusion that everybody thinks as they do. It is because the ADVANCE has fearlessly and uncompromisingly sustained its motto, "*Truth before favor*,"—"*Principles, not men*," that it is frequently subjected to vicious attacks on the one hand and accorded the hearty partronage of a truth-loving and intelligent public on the other.

The absurdity of Mr. Wm. C. Hanley's position is at once seen when we inform our readers, that that gentleman was a subscriber to the *Advance* up to the very time when he was brought before our bench of magistrates for breach of military discipline and a faithful and truthful report of the same appeared in our columns.

Then he returned the paper "refused," although, according to our terms, we could have held him good for the year's subscription, as he took several numbers in January out of the Post-Office. But we never tried to force our paper on any man—and never will—and in Hanley's case we have actually been the gainer by several. If his cases were really so good as he intimates, why did he agree to settle them and pay all costs in the matter? Hanley says he got no notice of the annual drill. We happen to know this statement is untrue, for Hanley got the ADVANCE—being a subscriber at that time—containing the official notice to volunteers to present themselves for annual drill, and that those absenting themselves would be "treated as deserters." Posters were also put up.

In fact the less Wm. C. Hanley says about this matter the better for himself; otherwise he will place himself in a very unenviable light before the public—indeed he has already done so.

We can not close these remarks without referring to the mean and false statements this Wm. C. Hanley makes in regard to Lieut. Field and his respected family. Those living in this locality know that Hanley has been guilty of something worse than baseness in regard to Lieut. Field, and a dose of rotten eggs is what the insolent fellow richly deserves. Lieut. Field's character as an officer and citizen will bear a closer investigation than Wm. C. Hanley's character as a volunteer and citizen; and the former earns quite as honorable a livelihood for himself and family as does the latter.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhœa, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind.

AROUND TOWN.

The Agricultural Editor Expresses Himself on Certain Subjects.

(1) Young boys and girls are found roaming the streets—often as late as 10 o'clock, and frequently later—which is neither beneficial to the health or morals of the rising generation. Parents should look after their children.

(2) Sleighriding is alright in its place, but when our main streets are utilized for that purpose, and horses frightened by the noise of the children indulging in the pastime, it is time to draw the line somewhere.

(3) As soon as the snow disappears every citizen having regard for the sanitary condition of the place will see that the refuse collected during the winter is cleared away.

(4) The attention of our Board of Health is drawn to the fact, that unless drains—not surface ones—are dug in certain places the filthy severage from back yards will find its way into many wells and not only render the water unfit for use but will create a stench which will be positively dangerous to health. Our Health officers have performed their duties in this respect very poorly in the past, and it is to be hoped they will endeavor to redeem their reputation in the future.

(5) New sidewalks are urgently needed on some of our streets, and the earnest attention of our Police Trustees is directed thereto. Spring is at hand and work should be commenced immediately the snow goes. Repairs, also, are likely to be in order.

(6) The cow and pig nuisance must be looked after this season, otherwise these sedate quadrupeds are likely to enjoy a monopoly of the streets and sidewalks.

(7) The wood piles on our public streets must positively be removed. The Agricultural Editor has set a good example himself in this particular, and he naturally expects all good citizens will be equally zealous in the matter. Let us merit the name justly applied to Flesherton—"the neatest, cleanest, healthiest, most moral, and thriving place in the country."

SEED GRAIN.

A deputation, consisting of Messrs. D. J. Hunter, of Collingwood Township, and Thos. Kells, of Artemesia Township—appointed by the Farmer's Institute of Centre Grey—recently waited upon the Minister of Agriculture at Toronto, in order to urge upon the Ontario Government the necessity of its aiding in the importation of new seed grain, in a sum not exceeding $500—for the purpose of paying freightage on said seed, to be selected by the parties appointed by the Institute, also for expenses of said parties. The deputation was accorded a very courteous hearing by the Minister, who, while acknowledging the justice of the claim, regretted he could not see his way towards making the required grant, giving as his reason that the county of Grey was alone in seeking aid from the Government in the matter.—Notwithstanding that a letter was handed to the Commissioner, from Prof. Brown, stating that the feeling has been growing very strong in this Province in favor of the importation of seed grain; but nothing was said which would indicate that the seed required will be forthcoming this season at anyrate.

MARKET REPORTS.

In reply to the Thornbury *News* we have simply to direct the attention of that paper as well as the interested public, to the admission of the Thornbury *Standard* as published in our "Tit-Bits" column this week. The latter newspaper has been too long in existence in Thornbury to deserve the name very improperly and unjustifiably attributed to it by the *News*, as "an obscure sheet." However, the "truth is mighty and will prevail."

SELECTING A CANDIDATE.

A meeting of the Executive of South Grey Conservative Association was held in Durham last Saturday when it was decided to hold a meeting in the month of June next, for the purpose of selecting a candidate for the Commons to contest the representation of the riding at the next general election. Now ye candidates for an honorable position, don't all speak at once.

To insure that end, in the cheapest most available and complete manner, use McGregor's Speedy Cure for Dyspepsia and Impure Blood. Since taking the first bottle I have noticed a decided improvement, and can with confidence recommend it to be one of, if not the best medicine extant for Dyspepsia. LATEST LOCAL JOTTINGS

Picked up Just Before Going to Press.

There will be a social at the residence of Mr. Wm Hogg, Flesherton Station, on Monday evening next, 15th inst., under the auspices of Ladies' Aid of the Presbyterian church. Teams will convey villagers to and from the social. Go and have a good time.

There have been so many entertainments here during the past season, that our skating rink has not been patronized as well as it should have been. The result will likely be, that it will not be opened at all next winter.

Mr. C. Treadgold has purchased the Melloy property in this town for $500 cash down. Mr. C. will at once remove to his new premises, where he will shortly make some very desirable improvements. Mrs. Melloy and family will rejoin Mr. M. in Atchison city, Kansas, U. S., at an early date.

The erection of a number of dwelling houses by some of our monied men might be the means of inducing people to take up their abode here, who, perhaps, would not otherwise care to do so. No opportunity should be missed in the endeavor to induce people to locate here. To a large extent, this is how many villages become large towns.

Quite an interesting debate came off last night in the Sons of Temperance hall in this place. The subject was, "Resolved that Intemperance causes more grief than war." The affirmative side won. Mr. Thos. A. Blakely occupied the chair. The Misses Christoe, Ayers, and Hopkins, formed the committee.

THE ADVANCE *belongs* to no political party; it has *voluntarily* and loyally supported the *Liberal Conservative* party, and still continues to give it a hearty support. THE ADVANCE is the *organ* of no individual or party, but expresses itself fearlessly and uncompromisingly on all live national and local questions. Its utterances may or may not "catch the ear" of great statesmen, but it does go into the homes of hundreds of respectable and honest citizens, who are, after all, the *real* rulers of our country.

A Cobourg Thief caught.

Cobourg, March 8.—A watch was missed from Hopper's jewelry store Saturday. There were two customers in at the time. Chief of Police Rankin was notified, and shortly afterwards arrested a man named Ash with the watch in his possession. Ash was one of the customers. Magistrate Dumble commited him for trial.

Get Ready for the Spring.

The month of March is the time to get everything ready for the spring campaign. All the seed grain likely to be required should be carefully cleaned up and put in small bins, barrels, or bags. The latter is the handiest way, and if the bags are left untied and the mouths open, the mice or rats will rarely touch them. For ourselves we are fortunate to have a grand policeman, which is worth at least five dollars a year, besides its board, we mean our cat. If you have not really first-class grain, it will pay you to get good seed from some of your neighbours. It pays to get a change of seed, even if your own is pretty good. We make a point to change every two or three years no matter how good our own may be. Seed grain should always be put twice through a fanning-mill. Give as little shake as you like, but don't spare the wind. In purchasing seed oats, everything else being equal, we prefer a stiff strawed variety as the binder makes so much nicer work, when the crop is standing up stiff. Timothy and clover seed should also be secured this month and had in readiness.—*Sandy Tamson, in Rural Canadian.*

A GREAT AWAKENING.—There is a great awakening of the sluggish organs of the human system whenever Burdock Blood Bitters are taken. It arouses the torpid liver to action, regulates the bowels and the kidneys, purifies the blood, and restores a healthy tone to the system generally.

TO REMOVE DANDRUFF.—Cleanse the scalp with Prof. Low's Magic Sulphur Soap. A delightful medicated soap for the toilet.

A CRYING EVIL.—Children are often fretful and ill when worms are the cause. Dr. Low's Worm Syrup safely expels all Worms.

"What is good for a cold?" is a question often asked, but seldom satisfactorily answered. We can answer to the satisfaction of all, if they will follow our advice and try Hagyard's Pectoral Balsam, a safe, pleasant and certain throat and lung healer. Sold by all druggists.

A SOURCE OF GREAT TROUBLE.—Probably the most prolific source of chronic ills is indigestion or dyspepsia, causing unhealthy blood. Yet taken in time it is positively curable. Burdock Blood Bitters has cured some of the worst cases known, even of 15 years' duration. If troubled with indigestion try it.

HANDY TO HAVE.—Every household should keep some ready remedy at hand for painful diseases, sudden attacks of inflammation and accidental injuries. Such a remedy is best found in Hagyard's Yellow Oil for internal and external use. It cures rheumatism, sore throat, croup, neuralgia, lame back, sprains, bruises and burns.

IN GOOD REPUTE.—James McMurdoch, writing from Kinsale, says:—"B.B.B., as a remedy for diseases of the blood, liver and kidneys, has an excellent reputation in this locality. I have used it, and speak from experience as well as observation. It is the only medicine I want, and I advise others afflicted to try it."

HEADACHE, BILIOUSNESS.—"Whenever I feel out of sorts, bilious, my liver not working right, or racked with a headache, I take Chase's Liver Cure There is more real benefit from one dose of your Liver Cure than in many bottles of some medicines.—John McNasser, Bond Head.

Liver Complaint causes Dyspepsia, Indigestion. Liver Complaint causes Sick Headache, Dizziness. Liver Complaint causes all Kidney Troubles. Liver Complaint causes three-fourths of all diseases. Liver Complaint is cured by Dr. Chase's Liver Cure.

McGREGOR'S SPEEDY CURE.—It is popularly admitted everywhere that McGregor's Speedy Cure is the safest, most reliable and by far the cheapest remedy for Constipation, Liver Complaint, Indigestion, Impure Blood, Loss of Appetite, and all similar troubles. It is not necessary to take a great quantity before any result is produced. A few doses will convince you of its merits. Trial bottle given free at W. Richardson's Drug Store.
